REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Trustees

Arctic Slope Regional Corporation and Subsidiaries Employees Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Arctic Slope Regional Corporation and Subsidiaries Employees Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees Retirement Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 - PLAN DESCRIPTION

The following description of the Arctic Slope Regional Corporation and Subsidiaries ("ASRC" or the "Company") Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering most non-union employees. Employees whose employment is governed by a collective bargaining agreement are eligible to participate in the Plan when such agreement expressly provides for the inclusion of such employees as participants in the Plan. Participants are eligible to participate in the Plan upon completion of their first day of service, effective date of a contribution agreement, and upon reaching the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

All active participants may elect to have at least 1% but no more than 75% (limited to \$23,500 in 2025 and \$23,000 in 2024) of their compensation withheld and contributed to the Plan. Participants over age 50 are permitted to make catch-up contributions (limited to \$7,500 in 2025 and 2024). ASRC matches each participant's contribution up to 4% of the participant's eligible compensation, as defined in the Plan document. The Plan also allows discretionary employer contributions for certain union Participants equal to \$2.30 per hour compensated per week, up to 40 hours. The amount of such discretionary employer contributions for non-union Participants may vary based on the Plan's discretion. No discretionary employer contributions were made in 2025 or 2024. Participants also may contribute amounts representing distributions from other qualified plans. Additional amounts may be contributed at ASRC's option and may include contributions to maintain the Plan's qualified tax status. Total participant contributions in any calendar year are limited under Internal Revenue Code ("IRC") Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Participant Accounts

Each participant's account is credited with his or her contributions and allocation of ASRC contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants individually direct the allocation of their contributions to a variety of investment securities.

Vesting

Participants are immediately vested in all employer contributions and earnings thereon.

Notes Receivable From Participants

Participants may borrow a minimum of \$1,000 and the maximum of the lesser of one-half of the vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior 12-month period. Loans shall not exceed five years, unless used to acquire the participant's principal residence, and only one loan may be outstanding at any time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Loans are repaid in equally amortized payments, not less frequently than quarterly, over the term of the loan.

Employees Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump sum, an installment contract, an annuity, or any combination thereof. Other withdrawals of contributions are allowed for certain hardship cases, which must be approved by the Plan Administrator.

Summary of Plan Amendments

Effective July 1, 2022, the Plan was restated to comply with the requirements of a Pre-Approved Defined Contribution Plan. Effective January 1, 2023, the Plan amended the definition of ineligible classes of employees to include non-resident alien employees, Puerto Rico based employees, union employees unless otherwise included per collective bargaining agreements, Davis Bacon employees, and service contract employees. In addition, the Plan was amended to update collective bargaining eligibility definitions. Effective November 1, 2023, the Plan was amended to allow a participant to elect to classify all or a portion of their elective contributions as a Roth contribution, to allow Roth rollovers, and to allow In-Plan Roth conversions. The Plan was retroactively amended on January 1, 2024 to update certain union contribution formulas to accurately reflect the Plan status and operations administered. Effective January 1, 2025, the Plan was amended to update the list of ineligible classes of employees and expand eligibility for Davis Bacon and service contract employees. Additionally in 2025, the Plan was retroactively amended as of October 1, 2024 to clarify the employer contribution formulas for certain collective bargaining agreements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Forfeitures

Forfeitures consist of operational corrections to the employer match, as well as amounts from legacy vesting provisions from plans with vesting schedules that merged into ASRC's Plan. Forfeitures may be used to offset employer matching contributions and to pay for administrative expenses. At December 31, 2025 and 2024, forfeitures totaled \$35,820 and \$91,789, respectively. The Plan used \$69,625 and \$58,537 in forfeitures to offset employer matching contributions attributable to the 2025 and 2024 calendar years, respectively.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased, sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan provides that administrative expenses may be paid out of the Plan, unless paid by ASRC. Fees for participant loans are paid by the participants receiving the loans. Refer to Note 5 for administrative expenses paid by the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Employer Contributions Receivable

The Plan records employer contributions receivable for amounts earned but not yet received as of year-end. The Plan evaluates employer contributions receivable for expected credit losses in accordance with ASC 326, *Financial Instruments - Credit Losses*. As of December 31, 2025 and 2024, employer contributions receivable totaled \$1,593,744 and \$1,480,370, respectively. Management determined that no allowance for credit losses was required as of December 31, 2025 and 2024.

NOTE 3 - TRUSTEE CERTIFICATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank ("Charles Schwab"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or the amount paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement considered from the perspective of a market participant. The Plan uses market data or assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation.

**Arctic Slope Regional Corporation and Subsidiaries
Employees Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

These inputs can be readily observable, market corroborated or unobservable. The Plan applies both market and income approaches for recurring fair value measurements using the best available information while utilizing valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair Value Hierarchy

ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 - Other than quoted prices included in Level 1, inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued based on closing net asset value ("NAV") per share as quoted in active markets.

Money market fund: Valued based on closing NAV per share as quoted in active markets.

Collective trust funds: The NAV, as provided by the administrator of the fund, is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of shares outstanding. The fair value has been established under the practical expedient approach and, therefore, is not assigned to a level in the hierarchy table.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

JP Morgan Chase Bank commingled pension trust fund	142,069,899	n/a	Daily	Daily

T Rowe Price stable value collective trust investment objectives are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. The trust will attempt to achieve these objectives by investing principally in guaranteed investment contracts ("GICs") issued by insurance companies; investment contracts issued by banks ("BICs"); structured or synthetic investment contracts ("SICs") issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs; separate account contracts ("SACs"); and other similar instruments that are intended to maintain a constant NAV while permitting participant initiated, benefit-responsive withdrawals for certain events. Permitted participant-initiated withdrawals refer to withdrawals from the trust by an employer-sponsored defined contribution plan directly as a result of participant transactions allowed by the Plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the Plan.

Capital Group target date trust funds objectives, through their investments, depending on the proximity to its relative target date, will seek to achieve growth, income and conservation of capital. The funds will increasingly emphasize income and conservation of capital by investing a greater portion of its assets in bond, equity-income and balanced strategies as it approaches and passes its target date.

JP Morgan Chase Bank commingled pension trust fund (Large Cap Growth Fund) is maintained with the objective of providing investment results that approximate the overall performance of the Russell 1000 Growth Index.

T. Rowe Price US Value Equity Fund is maintained with the objective of providing long-term capital appreciation through investment primarily in U.S. equity securities that are believed to be undervalued relative to their intrinsic worth.

NOTE 5 - RELATED-PARTY TRANSACTIONS

Included in Plan investments at December 31, 2025 and 2024 are shares of a mutual fund managed by Charles Schwab. Charles Schwab is the custodian and the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Total administrative expenses paid by the Plan to Charles Schwab totaled \$758,957 and \$655,482 for the years ended December 31, 2025 and 2024, respectively.

NOTE 6 - PLAN TERMINATION

While it is the intention of ASRC to continue the Plan indefinitely, ASRC may amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

**Arctic Slope Regional Corporation and Subsidiaries
Employees Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

NOTE 7 - TAX QUALIFICATION

The Plan adopted a Pre-Approved Defined Contribution Plan ("Pre-Approved Plan"), effective July 1, 2022. The Pre-Approved Plan obtained an opinion letter from the Internal Revenue Service ("IRS"), dated September 21, 2020, regarding its acceptability under Section 401 of the IRC. Prior to the adoption of the Pre-Approved Plan, the IRS determined and informed ASRC by a letter dated November 3, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

An operational error was identified in Plan year 2024, wherein certain pay codes were incorrectly classified as eligible compensation. Plan management consulted with ERISA counsel on the matter and is finalizing its analysis of the scope of the issue and the appropriate correction, which may include submitting a voluntary correction application with the IRS. Management evaluated the impact and concluded that the correction did not materially affect the financial statements.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan may invest in mutual funds, which include securities with contractual cash flows, which may include asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate values, delinquencies, defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

NOTE 9 - NONEXEMPT TRANSACTIONS

During the 2025 and 2024 Plan years, the Plan identified untimely remittances totaling approximately \$5,400 and \$29,000, respectively. Of the 2025 amount, approximately \$5,100 has been corrected, with approximately \$300 pending correction. All identified untimely remittances for the 2024 Plan year have been corrected as of December 31, 2025. The identified untimely remittances are not considered material to the Plan.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through September 2, 2026, the date the financial statements were available to be issued. There were no material subsequent events or transactions that required recognition or disclosure in the financial statements.
