INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of the
Colonial Electric Supply Company, Inc.
Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Colonial Electric Supply Company, Inc. Retirement Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Colonial Electric Supply Company, Inc. Retirement Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Colonial Electric Supply Company, Inc. Retirement Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Colonial Electric Supply Company, Inc. Retirement Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Colonial Electric Supply Company, Inc. Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Colonial Electric Supply Company, Inc. Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF PLAN

The following description of the Colonial Electric Supply Company, Inc. Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of Colonial Electric Supply Company, Inc. (the "Company"). Special eligibility may apply in circumstances when employees become employees of the Plan Sponsor as a result of an acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(k) of the Internal Revenue Code ("IRC"). The Plan Administrator oversees the governance of the Plan and determines the appropriateness of the Plan's offerings and monitors investment performance.

Contributions

Each year, participants may contribute to the Plan an amount up to 90% of their annual compensation as pre-tax or Roth after-tax contributions, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Additionally, participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. These automatic contributions are invested in a designated fund until changed by the participant.

The Company may make discretionary matching and profit sharing contributions to the Plan. During 2025, the Company made matching contributions equal to 25% of the participant's deferred contribution up to the first 6% of the participant's eligible compensation for each payroll period, subject to IRS limitations. No profit sharing contributions were made in 2025.

Participants may allocate their contributions among various registered investment companies and a stable value investment option.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings and administrative expenses are based on participant account balances. The benefit to which a participant is entitled is the balance of the participant's vested account.

(1) DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. A participant is 100% vested after five years of credited service. Participants would become fully vested in the Company's matching and profit sharing contribution portion of their account if they reach normal retirement age, become disabled, or die.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1% (7.75% at December 31, 2025). Interest rates ranged from 4.25% to 9.50% at December 31, 2025. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

Terminated participants with vested account balances between \$1,000 and \$7,000, who do not elect to receive the distribution directly or roll the money over to an eligible retirement plan, shall have their vested account balance directly rolled over to an individual retirement plan, designated by the Plan Administrator. Vested account balances of \$1,000 or less are automatically distributed in the form of a lump sum payment. On termination of service, a participant with a vested account balance in excess of \$7,000 may elect to receive either a lump-sum amount or periodic installments equal to the value of their vested account balance, subject to IRS minimum distribution rules.

The Plan allows for in-service distributions from certain Plan accounts as follows: (i) attainment of age 59½; (ii) hardship distributions subject to Plan provisions; (iii) rollover contributions, and (iv) qualified military service distributions.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately \$37 and \$1,096, respectively. These accounts will be used to reduce future employer contributions and administrative expenses. In 2025, the Company used approximately \$17,000 of forfeited non-vested accounts to reduce contributions/expenses.

Administrative expenses

Administrative expenses are payable from Plan assets, unless paid by the Company, as provided by the Plan document.

(1) DESCRIPTION OF PLAN (CONTINUED)

Other income

Other income is recorded when earned through a revenue sharing agreement with the third party administrator (see Note 6).

(2) SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. If the participant does not make loan payments and the Plan Administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment, based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Investment valuation and income recognition

Shares of registered investment companies (mutual funds) are valued at fair value, based on quoted market prices (see Note 3). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The investment in the fully benefit-responsive investment fund is reported at contract value.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan, attributable for fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Plan management utilizes information provided by the Plan's trustee, ADP Retirement Trust Services, LLC, to determine the Plan's valuation policies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends, including capital gain distributions, are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's realized gains and losses on investments bought and sold during the year, as well as the change in net unrealized appreciation/depreciation of the Plan's investments held at year-end.

Payment of benefits

Benefits payments are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 4, 2026, which is the date the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (1) Quoted prices for similar assets or liabilities in active markets;
- (2) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (3) Inputs other than quoted prices that are observable for the asset or liability;
- (4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies (mutual funds), which represent the net asset value of shares held by the Plan, are valued based on quoted net asset values in an exchange and active markets of the shares held by the Plan at year-end and are classified as Level 1 investments within the fair value hierarchy.

COLONIAL ELECTRIC SUPPLY COMPANY, INC.
RETIREMENT PLAN AND TRUST
Notes to Financial Statements
December 31, 2025 and 2024

(3) FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025	
	Level 1	Total
Registered investment companies, at fair value	\$ 45,892,694	\$ 45,892,694

	2024	
	Level 1	Total
Registered investment companies, at fair value	\$ 47,714,167	\$ 47,714,167

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) STABLE VALUE FUND

The Plan holds an investment in the Federated Capital Preservation Fund SP that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value, as reported to the Plan by the trustee of the fund. Contributions are maintained in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the investments. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The issuer may not terminate the contract at any amount less than contract value or prior to the scheduled maturity date. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the fund, and the plan sponsor resulting in a material and adverse financial impact on the issuer's obligations under the guaranteed investment contracts. Based on prior experience, the trustee of the fund believes that it is not probable that such circumstances would be of sufficient magnitude to limit the ability of the fund to transact at contract value with participants.

RETIREMENT PLAN AND TRUST

(5) CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, the trustee of the Plan effective January 1, 2025, and Reliance Trust Company, the trustee of the Plan for all of 2024.

(6) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The third party administrator has a revenue sharing agreement with the Plan, whereby the Plan receives a quarterly fee equal to 25 basis points of the Plan assets. This revenue is used to offset administrative expenses. Revenue earned from this agreement was \$114,516 during 2025 and is recorded as other income in the accompanying statement of changes in net assets available for benefits.

ADP Retirement Trust Services, LLC is the trustee as defined by the Plan, and therefore, qualifies as a party-in-interest. Fees paid to the trustee's advisor for advisory services totaled approximately \$92,000 in 2025.

Notes receivable from participants qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts and the Company would authorize the trustee to continue the Plan until all benefits have been distributed or liquidate the Plan and distribute all assets to the participants.

(8) TAX STATUS

The Plan is based upon an IRS pre-approved plan, which obtained its latest IRS opinion letter dated October 6, 2020, in which the IRS stated that the IRS pre-approved plan, as then designed, was in compliance with the applicable requirements of section 401 of the IRC. The Plan has been amended since receiving its opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, which generally relate to the three prior years; however, there are currently no audits for any tax periods in progress.

December 31, 2025 and 2024

(9) RISKS AND UNCERTAINTIES

The Plan provides for various investment options in registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(10) SUBSEQUENT EVENT

In 2026, the Plan Sponsor identified an operational failure related to the exclusion of union employees that was not reflected in the governing plan document. Effective August 1, 2026, the Plan was amended to exclude union employees covered by a collective bargaining agreement unless the collective bargaining agreement provides for their coverage under the Plan. On August 7, 2026, the Plan Sponsor submitted an IRS Employee Plans Compliance Resolution System/Voluntary Correction Program filing seeking approval of a retroactive amendment to address the union-employee eligibility issue for the 2025 plan year and prior affected periods. IRS approval is pending. The Plan Sponsor does not expect this matter to have a material adverse impact on the Plan.
