INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Gerbers Poultry, LLC. 401(k) Profit Sharing Plan
Kidron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Gerbers Poultry, LLC. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Empower Trust Company, LLC, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Gerbers Poultry, LLC. 401(k) Profit Sharing Plan

1 Description of Plan

The following description of the Gerbers Poultry, LLC. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began March 1, 1984, is a defined contribution plan covering all employees of Gerbers Poultry, LLC. (“Company”, formerly Gerbers Poultry, Inc.) who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective March 1, 2025, the Plan was amended to update the Plan’s name (formerly, Gerbers Poultry, Inc. 401(k) Profit Sharing Plan) to reflect a change in the name of the Company as noted above.

Eligibility:

Effective September 1, 2024, all employees of the Company age eighteen and older who are employed for one year are eligible to participate in the Plan. Prior to September 1, 2024, all employees of the Company age twenty-one and older who were employed for one year were eligible to participate in the Plan. Part-time, temporary, or seasonal employees who complete a year of service as defined by the Plan (at least 1,000 hours within a twelve-month period) are also eligible to participate.

Contributions:

Employee Contributions - Participants may elect to defer up to 90% of their compensation within statutory limits. The Plan also allows for Roth deferrals. In addition, eligible participants who are at least age 50 may elect to defer additional amounts in the form of catch-up contributions.

Employer Matching Contributions - The Plan utilizes safe-harbor matching contributions. Therefore, all eligible participants will receive a match of 100% of the first 3% of elective deferrals plus 50% of elective deferrals that exceed 2% up to a maximum of 4% of the employee's compensation.

Employer Discretionary Contributions - The Company may make discretionary contributions to the Plan. The contributions are allocated based on the participant’s compensation to total compensation. No discretionary contributions were made in 2025 and 2024.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

NOTES TO FINANCIAL STATEMENTS

Gerbers Poultry, LLC. 401(k) Profit Sharing Plan

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer discretionary contributions, and earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferrals, company safe harbor matching, qualified non-elective contributions, and rollover contributions made to the Plan.

Vesting in Company discretionary contributions is based on years of service. A participant is vested as follows:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures:

Forfeitures will be used first to pay administrative fees and then used to reduce future employer contributions. Forfeiture balances were \$1,999 and \$1,918 as of December 31, 2025 and 2024, respectively.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans must be for a minimum of \$1,000 and are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Participants are allowed only one loan outstanding at any point in time.

The loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate published in the Wall Street Journal on the first business day of the month that the loan was originated. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65 years of age, with an allowance for early retirement at age 59 ½.

NOTES TO FINANCIAL STATEMENTS

Gerbers Poultry, LLC. 401(k) Profit Sharing Plan

1 Description of Plan, Continued

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant may receive a lump sum amount equal to the value of his or her account. Benefits are recorded when paid.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the modified cash basis of accounting, which differs from accounting principles generally accepted in the United States of America. Benefit payments and administrative expenses are recognized when paid. Contributions and interest/dividend income are recognized when received rather than when earned.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Use of Estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Asset management and withdrawal fees are paid by the Plan. All other administrative fees are paid directly by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's assets include investments in mutual funds and a money market fund with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 9, 2026, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets

3 Fair Value Measurements, Continued

* Inputs other than quoted prices that are observable for the asset or liability

* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund:

The money market fund is structured as an open-ended investment company and its fair value is based on amortized cost which seeks a stable \$1.00 net asset value. The money market fund is classified in Level 2 of the valuation hierarchy.

The fund invests in cash, short-term debt instruments issued by the U.S. government or its agencies and instrumentalities, and repurchase agreements collateralized by such instruments in order to provide current income consistent with stability of principal.

Security transactions are accounted for on the date securities are bought or sold. There were no unfunded commitments as of December 31, 2025 and 2024.

Mutual Funds:

The fair values of the mutual funds are based on quoted market prices in active markets and are classified in Level 1 of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025

4 Tax Status

The Plan adopted a prototype plan from Empower Trust Company. On November 14, 2022, the Internal Revenue Service stated that the prototype plan, as then designed, followed the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.
