Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ARMANINO LLP**

(2) EIN: **33-2514127**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Oakwood School 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Oakwood School 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oakwood School 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Oakwood School 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oakwood School 403(b) Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oakwood School 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oakwood School 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Oakwood School 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Oakwood School (the "School", "Organization", or "Employer") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective September 1, 1972, and restated effective January 1, 2019, and amended January 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all eligible employees of the School upon employment. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. The School has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. Effective January 1, 2025, Section 109 of SECURE 2.0 was administratively adopted by the Plan, which permitted additional catch up contributions for participants ages 60-63. The School has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. The School has contracted with Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), and as agent for TIAA Trust, N.A., to serve as the asset custodians (collectively, the "Custodians") of the Plan, and an affiliate of the Custodians to process and maintain the records of participant accounts.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees are eligible on their date of hire to make elective deferral contributions, with the exception of non-resident aliens with no U.S. source income, employees who normally work less than 20 hours per week, and students who are enrolled and regularly attending classes offered by the School.

Employees are required to complete one year of service with the School, and reach age 21 in order to be eligible to receive Employer matching contributions. In determining the year of service, a participant's prior service with another educational organization, teaching institution or institution of higher education is recognized.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan, on a pre-tax basis or after-tax basis (as Roth contributions), up to a maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees who attain ages 60–63 during the plan year can make additional catch-up contributions up to the greater of \$10,000 or 150% of the standard age 50 catch-up limit, as adjusted for inflation and applicable IRS limits.

Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans (rollovers).

All newly eligible employees are automatically enrolled to defer 3% of their eligible compensation on a pre-tax basis, unless the participant makes a contrary election.

Upon meeting eligibility requirements, the School makes Employer matching contributions ranging from 1% to 10% of the employee's eligible compensation, as defined by the plan documents. The percentage is based on a longevity scale beginning in year one and reaching the maximum matching in year twenty.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of Employer contributions, if any, and investment earnings, and charged with an allocation of investment losses, if any, and administrative expenses not paid directly by the School. Participants direct the investment of their contributions into various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions and Employer matching contributions plus actual earnings thereon.

Notes receivable from participants

The Plan allows participants to borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants (or "participant loans" or "loans") terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The notes receivable are secured by the remaining balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of loan origination. Interest rates range from 4.25% to 9.50% for the year ended December 31, 2025, and mature at various dates through October 2030.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, attainment of age 59 ½, financial hardship, disability, or to a beneficiary upon a participant's death. If a participant's account balance is equal to or less than \$5,000 upon termination, the balance will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If a participant's account balance exceeds \$5,000, the participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, to purchase an annuity contract, or may postpone payment to a later date and remain in the Plan as described in the plan documents. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

Administrative expenses

Administrative expenses are generally paid by the School, but may, at the discretion of the plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the School for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Oakwood School 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit and changes therein.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals, and administrative expenses (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on sale on investments bought and sold, as well as, held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as deemed distributions based upon the terms of the plan document.

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions or repayments have been separated from a participant's pay by the School, which is the pay date. School contributions, if any, are recorded in the year earned to coincide with the year in which the School records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Custodians.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through July 17, 2026, the date the financial statements were available for issuance. Effective January 1, 2026, the Plan Sponsor adopted amendments updating the definition of compensation used for contributions and clarifying which employees are excluded from the Plan. The Plan also implemented the Roth catch-up contribution requirements under Section 603 of SECURE 2.0, which require catch-up contributions made by participants with prior-year FICA wages exceeding \$145,000 to be designated as Roth contributions, and implemented Section 304 of SECURE 2.0, which increased the force-out threshold from \$5,000 to \$7,000. Effective April 1, 2026, the Plan Sponsor replaced the existing plan document with a restated plan that incorporated these changes. Also, effective April 1, 2026, the Plan Sponsor adopted a separate amendment expanding automatic enrollment to apply to all participants, including those already participating in the Plan. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions (Note 1) by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Custodians have certified that the following investment information included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Investment income and other income as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025;
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2025.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds - Registered investment companies (mutual fund investments) are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market. Investments are valued using market quotations or prices obtained from independent pricing services and used to determine the NAV of the fund. The mutual funds held by the Plan are deemed to have a readily determinable fair value and are classified within Level 1 of the fair value hierarchy.

Oakwood School 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

4. FAIR VALUE MEASUREMENTS (continued)

Pooled separate account - The investment in a pooled separate account consists of underlying investments in real estate properties and real estate-related investments. Units held in the separate account are accumulation units and calculate the contract owner's interest. Such units are valued daily to reflect investment performance and the prorated daily deduction for expense charges. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. Units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the TIAA website. The pooled separate account is classified within Level 1 of the fair value hierarchy.

Variable annuity contracts - CREF Accounts - The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

Variable annuity contracts - TIAA Access Accounts - The fair values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to the plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings.

Fixed annuity contracts - The Plan's investment in the TIAA Traditional Annuity sub-contracts are reported by TIAA at contract value, which approximates fair value, and are segregated into non-fully benefit and fully benefit-responsive investment contracts. The contract value of the Plan's interest in the TIAA Traditional Annuity is determined by the accumulated cash contributions and interest credited to the contracts, less any withdrawals and expenses. The crediting rate is based on the performance of a large, diversified portfolio, is correlated with the highest debt security yields, and is adjusted for contract liquidity. The non-fully benefit-responsive contracts are presented at fair value on the face of the Plan's financial statements while the fully benefit-responsive contracts are presented at contract value on the face of the Plan's financial statements. The TIAA Stable Value investment is reported by TIAA at contract value, which approximates fair value, is fully benefit-responsive, and therefore not categorized within the fair value hierarchy. The fully benefit-responsive guaranteed investment contracts and stable value investment are not categorized within the fair value hierarchy (See Note 5).

The Plan's investments in the non-fully benefit-responsive investment contracts are presented as Level 3 fair value investments in the fair value hierarchy. For the year ended December 31, 2025, purchase of level 3 investments totaled \$523,701, sales of level 3 investments totaled \$755,762, transfers out of level 3 investments totaled \$34,527, and transfers into level 3 investments totaled \$116,631.

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

5. INVESTMENT CONTRACTS WITH TIAA

The Plan invests in investment contracts through the TIAA Traditional Annuity and TIAA Stable Value. The TIAA Traditional Annuity and the TIAA Stable Value are guaranteed fixed annuity contracts available as investment options to Plan participants.

The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA), Supplemental Retirement Annuity (SRA) Retirement Choice (RC), and Retirement Choice Plus (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

The TIAA Stable Value Fund, SRA, and RCP contracts (collectively, FBRICs) are considered fully benefit-responsive investment contracts. The RA and RC contracts are considered non-fully benefit-responsive investment contracts.

The FBRICs, which are fully and unconditionally guaranteed by TIAA, meet the fully benefit-responsive investment contract criteria and are reported at contract value. Contract value represents accumulated cash contributions and transfers in made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers out. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investments at contract value.

5. INVESTMENT CONTRACTS WITH TIAA (continued)

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The guaranteed minimum interest rates of the RCP contract ranged from 1%-3% as of December 31, 2025 and 2024. See Note 4 for crediting interest rates for the contracts that are non-benefit responsive.

Contributions to the TIAA Stable Value Fund are deposited into a non-unitized, separate account. The contract provides a guaranteed minimum rate of interest between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA.

When a participant's accumulation in the FBRICs is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) premature termination of the contracts; (5) failure to meet any required or prohibited transaction exemption under ERISA; (6) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or would limit the ability of the Plan to transact at contract value with participants.

5. INVESTMENT CONTRACTS WITH TIAA (continued)

Total fully benefit-responsive investment contracts, measured at contract value as of December 31, 2025 and 2024, were as follows:

	<u>2025</u>	<u>2024</u>
TIAA Traditional Benefit-Responsive	\$ 888,339	\$ 879,756
TIAA Stable Value	<u>3,152,500</u>	<u>3,366,643</u>
	<u>\$ 4,040,839</u>	<u>\$ 4,246,399</u>

6. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan adopted the TIAA Volume Submitter 403(b) Plan Document (the "volume submitter plan"). The Internal Revenue Service has issued an opinion letter dated August 7, 2017, stating that the volume submitter plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Custodians retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are managed by the Custodians, and generate revenue credits from which the Custodians deducts costs incurred for administering the Plan. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit Account (RCA) and are presented as revenue credits on the statement of changes in net assets available for benefits. Such funds may be used to pay direct, reasonable, and necessary expenses of the Plan, as defined by ERISA. During 2025, administrative expenses amounting to \$18,000 were paid out of the RCA.
