Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Unicell Body Company, Inc. Profit Sharing/401(K) Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Financial Group that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

This communication is intended solely for the information and use of the Board of Trustees, management, and others within the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditor's Report

To the Committee of Unicell Body Company, Inc.
Profit Sharing/401(k) Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Unicell Body Company, Inc. Profit Sharing/401(k) Savings and Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Unicell Body Company, Inc. Profit Sharing/401(k) Savings and Retirement Plan is provided for general information purposes only. Participants should refer to the summary plan description for more complete information.

General

The Unicell Body Company, Inc. Profit Sharing/401(k) Savings and Retirement Plan (the “Plan”) is a defined contribution plan established on January 1, 1987, permitted under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is designed to provide retirement benefits to eligible employees of Unicell Body Company, Inc. (the “Employer” or “Plan Sponsor”).

The Plan Sponsor is considered a party-in-interest under ERISA. Employer contributions and employee elective deferrals are remitted to the Plan by the Plan Sponsor in the ordinary course of plan operations. These transactions are permitted under ERISA and are not considered prohibited transactions when conducted in accordance with applicable regulations. The Plan is administered by the Employer and utilizes Principal Financial Group to provide investment advisory services, administrative consulting services, and custodial services for the Plan’s participant-directed investments.

Participation

Employees of the Employer are eligible to participate in the Plan, via elective deferrals, on the day in which they become an eligible employee of the Employer. An employee is an eligible employee unless they are represented by a bargaining unit that has bargained in good faith with the Employer on the subject of retirement benefits. Eligibility for matching, discretionary, and qualified nonelective contributions requires additional service and age criteria, such as completing 1,000 hours of service in a 12-month period and attaining age 18.

Vesting

Vesting refers to the portion of a participant’s account that is nonforfeitable. The Plan applies different vesting rules depending on the type of contribution. For Elective Deferral Contributions, participants are 100% vested immediately in their account balances resulting from elective deferrals, including catch-up contributions and rollover contributions. Participants are also immediately 100% vested in Qualified Nonelective Contributions from the Employer.

For Matching and Discretionary Contributions, vesting in those contributions is based on years of vesting service, as follows:

Years of Vesting Service	Percent Vested in Contributions
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Note 1 (Continued)

Participants also become 100% vested in all employer contributions upon:

- Reaching normal retirement age (age 65).
- Reaching early retirement age (age 55 with six years of vesting service).
- Becoming totally disabled as defined by the Plan.
- Death while employed.

Vesting service is determined based on a calendar year in which the participant completes at least 1,000 hours of service. Breaks in service may affect vesting, subject to the Plan's rules and applicable federal regulations.

Contributions

The Plan includes the following types of contributions:

401(k) Elective Deferrals

Employees are automatically enrolled at 4% of pay, increasing annually by 1% up to 10%, unless the participant elects otherwise. Participants may contribute up to 100% of pay, subject to IRS limits, and may designate contributions as pre-tax or Roth.

Matching Contributions

Equal to 25% of elective deferrals, up to 10% of pay.

Discretionary Contributions

Determined annually by the Employer and allocated based on a participant's annual compensation divided by the total annual compensation of all participants receiving a contribution.

Qualified Nonelective Contributions

May be made at the Employer's discretion and allocated based on a participant's annual compensation divided by the total annual compensation of all participants receiving a contribution.

Rollover Contributions

Accepted from eligible retirement plans and IRAs.

Participant Accounts

The Plan provides for participant-directed investments, and as such, an account has been established for each participant in the Plan. Each participant's account is credited with the participant's contributions and employer contributions contributed on their behalf. Such accounts are also credited/charged with the participant's share of earnings or losses on his or her investments. Benefits paid to participants, or their beneficiaries are charged directly against the respective participant's account. Administrative expenses are typically allocated proportionately to each participant; however, such expenses may be allocated as an equal dollar amount depending on the nature of the expense. Expenses incurred for or on behalf of a specific participant are charged directly to such participant's account. Only participants with an account balance are eligible for benefits and only to the extent of such balance.

Participant loans are not allowed under the plan.

Retirement and Distribution Benefits

Participants may begin receiving benefits at normal retirement age, defined as the first day of the month on or after reaching age 65, or at early retirement age, which is the first day of any month after reaching age 55, and completing six years of vesting service. Benefits may be paid in various forms, including monthly income for life, life income with guaranteed periods (5, 10, or 15 years), life income with return of purchase price, joint and survivor annuities (50%, 66⅔%, 75%, or 100%), fixed-period payments (minimum 60 months), single sum payments, partial payments, substantially equal annual payments, and specified annual dollar amounts. Participants may elect to receive benefits even if still employed after reaching retirement age. Federal law requires required minimum distributions (“RMD”) to begin by April 1, following the later of the year the participant reaches age 73. Benefits may also be distributed pursuant to a Qualified Domestic Relations Order (“QDRO”), and automatic cash-outs apply to small balances. Vested accounts of \$1,000 or less are paid in a lump sum, while accounts between \$1,000 and \$5,000 are automatically rolled over to an IRA unless the participant elects otherwise.

Participants may withdraw vested amounts attributable to rollover contributions, limited to two per year, or request hardship withdrawals from elective deferrals under IRS-defined conditions.

Disability Benefits

In the event a participant becomes totally and permanently disabled, the participant is entitled to 100% of his or her account balance. Payment of such benefit will be made as if the participant retired.

Death Benefits

If a participant dies before benefits begin, the vested account is payable to the spouse or designated beneficiary. If death occurs after benefits begin, payments continue based on the elected form.

Hardship Withdrawals

The Plan permits hardship withdrawals from vested Elective Deferral Contributions in cases of immediate and heavy financial need. Qualifying circumstances include medical expenses, purchase of a primary home, or prevention of foreclosure or eviction from a primary residence, tuition and education expenses, funeral or burial costs, repairs to a primary residence (restrictions apply), and losses due to federally declared disasters. Participants may self-certify eligibility for hardship withdrawals under current IRS rules.

Termination of Employment

Upon termination of employment, participants may elect to receive a distribution of their vested account balance. If the account balance exceeds \$5,000, spousal consent may be required for certain forms of distribution. Participants with balances of \$5,000 or less may receive an automatic lump-sum distribution. The Plan does not require a waiting period for distributions following termination, and benefits may be requested at any time thereafter. All distributions are subject to applicable tax rules, and participants may elect direct rollovers to other qualified plans or IRAs. Vested account balances continue to be credited with investment earnings until distributed.

Forfeitures

Forfeitures arise when a participant terminates employment before becoming fully vested in employer contributions. These nonvested amounts are removed from the participant’s account and may be used to pay plan expenses, reduce future employer contributions, or be reallocated among eligible participants as part of discretionary contributions. Forfeitures are allocated in accordance with the Plan’s provisions and applicable regulations. Participants are not subject to forfeiture on amounts that are fully vested, including elective deferrals, rollover contributions, and qualified nonelective contributions. The amount of forfeitures for the years ended December 31, 2025 and 2024, totaled \$3,685 and \$1,013, respectively.

SECURE 2.0 Act of 2022

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (“SECURE”) 2.0 Act was signed into law as part of the Consolidated Appropriations Act. SECURE 2.0 includes numerous provisions intended to expand retirement savings opportunities and modify certain requirements applicable to qualified retirement plans. The provisions of SECURE 2.0 become effective at various dates, with certain provisions that became effective immediately upon enactment and others phased in over several years. The Plan Administrator has evaluated, and will continue to evaluate, the impact of SECURE 2.0 on the Plan and will amend the Plan, as necessary, to comply with applicable provisions as they become effective.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are stated on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on an ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Contributions receivables are evaluated based on analysis of subsequent employee and employer remittances. Contributions receivable at December 31, 2025 and 2024, are not material to these financial statements.

Benefit Costs

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through August 28, 2026, the date these financial statements were available to be issued, for potential recognition or disclosure in the financial statements.

Note 3 - Termination

It is the present intention of the Employer to continue the Plan indefinitely. Although the Employer has no intention to terminate the Plan, it reserves the right to do so. Upon termination, all participant accounts become fully vested.

Note 4 - Fair Value Measurement

ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common Collective Trusts ("CCT"): These are collective investment trusts that invest in mutual funds and pooled separate accounts. While the CCTs themselves are not publicly traded, their net asset value ("NAV") is derived from underlying investments that are primarily valued using Level 1 inputs, such as quoted prices in active markets. The NAV is calculated using observable market inputs and is redeemable daily. Due to the indirect nature of the pricing and lack of public quotation for the trust units themselves, these investments are classified as Level 2.

Pooled Separate Accounts ("PSA"): These are insurance company-maintained separate accounts that invest in mutual funds and marketable securities with observable pricing inputs. Although the PSAs themselves are not publicly quoted, the valuation of their underlying holdings is based on Level 1 inputs, including prices from third-party pricing services. The NAV of each PSA is calculated in accordance with GAAP for investment companies and is redeemable daily by plan participants. As the NAV is not directly quoted and relies on observable inputs from underlying assets, these investments are classified as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

Investments, at Fair Value	Level 1	Level 2	Level 3	Total
Common Collective Trusts	\$ -	\$ 4,068,195	\$ -	\$ 4,068,195
Pooled Separate Accounts	-	3,728,251	-	3,728,251
Total Investments at Fair Value	\$ -	\$ 7,796,446	\$ -	\$ 7,796,446

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Investments, at Fair Value	Level 1	Level 2	Level 3	Total
Common Collective Trusts	\$ -	\$ 3,080,363	\$ -	\$ 3,080,363
Pooled Separate Accounts	-	3,253,912	-	3,253,912
Total Investments at Fair Value	\$ -	\$ 6,334,275	\$ -	\$ 6,334,275

Note 5 - Fully Benefit-Responsible Investment Contracts

The Plan invests in the Principal Stable Value Fund - Z Class, which meets the criteria for a fully benefit-responsive investment contract and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value reflects contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. At December 31, 2025 and 2024, the Plan held \$947,959 and \$958,974, respectively, in the Principal Stable Value Fund - Z Class.

The holder of the investment contract is Principal Life Insurance Company ("Principal") (an insurance company), and the contract is a "synthetic" investment contract. The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer (Principal) to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts the Plan would own only the contract itself.

The synthetic investment held by the Plan includes a wrapper contract that supports book value accounting and benefit-responsive withdrawals for participant-initiated events such as retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan. Crediting rates are determined per investment contract and may be reset periodically based on portfolio characteristics including market value, book value, yield, and duration. The fund documentation does not specify a guaranteed minimum crediting rate. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events.

Note 5 (Continued)

Certain events might limit the ability of the Plan to transact at contract value Principal. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 6 - Financial Certifications

The following financial information relating to the Plan's assets at December 31, 2025 and 2024, as well as investment income and investment transactions for the years then ended, has been derived from information provided by Principal Life Insurance Company, the trustee, and has been certified by them as complete and accurate. The incorporation of this financial information in these financial statements and the supplemental schedule is based solely on their certification and has not been audited by independent auditors.

Investment	2025	2024
Common Collective Trusts	\$ 4,068,195	\$ 3,080,363
Pooled Separate Accounts	3,728,251	3,253,912
Principal Stable Value Fund - Z Class	947,959	958,974
Total Investments	\$ 8,744,405	\$ 7,293,249
Investment Income, Net of Fees	\$ 916,302	\$ 833,743

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect amounts reported in the statements of net assets available for benefits.

Note 8 - Parties-in-Interest

Party-in-Interest

Principal Life Insurance Company ("Principal") serves as custodian for the Plan's participant-directed investments and provides administrative services to the Plan. The Plan's investments fully consist of investment vehicles sponsored by Principal. Fees paid to Principal amounted to \$9,208 and \$9,877 for the years ended December 31, 2025 and 2024, respectively, and are included in administrative expense.

Note 9 - Tax Status

The Plan and related trust were established under a prototype non-standardized plan that received a favorable tax determination letter from the Internal Revenue Service indicating the features of the Plan, as then designed, conform with the requirement of Section 401(k) of the Internal Revenue Code (“IRC”) and is therefore exempt from Federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan’s legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Management believes that the Plan is no longer subject to income tax examination for the years prior to December 31, 2022.

To the Committee of Unicell Body Company, Inc.
Profit Sharing/401(K) Savings and Retirement Plan
571 Howard Street
Buffalo, NY 14206

We have audited the financial statements of Unicell Body Company, Inc. Profit Sharing/401(K) Savings and Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and we issued our report thereon dated August 28, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Financial Group, the trustee, which is a bank, or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you signed February 4, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No uncorrected misstatements were noted because of our audit.

Disagreements with Management

For the purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether resolved to our satisfaction, which could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 28, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Employer Match

During our audit, we identified two instances in which employees did not begin receiving employer matching contributions upon meeting the Plan's eligibility requirements, as specified in the Plan document. This represents a failure in the operation of controls over participant eligibility and contribution processing and indicates a misapplication of Plan provisions. Although the impact was not material to the financial statements, such errors increase the risk that employer contributions may not be allocated in accordance with Plan terms across the participant population. Management has indicated that the missed contributions will be calculated and funded in a subsequent payroll. We recommend that the Plan Administrator review and strengthen controls over eligibility tracking and the initiation of employer matching contributions to ensure compliance with Plan provisions.

Hardship Benefit Support

During our audit, we identified a hardship distribution for which the Plan did not maintain supporting documentation demonstrating that the participant met the required criteria for an immediate and heavy financial need, as specified in the Plan document. In the absence of such documentation, the Plan is unable to substantiate that the distribution was processed in accordance with Plan provisions and applicable regulatory requirements, increasing the risk of noncompliant distributions. We recommend that the Plan Administrator review and strengthen controls to ensure that adequate supporting documentation is obtained and retained for all hardship withdrawals prior to processing.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Committee of Unicell Body Company, Inc. Profit Sharing/401(K) Savings and Retirement Plan and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Arcara Lenda Eusario + Stacey, CPAs, P.C.
