INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
PES 401(k) Plan
Paradise, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **PES 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **PES 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **PES 401(k) Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **PES 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **PES 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **PES 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PES 401(k) Plan
NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of **PES 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution 401(k) plan covering substantially all eligible employees of Paradise Energy Solutions, LLC (Plan Sponsor), Sunstream Energy LLC, Gap Bros. Holding LLC, Upward Broadband LLC, Ambassador Towers, LLC, and Optimal Services LLC (members of the controlled group and collectively the Company), who have attained the age of 18. Enrollment is allowed on the first day of the month coinciding with or next following date eligibility requirements are met. The Plan automatically enrolls all newly eligible employees in the Plan with their deferral rate set at 6% of eligible compensation. The Plan was established effective January 1, 2017, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees that are considered to be leased employees are not eligible to participate in the Plan.

The Plan Sponsor is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is following regulatory changes related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act, but has not been formerly amended for these changes. The Plan has until December 31, 2026 to formally amend the Plan for these regulations.

Effective January 1, 2025, the Plan Sponsor amended the Plan to add Ambassador Towers as a member of the controlled group. It was also amended to change the force-out amount so balances over \$-0-, but less than \$5,000, are rolled into an IRA; however, that provision was superseded by the adoption of the SECURE 2.0 optional force-out limit increase, effective December 20, 2024, which increased the maximum vested account balance subject to involuntary force-out from \$5,000 to \$7,000.

Effective March 23, 2025, the Plan Sponsor amended the Plan to add Optimal Services LLC as a member of the controlled group.

Contributions

Each year, participants may contribute up to the maximum amount allowable under applicable federal regulations. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or contribution plans. The Plan allows participants to direct the investment of their contributions into any of the available investment funds. The Plan allows Roth and pre-tax deferrals. The Company contributes a safe harbor matching contribution that is equal to 100% of the employee's contribution not in excess of 1% of the employee's compensation, and 50% of the employee's contribution that exceeds 1% of the employee's contribution, up to a maximum of 6% of the employee's compensation. The Company may also make a discretionary profit-sharing contribution to an employee's retirement accounts. This profit-sharing contribution is only for eligible employees who have completed at least 1,000 hours of service during the Plan year, and those who are employed by the Company on the last day of the Plan year. There was no discretionary profit-sharing contribution made by the Company in 2025 and 2024. The Company's safe harbor matching and discretionary contributions are invested as directed by the participant into the same investment options offered by the Plan.

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN (Continued)

Participant Accounts

A record-keeping account is set up in each participant's name to show the value of his/her retirement benefit. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and charged with allocations of (c) forfeitures and (d) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor matching contribution and profit-sharing contribution portions of their accounts are based on years of service. Participants are vested in the Company's safe harbor matching contribution and profit-sharing contribution and related earnings as follows:

Safe Harbor Matching Contributions

Years of Service	Percent Vested
0-2	0%
2+	100%

Profit Sharing Contributions

Years of Service	Percent Vested
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

A participant shall be entitled to receive the balance held in his or her account upon termination of employment, death, disability, or attainment of normal retirement age. Normal retirement age is 65. Participant benefits will be paid in a lump sum as agreed upon by the participant and the Plan Administrator. Partial withdrawals or installment payments are permitted for payments made for purposes of required minimum distributions to participants who are 73 for the years ended December 31, 2025 and 2024. Prior to January 1, 2025, the Plan Administrator may automatically roll any terminated participant accounts with a balance of \$5,000 or less into an individual retirement account established on behalf of the terminated participant. If an account balance is less than \$1,000 and the participant has terminated employment, the Plan will distribute the value of the account to the terminated participant in cash. Effective January 1, 2025, the Plan was amended so that if an account is more than \$-0- but does not exceed \$7,000, the Plan Administrator will transfer the vested amount to an IRA in the participant's name.

NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Payments of Benefits (Continued)

A participant may request a hardship withdrawal from their fully vested account balances related to employee deferrals and rollover contributions.

In-service withdrawals are permitted for participants who have attained the age of 59½.

Each participant designates a person or persons who are to receive benefits under the Plan in the event of their death.

Forfeited Accounts

Forfeitures may be used to pay Plan expenses or reduce employer matching or discretionary contributions. At December 31, 2025 and 2024, forfeited nonvested accounts were \$6,776 and \$8,772, respectively. Forfeitures of \$21,303 and \$15,338 were used to pay Plan expenses and portion of the employer safe harbor matching contribution for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loans must be repaid within five years unless proceeds are used to purchase a principal residence in which case the Plan Administrator may permit a longer repayment term. All loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The rates of interest on outstanding loans at December 31, 2025 and 2024, ranged from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions from each regular paycheck. A maximum of two loans can be outstanding at a time per participant.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gain distributions are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded based upon the terms of the Plan Document for purposes of Form 5500 reporting. However, for purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. The balance of administrative costs is paid by the Plan and allocated to Plan participants. Administrative fees consist of recordkeeping fees and fees charged on loans and distributions.

NOTE 3 - CERTIFIED PLAN INVESTMENTS

Certified Investments

The information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest, dividends and capital gain distributions for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Matrix Trust Company, the trustee of the Plan. The Plan Management has obtained certifications from the trustee that such information is complete and accurate under 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 3 - CERTIFIED PLAN INVESTMENTS (Continued)

Plan Investments

The following information included in the accompanying financial statements is based on the information provided by Matrix Trust Company, the trustee:

	December 31,	
	2025	2024
Investments at Fair Value		
Registered Investment Companies	11,464,663	8,286,881

For the years ended December 31, 2025 and 2024, the Plan's investments including investments bought, sold, and held during the year appreciated in value by \$1,459,560 and \$761,230, respectively. The Plan's interest, dividends, and capital gain distributions totaled \$276,002 and \$217,171 for the years ended December 31, 2025 and 2024, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2025 and 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	11,464,663	-0-	-0-	11,464,663

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	8,286,881	-0-	-0-	8,286,881

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2025 and 2024.

NOTE 5 - TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and trust tax-exempt.

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

PES 401(k) Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 5 - TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS

As previously discussed, the Plan issued loans to participants that are secured by participant account balances. Participant loans totaled \$77,558 and \$82,439 at December 31, 2025 and 2024, respectively. Interest income from participant loans was \$6,601 and \$5,484 for the years ended December 31, 2025 and 2024, respectively. All of these transactions qualify as party-in-interest transactions.

The Plan pays for certain administrative fees charged by Employee Fiduciary, LLC, which is considered a party-in-interest to the Plan. These fees do not constitute prohibited transactions and amounted to \$23,323 and \$17,038, for the years ended December 31, 2025 and 2024, respectively.

NOTE 8 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events were evaluated through September 9, 2026, which represents the date the financial statements were available to be issued.
