Audit Committee
Katahdin Trust Company Employee Stock Ownership Plan

We have audited the financial statements of Katahdin Trust Company Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the year ended December 31, 2025, and have issued our report thereon dated September 2, 2026. Professional standards require that we communicate to you the following information related to our audit.

PART I – REQUIRED COMMUNICATIONS

Our Responsibility under U.S. Generally Accepted Auditing Standards (U.S. GAAS)

As stated in our engagement letter dated March 11, 2026, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities related to the preparation and fair presentation of the financial statements.

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the ERISA-required supplemental schedule in relation to the financial statements as a whole and to report on whether the ERISA-required supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and whether the form and content of the ERISA-required supplemental schedule is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Significant Risks

In our engagement letter, we identified the risks we expected would meet the definition of “significant risks” pursuant to U.S. GAAS, which are risks toward the upper end of the risk spectrum based on their likelihood and potential magnitude. Through conclusion of our audit of the financial statements, we have not identified any additional significant risks.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of the investment in the common stock, which is derived from an independent valuation study. We evaluated the key factors and assumptions used to develop the valuation estimate in determining that it is reasonable in relation to the financial statements as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosures of investments and notes payable in Notes 6, 7, and 8 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not identify any known or likely misstatements during our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 2, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditor. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the ERISA-required supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplemental schedule to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

PART II – INTERNAL CONTROL MATTERS

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2025, in accordance with U.S. GAAS, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Incorrect Eligible Compensation for Newly Eligible Participants

While testing the eligible compensation for one participant who was hired during the Plan year, compensation earned by the participant prior to their entry into the Plan was improperly excluded from the participant's eligible compensation. Such exclusion can lead to an improper allocation of shares to participants who join the Plan. Upon notifying management, they reviewed all newly eligible participants during the Plan year and determined this matter impacted 17 additional new hires. Management is working with Principal Life Insurance Company, the recordkeeper for the Plan, to resolve this issue and ensure it does not occur in future Plan years.

* * * * *

This communication is intended solely for the information and use of Plan management and those charged with governance and is not intended to be, and should not be, used by anyone other than these specified parties. We appreciate the assistance and cooperation extended to us by the management and employees of Katahdin Trust Company during the performance of our engagement.

Katahdin Trust Company Employee Stock Ownership Plan

FINANCIAL STATEMENTS
and
SUPPLEMENTAL SCHEDULE

December 31, 2025 and 2024
With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Audit Committee
Katahdin Trust Company Employee Stock Ownership Plan

Opinion

We have performed audits of the financial statements of Katahdin Trust Company Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

Audit Committee
Katahdin Trust Company Employee Stock Ownership Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KATAHDIN TRUST COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of Katahdin Trust Company Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Katahdin Trust Company (the Bank or Plan Sponsor) established the Plan effective October 1, 2016. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the Code). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Trustees appointed by the Bank, at the direction of the Bank's Board of Directors.

The Plan purchases common shares of Katahdin Bankshares Corp. (Bankshares) with funds borrowed (see Note 8), and holds the stock in a trust established under the Plan. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

The borrowings are collateralized by the unallocated shares of stock and are guaranteed by the Bank. The lender has no rights against shares once they are allocated under the employee stock ownership plan (ESOP). Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a) The accounts of employees with vested rights in allocated stock (Allocated)
- b) Stock not yet allocated to employees (Unallocated)

Eligibility

Any employee who is not 1) an independent contractor, 2) a leased employee, 3) an employee covered by a collective bargaining agreement, or 4) a nonresident alien who receives no U.S. income is eligible to participate in the Plan. An employee shall be eligible on their first day of employment, with enrollment dates on a quarterly basis.

Voting Rights

The Trustees typically will decide how shares of the common stock held by the Plan will be voted. In certain situations, the participants have the right to decide how shares of the common stock allocated to their accounts will be voted. The Trustees of the Plan will vote all common stock held by the Plan, provided that the participant or their beneficiary will be entitled to direct the Trustees as to the manner in which voting rights on shares of common stock which are allocated are to be exercised (i) with respect to any corporate matter which involves the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction, and (ii) with respect to all corporate matters if, at the time of the vote thereon, the common stock is a "registration-type" class of securities.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of Bankshares common stock released by the Trustees from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Bank as of the last day of the Plan year will receive an allocation. Participants who terminate employment during the Plan year due to retirement, permanent disability, or death will also share in the allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of year account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant will be vested based on years of service. Vesting begins at 25% after two years of service, and the vested percentage increases by 25% per year until the participant is fully vested. A participant also becomes fully vested when the participant reaches the age of 65, or in the event of death or disability.

Benefit Payments

No distributions from the Plan are normally made until a participant reaches the retirement age of 65, dies, becomes disabled, or otherwise terminates employment with the Plan Sponsor. If a participant reaches the retirement age of 65 or otherwise terminates employment with the Plan Sponsor, the distribution of the vested account balance will commence as soon as administratively feasible following the retirement or termination of employment. If a participant terminates service due to death or disability, the distribution of the vested account balance will commence by the end of the Plan year following the Plan year in which the death or disability occurs. Distributions of vested balances in excess of \$5,000 require written consent by the participant and will generally be paid in equal annual installments over five years. Distributions of less than \$5,000 will generally be made as a lump sum. Distributions under the Plan of a participant's vested interest may be made in cash or in shares of Bankshares common stock or partially in cash and partially in shares of Bankshares common stock. During the year ended December 31, 2025, \$80,195 of benefit payments were made in cash.

Benefits are recorded when paid.

Put Option

Under Federal income tax regulations, the shares of Bankshares common stock that are held by the Plan and its participants and are not readily tradable on an established market, or are subject to trading limitations, include a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its common stock distributed to participants for which there is no market. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The put option shall commence as of the day following the date the shares of Bankshares common stock are distributed to the participant and end 60 days thereafter. If the put option is not exercised within that 60-day period, an additional 60-day window shall commence on the first day of the fifth month of the Plan year next following the date the shares of Bankshares common stock were distributed to the participant.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Bankshares common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, eligible participants may diversify up to 25% of the number of shares of Bankshares common stock allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will receive a cash distribution.

Forfeitures

Forfeitures are allocated to eligible participants using the same formula as the allocation of unallocated shares of common stock for a Plan year. Forfeited cash and shares of terminated non-vested account balances allocated to remaining participants at December 31, 2025 and 2024 totaled \$246 and \$237 and 434.14 and 460.60 shares, respectively.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investment in Bankshares Common Stock

The shares of Bankshares common stock are valued at estimated fair value, which is determined by annual independent appraisals. The estimated per share fair value at December 31, 2025 and 2024 was \$31.25 and \$25.75, respectively. See Note 7 for a discussion of fair value measurement.

Notes to Financial Statements

December 31, 2025 and 2024

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan Sponsor.

Risks and Uncertainties

Shares of Bankshares common stock are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with this investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the shares of common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Management has considered transactions or events occurring through September 2, 2026, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Income Tax Status

The Plan obtained its latest determination letter on November 9, 2017, in which the Internal Revenue Service stated that the Plan was qualified under the appropriate sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Sponsor believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

4. Plan Termination

The Plan Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or their beneficiary at the time prescribed by the Plan's terms and the Code. Upon termination of the Plan, the plan administrator shall direct the Trustees to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loans. In the event of Plan termination, participants will become fully vested in their accounts.

5. Administration of Plan Assets

The Plan's assets, which consist principally of shares of Bankshares common stock, are held by the Trustees of the Plan. The Trustees also administer the payment of interest and principal on the loans, which is reimbursed to the Plan through contributions as determined by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

6. Investment in Bankshares Common Stock

The Plan's non-participant directed investments in shares of Bankshares common stock at December 31 are as follows:

	<u>2025</u>		<u>2024</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Number of shares of common stock	77,977	6,823	74,565	10,235
Estimated fair value	\$ 2,436,762	\$ 213,238	\$ 1,920,038	\$ 263,562
Cost	\$ 1,081,754	\$ 111,731	\$ 1,025,882	\$ 167,603

The Plan's only non-participant directed investment during 2025 and 2024 is the common stock of Bankshares.

7. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 contains inputs to the valuation methodology that are unobservable and significant to the fair value measurement. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its instruments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The methods used to measure fair value may produce an amount that might not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the interest-bearing cash is based on cost, which approximates fair value.

Notes to Financial Statements

December 31, 2025 and 2024

The fair value of Bankshares' common stock is determined based on annual independent appraisals. The appraisals were based on a weighted combination of an income and various market value approaches using price/earnings, price/book value, price/tangible book value, and prior transactions, then discounted for lack of marketability due to the closely held nature of the common stock.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Bankshares common stock	\$ -	\$ -	\$ 2,650,000	\$ 2,650,000

Total assets at fair value	\$ <u>54,022</u>	\$ <u>-</u>	\$ <u>2,650,000</u>	\$ <u>2,704,022</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Bankshares common stock	\$ -	\$ -	\$ 2,183,600	\$ 2,183,600
Interest bearing cash	<u>50,315</u>	<u>-</u>	<u>-</u>	<u>50,315</u>
Total assets at fair value	\$ <u>50,315</u>	\$ <u>-</u>	\$ <u>2,183,600</u>	\$ <u>2,233,915</u>

8. Notes Payable to Bankshares

In 2018, the Plan entered into a \$528,913 note payable agreement with Bankshares, the proceeds of which were used to purchase 32,300 shares of Bankshares common stock. The note payable is repayable annually with an interest rate of 5.00% for a term of nine years and six months. The outstanding balance on the note payable was \$133,160 and \$195,023 at December 31, 2025 and 2024, respectively. The note payable is collateralized by unallocated shares of Bankshares common stock.

The scheduled amortization of the notes payable is as follows:

2026	\$ 64,956
2027	<u>68,204</u>
Total	\$ <u>133,160</u>
