Independent Auditor's Report

To the Ten Gun Design 401(k) Plan Administration and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ten Gun Design 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ten Gun Design 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Ascensus Trust Company, the trustee of the Plan and a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ten Gun Design 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ten Gun Design 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to

those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ten Gun Design 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ten Gun Design 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4i – Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ten Gun Design 401(k) Plan

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Ten Gun Design 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ten Gun Design (the Company), who have three months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. Effective August 1, 2021, the Plan was amended to comply with Internal Revenue Service requirements.

Contributions

Eligible participants may elect to have a portion of their compensation contributed to the Plan as either pre-tax 401(k) contributions or as Roth 401(k) contributions on an after-tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

A safe harbor matching contribution is determined on an annual basis; however, on a per pay period basis, the Company makes a matching contribution on behalf of each eligible participant equal to 100% of the first 3% of the participant's compensation contributed to the Plan and 50% of the next 2% of the participant's compensation contributed to the Plan. A participant must have one year of service, as defined by the Plan, to be eligible to receive a matching contribution. The Plan also allows a discretionary profit-sharing contribution. No discretionary contribution was made for 2025. Contributions are subject to certain statutory limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of plan earnings and administrative expenses based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of service (defined as 1,000 hours per year) as determined by the following vesting schedule: beginning with two years of service, 20% per year until 100% vested after six years of service.

Ten Gun Design 401(k) Plan

Notes to Financial Statements (Continued)

1. DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date the loan is made. Interest rates ranged from 5.50% to 8.50% in 2025. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in the account. A participant may also withdraw all or a portion of an account balance at any time if the participant is at least 59 ½ years old. The Plan provides that if a participant is terminated and the participant's vested interest in the Plan is less than \$5,000, the account balance will be distributed to the participant.

Forfeited accounts

As of December 31, 2025 and 2024, there were no forfeited nonvested accounts. Forfeitures of participant balances are used to reduce future employer contributions. In 2025, employer contributions were reduced by \$-0- from forfeited nonvested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ten Gun Design 401(k) Plan

Notes to Financial Statements (Continued)

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Receivables

Employer contributions receivable and participant contributions receivable are recognized in the period the employee contribution is withheld, are stated net of the allowance for credit losses and represent the amount expected to be collected. The Plan makes estimates of expected credit losses for the allowance for credit losses based upon its historical write-off experience adjusted for current conditions and reasonable and supportable forecasts of future economic conditions. An allowance for credit losses was not deemed necessary as of December 31, 2025 and 2024.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. The Company may choose to pay investment advisory and management fees provided by external service providers from its own assets or Plan assets.

Date of management's review of subsequent events

The Plan has evaluated subsequent events through September 10, 2026, the date the financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, a qualified institution.

Ten Gun Design 401(k) Plan

Notes to Financial Statements (Continued)

4. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2025 and 2024.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Fair Value Measurements at Reporting Date Using Quoted Prices in Active Markets for Identical Assets (Level 1)	
	<u>2025</u>	<u>2024</u>
Mutual funds	<u>\$16,274,626</u>	<u>\$14,022,537</u>
Investments at fair value	<u>\$16,274,626</u>	<u>\$14,022,537</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in investment income.

5. RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard, who has an agreement with Ascensus, LLC to provide certain plan recordkeeping and administrative services on its behalf. Ascensus Trust Company is the trustee as defined by the plan. Both Vanguard and Ascensus qualify as parties-in-interest.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS

The Company adopted a Non-Standardized Pre-Approved 401(k) Plan document which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020. The letter states that the form of the Pre-Approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not been amended since adopting the Pre-Approved plan document and the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan files U.S. Form 5500 Annual Return/Report of Employee Benefit Plan.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
