INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
MGS, Inc. Welfare Benefit Plan
Denver, Pennsylvania

Opinion

We have audited the accompanying financial statements of the MGS, Inc. Welfare Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the MGS, Inc. Welfare Benefit Plan as of November 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the MGS, Inc. Welfare Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MGS, Inc. Welfare Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MGS, Inc. Welfare Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the MGS, Inc. Welfare Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of the Schedule of Assets Held for Investment Purposes as of November 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1 – Plan Description

The following description of the MGS, Inc. Welfare Benefit Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan, established as of December 1, 2017, provides health and other benefits covering eligible employees of MGS, Inc. (the "Company") and covered dependents. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits – The Plan provides health benefits to eligible employees, including medical and prescription. In addition, employees also can obtain dental, vision, long-term disability, short-term disability, life, and accidental death and dismemberment insurance. The Plan covers full-time employees working at least 30 hours per week and their dependents following completion of 30 days of employment. The health benefits are substantially self-insured and self-funded by the Company.

Stop Loss Insurance – The Plan had a stop loss insurance policy under which medical and prescription claims were covered in excess of $80,000 for both 2025 and 2024, per covered person, and provides a maximum aggregate benefit of $1,000,000 in excess of the deductible. The minimum aggregate deductible for the year ended November 30, 2025 was $1,721,542.

Stop loss reimbursements netted against health claims totaled $203,986 and $380,411 for the years ended November 30, 2025 and 2024, respectively. Stop loss reimbursement receivables for paid claims but not reimbursed at November 30, 2025 and 2024 were $57,405 and $16,287, respectively.

Contributions – The Plan is contributory. Employees pay a flat rate toward their coverage and that of their dependents through pre-tax payroll deductions, which vary depending upon the benefit plan options selected. Employees can utilize Health Savings Account and Health Reimbursement Accounts to fund their contributions.

The Company funds the health benefits using a trust established by the Veris Benefits Consortium, LLC (the "Consortium") for the Plan. Monthly contributions are made to the trust in an amount sufficient to cover expected claims, administrative expenses, and stop loss insurance premiums.

Plan Administration – The Plan provides health benefits through the Consortium developed in 2011 for private sector employers. The Company is a participating member of the Consortium and executed an agreement to pay its health benefits through the Consortium. The Consortium performs administrative services on behalf of the Company, including development of the program with respect to eligibility, underwriting standards, placing stop loss insurance, coordination of regulatory compliance, and document preparation.

Additionally, the Plan entered into an agreement with an insurance provider to administer the health benefits under the Plan in accordance with its policies and procedures. The insurance company invoices the Plan for claims paid on a weekly basis. The payment of claims and administrative expenses is processed by the Consortium.

Notes to Financial Statements

Note 1 – Plan Description – Continued

COBRA – The Plan offers continuation of benefits through the Consolidated Omnibus Budget Reconciliation Act (COBRA) for a specified period to qualified employees and their dependents who would not otherwise be eligible for continued coverage because of a qualifying life changing event.

Note 2 – Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Cash Overdraft – At times throughout the year, the Plan may owe the Consortium amounts for outstanding checks that have not cleared the Consortium's operating cash account. These amounts owed at year end are reported as a cash overdraft on the statements of net assets available for benefits.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value as determined by the plan's custodian. The money market fund is valued at quoted redemption value, which approximates fair value. Interest income is recorded on the accrual basis.

Estimated Claims Incurred but Not Reported – Estimated claims incurred but not reported are claims that have service dates prior to year end but are reported to the Plan subsequent to year end. Those amounts are estimated based on actual claims experience. See Note 5 for benefit obligations.

Payment of Benefits – Claim and premium payments paid by the Consortium are recorded when paid.

Administrative Expenses – Certain administrative fees are paid by the Plan. These expenses include broker fees.

Subsequent Events – Events that occurred subsequent to November 30, 2025 have been evaluated by the Plan's management through August 25, 2026, which is the date the financial statements were available to be issued.

Note 3 – New Accounting Standards

Pronouncements issued by the Financial Accounting Standards Board (FASB) with future effective dates are either not applicable or are not expected to be significant to the Plan's financial statements.

Note 4 – Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2025.

Money market fund: Valued at quoted redemption price at period end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

November 30, 2025	Level 1	Level 2	Level 3	Total
	$	$	$	$
Money market fund	0	411,507	0	411,507
Total Assets at Fair Value	0	411,507	0	411,507

November 30, 2024	Level 1	Level 2	Level 3	Total
	$	$	$	$
Money market fund	0	153,667	0	153,667
Total Assets at Fair Value	0	153,667	0	153,667

Note 5 – Benefit Obligations

FASB Accounting Standards Codification (ASC) 965, *Accounting and Reporting by Health and Welfare Benefit Plans*, requires disclosures of the following plan obligations at November 30, 2025 and 2024:

	2025	2024
	$	$
Plan's benefit obligations:		
Claims payable and currently due for active participants	148,130	19,179
Claims incurred but not reported to the Plan for active participants	153,864	142,182
Total Benefit Obligations	301,994	161,361
Claims payable and currently due and claims incurred but not reported:		
Balance at beginning of the Plan year	161,361	144,117
Claims incurred	1,514,930	1,892,529
Claims paid	(1,374,297)	(1,875,285)
Balance at end of the Plan year	301,994	161,361

Note 5 – Benefit Obligations – Continued

Plan obligations at November 30, 2025 and 2024 for claims incurred by participants but not reported at that date are measured at the present value, as applicable, of the estimated ultimate cost to the Plan of settling the claims. Estimated ultimate cost reflects the Plan's obligation to pay claims to or for participants, regardless of the status of employment beyond November 30, 2025 and 2024, pursuant to the provisions of the Plan. The liability is computed by the Plan's actuary. The method used to derive the estimated unpaid claims liability applies the reserve factor to a monthly average of the past several months of medical and drug claims, which is then adjusted as needed based on actual subsequent period claims paid.

Note 6 – Tax Status

The Plan is intended to qualify as an employee welfare benefit plan as defined in ERISA. The Plan benefits are funded out of the general assets of the Company and employee contributions. The health benefits are paid in part of the trust established by the Consortium. The trust established under the Plan to hold the Plan's assets is a taxable trust.

Note 7 – Transactions with Parties-In-Interest

Capital Blue Cross, who processes health care claims on behalf of the Plan is a party-in-interest and was paid $7,312 and $459 for the years ended November 30, 2025 and 2024, respectively.

Engle Hambright and Davies, Inc., who provides brokerage services on behalf of the Plan is a party-in-interest and was paid $42,977 and $43,775 for the years ended November 30, 2025 and 2024, respectively.

The Benecon Group, who provides brokerage and administrative services on behalf of the Plan is a party-in-interest and was paid $30,131 and $27,261 for the years ended November 30, 2025 and 2024, respectively.

ConnectCare 3, LLC, who provides patient advocate services to the Plan's participants on behalf of the Plan is a party-in-interest and was paid $9,474 and $9,362 for the years ended November 30, 2025 and 2024, respectively.

Certain plan investments are shares of a money market fund managed by UMB Bank, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The fair value of these investments was $411,507 and $153,667 at November 30, 2025 and 2024, respectively. Fees paid by the Plan for investment management and custody services are immaterial.

Notes to Financial Statements

Note 8 – Risks and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions, which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the Company must pay the claims incurred and expenses of the Plan due up to the date of termination plus extended benefits, if any, provided under the Plan.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at November 30:

	2025	2024
	$	$
Net assets available for benefits per financial statements	437,102	150,870
Benefit obligations	(301,994)	(161,361)
Net assets accumulated deficit per Schedule H of the Form 5500	135,108	(10,491)

The following is a reconciliation of health claims paid, net per the financial statements for the years ended November 30, 2025 and 2024 to Schedule H of the Form 5500:

	2025	2024
	$	$
Health claims, net per financial statements	1,299,262	1,486,832
Change in benefit obligations	140,633	17,244
