FINANCIAL STATEMENTS

Years Ended November 30, 2025 and 2024

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Peterson Manufacturing Company Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Peterson Manufacturing Company Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of November 30, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PETERSON MANUFACTURING COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) **Description of plan**

The following description of the Peterson Manufacturing Company Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution profit sharing plan sponsored by Peterson Manufacturing Company (the "Company") for the benefit of its full-time employees who have one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Administrative Committee ("Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee, along with the investment advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan amendment - Effective December 1, 2023, the Plan was amended as follows:

- Employees of Maxi-Seal Harness Systems, Inc. were removed as an excluded classification,
- Bonuses and commissions were excluded from the definition of plan compensation, and
- Participants who are actively employed on the last day of the plan year must complete 1,000 hours of service during the plan year in order to share in the allocation of profit-sharing contributions. This requirement will be waived for any participant whose termination was due to death, disability, or retirement.

Plan change - On January 2, 2025, Voya Financial, Inc. ("Voya") completed its acquisition of OneAmerica Retirement Services ("OneAmerica"), the Plan's recordkeeper.

Contributions - The Plan provides for annual contributions as determined by the Board of Directors of the Company. Employer contributions are allocated to each employee's account based upon the ratio of that employee's eligible compensation to the total eligible compensation for the year. For the years ended November 30, 2025 and 2024, the Board of Directors resolved that the Company contribute an amount equal to 3.5% and 10% of eligible compensation to the Plan, respectively. The Plan also permits employee after-tax contributions up to 10% of eligible compensation. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

PETERSON MANUFACTURING COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' after-tax contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

An employee who terminates from the Plan because of retirement or by reason of death or total and permanent disability will become fully vested.

Payment of benefits - Upon termination from the Plan, an employee or, in the case of death, an employee's beneficiary, will receive the vested portion of the amounts credited to the employee's profit-sharing contribution account and 100% of the amounts credited to the employee's after-tax contribution account. The employee or employee's beneficiary has sole discretion as to the method of payment. However, if the vested benefit is less than \$5,000, a lump sum payment will be made.

Forfeited accounts - As of November 30, 2025 and 2024, forfeited nonvested accounts totaled \$61,918 and \$61,695, respectively. Forfeitures were reallocated based upon the ratio of each employee's eligible compensation to the total eligible compensation for the year.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

PETERSON MANUFACTURING COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Change in plan interest in Master Trust includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions - After-tax contributions from plan participants are recorded in the year in which the employee contributions are withheld from compensation. Employer profit-sharing contributions are recorded in the year in which the participant's compensation is earned.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not reflected in the statements of changes in net assets available for benefits.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments:

- Plan interest in Master Trust
- Change in Plan interest in Master Trust

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

PETERSON MANUFACTURING COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Interest in master trust

All assets of the Plan are invested in the Peterson Manufacturing Company Master Trust ("Master Trust"). Each participating plan in the Master Trust retains a beneficial interest in the Master Trust based upon the market value of its assets initially transferred, its allocated share of net gains or losses from Master Trust operations, contributions and disbursements. Investment income relating to the Master Trust is allocated to the Plan based upon the monthly percentage of units held of the Master Trust. The Plan held 57,117.926 units and 56,607.384 units of the Master Trust as of November 30, 2025 and 2024, respectively. These units represented 59.30% and 58.79% ownership interests in the Master Trust as of those dates.

The following table presents the net assets of the Master Trust at November 30, 2025 and 2024:

(5) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to measurement.

PETERSON MANUFACTURING COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2025 and 2024.

Common stocks and exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market mutual fund: Valued using observable market information, including the fund's published NAV.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of November 30, 2025:

	Total Fair Value	Level 1	Level 2	Level 3
<u>2025</u>				
Money Market Mutual Fund	\$ 2,622,104	\$ -	\$ 2,622,104	\$ -

(6) Related party transactions and party-in-interest transactions

The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan paid recordkeeping fees to OneAmerica Retirement Services of \$80,939 and \$75,664 for the years ended November 30, 2025 and 2024, respectively. Also, the Plan paid investment advisory fees to UMB Bank, N.A. of \$86,214 and \$86,818 for the years ended November 30, 2025 and 2024, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at November 30, 2025 and 2024 to Form 5500:

Net income per Schedule H of Form 5500	<u>\$ 2,199,756</u>	<u>\$ 4,260,940</u>

(9) Tax status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated September 23, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and uncertainties

The Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

PETERSON MANUFACTURING COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(11) **Subsequent events**

The Plan has evaluated subsequent events through September 10, 2026, which is the date the financial statements were available to be issued, and noted the following items for disclosure:

As mentioned in Note 1, Voya acquired OneAmerica on January 2, 2025. Participant accounts remained on the OneAmerica platform until December 8, 2025, when they were transitioned to the Voya recordkeeping platform.

Effective September 1, 2026, approximately \$23,728,893 in assets of the Mission Plastics North Division of Peterson Manufacturing Company Profit Sharing Plan and Trust (EIN 44-0607507, PN 003), the Mission Plastics of Arkansas, Inc. Profit Sharing Plan and Trust (EIN 43-1452762, PN 001), and the Transworld Products Inc. Profit Sharing Plan (EIN 43-1583972, PN 001) were merged into the Plan. In connection with the merger, the Plan was renamed the Peterson Manufacturing Company & Affiliates Profit Sharing Plan. Fidelity Management Trust Company and Fidelity Workplace Services, LLC (collectively, "Fidelity") became the trustee and recordkeeper of the Plan. Additionally, effective September 1, 2026, the Plan adopted a Fidelity pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document is in compliance with the applicable requirements of the IRC. Upon adoption of the Fidelity pre-approved plan document, the Plan no longer permits employee after-tax contributions.
