REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Plan Administrator
Homes for the Homeless, Inc. 403(b) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Homes for the Homeless, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

As mentioned in Note 8 to the financial statements, The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Homes for the Homeless, Inc. 403(b) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The accompanying financial statements and supplemental schedule are those of the Homes for the Homeless, Inc. 403(b) Plan (the "Plan"), and the brief description of the Plan contained herein is provided solely for purposes of general information and interested persons should refer to the Plan agreement for a more complete description of the Plan's provisions. A copy of the Plan agreement can be obtained from Homes for the Homeless, Inc. (the "Agency" or "Employer"), which is the administrator of the Plan.

General

The Plan is a defined-contribution plan designed to meet the requirements of Section 403(b) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers all eligible employees of the Agency. Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, (collectively "TIAA and CREF"), holds the Plan's investment assets, executes investment transactions for the Plan, and is the Plan's recordkeeper. The Plan administrator controls and manages the operation and administration of the Plan.

Eligibility for Participation

Employee elective deferrals: Employees are eligible to participate in the Plan on the first day of the month following their employment. Certain employees may be excluded from participation, however, if they fall within categories listed in the Plan agreement.

Agency contributions: The Plan account of any full-time employee, who has attained one year (at least 1,000 hours) of service and has attained the age of 21, is eligible to receive employer contributions from the Agency. Certain employees may be excluded from participation, however, if they fall within the specific categories for exclusions listed in the Plan agreement.

Contributions

Employee elective deferrals: Participants may elect to contribute a certain percentage of their annual gross compensation, subject to limitations as provided in the Code. Participants may also make qualified organization catch-up "Catch-up" contributions under the Plan if a participant: (i) has 15 years of service, thus allowing the limit on his or her elective deferrals to his or her participant account to be increased by up to \$3,000 in any year, up to a maximum of \$15,000; and/or (ii) has attained the age of 50 before the end of the Plan year and is thus eligible to make additional contributions of up to \$7,500. If a participant is eligible for the 15-year rule increase in elective deferrals and the age-50 catch-up, elective deferrals are to be allocated first under the 15-year rule and next as an age 50 catch-up contribution. Participants may also roll-over contribution amounts representing distributions from other qualified defined-benefit or defined-contribution plans. For 2025, the Code has set the contribution limitation amount of \$23,500, with a maximum catch-up of \$7,500 for eligible employees.

Agency contributions: The Agency may make a discretionary contribution of up to 10% of each participant's contributions, per Plan year. During 2025, discretionary contributions were made to eligible employees according to the Plan document based on roles and responsibilities with contribution percentages ranging from 5%-10%.

Participant Accounts

The activity in each participant's Plan account includes the participant's contribution, the Agency's contribution, benefit payments or withdrawals, allocations of the earnings or losses on Plan assets and allocated administrative expenses. Allocations are based on participant earnings, account balances, or

Homes for the Homeless, Inc. 403(b) Plan

specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested in their own contributions to the Plan, plus actual earnings thereon, immediately when made. All employer contributions to the Plan, including actual earnings to date, are vested after three years of service.

Payment of Benefits

Participants, alternate payees, or beneficiaries of the Plan may receive a distribution of their vested employee and employer contributions upon death, disability, normal retirement, or termination of employment.

The methods by which Plan benefits may be distributed upon death, disability and normal retirement depend on: (i) how the benefits are invested; (ii) the participant's marital status; and/or (iii) the elections made by the participant or his or her spouse, if any. For termination of service due to other reasons, a participant receives the value of the vested interest in his or her account as a lump-sum distribution, as of the most recent valuation date.

Notes Receivable From Participants

Notes receivable from participants as presented in the statements of net assets available for benefits are \$129,627 and \$103,661, as of December 31, 2025 and 2024, respectively. Participants may borrow from their fund accounts up to a maximum of \$50,000 or 45% of their account balance, whichever is less, and may have one loan outstanding at a time. The loan terms range from one to five years, in one-year increments, or longer for the purchase of the participant's primary residence, as defined, and bears interest at prime plus 1%. These loans may not be obtained to refinance existing loans. Notes receivable to participants are measured at unpaid principal plus accrued but unpaid interest. Interest rates for notes receivable outstanding were 4.25% to 9.50% for the years ended December 31, 2025 and 2024. Principal and interest are paid ratably to the custodian directly by participants.

Plan Loans

Plan loans are issued to participants as separate contracts by TIAA and CREF and do not represent Plan assets. Accordingly, participants may borrow from TIAA and CREF and use a portion of their Plan account balance as collateral for the loan, in an amount equal to 110% of the outstanding loan balance. A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of his or her TIAA Traditional Annuity account balance, subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments, or longer for the purchase of the participant's primary residence, as defined. Principal and interest is paid ratably by the participant directly to TIAA and CREF and not through a salary-reduction arrangement with the Agency. Each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Annuity account balance. As of December 31, 2025 and 2024, \$17,762 and \$21,874, respectively, of the participants' TIAA Traditional Annuity account balances were pledged as collateral for loans. Effective as of January 1, 2021, these types of loans are no longer issued.

Plan Termination

Although it has not expressed any intention to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the accrued benefit of each participant would be non-forfeitable. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

Forfeitures

Forfeitures are retained in the Plan and will be used to reduce future funding of Agency contributions under the Plan. During 2025, forfeitures of approximately \$146,919 were used to reduce Agency contributions. There were \$9 and \$63,249 forfeited, non-vested accounts available at December 31, 2025 and 2024, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements and supplemental schedule have been prepared using the accrual basis of accounting.

Investments

The Plan reports a fair-value measurement of its investments (except for fully benefit-responsive investment contracts, which are reported at contract value), in accordance with the provisions of the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments held by a defined-contribution plan are required to be reported at their fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Contributions

Contributions from Plan participants and the discretionary contributions from the Agency are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred with the administration of the Plan are paid by the Agency. Investment related expenses are netted against investment income.

Homes for the Homeless, Inc. 403(b) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect: (i) the reported amounts of net assets available for benefits at the date of the financial statements; (ii) the changes in net assets available for benefits during the reporting period; and (iii) when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Income Taxes

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan is using a volume submitter plan document which received an advisory letter dated August 07, 2017 from the IRS stating the form of the plan was acceptable under Section 403(b) of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is currently designed and operating, in compliance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through September 10, 2026, the date the financial statements were available to be issued. There were no subsequent events that would require recognition or disclosure in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, as an insurance company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value, and notes receivables from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2025.
- Net investment income and interest income on notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - INVESTMENTS AND FAIR-VALUE MEASUREMENTS

The FASB's ASC Topic 820 provides the framework for measuring fair value. The framework provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair-value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair-value measurement.

The asset's or liability's fair-value measurement level within the fair-value hierarchy is based on the lowest level of any input that is significant to the fair-value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in these methodologies during 2025 and 2024:

TIAA Real Estate Account (a pooled separate account) - The fair value of the Plan's interest in the TIAA real estate account is based on the fund's daily net asset value ("NAV"). The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions.

TIAA Traditional Annuity - non-benefit responsive: Valued at fair value which approximates contract value. Contract value represents an aggregate of contributions, plus interest less withdrawals, if any. The fair value is derived from a discounted cash flow analysis and other factors (Note 5).

Registered Investment Companies - The fair value of accumulation units held by the Plan in TIAA Access and CREF accounts are valued at quoted market prices at the close of the last business day of the year and classified as Level 1. The underlying investments are made up of securities that present a market price daily equal to its Net Asset Value. Data for the NAV are available to plan administrators and client investors on the TIAA public website for TIAA Access funds, while CREF funds data for the NAV are available to plan administrators and client investors on NASDAQ and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the value of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices from independent pricing sources.

Homes for the Homeless, Inc. 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

The preceding methods described may produce a fair-value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair-value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those investments measured at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
TIAA Traditional Annuities	\$ -	\$ -	\$ 2,743,585	\$ 2,743,585

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table sets forth the basic assumption used in arriving at fair value and the range of value for unobservable inputs as of December 31, 2025 and 2024:

Type	2025 Fair Value	2024 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA Traditional	\$ 2,743,585	\$ 2,602,836	Discounted cash flow Theoretical transfer	Risk-adjusted discount rate	3.55% - 6.50%

Purchases of Level 3 investments were \$46,309 for the Plan year ended December 31, 2025.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair-value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. During 2025 and 2024, there were no transfers among the levels of the fair-value hierarchy.

NOTE 5 - INVESTMENTS AT CONTRACT VALUE

The TIAA Traditional Annuity is a fixed-rate annuity contract that is fully and unconditionally guaranteed by TIAA. The guarantees and returns of the TIAA Traditional Annuity are backed by TIAA's claims-paying ability. Liquidity restrictions apply to the TIAA Traditional Annuity under certain types of annuity contracts. The TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income.

When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. The TIAA Traditional Annuity is fully benefit-responsive and is reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the contracts, and transfers, if any, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange.

The TIAA Traditional Annuity within the Group Supplemental Retirement Annuity ("GSRA") contracts have no liquidity restrictions. The TIAA Traditional Annuity holdings within the Group Retirement Annuity ("GRA") contracts have liquidity restrictions. With the GRA contract, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the GRA must be spread over a period of ten annual installments (or five annual installments for withdrawals after termination).

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- 1 The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code.
- 2 Premature termination of the contracts.
- 3 Plan termination or merger.
- 4 Changes to the Plan's prohibition on competing investment options.
- 5 Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- 1 An uncured violation of the Plan's investment guidelines.
- 2 A breach of material obligation under the contract.
- 3 A material misrepresentation.
- 4 A material amendment to the agreements without the consent of the issuer.

Homes for the Homeless, Inc. 403(b) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan's investments are included in various investment alternatives made available by TIAA and CREF. Investment securities are exposed to various risks, such as interest rate, market and credit risks as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with any investment, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuations of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 7 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investments contracts, registered investment companies, a pooled separate account, and variable annuity accounts managed by the custodian. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions.

NOTE 8 - ACCOUNTING AND PAYROLL RECORDS AND EXCLUDED AMOUNTS

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of the ERISA, as amended. Prior to the amended regulations, the Plan (established on July 1, 1992) was not viewed as a separate reporting entity.

Consistent with not-for-profit industry sector practices, recordkeeping of the Plan has been maintained by TIAA and CREF, for all years since the Plan's inception. While TIAA and CREF provided details of participant accounts to the individual Plan participants, it did not provide sufficient records at a plan level and, as a result, Plan management did not have such records when preparing the financial statements. Consequently, the effect, if any, on the Plan's accompanying financial statements cannot be determined.
