Independent Auditor's Report

The Plan Administrator
BlueTriton Brands, Inc. 401(k) Savings Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the BlueTriton Brands, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

General

The following description of BlueTriton Brands, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

BlueTriton Brands, Inc. established the Plan effective April 1, 2021. Effective as of November 8, 2024, BlueTriton Brands, Inc. merged with and into Primo Water Corporation to form Primo Brands Corporation (the Company or the Employer), and the Company became the Plan Sponsor. The Plan is a defined contribution 401(k) and profit-sharing plan covering substantially all employees of BlueTriton Brands, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

To participate in the Plan, participants must complete one month of continuous service, from the date of hire. Certain employees who were actively employed by affiliated companies prior to March 31, 2021 and were hired by the Company as of March 31, 2021 are considered Transferred Employees and are eligible to participate in the Plan beginning July 1, 2021.

All employees are eligible to participate unless they are covered by a collective-bargaining agreement, are a nonresident alien who received no earned income from within the United States, or are otherwise excluded in accordance with the Plan document.

The Plan was amended effective December 31, 2025 (the Effective Date) to freeze the Plan. As a result, no new entrants are allowed into the Plan and employee deferrals and employer contributions to the Plan are no longer permitted after the Effective Date to both new entrants and contributions. See Note 10 for additional discussion.

Participant Contributions

The Plan allows each participant to contribute up to 75% of their pre-tax compensation, as defined, subject to the maximum annual contributions determined by law. Participants who reach the before-tax limit can continue to contribute into the Plan on an after-tax basis. After-tax contributions are also eligible for Employer matching contributions. Effective November 1, 2022, participants can also make Roth contributions. Rollovers from other qualified plans; in-plan Roth rollover contributions, as defined; and catch-up contributions are allowed, subject to regulatory limitations.

Participants are subject to auto-enrollment whereby all newly eligible employees are automatically enrolled in the Plan after 30 days of receiving the auto-enrollment notice, unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their initial deferral rate set at 6% of eligible compensation on a pre-tax basis.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

Employer Contributions

The Employer, at its sole discretion, may choose to make a matching contribution to each participant's account. During 2025, the Employer matched 100% of the first 3% of employee contributions, 50% of the 4%, and 50% of the 5%.

The Employer may also contribute an annual retirement contribution to Transferred Employees. The percentage of eligible compensation that is contributed is based on the sum of age and years of service of the participant. The allocation is as follows:

Points (age + service)	Retirement Contribution (%)
Less than 40	3
40 to 49	4
50 to 59	5
60 to 69	6
70 to 79	7
80 to 89	8
Greater than 89	9

Eligibility is based on the provisions of the Plan document. The Plan was amended effective January 1, 2025 to make Transferred Employees who receive a bonus ineligible for the annual retirement contribution.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their pre-tax deferrals, after-tax deferrals, catch-up contributions, and rollover contributions, plus actual earnings thereon. All Employer contributions vest after three years of service. Participants who reach the normal retirement age, as defined by the Internal Revenue Code (the IRC), and who are still employed with the Company at that time, become 100% vested in their account balance. In addition, participants who die or become disabled while still employed with the Company become 100% vested in their account balance.

Investment Options

Contributions are invested by Voya Institutional Trust Company (Voya), the Trustee of the Plan, according to the options elected by the participants. All participant contributions are directed by the participants among the available investment options. Investment earnings are automatically reinvested into the fund from which they were derived.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or installments. Hardship withdrawals are available, as are distributions to participants who have attained the age of 59½. Participants may withdraw up to 100% of the balance in his or her elective deferral account and up to 100% of the vested balance in his or her rollover account for financial hardships, as defined. Corrective distributions are made, returning contributions to participants, in order to comply with Department of Labor (DOL) regulations.

Notes Receivable from Participants

Participants may borrow from their participant accounts at a minimum of \$1,000 not to exceed a maximum of \$50,000, or 50% of the participant's vested account balance, whichever is less, reduced by the highest outstanding note balance during the prior 12-month period. The notes are secured by the participant's vested account balances and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years. Loans are secured by the participant's account and bear an interest rate at prime rate plus 1% as determined by the Plan Administrator, which is fixed for the term of the loans. Principal and interest are paid ratably through payroll deductions on a biweekly basis. No more than one regular loan and one home loan is allowed at any time, and repayment of the entire balance is permitted at any time.

Forfeited Accounts

Forfeitures may be used to reduce Employer contributions or to pay expenses of the Plan. At December 31, 2025 and 2024, the forfeiture balance was \$1,063,476 and \$982,296, respectively. During the year ended December 31, 2025, \$1,775,946 was used to reduce Employer contributions and \$753,184 was used to pay for Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and when applicable, disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions Receivable

Participant contributions and any related Employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

compensation. Annual retirement contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by its Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of realized gains and losses on investments bought and sold during the period and the unrealized gains and losses on investments held at the end of the period.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in the fair value of investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

3. Fair Value Measurements

GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds - Common/collective trust funds (CCTs) are valued at NAV of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. The CCTs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Notes to Financial Statements

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 364,080,108	\$ -	\$ -	\$ 364,080,108
Investments, measured at NAV*				69,817,792
Total Investments, at fair value				\$ 433,897,900

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the year ended December 31, 2025.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments, at fair value, and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend income, other income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya, a qualified institution.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated October 25, 2024 that the Plan was designed in accordance with the applicable sections of the IRC. The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since the date of the determination letter, Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

6. Risks and Uncertainties

The Plan provides for various investment options in publicly traded mutual funds and CCTs. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

The Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the Trustee and third-party administrator written notice of such termination. The Plan merged into the Primo 401(k) Plan effective January 26, 2026. See Note 10.

8. Related Party and Party-in-Interest Transactions

The Company and Voya are parties-in-interest with respect to the Plan under the provisions of ERISA. The Plan also issues loans to participants, which are secured by the vested balance of the participants' account. These transactions qualify as exempt party-in-interest transactions.

9. Late Remittances

For the year ended December 31, 2023, total participant contributions and loan repayments in the amount of \$4,925 were not remitted within the appropriate time period by DOL regulations. These transactions constituted non-exempt prohibited transactions, as defined by ERISA. The Company has made participant accounts whole during the year ended December 31, 2025.

10. Subsequent Events

The Plan has evaluated subsequent events through September 2, 2026, which is the date the financial statements were available to be issued.

As discussed in Note 1, effective December 31, 2025, the Plan froze to both new entrants and contributions. Effective January 1, 2026, all Plan participants who were actively employed on January 1, 2026 became eligible to participate in the Primo 401(k) Plan. On January 26, 2026, Plan assets in the amount of \$596,729,859, which consisted of \$580,062,085 of investments and \$16,667,774 notes receivable from participants were transferred to the Primo 401(k) Plan.

There were no other material subsequent events identified requiring disclosure or adjustment to the financial statements.

Independent Auditor's Report

The Plan Administrator
BlueTriton Brands, Inc. 401(k) Savings Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the BlueTriton Brands, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

General

The following description of BlueTriton Brands, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

BlueTriton Brands, Inc. established the Plan effective April 1, 2021. Effective as of November 8, 2024, BlueTriton Brands, Inc. merged with and into Primo Water Corporation to form Primo Brands Corporation (the Company or the Employer), and the Company became the Plan Sponsor. The Plan is a defined contribution 401(k) and profit-sharing plan covering substantially all employees of BlueTriton Brands, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

To participate in the Plan, participants must complete one month of continuous service, from the date of hire. Certain employees who were actively employed by affiliated companies prior to March 31, 2021 and were hired by the Company as of March 31, 2021 are considered Transferred Employees and are eligible to participate in the Plan beginning July 1, 2021.

All employees are eligible to participate unless they are covered by a collective-bargaining agreement, are a nonresident alien who received no earned income from within the United States, or are otherwise excluded in accordance with the Plan document.

The Plan was amended effective December 31, 2025 (the Effective Date) to freeze the Plan. As a result, no new entrants are allowed into the Plan and employee deferrals and employer contributions to the Plan are no longer permitted after the Effective Date to both new entrants and contributions. See Note 10 for additional discussion.

Participant Contributions

The Plan allows each participant to contribute up to 75% of their pre-tax compensation, as defined, subject to the maximum annual contributions determined by law. Participants who reach the before-tax limit can continue to contribute into the Plan on an after-tax basis. After-tax contributions are also eligible for Employer matching contributions. Effective November 1, 2022, participants can also make Roth contributions. Rollovers from other qualified plans; in-plan Roth rollover contributions, as defined; and catch-up contributions are allowed, subject to regulatory limitations.

Participants are subject to auto-enrollment whereby all newly eligible employees are automatically enrolled in the Plan after 30 days of receiving the auto-enrollment notice, unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their initial deferral rate set at 6% of eligible compensation on a pre-tax basis.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

Employer Contributions

The Employer, at its sole discretion, may choose to make a matching contribution to each participant's account. During 2025, the Employer matched 100% of the first 3% of employee contributions, 50% of the 4%, and 50% of the 5%.

The Employer may also contribute an annual retirement contribution to Transferred Employees. The percentage of eligible compensation that is contributed is based on the sum of age and years of service of the participant. The allocation is as follows:

Points (age + service)	Retirement Contribution (%)
Less than 40	3
40 to 49	4
50 to 59	5
60 to 69	6
70 to 79	7
80 to 89	8
Greater than 89	9

Eligibility is based on the provisions of the Plan document. The Plan was amended effective January 1, 2025 to make Transferred Employees who receive a bonus ineligible for the annual retirement contribution.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their pre-tax deferrals, after-tax deferrals, catch-up contributions, and rollover contributions, plus actual earnings thereon. All Employer contributions vest after three years of service. Participants who reach the normal retirement age, as defined by the Internal Revenue Code (the IRC), and who are still employed with the Company at that time, become 100% vested in their account balance. In addition, participants who die or become disabled while still employed with the Company become 100% vested in their account balance.

Investment Options

Contributions are invested by Voya Institutional Trust Company (Voya), the Trustee of the Plan, according to the options elected by the participants. All participant contributions are directed by the participants among the available investment options. Investment earnings are automatically reinvested into the fund from which they were derived.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or installments. Hardship withdrawals are available, as are distributions to participants who have attained the age of 59½. Participants may withdraw up to 100% of the balance in his or her elective deferral account and up to 100% of the vested balance in his or her rollover account for financial hardships, as defined. Corrective distributions are made, returning contributions to participants, in order to comply with Department of Labor (DOL) regulations.

Notes Receivable from Participants

Participants may borrow from their participant accounts at a minimum of \$1,000 not to exceed a maximum of \$50,000, or 50% of the participant's vested account balance, whichever is less, reduced by the highest outstanding note balance during the prior 12-month period. The notes are secured by the participant's vested account balances and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years. Loans are secured by the participant's account and bear an interest rate at prime rate plus 1% as determined by the Plan Administrator, which is fixed for the term of the loans. Principal and interest are paid ratably through payroll deductions on a biweekly basis. No more than one regular loan and one home loan is allowed at any time, and repayment of the entire balance is permitted at any time.

Forfeited Accounts

Forfeitures may be used to reduce Employer contributions or to pay expenses of the Plan. At December 31, 2025 and 2024, the forfeiture balance was \$1,063,476 and \$982,296, respectively. During the year ended December 31, 2025, \$1,775,946 was used to reduce Employer contributions and \$753,184 was used to pay for Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and when applicable, disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions Receivable

Participant contributions and any related Employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

compensation. Annual retirement contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by its Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of realized gains and losses on investments bought and sold during the period and the unrealized gains and losses on investments held at the end of the period.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in the fair value of investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

3. Fair Value Measurements

GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds - Common/collective trust funds (CCTs) are valued at NAV of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. The CCTs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Notes to Financial Statements

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value:

Investments, measured at NAV*				69,817,792
Total Investments, at fair value				\$ 433,897,900

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the year ended December 31, 2025.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments, at fair value, and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend income, other income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya, a qualified institution.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated October 25, 2024 that the Plan was designed in accordance with the applicable sections of the IRC. The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since the date of the determination letter, Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

BlueTriton Brands, Inc. 401(k) Savings Plan

Notes to Financial Statements

6. Risks and Uncertainties

The Plan provides for various investment options in publicly traded mutual funds and CCTs. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

The Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the Trustee and third-party administrator written notice of such termination. The Plan merged into the Primo 401(k) Plan effective January 26, 2026. See Note 10.

8. Related Party and Party-in-Interest Transactions

The Company and Voya are parties-in-interest with respect to the Plan under the provisions of ERISA. The Plan also issues loans to participants, which are secured by the vested balance of the participants' account. These transactions qualify as exempt party-in-interest transactions.

9. Late Remittances

For the year ended December 31, 2023, total participant contributions and loan repayments in the amount of \$4,925 were not remitted within the appropriate time period by DOL regulations. These transactions constituted non-exempt prohibited transactions, as defined by ERISA. The Company has made participant accounts whole during the year ended December 31, 2025.

10. Subsequent Events

The Plan has evaluated subsequent events through September 2, 2026, which is the date the financial statements were available to be issued.

As discussed in Note 1, effective December 31, 2025, the Plan froze to both new entrants and contributions. Effective January 1, 2026, all Plan participants who were actively employed on January 1, 2026 became eligible to participate in the Primo 401(k) Plan. On January 26, 2026, Plan assets in the amount of \$596,729,859, which consisted of \$580,062,085 of investments and \$16,667,774 notes receivable from participants were transferred to the Primo 401(k) Plan.

There were no other material subsequent events identified requiring disclosure or adjustment to the financial statements.
