INDEPENDENT AUDITORS' REPORT

Board of Directors
Lozier Corporation 401(k) Savings Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lozier Corporation 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplementary Information Required by ERISA

The supplementary information as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective January 1, 2026. See Note 10 for descriptions of Plan provision changes.

Eligible Employees, as applicable	Contribution Match
Omaha production employees hired prior to January 1, 2010 (until January 1, 2025).	25% of the first 6%

This contribution for all other eligible employees is based on a percentage of compensation and years of service.

Lozier Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

Grandfathered employees can continue to make pre-tax contributions to the Plan, but the Company will not make a matching or a core non-elective contribution. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions and participants who turn ages 60 to 63 in the calendar year starting in 2025 are eligible to make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investments of all contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's matching and core non-elective contributions and an allocation of Plan earnings and is charged with withdrawals and an allocation of Plan losses. Allocations of earnings (losses) are made pro-rata based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Investments are maintained in individual member accounts managed by Empower Annuity Insurance Company and Empower Trust Company, LLC, (collectively "Empower")

Vesting

Employees are vested immediately in their contributions plus earnings (losses) thereon and, after one year of service, are 100% vested in Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years; the term may exceed five years if the loan is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the Plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Effective May 1, 2025, the Plan requires all termination benefit payments under \$7,000 to be automatically rolled over into an individual retirement account if the participant does not elect otherwise. Prior to May 1, 2025, the Plan required benefit payments under \$1,000 to be paid in a lump sum if the participant does not elect otherwise. In addition, the Plan allows for hardship distributions if certain criteria are met.

Notes to Financial Statements

December 31, 2025 and 2024

Forfeitures

Forfeitures may be applied to reduce Company contributions or pay administrative expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$27,187 and \$22,045, respectively. During 2025 and 2024, Company contributions were reduced by \$15,707 and \$0 from forfeited non-vested accounts, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis and in conformity with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investments. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and, that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 6 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Company invests in investment contracts through a guaranteed income fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Lozier Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and qualified domestic relations orders are charged directly to the participant's account and are included in Plan expenses. Investment related expenses are included in net appreciation in fair value of investments. Recordkeeping and other Plan expenses are paid by the Plan and are included in Plan expenses.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through September 10, 2026. See Note 10 for a description of a subsequent event.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

4. Tax Status

The Internal Revenue Service has determined and informed the Corporation by a letter dated September 23, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or

Lozier Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Information Certified by Empower

The following is a summary of the unaudited information regarding the Plan as of December 31, 2025 and 2024, and for the years then ended, included in the Plan's financial statements and supplementary information, that was prepared by or derived from information prepared by Empower, the trustee and custodian of the Plan. The Plan administrator has obtained certifications from the custodians that such information is complete and accurate:

	<u>2025</u>	<u>2024</u>
Investments at Fair Value	\$170,260,684	\$157,774,584

Interest and Dividends from Investments	1,323,080	1,181,617

Additionally, all investment balances and investment information included in Note 6 and the supplementary information have been certified by Empower, the trustee and custodian of the Plan.

6. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means; If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. The fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV based on the fair value of its underlying investments. FASB ASC 820, *Fair Value Measurement*, allows NAV per unit to serve as a practical expedient to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these accounts meet those

Lozier Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

requirements. Participants can redeem the accounts at NAV as of the measurement date on a daily basis and there are no unfunded commitments as of December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 23,847,155	\$ -	\$ -	\$ 23,847,155
Pooled Separate Accounts**	-	-	-	146,413,529
Total Investments at Fair Value	<u>\$ 23,847,155</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 170,260,684</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 20,584,481	\$ -	\$ -	\$ 20,584,481
Pooled Separate Accounts**	-	-	-	137,190,103
Total Investments at Fair Value	<u>\$ 20,584,481</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 157,774,584</u>

**Investments measured at fair value using NAV per unit (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the accompanying statements of net assets available for benefits.

7. Investment Contracts

The Plan has fully benefit-responsive investment contracts with Empower in 2025 and 2024. Empower maintains the contributions in a guaranteed income fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Lozier Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

The guaranteed income fund is valued at the amount Plan participants would receive currently if they were to withdraw or transfer the contracts within the Plan prior to their maturity for an event other than death, disability, termination or retirement.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by Empower, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

8. Related Party Transactions

Certain Plan investments are pooled separate accounts, a guaranteed income fund, and mutual funds managed by Empower. Empower is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest. There were fees of \$178,914 and \$35,708 paid to the trustee and custodian for the years ended December 31, 2025 and 2024, respectively.

9. Qualified Replacement Plan Provision

In connection with the termination of the overfunded Lozier Corporation Pension Plan for Scottsboro Production Employees and Trust (the "Scottsboro Pension Plan"), the Plan is designated to serve as a qualified replacement plan for any pension plan sponsored by Lozier within the meaning of Section 4980 of the Internal Revenue Code and related IRS private letter rulings. In July 2025, excess Pension Plan assets totaling \$651,830 were transferred directly into a restricted suspense account established under the Plan. These assets are exempt from income tax and the 50% reversion excise tax at the corporate level. Funds held within this suspense account are invested in money market funds and will be used systematically to fund annual non-elective contributions to eligible Plan participants. Transferred assets must be fully allocated to participants over a period not to exceed seven years from the date of transfer. During the year ended December 31, 2025, \$0 was released from the suspense account and allocated to participant accounts, leaving a remaining suspense balance of \$658,620 as of December 31, 2025, inclusive of \$6,790 of net investment gains.

10. Plan Restatement

Effective January 1, 2026, the Plan was restated with various Plan provision changes. Employees will be eligible to participate immediately, with no age or service requirement. New hires will be automatically enrolled with a 3% salary deferral contribution absent affirmative action. On a one-time sweep basis effective January 1, 2026, existing employees contributing less than 3% will be automatically enrolled with a 3% salary deferral contribution absent affirmative action. Beginning on March 1, 2027, an automatic increase of 1% up to 10% will take effect in March each year, beginning with the first year following the year in which a participant is automatically enrolled absent affirmative action. The Plan's matching and non-elective contributions will be discretionary and allocated in a similar fashion based on age, service, status, and location. Finally, participants of Cornerstone Automation Systems, LLC will be eligible to participate and fully vested.
