Report of Independent Auditors

The Participants and Plan Administrator of
National Railroad Passenger Corporation Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of National Railroad Passenger Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an

A member firm of Ernst & Young Global Limited

auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A member firm of Ernst & Young Global Limited

with confidence

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

National Railroad Passenger Corporation Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The National Railroad Passenger Corporation Savings Plan (the Plan) is a qualified defined contribution employee savings plan established by the National Railroad Passenger Corporation (Amtrak, the Company and/or Plan administrator) to provide retirement benefits to eligible employees. The effective date of the Plan was July 1, 1981. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following brief description of the Plan is provided for informational purposes only. Participants should refer to the Plan document for more comprehensive information.

Eligibility

All employees who are not covered by a collective bargaining agreement are eligible to participate. Newly hired employees are eligible to participate in the Plan on their date of hire, or any day thereafter.

Contributions

Employees who participate in the Plan are permitted to defer on a pre-tax basis 1% to 40% of their gross pay, subject to certain limitations described in the Internal Revenue Code (the Code). The Plan has an automatic enrollment feature for new employees with the initial contribution rate set at 3% of their compensation on a pre-tax basis. All employees are given notice regarding this enrollment feature and may elect a different deferral election or make no deferral at that time. A participant's rate has an automatic annual increase election of 1% in January of each year following the year participation in the Plan begins until it reaches 10%. Employees may change their contribution rate by contacting the Plan administrator. Employees may authorize after-tax contributions to the Plan up to 40% of their compensation, as defined in the Plan document and subject to the Code's limitations. The Company contributes a matching amount equal to 100% of the participant's contribution to the Plan, up to the first 7% of the participant's base pay.

The combined pre-tax and after-tax contributions by the participant are limited to 40% of the participant's gross pay. The maximum participant contribution amount, as established by the Internal Revenue Service, was $23,500 and $23,000 in 2025 and 2024, respectively. All participants who are age 50 or over before December 31 of the calendar year are permitted to make additional catch-up contributions of up to $7,500 for each of 2025 and 2024. Beginning January 1, 2025, participants ages 60 to 63 by December 31, 2025, are able to make additional catch-up contributions for a total catch-up contribution maximum of $11,250. The maximum limit for defined contribution plan deferrals was $70,000 and $69,000 per participant in 2025 and 2024, respectively. Contributions from eligible participants and matching Company contributions are recorded in the months the related payroll deductions are made. Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting and Forfeitures

The participant's after-tax and tax-deferred contributions are fully vested. Participants are 100% vested in the Company's matching contributions upon completing one year of service, or upon death or disability.

1. Description of Plan (continued)

Participants who terminate employment prior to vesting in such benefits forfeit the Company's matching contributions. Forfeitures are accumulated in a separate account and are used to reduce future matching contributions made by the Company. The balance of accumulated forfeited non-vested accounts was $9,000 and $7,000 at December 31, 2025 and 2024, respectively. These amounts are available to be used to reduce employer contributions. Forfeited amounts totaling $206,000 and $147,000 were used to reduce employer contributions during the year ended December 31, 2025 and 2024, respectively.

Payment of Benefits

Upon termination of employment or total and permanent disability, participants are eligible to receive their vested account balance. The participant may request a lump sum payout or a rollover to an individual retirement account or another employer's eligible plan within 90 days.

If a request is not made, a lump sum distribution is automatically paid if the participant's vested account balance is $1,000 or less. If the participant's vested account balance is more than $1,000 but not more than $5,000, and the participant does not elect to receive the distribution directly or have the distribution rolled over to an eligible retirement plan, then the balance will be automatically rolled over to an individual retirement account designated by the Company. If the participant has an account balance greater than $5,000, the account balance will remain in the Plan until the participant makes a request for a lump sum payout or a rollover. If the participant has at least five years of service and provided the amount of vested benefit equals at least $5,000, the participant can elect to receive installment payments. The benefit will be paid in approximately equal periodic (no less frequent than annual) installments for a fixed period of not less than one year and not more than fifteen years provided that the lump sum amount the participant would otherwise receive, divided by the number of years in the fixed period, equals at least $5,000.

The Plan administrator may allow a hardship withdrawal from a participant's account, if it is determined that the distribution is necessary to satisfy the immediate and heavy financial need by the participant's representation that such need cannot be relieved (i) through reimbursement or compensation by insurance or otherwise; (ii) by reasonable liquidation of the participant's assets, to the extent such liquidation would not itself cause an immediate and heavy financial need; such assets to include those of the spouse or minor children (with the exception of property held under an irrevocable trust or under the Uniform Gifts to Minors Act); or (iii) by cessation of elective salary deferral contributions or voluntary contributions under the Plan. The minimum hardship withdrawal amount is $500. The amount that may be withdrawn for financial hardship is limited to the lesser of (1) the vested balance in the participant's account as of the date of withdrawal or (2) the amount required to meet the need created by the financial hardship and anticipated income taxes and penalties resulting from the early withdrawal.

Participant Accounts

Each participant's account consists of the participant's contributions, along with the Company's matching contributions and allocations of Plan earnings. Allocations of Plan earnings are based on the relative performance of the participant's chosen investments.

1. Description of Plan (continued)

Plan Administration

The administration of the Plan is the responsibility of the Administrative Committee. As of December 31, 2025 and 2024, all Plan assets were held in trust by Fidelity Management Trust Company, the Trustee of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, participants become fully vested in their accounts as of the termination date.

Notes Receivable From Participants

All participants enrolled in the Plan are eligible to take out a loan. Interest rates on such loans range from 3.25% to 9.50% as of December 31, 2025 and 2024. The minimum loan amount is $1,000 and the maximum amount is the lesser of (1) $50,000 or (2) half of the participant's vested account balance. A participant is allowed no more than two loans outstanding at a time. The interest rate charged is the prime rate on the first day of the month the loan is processed and is fixed for the life of the loan. The term of the loan may not exceed five years, except in the case of a loan to a participant that is used to acquire, construct, reconstruct, or substantially rehabilitate a principal residence of the participant or a member of his or her immediate family. Such a loan may be repaid over a longer period of time as determined by the Administrative Committee. If the participant's employment with Amtrak terminates for any reason, the loan becomes due and payable within 90 days of the termination date.

It is the Plan's policy to consider loans in default as deemed distributions at the end of the calendar quarter following the calendar quarter a payment was last received. Additionally, individual credit risk is mitigated by the fact that notes receivable are secured by the respective participant's vested balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are measured at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and has reached a distributable event, the loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain administrative expenses, which include accounting and legal costs of the Plan, are paid by the Company and, accordingly, are not reflected in the accompanying financial statements. All other administrative expenses of the Plan are paid by the Plan.

3. Financial Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from the Trustee of the Plan that all of the information provided by them is complete and accurate. The amounts included in the financial statements for investments held, notes receivable from participants, interest and dividends, interest on notes receivable from participants, net appreciation in fair value of investments and all amounts in the supplemental schedule were provided and certified as complete and accurate by the Trustee of the Plan as of and for the years ended December 31, 2025 and 2024.

4. Fair Value Measurement

FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, defines fair value for financial reporting, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. FASB ASC Topic 820 established a three-level valuation hierarchy for

4. Fair Value Measurement (continued)

disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

The three levels of the fair value hierarchy are defined as follows:

- Level 1 - observable market inputs that are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.).
- Level 3 - significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments).

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation techniques and inputs used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Level 1 Investments

Common Collective Trust Funds

This investment category consists of common collective trust funds and includes the T. Rowe Price Stable Value Fund, the Vanguard Target Income Fund and various Vanguard target date funds. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These common collective trust funds are valued using their daily published unit value, which represents the price at which transactions occur on the measurement date.

Mutual Funds

This investment category contains mutual funds with quoted prices of the funds available in active markets. Investments in this category are valued at the closing price reported in the active market in which the individual fund is traded.

Separately Managed Account

The separately managed account is a portfolio of individual securities of publicly traded stocks and a money market fund, that is managed on the participant's behalf. The individual securities of the separately managed account are held in the name of the Plan and are evaluated separately for financial statement reporting purposes. The publicly traded stocks are valued at the closing price reported on the active markets in which the individual securities are traded. The money market fund provides for subscription and redemption activities at $1.00 stable NAV which is published daily on the fund manager website.

Fair Value Measurement Tables

The following tables present the fair values of the Plan's investments by level within the fair value hierarchy as of December 31, 2025 and 2024 (in millions):

5. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the IRS) dated October 15, 2014, stating that the Plan is qualified under Section 401(a) of the Code; and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code; and therefore believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

The Plan invests in shares of mutual funds, some of which are managed by an affiliate of the Trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Investments in mutual funds and notes receivable from participants

6. Party-in-Interest Transactions (continued)

totaling $49.2 million and $42.2 million qualified as party-in-interest transactions at December 31, 2025 and 2024, respectively.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Company has evaluated subsequent events through September 10, 2026, which is the date the financial statements were available to be issued. There were no other events that require adjustments to or disclosure in the Plan's financial statements for 2025.
