INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Piping Technology & Products, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Piping Technology & Products, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Piping Technology & Products, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Notes 3 and 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Piping Technology & Products, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Piping Technology & Products, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Piping Technology & Products, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Piping Technology & Products, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the Piping Technology & Products, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Piping Technology & Products, Inc. 401(k) Savings Plan is a defined contribution plan which includes all the employees of Piping Technology & Products, Inc. (the "Company"). The Plan is intended to comply with the Internal Revenue Code and the regulations hereunder, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The financial statements of the Plan are presented on the accrual basis of accounting.

Contributions - An employee who is 21 years old becomes eligible to participate in the Plan on January 1 or July 1 of any calendar year if prior to January 1 or July 1 of that calendar year the employee has been employed for 12 months and the employee has completed 1,000 hours of service with the Company. Voluntary pre-tax contributions are withheld each pay period. However, the total of the participant's contributions may not exceed \$23,500 which is the dollar limit set by law for 2025. If the participant is 50 years or older, they may elect to contribute additional amounts, called catch-up contributions, to the Plan. The maximum catch-up contribution that a participant can contribute is \$7,500 for the year ended December 31, 2025. The SECURE 2.0 Act added an additional catch up limit for participants from 60 to 63 years of age. The additional catch up limit for these participants is \$11,250 for the year ended December 31, 2025.

The Company may contribute a discretionary contribution each year to all eligible employees. This contribution will be allocated to each employee based on eligible compensation. During the plan years ended December 31, 2025 and 2024, the Company contributed discretionary employer contributions of \$82,891 and \$81,079, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. In the event of employer contributions, vesting of participants' accounts is based on years of continuous service. A participant is 100 percent vested in employer contributions after six years of credited service.

Investment Options - The Plan offers several investment options and participants instruct the trustees how they would like to invest funds in their individual account which may include rollover, employer matching, and voluntary deferral amounts. The plan administrator may establish rules for investment of participant's accounts. Participants may direct the investment of their account balance. Participants have the right to change their investment elections at any time and as often as they like. The trustee cannot be held liable for any losses participants incur due to the investment choices they make.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested balance in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts - At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$5,111 and \$2,177, respectively.

Notes Receivable from Participants - The Plan does not permit loans from participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Subsequent Events

Subsequent events were evaluated through June 30, 2026, which is the date the financial statements were available to be issued. Management is not aware of subsequent events which would require recognition or disclosure in the financial statements.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Income

Plan income consists of dividends, interest, realized and unrealized gains and losses, employee contributions, and Company distributions. Plan earnings are allocated to participants' accounts based on a ratio derived by dividing each participant's compensation by the total compensation of all participants.

Expenses

Administrative expenses consist of legal, fiduciary, and accounting fees.

Cash

The Plan considers all short-term investments with maturity of three months or less to be cash equivalents. Cash equivalents amounted to \$183,332 at December 31, 2025, and \$574,606 at December 31, 2024. Although the Plan's money market mutual fund investments are considered investment grade (AAA), such investments are not insured by the FDIC, a bank, or other depository institutions.

Excess Contributions

Amounts payable to participants at December 31, 2025 and 2024 for excess contributions totaled \$70,259 and \$982, respectively.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No plan assets required Level 3 inputs for the periods presented.

Fair Value Measurements at Reporting Date Using:				
	December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Money Market Funds	\$ 183,332	\$ -	\$ 183,332	\$ -
Mutual Funds	10,817,368	10,817,368	-	-
Total Investments	<u>\$ 11,000,700</u>	<u>\$ 10,817,368</u>	<u>\$ 183,332</u>	<u>\$ -</u>

Fair Value Measurements at Reporting Date Using:				
	December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Money Market Funds	\$ 574,606	\$ -	\$ 574,606	\$ -
Mutual Funds	8,271,997	8,271,997	-	-
Total Investments	<u>\$ 8,846,603</u>	<u>\$ 8,271,997</u>	<u>\$ 574,606</u>	<u>\$ -</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025 and 2024, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. TAX STATUS

The Plan has adopted the Fidelity Basic Plan Document No. 17. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files an annual return and records must be retained for at least six years to support the filing.

6. ADMINISTRATION COSTS

Expenses of administration may be paid out of the Plan unless paid by the Company or others. The Plan may reimburse the Company for any administrative expenses incurred. Administrative fees incurred by the Plan for the years ended December 31, 2025 and 2024 included audit fees, distribution fees, and investment costs.

7. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Investments and/or affiliates (Fidelity). Fidelity is also the trustee. Fees paid by the Plan for administrative services provided by Fidelity amounted to \$150 and \$125 for the years ended December 31, 2025 and 2024, respectively, and are included in administrative expenses. Fidelity and/or its subcontractors may also receive fees based on a percentage of plan assets of approximately 0.25%.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

12. SECURE 2.0 ACT

In December 2022, the SECURE 2.0 Act of 2022 (the "Act") was enacted into law. The Act contains provisions intended to modernize the retirement system, increase participation, and simplify plan administration.

Key provisions affecting the Plan include, but are not limited to, the mandatory implementation of automatic enrollment for certain new plans, changes to the age for required minimum distributions (RMDs), adjustments to maximum catch-up contribution limits for participants aged 60 through 63, and revised eligibility rules for long-term, part-time employees. Additionally, the Act mandates that catch-up contributions for participants whose prior-year wages exceed a specified statutory threshold must be made on a Roth (after-tax) basis.

The Plan Administrator is continuously evaluating the operational and administrative impacts of the Act's various provisions based on their respective effective dates. The Plan has adopted, or will adopt, these provisions in accordance with the statutory timelines or allowed extensions. Plan amendments to formally reflect these operational changes will be executed within the remedial amendment period prescribed by the Internal Revenue Service.

The implementation of the Act affects the processing and classification of certain participant contributions and distributions. However, it does not change the accounting principles used to measure the Plan's assets or liabilities. Consequently, the adoption of these provisions has not had, and is not expected to have, a material impact on the Plan's net assets available for benefits or its changes in net assets available for benefits.
