Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the California Farm Bureau Member Employer Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Generally Accepted Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with Generally Accepted Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with Generally Accepted Auditing Standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CALIFORNIA FARM BUREAU MEMBER EMPLOYER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the California Farm Bureau Member Employer Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering the employees of California Farm Bureau Federation member employers that opt to participate. During the year ended December 30, 2020, participating employers were California Farm Bureau Federation, California Foundation for Agriculture in the Classroom, Farm Employers Labor Service, Sonoma County Farm Bureau, California Winegrowers Foundation, Munselle Vineyards, North Coast Vineyard Management, Tulare County Farm Bureau, Jalonon Ranches, and Grimmus Cattle Company. During the year ended December 31, 2021, Colinas Farming Company, J&R Farm Labor, KLM Ranches, Inc., Chevalier Vineyard Management, Inc., and Alexandre Dairy joined the Plan. During the year ended December 31, 2022, Martinez Ranches, 4R Farming, Inc., Top Notch Seeds, Inc., Rincon Farms, Inc., Witman Ranch, Inc., Reece Spray Service, Inc., Bays Ranch Inc., Ellwood Ranch Inc., J Emanuelli & Sons, Inc., Trifecta Farms, LLC, Deborah Haydis, and Capay Canyon Ranch joined the Plan. During the year ended December 31, 2023, Classic Yam, Martins Bros. Dairy Farms, Advance Pasteurization Services, Inc., Los Rios Farms, Inc. and Crook Logging Inc. joined the Plan. During the year ended December 31, 2024, Sunrise Fresh, LLC, Vintage Dairy, LLC, and Wenger Ranch, Inc. joined the Plan. Collectively, these are the Adopting Employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was adopted January 1, 2020. Assets were transferred initially from the California Farm Bureau Federation Controlled Group 401(k) plan upon its dissolution as of June 30, 2020.

Administration – National Benefit Services, LLC is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Adopting Employers have delegated certain responsibilities for the operation and administration of the Plan. Administrative and recordkeeping services are provided by National Benefit Services, LLC, and Nationwide Financial Services, Inc.

Eligibility – Eligibility varies by each Adopting Employer. Employees become eligible once achieving the age of 18 or 21, and completing 30 days, 3 months, 500 hours, 6 months, or 12 months of service. Employees may begin participating in the Plan on the first day of the month that follows the date that the eligibility requirements are satisfied.

Contributions – The Plan provides salary deferrals for eligible employees for amounts not to exceed the limit set by law. Participants may also contribute amounts representing distributions from other qualified retirement plans. Employer contributions vary by employer. Most employers will match each eligible participant's salary deferrals limited to 100% up to 3% of the participant's eligible compensation, then 50% up to 5% of the participant's eligible compensation, or will provide an annual nonelective profit sharing contribution of 4% of the participant's eligible compensation. The Adopting Employers also have the option to provide additional discretionary matching or nonelective profit sharing contributions. For the Plan year ended December 31, 2024, eight employers provided matching contributions with a discretionary nonelective profit sharing contribution, one employer provided an annual nonelective profit sharing contribution with discretionary matching contributions, and two employers elected to have an option to provide matching or nonelective profit sharing contributions on a discretionary basis however, did not exercise that option.

CALIFORNIA FARM BUREAU MEMBER EMPLOYER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Participant accounts – Employee and matching contributions are credited to participants’ accounts following each pay period. The annual contribution for each year is credited to participants’ accounts at the beginning of the following year. In addition, participant accounts are credited with the earnings on their investments as earned. The vested balance in a participant’s account is the benefit to which the participant would be entitled upon termination or retirement.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Depending on the Adopting Employer, vesting of matching contributions and profit-sharing contributions are either immediate, or based on years of service. The following table is the vesting schedule based on years of service:

<u>Years of Vesting Service</u>	<u>Percentage of Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits – Upon termination of employment, a participant may elect to receive a single lump-sum payment, payment in installments, or partial withdrawals. For a lump-sum payment, the participant may elect to roll the balance to an individual retirement account or to another qualified plan.

Forfeited accounts – Upon termination of employment, non-vested portions of participant accounts are forfeited and used to reduce future employer contributions. At December 31, 2024, forfeited accounts totaled \$16,331.

Costs of administration – California Farm Bureau (CAFB), the primary sponsor, and all adopting employers pay for certain administrative costs on behalf of the Plan. These costs are for services provided to the Plan by National Benefit Services, the fiduciary designated plan administrator, Golden State Wealth Management, the fiduciary investment advisor, and Nationwide Trust Company, the record keeper and custodian of Plan assets. In addition, CAFB pays all costs for maintaining the Plan, such as audit fees, other than the fees listed in each Adopting Employer’s Participating Employer Disclosure Agreement. These costs are listed on the fee schedule or other contracts or agreements for each of the service providers mentioned above or are listed in the ERISA 408(b)(2) disclosure provided to participants. Fees charged to participants for record keeping, fiduciary and Plan administration, and investment advisory services are also disclosed in these documents along with certain recordkeeping, administration, and customized services that are charged separately to Plan participants only if those services are used.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

CALIFORNIA FARM BUREAU MEMBER EMPLOYER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Investment valuation and income recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants – Participant loans are valued at their unpaid principal balance and accrued interest. Interest on participant loans is recognized in the period it is assessed.

Payment of benefits – Benefits are recorded when paid.

Income taxes – The Plan is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent events have been evaluated for recognition and disclosure through September 9, 2026, the date the financial statements were issued. Management concluded that no material subsequent events have occurred since December 31, 2024, that require recognition or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

3. BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Nationwide Fixed Select Annuity Contract is a fixed return product issued by the Trustee with quarterly interest rate guarantees. Deposits are guaranteed in both principal and interest by Nationwide Life Insurance Company. Amounts are held in Nationwide Life Insurance Company's general account and are credited on a net daily basis at annual effective rates.

Participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the Plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, this contract is considered benefit responsive.

The Nationwide Fixed Select Annuity Option value as reported in the statement of net assets available for benefits was \$1,880,004 and \$2,482,252 at December 31, 2024 and 2023, respectively.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the SEC and are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

5. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Financial Services, Inc., (the trustee of the Plan).

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Nationwide Financial Services, Inc., and therefore, transactions with such investments qualify as parties-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of parties-in-interest transactions under ERISA.

7. PLAN TERMINATION

In the event of Plan termination, participants will become 100% vested in their accounts.
