Form 5500

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Annual Return/Report of Employee Benefit Plan

This form is required to be filed for employee benefit plans under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and sections 6057(b) and 6058(a) of the Internal Revenue Code (the Code).

▶ **Complete all entries in accordance with the instructions to the Form 5500.**

OMB Nos. 1210-0110
1210-0089

2025

This Form is Open to Public Inspection

Part I Annual Report Identification Information

For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025

A This return/report is for:
- [ ] a multiemployer plan
- [ ] a multiple-employer plan (Filers checking this box must provide participating employer information in accordance with the form instructions.)
- [X] a single-employer plan
- [ ] a DFE (specify) _____

B This return/report is:
- [ ] the first return/report
- [ ] the final return/report
- [ ] an amended return/report
- [ ] a short plan year return/report (less than 12 months)

C If the plan is a collectively-bargained plan, check here. . . . . ▶ [ ]

D Check box if filing under:
- [X] Form 5558
- [ ] automatic extension
- [ ] the DFVC program
- [ ] special extension (enter description)

E If this is a retroactively adopted plan permitted by SECURE Act section 201, check here. . . . . ▶ [ ]

Part II Basic Plan Information—enter all requested information

1a Name of plan
FARMERS GROUP, INC. 401(K) SAVINGS PLAN

1b Three-digit plan number (PN) ▶ 002

1c Effective date of plan 12/31/1948

2a Plan sponsor's name (employer, if for a single-employer plan)
Mailing address (include room, apt., suite no. and street, or P.O. Box)
City or town, state or province, country, and ZIP or foreign postal code (if foreign, see instructions)
FARMERS GROUP, INC.

6301 OWENSMOUTH AVE.
TAX DEPT.
WOODLAND HILLS, CA 91367

2b Employer Identification Number (EIN) 95-0725935

2c Plan Sponsor's telephone number 800-451-0797

2d Business code (see instructions) 524290

Caution: A penalty for the late or incomplete filing of this return/report will be assessed unless reasonable cause is established.

Under penalties of perjury and other penalties set forth in the instructions, I declare that I have examined this return/report, including accompanying schedules, statements and attachments, as well as the electronic version of this return/report, and to the best of my knowledge and belief, it is true, correct, and complete.

(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.
RBC GLOBAL ASSET MANAGEMENT. 41-1460668	RATE OF 0.29% OF AVERAGE DAILY BALANCE OF ASSET(S)

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
CHARLES SCHWAB & CO., INC.	99	0

(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.
RYDEX FUNDS 48-1183041	RANGE OF 0.40 - 0.45% OF AVERAGE DAILY BALANCE OF ASSETS

Part I Service Provider Information (continued)

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received $1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
CHARLES SCHWAB & CO., INC.	99	0

(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.
SCHWAB FUNDS 94-3106735	RATE OF 0.25% OF AVERAGE DAILY BALANCE OF ASSET(S)

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
CHARLES SCHWAB & CO., INC.	99	0

(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.
SEGALL BRYANT & HAMILL 51-0263765	RATE OF 0.28% OF AVERAGE DAILY BALANCE OF ASSET(S)

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
CHARLES SCHWAB & CO., INC.	99	0

(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.
SHELTON CAPITAL MANAGEMENT 94-6736048	RATE OF 0.10% OF AVERAGE DAILY BALANCE OF ASSET(S)

Part I Service Provider Information (continued)

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received $1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
CHARLES SCHWAB & CO., INC.	99	0
(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
SPROTT 98-1399794	RATE OF 0.40% OF AVERAGE DAILY BALANCE OF ASSET(S)	

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

(a) Enter service provider name as it appears on line 2	**(b)** Service Codes (see instructions)	**(c)** Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	**(e)** Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

Part II Service Providers Who Fail or Refuse to Provide Information

4 Provide, to the extent possible, the following information for each service provider who failed or refused to provide the information necessary to complete this Schedule.

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

(a) Enter name and EIN or address of service provider (see instructions)	**(b)** Nature of Service Code(s)	**(c)** Describe the information that the service provider failed or refused to provide

Part III Termination Information on Accountants and Enrolled Actuaries (see instructions)

SCHEDULE H (Form 5500)

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Financial Information

This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500.**

OMB No. 1210-0110

2025

This Form is Open to Public Inspection

For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025

A Name of plan
FARMERS GROUP, INC. 401(K) SAVINGS PLAN

B Three-digit plan number (PN) ▶ 002

C Plan sponsor's name as shown on line 2a of Form 5500
FARMERS GROUP, INC.

D Employer Identification Number (EIN)
95-0725935

Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a	-47096	-53696
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)	88085	4204
(2) Participant contributions	1b(2)	64128	2819
(3) Other	1b(3)	95013224	55020429
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)	3044428	4904662
(2) U.S. Government securities	1c(2)	65829662	68115593
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)	27985837	28359088
(B) All other	1c(3)(B)	37513896	41426075
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)		368903
(B) Common	1c(4)(B)	522617346	599167256
(5) Partnership/joint venture interests	1c(5)		
(6) Real estate (other than employer real property)	1c(6)		
(7) Loans (other than to participants)	1c(7)		
(8) Participant loans	1c(8)	56419116	56582316
(9) Value of interest in common/collective trusts	1c(9)	3558758004	4178404294
(10) Value of interest in pooled separate accounts	1c(10)	81860091	80660100
(11) Value of interest in master trust investment accounts	1c(11)		
(12) Value of interest in 103-12 investment entities	1c(12)		
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	275505025	213111167
(14) Value of funds held in insurance company general account (unallocated contracts)	1c(14)	158788597	155188124
(15) Other	1c(15)	106573266	103427289

		(a) Beginning of Year	(b) End of Year
1d Employer-related investments:			
(1) Employer securities	1d(1)		
(2) Employer real property	1d(2)		
1e Buildings and other property used in plan operation	1e		
1f Total assets (add all amounts in lines 1a through 1e)	1f	4990013609	5584688623
Liabilities			
1g Benefit claims payable	1g		
1h Operating payables	1h	2582691	2113238
1i Acquisition indebtedness	1i	0	
1j Other liabilities	1j	94489535	61164444
1k Total liabilities (add all amounts in lines 1g through1j)	1k	97072226	63277682
Net Assets			
1l Net assets (subtract line 1k from line 1f)	1l	4892941383	5521410941

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: **(A)** Employers	2a(1)(A)	145295534	
(B) Participants	2a(1)(B)	174955538	
(C) Others (including rollovers)	2a(1)(C)		
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines **2a(1)(A), (B), (C),** and line **2a(2)**	2a(3)		320251072
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)	18512	
(B) U.S. Government securities	2b(1)(B)	2569081	
(C) Corporate debt instruments	2b(1)(C)	2836577	
(D) Loans (other than to participants)	2b(1)(D)	0	
(E) Participant loans	2b(1)(E)	4460800	
(F) Other	2b(1)(F)	10841085	
(G) Total interest. Add lines **2b(1)(A)** through **(F)**	2b(1)(G)		20726055
(2) Dividends: **(A)** Preferred stock	2b(2)(A)	10552	
(B) Common stock	2b(2)(B)	15877535

(12) Total administrative expenses. Add lines **2i(1)** through **(11)**	2i(12)		4217721
j Total expenses. Add all **expense** amounts in column (b) and enter total	2j		494675966
Net Income and Reconciliation			
k Net income (loss). Subtract line **2j** from line **2d**	2k		627969128
l Transfers of assets:			
(1) To this plan	2l(1)		2341011
(2) From this plan	2l(2)		1840581

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [X] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [ ] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ENRST & YOUNG **(2)** EIN: 34-6565596

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**		X	
e Was this plan covered by a fidelity bond?	**4e**	X		20000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**		X	
l Has the plan failed to provide any benefit when due under the plan?	**4l**		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? [ ] Yes [X] No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	**5b(2)** EIN(s)	**5b(3)** PN(s)
ZURICH SAVINGS PLAN	36-4233459	003

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ..... ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500)

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Retirement Plan Information

This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500.**

OMB No. 1210-0110

2025

This Form is Open to Public Inspection.

For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025

A Name of plan
FARMERS GROUP, INC. 401(K) SAVINGS PLAN

B Three-digit plan number (PN) ▶ 002

C Plan sponsor's name as shown on line 2a of Form 5500
FARMERS GROUP, INC.

D Employer Identification Number (EIN)
95-0725935

Part I Distributions

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions ..... | **1** |

2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):

EIN(s): 23-2186884

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year ..... | **3** | 3397

Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ..... ☐ **Yes** ☐ **No** ☐ **N/A**

If the plan is a defined benefit plan, go to line 8.

5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. **Date:** Month _____ Day _____ Year _____

If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6	**a** Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)	**6a**	
	b Enter the amount contributed by the employer to the plan for this plan year	**6b**	
	c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount)	**6c**	

If you completed line 6c, skip lines 8 and 9.

7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ..... ☐ **Yes** ☐ **No** ☐ **N/A**

8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ..... ☐ **Yes** ☐ **No** ☐ **N/A**

Part III Amendments

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box. ..... ☐ **Increase** ☐ **Decrease** ☐ **Both** ☐ **No**

Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan? ..... ☐ **Yes** ☐ **No**

11 **a** Does the ESOP hold any preferred stock? ..... ☐ **Yes** ☐ **No**

b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) ..... ☐ **Yes** ☐ **No**

12 Does the ESOP hold any stock that is not readily tradable on an established securities market? ..... ☐ **Yes** ☐ **No**

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. *Complete as many entries as needed to report all applicable employers.*

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

d Date collective bargaining agreement expires *(If employer contributes under more than one collective bargaining agreement, check box* ☐ *and see instructions regarding required attachment. Otherwise, enter the applicable date.)* Month _____ Day _____ Year _____

e Contribution rate information *(If more than one rate applies, check this box* ☐ *and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____
(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify):

---

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

d Date collective bargaining agreement expires *(If employer contributes under more than one collective bargaining agreement, check box* ☐ *and see instructions regarding required attachment. Otherwise, enter the applicable date.)* Month _____ Day _____ Year _____

e Contribution rate information *(If more than one rate applies, check this box* ☐ *and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____
(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment)	**14a**	
b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	**14b**	
c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	**14c**	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	**15a**	
b The corresponding number for the second preceding plan year	**15b**	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	**16a**	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	**16b**	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%
High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
☐ 0-5 years ☐ 5-10 years ☐ 10-15 years ☐ 15 years or more

20 **PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation._____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☒ Yes ☐ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

☒ Design-based safe harbor method

☐ "Prior year" ADP test

☐ "Current year" ADP test

☐ N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter ___/___/_____ (MM/DD/YYYY) and the Opinion Letter serial number_____.

Report of Independent Auditors

The Plan Administrator
Farmers Group, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Farmers Group, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 12 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with

A member firm of Ernst & Young Global Limited

Shape the future
with confidence

GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Farmers Group Inc. 401(k) Savings Plan (the “Plan”), formerly known as the Farmers Group, Inc. Employees’ Profit Sharing Savings Plan Trust is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General
The Plan is a defined contribution plan for employees of Farmers Group, Inc. and its subsidiaries as well as Farmers Exchanges (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participation in the Plan is voluntary and allows employees to contribute up to 50% of their base salary, and up to 85% of their Short Term Incentive Plan or Sales Incentive Plan Award, on a pre-tax or after-tax basis subject to IRS regulatory limits. The Company will match 100% of the first 6% of employee contributions subject to IRS regulatory limits.

In November 2016, the Plan was amended to provide for transfers between the Farmers and Zurich North America (ZNA) 401(k) plans. This amendment, effective January 1, 2017, allowed participants who transfer employment between Farmers and ZNA or vice versa, an opportunity to move their 401(k) balances to their current employer’s Plan.

In August 2018, the Plan was amended to provide all eligible employees a 4% Base Company Contribution effective January 1, 2019. The 4% Base Company Contribution is made on a pre-tax basis each pay period and is not dependent on an employee’s contributions to the Plan. However, there is a 3-year service vesting requirement for this contribution. The Company contributed $62,362,636 in 2025 and $64,014,080 in 2024 resulting from this amendment.

Of this amount, $4,797,525 and $4,917,493 were forfeited in 2025 and 2024, respectively. The forfeited amounts are used to reduce future employer contributions, expenses, and account restrictions.

In November 2018, the Plan was amended to clarify the definition of compensation.

In March 2019, the plan established auto enrollment for all employees whereby employees are automatically enrolled at a 3% pre-tax contribution rate with automatic contribution increases of 1% each year until the contribution percentage reaches 6%.

In November 2019, the Plan was amended to update the Hardship Withdrawal section to comply with the Bi-Partisan Budget Act of 2018.

Roll-over contributions represent contributions transferred into the Plan by the eligible participants from another qualified retirement plan and are reported as Participant contributions on the Statements of Changes in Net Assets Available for Benefits.

In April of 2021, the Company acquired MetLife’s Property and Casualty business in the U.S., which includes approximately 3,500 employees. These employees were credited with service from the acquired company for vesting in the Plan where vesting is required. Systematic transfer of assets was not part of the acquisition. Individuals may choose whether to roll-over assets from their prior employer to Farmers Plan, and can do so at any time.

In August 2021, an amendment updated the definition of compensation to accommodate the compensation structure of employees acquired by the Company and its participating affiliate, to the Farmers Workplace Solutions business.

The Plan's administrator, appointed by the CEO of the Company, consists of members who serve without compensation for such services (all members are presently employees of the Company and hereinafter referred to collectively as "Plan Administrator"). The Pension and Benefits Committee is responsible for oversight of the Plan. This Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In February 2023, the Plan amended the automatic contributions cap from 6% to 10% for those enrolled in the automatic contribution increase feature.

In January 2025, the Plan was amended to increase the minimum distribution age from 72 to 73 for participants who had not attained age 72 as of December 31, 2022. Effective January 1, 2033, the minimum distribution age will further increase from 73 to 75 for participants who have not attained age 73 as of December 31, 2032.

Eligibility
"Participant" generally means any eligible employee of the Company who is or becomes eligible to participate in the Plan in accordance with the provision of Article 3 of the Plan. An eligible employee shall be eligible to become a Participant in the Plan as of his or her date of employment with the Company.

Participant Accounts
Contributions are deposited with the trustee, Vanguard Fiduciary Trust Company. The Participant's account is maintained by the Plan Administrator in the employee's name. The account is comprised of a pre-tax contribution account balance, a Roth contribution account balance, an employer matching contribution account balance, a regular account balance, and, if applicable, an accumulation account balance, an employee after-tax accumulation account balance and a rollover account balance. The regular account balance contains Company contributions made to the profit sharing plan through the 2008 plan year. The accumulation account balance contains eligible in-service regular profit sharing account distribution amounts, which were deferred by the participant through the 2008 plan year. Each active participant's account is ordinarily credited with participant and employer contributions and income or loss on plan assets. The regular account was phased out with the March 2011 in-service profit sharing withdrawal option. The employee after-tax accumulation is due to eligible employee transfers from the Zurich Saving Plan.

Participant accounts are charged with an allocation of administration and management fee expenses that are generally paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the contributions to any of the available investment options. Participants may change their investment options daily. The Plan assets are valued daily and participants' accounts are adjusted for changes in market value each day.

Vesting
Participants are immediately 100% vested in their contributions and employer's matching contributions plus earnings thereon. There is a 3 year service requirement for the 4% Base Company Contribution.

Payment of Benefits
Participants in the Plan can take in-service withdrawals for financial hardship or if age 59.5 or older. Upon termination for any reason, distribution options include lump sum, rollover, installments, or annuities. Minimum distribution and required distributions are also available for those terminated participants age 73 and above. Auto cash out features are available for those terminated Participants who have account balances under certain thresholds.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of the participant's total vested account balance or $50,000. Loans range from 1 to 5 years or up to 15 years for home loans. The loans are collateralized by the vested balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate on participant loans ranged between 4.25% and 9.5% as of December 31, 2025 and 2.25% and 9.5% as of December 31, 2024. Principal and interest are paid ratably through monthly payroll deductions.

For employees with a loan, if missed repayments are not made by the end of an applicable cure period, the loan is in default and the outstanding balance of the loan, including interest, is treated as a deemed distribution and recorded as a benefit payment. The amount of the deemed distribution is reported as taxable income and may be subject to an additional 10% early distribution penalty. If an employee terminates with an outstanding loan, the participant will have the earlier of 90 days or day of distribution to repay the outstanding loan balance. Otherwise, the outstanding loan balance will become taxable and may be subject to an additional 10% early distribution penalty.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension & Benefit Committee determines the valuation policies utilizing information provided by investment advisors, custodians, the trustee, and insurance companies. See Note 5 for discussion of fair value measurements.

Investments in the Plan primarily consist of self-directed brokerage accounts, collective trusts, separate accounts, and a stable value fund held in accounts with the Plan's trustee. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Offsetting Assets and Liabilities
Accounting principles generally accepted in the United States of America ("U.S. GAAP") permits entities to present derivative receivables and derivative payables with the same counterparty and the related cash collateral receivables and payables on a net basis on the balance sheet when a legally enforceable master netting agreement exists. U.S. GAAP also permits securities sold and purchased under repurchase agreements to be presented net when specified conditions are met, including the existence of a legally enforceable master netting agreement. The Plan has elected to net such balances when the specified conditions are met.

The Plan uses master netting agreements to mitigate counterparty credit risk in certain transactions, including derivatives transactions. A master netting agreement is a single contract with a counterparty that permits multiple transactions governed by that contract to be terminated and settled through a single payment in the event of a default (e. g., bankruptcy, failure to make a required payment or securities transfer or deliver collateral or margin when due after expiration of any grace period). Upon the exercise of termination rights by the non-defaulting party, (i) all the transactions are terminated, (ii) all transactions are valued and the positive value or "in the money" transactions are netted against the negative value or "out of money" transactions and (iii) the only remaining payment obligation is of one of the parties to pay the netted termination amount.

Notes Receivable from Participants
Notes receivable from participants are reported at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees paid by participants are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or December 31, 2024.

Use of Estimates and Assumptions
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits
Benefit payments are recorded when paid.

Contributions
Employee contributions are recorded in the period during which the payroll deductions are made from the employee's pay. Employer contributions are also made in the same period.
Rollovers from other eligible retirement Plans are permitted for employees.

Risks and Uncertainties
The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, collective trusts, guaranteed investment contracts, and other investment securities. Investment securities and contracts are exposed to various risks, such as commodity, equity, interest rate, foreign currency, market and credit. Due to the level of risk associated with certain investment securities and contracts and the level of uncertainty related to changes in the value of investment securities and contracts, it is at least reasonably possible that changes in the value of investments securities and contracts will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Market values of the Plan's investments may decline for a number of reasons, including changes in prevailing market and interest rates, increase in defaults and credit rating downgrades.

3. Investments

Investment options for plan participants are as follows:

- Option A: All-In-One Target Retirement Trusts, which invest in a predetermined mix of funds. This allows a Participant to get a complete, diversified portfolio in a single investment option.

- Option B: Do-It-Yourself Investments, where Participants can select from five separate accounts and co-mingled trusts to build their own diversified portfolio.

- Option C: Open Choice —Brokerage Window Option which participants can invest up to 100% of their available balance.

4. Investment Contracts

Participants have the option to invest in a stable value fund - Farmers Active Stable Value Fund ("FASVF"), which seeks to provide principal stability, a competitive yield, and reliable liquidity. The Plan provides this option through investing in a separately managed account.

The FASVF separate account invests in two Synthetic Guaranteed Investment Contracts ("Synthetic GICs"), and one common collective trust Separate Account Guaranteed Investment Contract ("Separate Account GIC"). Synthetic GICs are constructed by combining a stable value wrapper and a fixed income collateral portfolio. The fixed income portfolio invests in most major sectors of the fixed income market and typically has AA/AAA average credit quality and 1 to 3 year duration. The stable value wrapper agreements are typically issued by a bank or insurance company. The instrument offsets price fluctuations in the fixed income portfolio and maintains its book value. The payment obligations of the wrappers assure investors receive $1 net asset values. Similarly, a Separate Account GIC is constructed by combining an insurance company book value wrapper guarantee with a fixed income collateral portfolio held in a separate account by the insurance company that is pledged to satisfy the obligations of the Separate Account GIC.

The plan has no reserves against the carrying value of these contracts. The average yields on these investments for the plan and for the participants for the years ended December 31, 2025 and 2024 were 3.2% and 2.9% respectively.

The issuers of the various stable value contracts and the managers of the underlying fixed income collateral portfolios are listed below:

Synthetic GICs
Transamerica Premier Life Insurance Company (Goldman Sachs Asset Management (GSAM) is the manager of the fixed income portfolio); Prudential Insurance Company of America (Prudential Fixed Income is the manager of the fixed income portfolio). These synthetic GICs meet the definition of a fully benefit responsive investment contract (FBRIC) and are stated at market value.

Common Collective Trust Separate Account GIC
Metropolitan Life Insurance Company (GSAM is the manager of the fixed income portfolio).

The Common Collective Trust Separate Account GIC is not considered a FBRIC and thus is stated at fair value. There are no unfunded commitments, defined remaining life, redemption notice periods or other restrictions at the measurement date.

The rate of return earned on a Synthetic GIC and Separate Account GIC is generally reset quarterly by the issuer, and the contracts contain provisions that prevent future rates from falling below zero. The crediting rate is based on the current yield-to-maturity, the duration of the portfolio, and the amortization of gains and losses (defined as the difference between the market value and contract value of the wrapper agreement). These instruments are designed to smooth out realized and unrealized gains and losses. Over time, investors receive the total return of the investment portfolio.

Contract value represents, contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund can be redeemed daily by participants.

Average yields on investments are based on actual earnings and interest rates credited to participants.

There are no unfunded commitments, defined remaining life, redemption notice periods or other restrictions at the measurement date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) any material breach of contract provisions. In general, issuers may terminate the contract and settle at other than contract value due to changes in qualification status of the Company or the Plan, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. At this time, the Company does not believe that the occurrence of any event that would limit the Plan's ability to transact with participants at contract value is probable.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following table presents the total market value of the FBRIC at December 31, 2025 and 2024, respectively:

FBRIC (GIC) at December 31, 2025 and 2024

	2025	2024
Total Synthetic investment contract	$ 155,188,124	$ 158,788,597

5. Fair Value Measurement

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).
The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value in both years:

Self-Directed Brokerage Accounts
Valued at the daily closing price as reported by the fund. Mutual Funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Investment Trust's Short-Term Investments
Investments in short-term investments comprise of short-term fixed income securities and short-term investment funds. Short-term fixed income securities are valued by pricing services. Short-term investment funds are valued at the NAV of units held by the Plan at year end.

Separate Investment Trust's Equities
Investments in equities comprised of common stocks and preferred stocks listed on a national securities exchange and over-the-counter securities are valued at the last reported sale price on the active market on which the individual securities are traded on the valuation date or, if no sales are reported for that day, the last published sale price.

Separate Investment Trust's Fixed Income Securities
Investments in fixed income securities are comprised of corporate bonds, U.S. government securities, other government securities, and asset- and mortgage-backed securities. Corporate bonds and U.S. and other government securities are valued by pricing services based on yields currently available on comparable issues with similar credit ratings and broker quotes from dealers who are market makers in these investments. Asset- and mortgage-backed securities are valued based on observable data including pre-payment speeds, treasury and swap curves, cash settlements, credit ratings and volatilities.

Separate Investment Trust's Derivatives
Investments in derivatives comprise of futures, options, forward currency contracts, and swaps, which are valued by pricing services based on broker quotes or models using observable inputs. Futures contracts held by the Plan are listed on national securities exchanges.

Common Collective Trusts and Separate Investment Trust's and Stable Value Fund's Commingled Funds
The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner.

The Plan also holds an investment in a common collective trust that is classified within Level 3 of the fair value hierarchy. Unlike other common collective trusts valued using the NAV practical expedient, the fair value of this investment is determined using significant unobservable inputs, and therefore the investment is included within the Level 3 fair value hierarchy.

Stable Value Fund's Money-Market Investment Funds
Valued at the NAV of shares held by the Plan at year end. Participant transactions (purchases and sales) may occur daily. There are no restrictions on redemptions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, respectively:

Assets at fair value at December 31, 2025

	Level 1	Level 2	Level 3	Investments Measured at NAV *	Total

Total Level 3 securities	$ 15,399,206	$ -	$ -	$ 5,540,501	$ (2,392,880)	$ 38,655	$ 781,699	$ 19,367,181

Quantitative Information about Level 3 Fair Value Measurements

The following table presents additional information about valuation methodologies and inputs used for investments that are measured at fair value and categorized within Level 3 as of December 31, 2025 and 2024, respectively:

December 31, 2025

Investments	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values
Corporate bonds	$ 236,209	Pricing Service	Broker Quotes	100.52-100.06
Long-term target trusts *	22,655,358	Pricing Service	Broker Quotes	10.48-10.48

December 31, 2024

Investments	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values
Corporate bonds	$ 263,581	Pricing Service	Broker Quotes	100.38-99.75
Common Stocks *	19,103,600	Pricing Service	Broker Quotes	9.75-9.75

* Prior-period amounts previously presented as Common Stocks have been reclassified to Long-Term Target Trusts to reflect the current-year investment classification. The reclassification relates solely to presentation and had no effect on the fair value of investments or total net assets available for benefits.

Investments measured at Net Asset Value

The Plan uses the Net Asset Value as the practical expedient for fair value. The following table lists Investments measured at Net Asset Value by major category as of December 31, 2025:

Investments valued at NAV as of December 31, 2025

Type of Fund	Strategy	NAV in Funds	No. of Funds	Remaining Life	Dollar Amount of Unfunded Commitment	Timing to Draw Down Commitments	Redemption Terms	Redemption Restrictions	Redemption Restrictions in Place at Year End

6. Derivative Instruments

ASC 815-10-50 provides users of financial statements with an enhanced understanding of the use of derivative instruments by the Plan and how these derivatives affect the financial position, financial performance and cash flows of the Plan. This requires qualitative disclosures about the objectives and strategies for using the derivative instruments, quantitative disclosures about the fair value of, and gains and losses on, derivative instruments, as well as disclosures about credit-risk related contingent features in derivative agreements.

Fair value of derivative contracts, including forward foreign currency contracts, are included in the "Derivatives at fair value" line under Liabilities in the Statement of Net Assets Available for Benefits. The change in fair value and realized gains or losses of derivative contracts is included in the "Net Appreciation/Depreciation in Fair Value of Investments" line in the Statement of Change in Net Assets Available for Benefits.

The Plan may use futures contracts to manage exposure to the relevant markets. The Plan enters into futures contracts only on exchanges or boards of trade where the exchange or board of trade acts as the counterparty to the transaction. Thus, credit risk on such transactions is limited to the

failure of the exchange or board of trade. Losses in value may arise from changes in the value of the underlying instruments or if there is an illiquid secondary market for the contracts. Upon entering a futures contract, the Plan is required to deposit either in cash or securities an amount ("initial margin") equal to a certain percentage of the nominal value of the contract. The margin amount related to long and short futures at December 31, 2025 and 2024 was $736,000 and $304,000, respectively. Subsequent payments are made or received by the Plan periodically, depending on the daily fluctuation in the value of the underlying securities, and are recorded as unrealized gains or losses by the Plan in the net change in fair value of investment on the Statements of Change in Net Assets Available for Benefits. A gain or loss is realized when the contract is closed or expires.

The Plan may enter into forward currency contracts to manage exposure to the relevant markets. The Plan enters into forward currency contracts on a bilateral platform between counterparties to exchange two designated currencies at a specific time in the future. Subsequent payments are made or received by the Plan periodically, depending on the daily fluctuation in the value of the underlying securities, and are recorded as unrealized gains or losses by the Plan in the net change in appreciation / depreciation of investment on the Statements of Change in Net Assets Available for Benefits. A gain or loss is realized when the contract is closed or expires.

The Plan may invest in To-Be-Announced (TBA) securities, which are forward-settling contracts that serve as the primary and most liquid mechanism for trading Agency mortgage-backed securities (MBS). TBAs allow the Plan to efficiently gain exposure to the Agency MBS market without committing capital upfront, enabling cost-effective portfolio positioning and liquidity management. No cash is exchanged at inception of TBA trades, with settlement occurring at the agreed-upon future date when cash and securities are exchanged. Portfolio managers may elect to take delivery of the underlying securities or roll the TBA position based on market conditions and portfolio objectives. Unrealized gains or losses on TBA positions are recorded based on changes in their fair value and included in the net change in appreciation/depreciation of investments on the Statements of Change in Net Assets Available for Benefits. A realized gain or loss is recognized upon settlement or through offsetting transactions.

The Plan may enter into exchange traded option agreements to manage exposure to the markets. Exchange traded options derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. Exchange traded options are generally valued at the official closing price of, or the last reported sale price on, the exchange or market on which such securities are traded as of the close of business on the day the securities are being valued or, lacking any sales, the last available bid price.

Over-the-counter option contracts derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These contracts are normally valued on the basis of pricing service providers or broker dealer quotations. Depending on the product and the terms of the transaction, the value of financial derivative instruments can be estimated by a pricing service provider using a series of techniques, including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, spreads, interest rates, yield curves, and exchange rates. The plan may enter into such option contracts to manage exposure.

The Plan may enter into swap agreements to manage its exposure to the financial markets. A swap is an agreement between the Plan and a counterparty to exchange the return generated by one instrument for the return generated by another instrument. The Plan may enter into interest rate, total return, currency, cross-currency and credit default and other forms of swap agreements to manage its exposure to interest rate, currency and credit risk.

Interest rate swap agreements involve the exchange by the Plan with another party of their respective commitments to pay or receive interest, e.g., an exchange of floating rate payments for fixed rate payments with respect to a notional amount of principal.

Credit default swap agreements involve one party making a stream of payments (referred to as the buyer of protection) to another party (the seller of protection) in exchange for the right to receive a specified payment in the event of a default or other credit event for the referenced entity, obligation, or index. Entering into these agreements involves, to varying degrees, elements of credit, legal, market, and documentation risk in excess of the amounts recognized on the Statements of Net Assets Available for Benefits. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements (for bilateral only), or that there may be unfavorable changes in interest rates.

The Plan may enter into both centrally cleared swaps and over-the-counter swaps. Centrally cleared swaps transacted on a multilateral or trade facility platform, such as a registered exchange, are valued at the daily settlement price determined by the respective exchange. For centrally cleared credit default swaps, the clearing facility requires its members to provide actionable price levels across complete term structures. These levels, along with external third party prices, are used to produce daily settlement prices. These securities are categorized as Level 2 of the fair value hierarchy. Cash collateral held is categorized as Level 1.

The Plan may be required to deposit collateral with the counterparty if the market value of the contract falls below a stipulated amount in the contract. Cash collateral at December 31, 2025 and 2024 was $2,417,257 and $1,850,257, respectively, and is reported in cash and cash equivalents in the Statement of Net assets Available for Benefits. Periodic cash settlements are reported as realized gains or losses as recorded in the net appreciation/(depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Entering into an over the counter swap contract involves, to varying degrees, elements of credit, legal, market, documentation, and interest rate risk in excess of the amounts reported in the Statement of Net Assets Available for Benefits. Some swaps are not actively traded on exchanges. Such securities involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements, or that there may be unfavorable changes in interest rates.

Notional principal amounts are used to express the extent of involvement in the transactions, and are deliverable by the counterparty under the contracts in the event of default of the underlying issuer. Cleared swaps substantially mitigate counterparty risk, since the counterparty is the exchange, which guarantees all cleared swaps. In contrast, over the counter swaps have credit exposure to the underlying issuer implicit in the contract, credit risk is applicable to any amounts receivable from the counterparty. To reduce credit risk from potential counterparty default, the Plan enters into swap contracts with counterparties whose creditworthiness has been reviewed by the investment advisor.

The following tables provide information about fair values of the derivatives not accounted as hedging instruments within the Statements of Net Assets Available for Benefits as of December 31, 2025:

The following tables provide information about the effect of derivatives on the Plan's Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024, respectively:

Derivatives Gains and Losses

Amount of unrealized gains/(losses) on derivatives recognized

	2025	2024
Forwards contracts	$ -	$ 558,805
Futures contracts	190,365	819,643
Swaps contracts	65,320	(1,052,399)
Options	5,854	(4,276)
TBAs	(10,442)	236,409
Total unrealized gains	$ 251,097	$ 558,182

Amount of realized gains/(losses) on derivatives recognized

	2025	2024
Forwards contracts	$ -	$ (100,139)
Futures contracts	2,240,440	909,424
Swaps contracts	(1,344,226)	272,172
Options	87,405	5,307
TBAs	102,576	(234,549)
Total realized gains	$ 1,086,195	$ 852,215

7. Offsetting of Financial Assets and Liabilities

The following table sets forth the Plan's net exposure for derivative instruments that are subject to enforceable master netting arrangements or similar agreements as of December 31, 2025:

December 31, 2025

(1) Net amount represents the net amount due (to) / from counterparty in the event of a default based on the contractual set-off rights under the agreement.

8. Tax Status

The Plan has received a determination letter from the IRS dated December 28, 2016, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions and is currently subject to audit by the IRS for tax years 2015 to 2018. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2015 and the tax years 2019 to 2021.

9. Related Party and Party-in-Interest Transactions

For Option A funds, Vanguard is Trustee and Recordkeeper. For Option B & Option C funds, Bank of New York Mellon is the Custodian, while Vanguard is Trustee and Recordkeeper.

The Plan structure changed in 2025. Vanguard continues to serve as trustee. Goldman Sachs, Dreyfus, BlackRock, PIMCO, and Wellington continue to serve as the Plan's investment managers, while American Century and Mondrian were terminated. Arrowstreet Capital, GQG Partners, and Kayne Anderson Rudnick were added as new investment managers. Some of the Plan's investments are issued or sponsored by these managers or their affiliated entities.

10. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Upon the termination of the Plan, the rights of all affected participants in their accounts shall be 100% vested and not forfeitable. Thereupon, participants shall be entitled to receive a total distribution of their participant account.

11. Contingencies

From time to time, the Plan is party to lawsuits arising from normal activities. These actions are in various stages of development. The Plan intends to vigorously defend its position in each case, and at this time, it is not possible to determine with certainty the outcome of such matters.

12. Certified Financial Data

Vanguard Fiduciary Trust Company acts as the Plan's Trustee and Recordkeeper. The Plan's investments and related income and losses included in the accompanying financial statements and the related notes and the accompanying supplemental schedule of assets are based solely on information certified by the trustee. The Plan Administrator has obtained a certification from the Trustee that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

13. Subsequent Events

The Plan administrator has evaluated subsequent events through August 27, 2026, the date the financial statements were available to be issued and has provided the following additional disclosure.

Report of Independent Auditors

The Plan Administrator
Farmers Group, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Farmers Group, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 12 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with

A member firm of Ernst & Young Global Limited

Shape the future
with confidence

GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Farmers Group Inc. 401(k) Savings Plan (the “Plan”), formerly known as the Farmers Group, Inc. Employees’ Profit Sharing Savings Plan Trust is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General
The Plan is a defined contribution plan for employees of Farmers Group, Inc. and its subsidiaries as well as Farmers Exchanges (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participation in the Plan is voluntary and allows employees to contribute up to 50% of their base salary, and up to 85% of their Short Term Incentive Plan or Sales Incentive Plan Award, on a pre-tax or after-tax basis subject to IRS regulatory limits. The Company will match 100% of the first 6% of employee contributions subject to IRS regulatory limits.

In November 2016, the Plan was amended to provide for transfers between the Farmers and Zurich North America (ZNA) 401(k) plans. This amendment, effective January 1, 2017, allowed participants who transfer employment between Farmers and ZNA or vice versa, an opportunity to move their 401(k) balances to their current employer’s Plan.

In August 2018, the Plan was amended to provide all eligible employees a 4% Base Company Contribution effective January 1, 2019. The 4% Base Company Contribution is made on a pre-tax basis each pay period and is not dependent on an employee’s contributions to the Plan. However, there is a 3-year service vesting requirement for this contribution. The Company contributed $62,362,636 in 2025 and $64,014,080 in 2024 resulting from this amendment.

Of this amount, $4,797,525 and $4,917,493 were forfeited in 2025 and 2024, respectively. The forfeited amounts are used to reduce future employer contributions, expenses, and account restrictions.

In November 2018, the Plan was amended to clarify the definition of compensation.

In March 2019, the plan established auto enrollment for all employees whereby employees are automatically enrolled at a 3% pre-tax contribution rate with automatic contribution increases of 1% each year until the contribution percentage reaches 6%.

In November 2019, the Plan was amended to update the Hardship Withdrawal section to comply with the Bi-Partisan Budget Act of 2018.

Roll-over contributions represent contributions transferred into the Plan by the eligible participants from another qualified retirement plan and are reported as Participant contributions on the Statements of Changes in Net Assets Available for Benefits.

In April of 2021, the Company acquired MetLife’s Property and Casualty business in the U.S., which includes approximately 3,500 employees. These employees were credited with service from the acquired company for vesting in the Plan where vesting is required. Systematic transfer of assets was not part of the acquisition. Individuals may choose whether to roll-over assets from their prior employer to Farmers Plan, and can do so at any time.

In August 2021, an amendment updated the definition of compensation to accommodate the compensation structure of employees acquired by the Company and its participating affiliate, to the Farmers Workplace Solutions business.

The Plan's administrator, appointed by the CEO of the Company, consists of members who serve without compensation for such services (all members are presently employees of the Company and hereinafter referred to collectively as "Plan Administrator"). The Pension and Benefits Committee is responsible for oversight of the Plan. This Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In February 2023, the Plan amended the automatic contributions cap from 6% to 10% for those enrolled in the automatic contribution increase feature.

In January 2025, the Plan was amended to increase the minimum distribution age from 72 to 73 for participants who had not attained age 72 as of December 31, 2022. Effective January 1, 2033, the minimum distribution age will further increase from 73 to 75 for participants who have not attained age 73 as of December 31, 2032.

Eligibility
"Participant" generally means any eligible employee of the Company who is or becomes eligible to participate in the Plan in accordance with the provision of Article 3 of the Plan. An eligible employee shall be eligible to become a Participant in the Plan as of his or her date of employment with the Company.

Participant Accounts
Contributions are deposited with the trustee, Vanguard Fiduciary Trust Company. The Participant's account is maintained by the Plan Administrator in the employee's name. The account is comprised of a pre-tax contribution account balance, a Roth contribution account balance, an employer matching contribution account balance, a regular account balance, and, if applicable, an accumulation account balance, an employee after-tax accumulation account balance and a rollover account balance. The regular account balance contains Company contributions made to the profit sharing plan through the 2008 plan year. The accumulation account balance contains eligible in-service regular profit sharing account distribution amounts, which were deferred by the participant through the 2008 plan year. Each active participant's account is ordinarily credited with participant and employer contributions and income or loss on plan assets. The regular account was phased out with the March 2011 in-service profit sharing withdrawal option. The employee after-tax accumulation is due to eligible employee transfers from the Zurich Saving Plan.

Participant accounts are charged with an allocation of administration and management fee expenses that are generally paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the contributions to any of the available investment options. Participants may change their investment options daily. The Plan assets are valued daily and participants' accounts are adjusted for changes in market value each day.

Vesting
Participants are immediately 100% vested in their contributions and employer's matching contributions plus earnings thereon. There is a 3 year service requirement for the 4% Base Company Contribution.

Payment of Benefits
Participants in the Plan can take in-service withdrawals for financial hardship or if age 59.5 or older. Upon termination for any reason, distribution options include lump sum, rollover, installments, or annuities. Minimum distribution and required distributions are also available for those terminated participants age 73 and above. Auto cash out features are available for those terminated Participants who have account balances under certain thresholds.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of the participant's total vested account balance or $50,000. Loans range from 1 to 5 years or up to 15 years for home loans. The loans are collateralized by the vested balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate on participant loans ranged between 4.25% and 9.5% as of December 31, 2025 and 2.25% and 9.5% as of December 31, 2024. Principal and interest are paid ratably through monthly payroll deductions.

For employees with a loan, if missed repayments are not made by the end of an applicable cure period, the loan is in default and the outstanding balance of the loan, including interest, is treated as a deemed distribution and recorded as a benefit payment. The amount of the deemed distribution is reported as taxable income and may be subject to an additional 10% early distribution penalty. If an employee terminates with an outstanding loan, the participant will have the earlier of 90 days or day of distribution to repay the outstanding loan balance. Otherwise, the outstanding loan balance will become taxable and may be subject to an additional 10% early distribution penalty.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension & Benefit Committee determines the valuation policies utilizing information provided by investment advisors, custodians, the trustee, and insurance companies. See Note 5 for discussion of fair value measurements.

Investments in the Plan primarily consist of self-directed brokerage accounts, collective trusts, separate accounts, and a stable value fund held in accounts with the Plan's trustee. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Offsetting Assets and Liabilities
Accounting principles generally accepted in the United States of America ("U.S. GAAP") permits entities to present derivative receivables and derivative payables with the same counterparty and the related cash collateral receivables and payables on a net basis on the balance sheet when a legally enforceable master netting agreement exists. U.S. GAAP also permits securities sold and purchased under repurchase agreements to be presented net when specified conditions are met, including the existence of a legally enforceable master netting agreement. The Plan has elected to net such balances when the specified conditions are met.

The Plan uses master netting agreements to mitigate counterparty credit risk in certain transactions, including derivatives transactions. A master netting agreement is a single contract with a counterparty that permits multiple transactions governed by that contract to be terminated and settled through a single payment in the event of a default (e. g., bankruptcy, failure to make a required payment or securities transfer or deliver collateral or margin when due after expiration of any grace period). Upon the exercise of termination rights by the non-defaulting party, (i) all the transactions are terminated, (ii) all transactions are valued and the positive value or "in the money" transactions are netted against the negative value or "out of money" transactions and (iii) the only remaining payment obligation is of one of the parties to pay the netted termination amount.

Notes Receivable from Participants
Notes receivable from participants are reported at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees paid by participants are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or December 31, 2024.

Use of Estimates and Assumptions
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits
Benefit payments are recorded when paid.

Contributions
Employee contributions are recorded in the period during which the payroll deductions are made from the employee's pay. Employer contributions are also made in the same period.
Rollovers from other eligible retirement Plans are permitted for employees.

Risks and Uncertainties
The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, collective trusts, guaranteed investment contracts, and other investment securities. Investment securities and contracts are exposed to various risks, such as commodity, equity, interest rate, foreign currency, market and credit. Due to the level of risk associated with certain investment securities and contracts and the level of uncertainty related to changes in the value of investment securities and contracts, it is at least reasonably possible that changes in the value of investments securities and contracts will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Market values of the Plan's investments may decline for a number of reasons, including changes in prevailing market and interest rates, increase in defaults and credit rating downgrades.

3. Investments

Investment options for plan participants are as follows:

- Option A: All-In-One Target Retirement Trusts, which invest in a predetermined mix of funds. This allows a Participant to get a complete, diversified portfolio in a single investment option.

- Option B: Do-It-Yourself Investments, where Participants can select from five separate accounts and co-mingled trusts to build their own diversified portfolio.

- Option C: Open Choice —Brokerage Window Option which participants can invest up to 100% of their available balance.

4. Investment Contracts

Participants have the option to invest in a stable value fund - Farmers Active Stable Value Fund ("FASVF"), which seeks to provide principal stability, a competitive yield, and reliable liquidity. The Plan provides this option through investing in a separately managed account.

The FASVF separate account invests in two Synthetic Guaranteed Investment Contracts ("Synthetic GICs"), and one common collective trust Separate Account Guaranteed Investment Contract ("Separate Account GIC"). Synthetic GICs are constructed by combining a stable value wrapper and a fixed income collateral portfolio. The fixed income portfolio invests in most major sectors of the fixed income market and typically has AA/AAA average credit quality and 1 to 3 year duration. The stable value wrapper agreements are typically issued by a bank or insurance company. The instrument offsets price fluctuations in the fixed income portfolio and maintains its book value. The payment obligations of the wrappers assure investors receive $1 net asset values. Similarly, a Separate Account GIC is constructed by combining an insurance company book value wrapper guarantee with a fixed income collateral portfolio held in a separate account by the insurance company that is pledged to satisfy the obligations of the Separate Account GIC.

The plan has no reserves against the carrying value of these contracts. The average yields on these investments for the plan and for the participants for the years ended December 31, 2025 and 2024 were 3.2% and 2.9% respectively.

The issuers of the various stable value contracts and the managers of the underlying fixed income collateral portfolios are listed below:

Synthetic GICs
Transamerica Premier Life Insurance Company (Goldman Sachs Asset Management (GSAM) is the manager of the fixed income portfolio); Prudential Insurance Company of America (Prudential Fixed Income is the manager of the fixed income portfolio). These synthetic GICs meet the definition of a fully benefit responsive investment contract (FBRIC) and are stated at market value.

Common Collective Trust Separate Account GIC
Metropolitan Life Insurance Company (GSAM is the manager of the fixed income portfolio).

The Common Collective Trust Separate Account GIC is not considered a FBRIC and thus is stated at fair value. There are no unfunded commitments, defined remaining life, redemption notice periods or other restrictions at the measurement date.

The rate of return earned on a Synthetic GIC and Separate Account GIC is generally reset quarterly by the issuer, and the contracts contain provisions that prevent future rates from falling below zero. The crediting rate is based on the current yield-to-maturity, the duration of the portfolio, and the amortization of gains and losses (defined as the difference between the market value and contract value of the wrapper agreement). These instruments are designed to smooth out realized and unrealized gains and losses. Over time, investors receive the total return of the investment portfolio.

Contract value represents, contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund can be redeemed daily by participants.

Average yields on investments are based on actual earnings and interest rates credited to participants.

There are no unfunded commitments, defined remaining life, redemption notice periods or other restrictions at the measurement date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) any material breach of contract provisions. In general, issuers may terminate the contract and settle at other than contract value due to changes in qualification status of the Company or the Plan, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. At this time, the Company does not believe that the occurrence of any event that would limit the Plan's ability to transact with participants at contract value is probable.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following table presents the total market value of the FBRIC at December 31, 2025 and 2024, respectively:

FBRIC (GIC) at December 31, 2025 and 2024

	2025	2024
Total Synthetic investment contract	$ 155,188,124	$ 158,788,597

5. Fair Value Measurement

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).
The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value in both years:

Self-Directed Brokerage Accounts
Valued at the daily closing price as reported by the fund. Mutual Funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Investment Trust's Short-Term Investments
Investments in short-term investments comprise of short-term fixed income securities and short-term investment funds. Short-term fixed income securities are valued by pricing services. Short-term investment funds are valued at the NAV of units held by the Plan at year end.

Separate Investment Trust's Equities
Investments in equities comprised of common stocks and preferred stocks listed on a national securities exchange and over-the-counter securities are valued at the last reported sale price on the active market on which the individual securities are traded on the valuation date or, if no sales are reported for that day, the last published sale price.

Separate Investment Trust's Fixed Income Securities
Investments in fixed income securities are comprised of corporate bonds, U.S. government securities, other government securities, and asset- and mortgage-backed securities. Corporate bonds and U.S. and other government securities are valued by pricing services based on yields currently available on comparable issues with similar credit ratings and broker quotes from dealers who are market makers in these investments. Asset- and mortgage-backed securities are valued based on observable data including pre-payment speeds, treasury and swap curves, cash settlements, credit ratings and volatilities.

Separate Investment Trust's Derivatives
Investments in derivatives comprise of futures, options, forward currency contracts, and swaps, which are valued by pricing services based on broker quotes or models using observable inputs. Futures contracts held by the Plan are listed on national securities exchanges.

Common Collective Trusts and Separate Investment Trust's and Stable Value Fund's Commingled Funds
The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner.

The Plan also holds an investment in a common collective trust that is classified within Level 3 of the fair value hierarchy. Unlike other common collective trusts valued using the NAV practical expedient, the fair value of this investment is determined using significant unobservable inputs, and therefore the investment is included within the Level 3 fair value hierarchy.

Stable Value Fund's Money-Market Investment Funds
Valued at the NAV of shares held by the Plan at year end. Participant transactions (purchases and sales) may occur daily. There are no restrictions on redemptions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, respectively:

Assets at fair value at December 31, 2025

	Level 1	Level 2	Level 3	Investments Measured at NAV *	Total
Common collective trusts

Total liabilities	$ -	$ (12,190,561)	$ -	$ -	$ (12,190,561)

* In accordance with ASU 2015-07, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Level 3 Rollforward

The following table presents the Level 3 rollforward for each class of investments for the years ended December 31, 2025 and 2024, respectively.

Level 3 rollforward for year ended December 31, 2025

	Fair value, beginning of year	Transfers in	Transfers out	Purchases	Disposals	Realized gain / (loss)	Unrealized gain / (loss)	Fair value, end of year
Long-term target trusts *	$ 19,103,600	$ 74	$ -	$ 6,920,257	$ (3,974,719)	$ 198,865	$ 407,281	$ 22,655,358
Corporate bonds	263,581	-	-	-	(28,046)	(96)	770	236,209
Total Level 3 securities	$ 19,367,181	$ 74	$ -	$ 6,920,257	$ (4,002,765)	$ 198,769	$ 408,051	$ 22,891,567

Level 3 rollforward for year ended December 31, 2024

	Fair value, beginning of year	Transfers in	Transfers out	Purchases	Disposals	Realized gain / (loss)	Unrealized gain / (loss)	Fair value, end of year
Common stocks *	$ 15,133,251	$ -	$ -	$ 5,540,501	$ (2,390,944)	$ 38,650	$ 782,142	$ 19,103,600
Corporate bonds	265,955	-	-	-	(1,936)	5	(443)	263,581
Total Level 3 securities	$ 15,399,206	$ -	$ -	$ 5,540,501	$ (2,392,880)	$ 38,655	$ 781,699	$ 19,367,181

Quantitative Information about Level 3 Fair Value Measurements

The following table presents additional information about valuation methodologies and inputs used for investments that are measured at fair value and categorized within Level 3 as of December 31, 2025 and 2024, respectively:

December 31, 2025

Investments	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values
Corporate bonds	$ 236,209	Pricing Service	Broker Quotes	100.52-100.06
Long-term target trusts *	22,655,358	Pricing Service	Broker Quotes	10.48-10.48

December 31, 2024

Investments	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values
Corporate bonds	$ 263,581	Pricing Service	Broker Quotes	100.38-99.75
Common Stocks *	19,103,600	Pricing Service	Broker Quotes	9.75-9.75

* Prior-period amounts previously presented as Common Stocks have been reclassified to Long-Term Target Trusts to reflect the current-year investment classification. The reclassification relates solely to presentation and had no effect on the fair value of investments or total net assets available for benefits.

Investments measured at Net Asset Value

The Plan uses the Net Asset Value as the practical expedient for fair value. The following table lists Investments measured at Net Asset Value by major category as of December 31, 2025:

Investments valued at NAV as of December 31, 2025

Type of Fund	Strategy	NAV in Funds	No. of Funds	Remaining Life	Dollar Amount of Unfunded Commitment	Timing to Draw Down Commitments	Redemption Terms	Redemption Restrictions	Redemption Restrictions in Place at Year End

6. Derivative Instruments

ASC 815-10-50 provides users of financial statements with an enhanced understanding of the use of derivative instruments by the Plan and how these derivatives affect the financial position, financial performance and cash flows of the Plan. This requires qualitative disclosures about the objectives and strategies for using the derivative instruments, quantitative disclosures about the fair value of, and gains and losses on, derivative instruments, as well as disclosures about credit-risk related contingent features in derivative agreements.

Fair value of derivative contracts, including forward foreign currency contracts, are included in the "Derivatives at fair value" line under Liabilities in the Statement of Net Assets Available for Benefits. The change in fair value and realized gains or losses of derivative contracts is included in the "Net Appreciation/Depreciation in Fair Value of Investments" line in the Statement of Change in Net Assets Available for Benefits.

The Plan may use futures contracts to manage exposure to the relevant markets. The Plan enters into futures contracts only on exchanges or boards of trade where the exchange or board of trade acts as the counterparty to the transaction. Thus, credit risk on such transactions is limited to the

failure of the exchange or board of trade. Losses in value may arise from changes in the value of the underlying instruments or if there is an illiquid secondary market for the contracts. Upon entering a futures contract, the Plan is required to deposit either in cash or securities an amount ("initial margin") equal to a certain percentage of the nominal value of the contract. The margin amount related to long and short futures at December 31, 2025 and 2024 was $736,000 and $304,000, respectively. Subsequent payments are made or received by the Plan periodically, depending on the daily fluctuation in the value of the underlying securities, and are recorded as unrealized gains or losses by the Plan in the net change in fair value of investment on the Statements of Change in Net Assets Available for Benefits. A gain or loss is realized when the contract is closed or expires.

The Plan may enter into forward currency contracts to manage exposure to the relevant markets. The Plan enters into forward currency contracts on a bilateral platform between counterparties to exchange two designated currencies at a specific time in the future. Subsequent payments are made or received by the Plan periodically, depending on the daily fluctuation in the value of the underlying securities, and are recorded as unrealized gains or losses by the Plan in the net change in appreciation / depreciation of investment on the Statements of Change in Net Assets Available for Benefits. A gain or loss is realized when the contract is closed or expires.

The Plan may invest in To-Be-Announced (TBA) securities, which are forward-settling contracts that serve as the primary and most liquid mechanism for trading Agency mortgage-backed securities (MBS). TBAs allow the Plan to efficiently gain exposure to the Agency MBS market without committing capital upfront, enabling cost-effective portfolio positioning and liquidity management. No cash is exchanged at inception of TBA trades, with settlement occurring at the agreed-upon future date when cash and securities are exchanged. Portfolio managers may elect to take delivery of the underlying securities or roll the TBA position based on market conditions and portfolio objectives. Unrealized gains or losses on TBA positions are recorded based on changes in their fair value and included in the net change in appreciation/depreciation of investments on the Statements of Change in Net Assets Available for Benefits. A realized gain or loss is recognized upon settlement or through offsetting transactions.

The Plan may enter into exchange traded option agreements to manage exposure to the markets. Exchange traded options derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. Exchange traded options are generally valued at the official closing price of, or the last reported sale price on, the exchange or market on which such securities are traded as of the close of business on the day the securities are being valued or, lacking any sales, the last available bid price.

Over-the-counter option contracts derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These contracts are normally valued on the basis of pricing service providers or broker dealer quotations. Depending on the product and the terms of the transaction, the value of financial derivative instruments can be estimated by a pricing service provider using a series of techniques, including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, spreads, interest rates, yield curves, and exchange rates. The plan may enter into such option contracts to manage exposure.

The Plan may enter into swap agreements to manage its exposure to the financial markets. A swap is an agreement between the Plan and a counterparty to exchange the return generated by one instrument for the return generated by another instrument. The Plan may enter into interest rate, total return, currency, cross-currency and credit default and other forms of swap agreements to manage its exposure to interest rate, currency and credit risk.

Interest rate swap agreements involve the exchange by the Plan with another party of their respective commitments to pay or receive interest, e.g., an exchange of floating rate payments for fixed rate payments with respect to a notional amount of principal.

Credit default swap agreements involve one party making a stream of payments (referred to as the buyer of protection) to another party (the seller of protection) in exchange for the right to receive a specified payment in the event of a default or other credit event for the referenced entity, obligation, or index. Entering into these agreements involves, to varying degrees, elements of credit, legal, market, and documentation risk in excess of the amounts recognized on the Statements of Net Assets Available for Benefits. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements (for bilateral only), or that there may be unfavorable changes in interest rates.

The Plan may enter into both centrally cleared swaps and over-the-counter swaps. Centrally cleared swaps transacted on a multilateral or trade facility platform, such as a registered exchange, are valued at the daily settlement price determined by the respective exchange. For centrally cleared credit default swaps, the clearing facility requires its members to provide actionable price levels across complete term structures. These levels, along with external third party prices, are used to produce daily settlement prices. These securities are categorized as Level 2 of the fair value hierarchy. Cash collateral held is categorized as Level 1.

The Plan may be required to deposit collateral with the counterparty if the market value of the contract falls below a stipulated amount in the contract. Cash collateral at December 31, 2025 and 2024 was $2,417,257 and $1,850,257, respectively, and is reported in cash and cash equivalents in the Statement of Net assets Available for Benefits. Periodic cash settlements are reported as realized gains or losses as recorded in the net appreciation/(depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Entering into an over the counter swap contract involves, to varying degrees, elements of credit, legal, market, documentation, and interest rate risk in excess of the amounts reported in the Statement of Net Assets Available for Benefits. Some swaps are not actively traded on exchanges. Such securities involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements, or that there may be unfavorable changes in interest rates.

Notional principal amounts are used to express the extent of involvement in the transactions, and are deliverable by the counterparty under the contracts in the event of default of the underlying issuer. Cleared swaps substantially mitigate counterparty risk, since the counterparty is the exchange, which guarantees all cleared swaps. In contrast, over the counter swaps have credit exposure to the underlying issuer implicit in the contract, credit risk is applicable to any amounts receivable from the counterparty. To reduce credit risk from potential counterparty default, the Plan enters into swap contracts with counterparties whose creditworthiness has been reviewed by the investment advisor.

The following tables provide information about fair values of the derivatives not accounted as hedging instruments within the Statements of Net Assets Available for Benefits as of December 31, 2025:

Derivatives at fair value at December 31, 2025

(1) Net amount represents the net amount due (to) / from counterparty in the event of a default based on the contractual set-off rights under the agreement.

8. Tax Status

The Plan has received a determination letter from the IRS dated December 28, 2016, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions and is currently subject to audit by the IRS for tax years 2015 to 2018. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2015 and the tax years 2019 to 2021.

9. Related Party and Party-in-Interest Transactions

For Option A funds, Vanguard is Trustee and Recordkeeper. For Option B & Option C funds, Bank of New York Mellon is the Custodian, while Vanguard is Trustee and Recordkeeper.

The Plan structure changed in 2025. Vanguard continues to serve as trustee. Goldman Sachs, Dreyfus, BlackRock, PIMCO, and Wellington continue to serve as the Plan's investment managers, while American Century and Mondrian were terminated. Arrowstreet Capital, GQG Partners, and Kayne Anderson Rudnick were added as new investment managers. Some of the Plan's investments are issued or sponsored by these managers or their affiliated entities.

10. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Upon the termination of the Plan, the rights of all affected participants in their accounts shall be 100% vested and not forfeitable. Thereupon, participants shall be entitled to receive a total distribution of their participant account.

11. Contingencies

From time to time, the Plan is party to lawsuits arising from normal activities. These actions are in various stages of development. The Plan intends to vigorously defend its position in each case, and at this time, it is not possible to determine with certainty the outcome of such matters.

12. Certified Financial Data

Vanguard Fiduciary Trust Company acts as the Plan's Trustee and Recordkeeper. The Plan's investments and related income and losses included in the accompanying financial statements and the related notes and the accompanying supplemental schedule of assets are based solely on information certified by the trustee. The Plan Administrator has obtained a certification from the Trustee that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

13. Subsequent Events

The Plan administrator has evaluated subsequent events through August 27, 2026, the date the financial statements were available to be issued and has provided the following additional disclosure.

Report of Independent Auditors

The Plan Administrator
Farmers Group, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Farmers Group, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 12 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with

A member firm of Ernst & Young Global Limited

Shape the future
with confidence

GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Farmers Group Inc. 401(k) Savings Plan (the “Plan”), formerly known as the Farmers Group, Inc. Employees’ Profit Sharing Savings Plan Trust is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General
The Plan is a defined contribution plan for employees of Farmers Group, Inc. and its subsidiaries as well as Farmers Exchanges (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participation in the Plan is voluntary and allows employees to contribute up to 50% of their base salary, and up to 85% of their Short Term Incentive Plan or Sales Incentive Plan Award, on a pre-tax or after-tax basis subject to IRS regulatory limits. The Company will match 100% of the first 6% of employee contributions subject to IRS regulatory limits.

In November 2016, the Plan was amended to provide for transfers between the Farmers and Zurich North America (ZNA) 401(k) plans. This amendment, effective January 1, 2017, allowed participants who transfer employment between Farmers and ZNA or vice versa, an opportunity to move their 401(k) balances to their current employer’s Plan.

In August 2018, the Plan was amended to provide all eligible employees a 4% Base Company Contribution effective January 1, 2019. The 4% Base Company Contribution is made on a pre-tax basis each pay period and is not dependent on an employee’s contributions to the Plan. However, there is a 3-year service vesting requirement for this contribution. The Company contributed $62,362,636 in 2025 and $64,014,080 in 2024 resulting from this amendment.

Of this amount, $4,797,525 and $4,917,493 were forfeited in 2025 and 2024, respectively. The forfeited amounts are used to reduce future employer contributions, expenses, and account restrictions.

In November 2018, the Plan was amended to clarify the definition of compensation.

In March 2019, the plan established auto enrollment for all employees whereby employees are automatically enrolled at a 3% pre-tax contribution rate with automatic contribution increases of 1% each year until the contribution percentage reaches 6%.

In November 2019, the Plan was amended to update the Hardship Withdrawal section to comply with the Bi-Partisan Budget Act of 2018.

Roll-over contributions represent contributions transferred into the Plan by the eligible participants from another qualified retirement plan and are reported as Participant contributions on the Statements of Changes in Net Assets Available for Benefits.

In April of 2021, the Company acquired MetLife’s Property and Casualty business in the U.S., which includes approximately 3,500 employees. These employees were credited with service from the acquired company for vesting in the Plan where vesting is required. Systematic transfer of assets was not part of the acquisition. Individuals may choose whether to roll-over assets from their prior employer to Farmers Plan, and can do so at any time.

In August 2021, an amendment updated the definition of compensation to accommodate the compensation structure of employees acquired by the Company and its participating affiliate, to the Farmers Workplace Solutions business.

The Plan's administrator, appointed by the CEO of the Company, consists of members who serve without compensation for such services (all members are presently employees of the Company and hereinafter referred to collectively as "Plan Administrator"). The Pension and Benefits Committee is responsible for oversight of the Plan. This Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In February 2023, the Plan amended the automatic contributions cap from 6% to 10% for those enrolled in the automatic contribution increase feature.

In January 2025, the Plan was amended to increase the minimum distribution age from 72 to 73 for participants who had not attained age 72 as of December 31, 2022. Effective January 1, 2033, the minimum distribution age will further increase from 73 to 75 for participants who have not attained age 73 as of December 31, 2032.

Eligibility
"Participant" generally means any eligible employee of the Company who is or becomes eligible to participate in the Plan in accordance with the provision of Article 3 of the Plan. An eligible employee shall be eligible to become a Participant in the Plan as of his or her date of employment with the Company.

Participant Accounts
Contributions are deposited with the trustee, Vanguard Fiduciary Trust Company. The Participant's account is maintained by the Plan Administrator in the employee's name. The account is comprised of a pre-tax contribution account balance, a Roth contribution account balance, an employer matching contribution account balance, a regular account balance, and, if applicable, an accumulation account balance, an employee after-tax accumulation account balance and a rollover account balance. The regular account balance contains Company contributions made to the profit sharing plan through the 2008 plan year. The accumulation account balance contains eligible in-service regular profit sharing account distribution amounts, which were deferred by the participant through the 2008 plan year. Each active participant's account is ordinarily credited with participant and employer contributions and income or loss on plan assets. The regular account was phased out with the March 2011 in-service profit sharing withdrawal option. The employee after-tax accumulation is due to eligible employee transfers from the Zurich Saving Plan.

Participant accounts are charged with an allocation of administration and management fee expenses that are generally paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the contributions to any of the available investment options. Participants may change their investment options daily. The Plan assets are valued daily and participants' accounts are adjusted for changes in market value each day.

Vesting
Participants are immediately 100% vested in their contributions and employer's matching contributions plus earnings thereon. There is a 3 year service requirement for the 4% Base Company Contribution.

Payment of Benefits
Participants in the Plan can take in-service withdrawals for financial hardship or if age 59.5 or older. Upon termination for any reason, distribution options include lump sum, rollover, installments, or annuities. Minimum distribution and required distributions are also available for those terminated participants age 73 and above. Auto cash out features are available for those terminated Participants who have account balances under certain thresholds.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of the participant's total vested account balance or $50,000. Loans range from 1 to 5 years or up to 15 years for home loans. The loans are collateralized by the vested balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate on participant loans ranged between 4.25% and 9.5% as of December 31, 2025 and 2.25% and 9.5% as of December 31, 2024. Principal and interest are paid ratably through monthly payroll deductions.

For employees with a loan, if missed repayments are not made by the end of an applicable cure period, the loan is in default and the outstanding balance of the loan, including interest, is treated as a deemed distribution and recorded as a benefit payment. The amount of the deemed distribution is reported as taxable income and may be subject to an additional 10% early distribution penalty. If an employee terminates with an outstanding loan, the participant will have the earlier of 90 days or day of distribution to repay the outstanding loan balance. Otherwise, the outstanding loan balance will become taxable and may be subject to an additional 10% early distribution penalty.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension & Benefit Committee determines the valuation policies utilizing information provided by investment advisors, custodians, the trustee, and insurance companies. See Note 5 for discussion of fair value measurements.

Investments in the Plan primarily consist of self-directed brokerage accounts, collective trusts, separate accounts, and a stable value fund held in accounts with the Plan's trustee. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Offsetting Assets and Liabilities
Accounting principles generally accepted in the United States of America ("U.S. GAAP") permits entities to present derivative receivables and derivative payables with the same counterparty and the related cash collateral receivables and payables on a net basis on the balance sheet when a legally enforceable master netting agreement exists. U.S. GAAP also permits securities sold and purchased under repurchase agreements to be presented net when specified conditions are met, including the existence of a legally enforceable master netting agreement. The Plan has elected to net such balances when the specified conditions are met.

The Plan uses master netting agreements to mitigate counterparty credit risk in certain transactions, including derivatives transactions. A master netting agreement is a single contract with a counterparty that permits multiple transactions governed by that contract to be terminated and settled through a single payment in the event of a default (e. g., bankruptcy, failure to make a required payment or securities transfer or deliver collateral or margin when due after expiration of any grace period). Upon the exercise of termination rights by the non-defaulting party, (i) all the transactions are terminated, (ii) all transactions are valued and the positive value or "in the money" transactions are netted against the negative value or "out of money" transactions and (iii) the only remaining payment obligation is of one of the parties to pay the netted termination amount.

Notes Receivable from Participants
Notes receivable from participants are reported at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees paid by participants are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or December 31, 2024.

Use of Estimates and Assumptions
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits
Benefit payments are recorded when paid.

Contributions
Employee contributions are recorded in the period during which the payroll deductions are made from the employee's pay. Employer contributions are also made in the same period.
Rollovers from other eligible retirement Plans are permitted for employees.

Risks and Uncertainties
The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, collective trusts, guaranteed investment contracts, and other investment securities. Investment securities and contracts are exposed to various risks, such as commodity, equity, interest rate, foreign currency, market and credit. Due to the level of risk associated with certain investment securities and contracts and the level of uncertainty related to changes in the value of investment securities and contracts, it is at least reasonably possible that changes in the value of investments securities and contracts will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Market values of the Plan's investments may decline for a number of reasons, including changes in prevailing market and interest rates, increase in defaults and credit rating downgrades.

3. Investments

Investment options for plan participants are as follows:

- Option A: All-In-One Target Retirement Trusts, which invest in a predetermined mix of funds. This allows a Participant to get a complete, diversified portfolio in a single investment option.

- Option B: Do-It-Yourself Investments, where Participants can select from five separate accounts and co-mingled trusts to build their own diversified portfolio.

- Option C: Open Choice —Brokerage Window Option which participants can invest up to 100% of their available balance.

4. Investment Contracts

Participants have the option to invest in a stable value fund - Farmers Active Stable Value Fund ("FASVF"), which seeks to provide principal stability, a competitive yield, and reliable liquidity. The Plan provides this option through investing in a separately managed account.

The FASVF separate account invests in two Synthetic Guaranteed Investment Contracts ("Synthetic GICs"), and one common collective trust Separate Account Guaranteed Investment Contract ("Separate Account GIC"). Synthetic GICs are constructed by combining a stable value wrapper and a fixed income collateral portfolio. The fixed income portfolio invests in most major sectors of the fixed income market and typically has AA/AAA average credit quality and 1 to 3 year duration. The stable value wrapper agreements are typically issued by a bank or insurance company. The instrument offsets price fluctuations in the fixed income portfolio and maintains its book value. The payment obligations of the wrappers assure investors receive $1 net asset values. Similarly, a Separate Account GIC is constructed by combining an insurance company book value wrapper guarantee with a fixed income collateral portfolio held in a separate account by the insurance company that is pledged to satisfy the obligations of the Separate Account GIC.

The plan has no reserves against the carrying value of these contracts. The average yields on these investments for the plan and for the participants for the years ended December 31, 2025 and 2024 were 3.2% and 2.9% respectively.

The issuers of the various stable value contracts and the managers of the underlying fixed income collateral portfolios are listed below:

Synthetic GICs
Transamerica Premier Life Insurance Company (Goldman Sachs Asset Management (GSAM) is the manager of the fixed income portfolio); Prudential Insurance Company of America (Prudential Fixed Income is the manager of the fixed income portfolio). These synthetic GICs meet the definition of a fully benefit responsive investment contract (FBRIC) and are stated at market value.

Common Collective Trust Separate Account GIC
Metropolitan Life Insurance Company (GSAM is the manager of the fixed income portfolio).

The Common Collective Trust Separate Account GIC is not considered a FBRIC and thus is stated at fair value. There are no unfunded commitments, defined remaining life, redemption notice periods or other restrictions at the measurement date.

The rate of return earned on a Synthetic GIC and Separate Account GIC is generally reset quarterly by the issuer, and the contracts contain provisions that prevent future rates from falling below zero. The crediting rate is based on the current yield-to-maturity, the duration of the portfolio, and the amortization of gains and losses (defined as the difference between the market value and contract value of the wrapper agreement). These instruments are designed to smooth out realized and unrealized gains and losses. Over time, investors receive the total return of the investment portfolio.

Contract value represents, contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund can be redeemed daily by participants.

Average yields on investments are based on actual earnings and interest rates credited to participants.

There are no unfunded commitments, defined remaining life, redemption notice periods or other restrictions at the measurement date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) any material breach of contract provisions. In general, issuers may terminate the contract and settle at other than contract value due to changes in qualification status of the Company or the Plan, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. At this time, the Company does not believe that the occurrence of any event that would limit the Plan's ability to transact with participants at contract value is probable.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following table presents the total market value of the FBRIC at December 31, 2025 and 2024, respectively:

FBRIC (GIC) at December 31, 2025 and 2024

	2025	2024
Total Synthetic investment contract	$ 155,188,124	$ 158,788,597

5. Fair Value Measurement

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).
The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value in both years:

Self-Directed Brokerage Accounts
Valued at the daily closing price as reported by the fund. Mutual Funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Investment Trust's Short-Term Investments
Investments in short-term investments comprise of short-term fixed income securities and short-term investment funds. Short-term fixed income securities are valued by pricing services. Short-term investment funds are valued at the NAV of units held by the Plan at year end.

Separate Investment Trust's Equities
Investments in equities comprised of common stocks and preferred stocks listed on a national securities exchange and over-the-counter securities are valued at the last reported sale price on the active market on which the individual securities are traded on the valuation date or, if no sales are reported for that day, the last published sale price.

Separate Investment Trust's Fixed Income Securities
Investments in fixed income securities are comprised of corporate bonds, U.S. government securities, other government securities, and asset- and mortgage-backed securities. Corporate bonds and U.S. and other government securities are valued by pricing services based on yields currently available on comparable issues with similar credit ratings and broker quotes from dealers who are market makers in these investments. Asset- and mortgage-backed securities are valued based on observable data including pre-payment speeds, treasury and swap curves, cash settlements, credit ratings and volatilities.

Separate Investment Trust's Derivatives
Investments in derivatives comprise of futures, options, forward currency contracts, and swaps, which are valued by pricing services based on broker quotes or models using observable inputs. Futures contracts held by the Plan are listed on national securities exchanges.

Common Collective Trusts and Separate Investment Trust's and Stable Value Fund's Commingled Funds
The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner.

The Plan also holds an investment in a common collective trust that is classified within Level 3 of the fair value hierarchy. Unlike other common collective trusts valued using the NAV practical expedient, the fair value of this investment is determined using significant unobservable inputs, and therefore the investment is included within the Level 3 fair value hierarchy.

Stable Value Fund's Money-Market Investment Funds
Valued at the NAV of shares held by the Plan at year end. Participant transactions (purchases and sales) may occur daily. There are no restrictions on redemptions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, respectively:

Assets at fair value at December 31, 2025

	Level 1	Level 2	Level 3	Investments Measured at NAV *	Total

* In accordance with ASU 2015-07, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Level 3 Rollforward

The following table presents the Level 3 rollforward for each class of investments for the years ended December 31, 2025 and 2024, respectively.

Level 3 rollforward for year ended December 31, 2025

	Fair value, beginning of year	Transfers in	Transfers out	Purchases	Disposals	Realized gain / (loss)	Unrealized gain / (loss)	Fair value, end of year
Long-term target trusts *	$ 19,103,600	$ 74	$ -	$ 6,920,257	$ (3,974,719)	$ 198,865	$ 407,281	$ 22,655,358
Corporate bonds	263,581	-	-	-	(28,046)	(96)	770	236,209
Total Level 3 securities	$ 19,367,181	$ 74	$ -	$ 6,920,257	$ (4,002,765)	$ 198,769	$ 408,051	$ 22,891,567

Level 3 rollforward for year ended December 31, 2024

	Fair value, beginning of year	Transfers in	Transfers out	Purchases	Disposals	Realized gain / (loss)	Unrealized gain / (loss)	Fair value, end of year
Common stocks *	$ 15,133,251	$ -	$ -	$ 5,540,501	$ (2,390,944)	$ 38,650	$ 782,142	$ 19,103,600
Corporate bonds	265,955	-	-	-	(1,936)	5	(443)	263,581
Total Level 3 securities	$ 15,399,206	$ -	$ -	$ 5,540,501	$ (2,392,880)	$ 38,655	$ 781,699	$ 19,367,181

Quantitative Information about Level 3 Fair Value Measurements

The following table presents additional information about valuation methodologies and inputs used for investments that are measured at fair value and categorized within Level 3 as of December 31, 2025 and 2024, respectively:

December 31, 2025

Investments	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values
Corporate bonds	$ 236,209	Pricing Service	Broker Quotes	100.52-100.06
Long-term target trusts *	22,655,358	Pricing Service	Broker Quotes	10.48-10.48

December 31, 2024

Investments	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values
Corporate bonds	$ 263,581	Pricing Service	Broker Quotes	100.38-99.75
Common Stocks *	19,103,600	Pricing Service	Broker Quotes	9.75-9.75

* Prior-period amounts previously presented as Common Stocks have been reclassified to Long-Term Target Trusts to reflect the current-year investment classification. The reclassification relates solely to presentation and had no effect on the fair value of investments or total net assets available for benefits.

Investments measured at Net Asset Value

The Plan uses the Net Asset Value as the practical expedient for fair value. The following table lists Investments measured at Net Asset Value by major category as of December 31, 2025:

Investments valued at NAV as of December 31, 2025

Type of Fund	Strategy	NAV in Funds	No. of Funds	Remaining Life	Dollar Amount of Unfunded Commitment	Timing to Draw Down Commitments	Redemption Terms	Redemption Restrictions	Redemption Restrictions in Place at Year End

6. Derivative Instruments

ASC 815-10-50 provides users of financial statements with an enhanced understanding of the use of derivative instruments by the Plan and how these derivatives affect the financial position, financial performance and cash flows of the Plan. This requires qualitative disclosures about the objectives and strategies for using the derivative instruments, quantitative disclosures about the fair value of, and gains and losses on, derivative instruments, as well as disclosures about credit-risk related contingent features in derivative agreements.

Fair value of derivative contracts, including forward foreign currency contracts, are included in the "Derivatives at fair value" line under Liabilities in the Statement of Net Assets Available for Benefits. The change in fair value and realized gains or losses of derivative contracts is included in the "Net Appreciation/Depreciation in Fair Value of Investments" line in the Statement of Change in Net Assets Available for Benefits.

The Plan may use futures contracts to manage exposure to the relevant markets. The Plan enters into futures contracts only on exchanges or boards of trade where the exchange or board of trade acts as the counterparty to the transaction. Thus, credit risk on such transactions is limited to the

failure of the exchange or board of trade. Losses in value may arise from changes in the value of the underlying instruments or if there is an illiquid secondary market for the contracts. Upon entering a futures contract, the Plan is required to deposit either in cash or securities an amount ("initial margin") equal to a certain percentage of the nominal value of the contract. The margin amount related to long and short futures at December 31, 2025 and 2024 was $736,000 and $304,000, respectively. Subsequent payments are made or received by the Plan periodically, depending on the daily fluctuation in the value of the underlying securities, and are recorded as unrealized gains or losses by the Plan in the net change in fair value of investment on the Statements of Change in Net Assets Available for Benefits. A gain or loss is realized when the contract is closed or expires.

The Plan may enter into forward currency contracts to manage exposure to the relevant markets. The Plan enters into forward currency contracts on a bilateral platform between counterparties to exchange two designated currencies at a specific time in the future. Subsequent payments are made or received by the Plan periodically, depending on the daily fluctuation in the value of the underlying securities, and are recorded as unrealized gains or losses by the Plan in the net change in appreciation / depreciation of investment on the Statements of Change in Net Assets Available for Benefits. A gain or loss is realized when the contract is closed or expires.

The Plan may invest in To-Be-Announced (TBA) securities, which are forward-settling contracts that serve as the primary and most liquid mechanism for trading Agency mortgage-backed securities (MBS). TBAs allow the Plan to efficiently gain exposure to the Agency MBS market without committing capital upfront, enabling cost-effective portfolio positioning and liquidity management. No cash is exchanged at inception of TBA trades, with settlement occurring at the agreed-upon future date when cash and securities are exchanged. Portfolio managers may elect to take delivery of the underlying securities or roll the TBA position based on market conditions and portfolio objectives. Unrealized gains or losses on TBA positions are recorded based on changes in their fair value and included in the net change in appreciation/depreciation of investments on the Statements of Change in Net Assets Available for Benefits. A realized gain or loss is recognized upon settlement or through offsetting transactions.

The Plan may enter into exchange traded option agreements to manage exposure to the markets. Exchange traded options derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. Exchange traded options are generally valued at the official closing price of, or the last reported sale price on, the exchange or market on which such securities are traded as of the close of business on the day the securities are being valued or, lacking any sales, the last available bid price.

Over-the-counter option contracts derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These contracts are normally valued on the basis of pricing service providers or broker dealer quotations. Depending on the product and the terms of the transaction, the value of financial derivative instruments can be estimated by a pricing service provider using a series of techniques, including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, spreads, interest rates, yield curves, and exchange rates. The plan may enter into such option contracts to manage exposure.

The Plan may enter into swap agreements to manage its exposure to the financial markets. A swap is an agreement between the Plan and a counterparty to exchange the return generated by one instrument for the return generated by another instrument. The Plan may enter into interest rate, total return, currency, cross-currency and credit default and other forms of swap agreements to manage its exposure to interest rate, currency and credit risk.

Interest rate swap agreements involve the exchange by the Plan with another party of their respective commitments to pay or receive interest, e.g., an exchange of floating rate payments for fixed rate payments with respect to a notional amount of principal.

Credit default swap agreements involve one party making a stream of payments (referred to as the buyer of protection) to another party (the seller of protection) in exchange for the right to receive a specified payment in the event of a default or other credit event for the referenced entity, obligation, or index. Entering into these agreements involves, to varying degrees, elements of credit, legal, market, and documentation risk in excess of the amounts recognized on the Statements of Net Assets Available for Benefits. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements (for bilateral only), or that there may be unfavorable changes in interest rates.

The Plan may enter into both centrally cleared swaps and over-the-counter swaps. Centrally cleared swaps transacted on a multilateral or trade facility platform, such as a registered exchange, are valued at the daily settlement price determined by the respective exchange. For centrally cleared credit default swaps, the clearing facility requires its members to provide actionable price levels across complete term structures. These levels, along with external third party prices, are used to produce daily settlement prices. These securities are categorized as Level 2 of the fair value hierarchy. Cash collateral held is categorized as Level 1.

The Plan may be required to deposit collateral with the counterparty if the market value of the contract falls below a stipulated amount in the contract. Cash collateral at December 31, 2025 and 2024 was $2,417,257 and $1,850,257, respectively, and is reported in cash and cash equivalents in the Statement of Net assets Available for Benefits. Periodic cash settlements are reported as realized gains or losses as recorded in the net appreciation/(depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Entering into an over the counter swap contract involves, to varying degrees, elements of credit, legal, market, documentation, and interest rate risk in excess of the amounts reported in the Statement of Net Assets Available for Benefits. Some swaps are not actively traded on exchanges. Such securities involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of the contractual terms in the agreements, or that there may be unfavorable changes in interest rates.

Notional principal amounts are used to express the extent of involvement in the transactions, and are deliverable by the counterparty under the contracts in the event of default of the underlying issuer. Cleared swaps substantially mitigate counterparty risk, since the counterparty is the exchange, which guarantees all cleared swaps. In contrast, over the counter swaps have credit exposure to the underlying issuer implicit in the contract, credit risk is applicable to any amounts receivable from the counterparty. To reduce credit risk from potential counterparty default, the Plan enters into swap contracts with counterparties whose creditworthiness has been reviewed by the investment advisor.

The following tables provide information about fair values of the derivatives not accounted as hedging instruments within the Statements of Net Assets Available for Benefits as of December 31, 2025:

(1) Net amount represents the net amount due (to) / from counterparty in the event of a default based on the contractual set-off rights under the agreement.

8. Tax Status

The Plan has received a determination letter from the IRS dated December 28, 2016, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions and is currently subject to audit by the IRS for tax years 2015 to 2018. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2015 and the tax years 2019 to 2021.

9. Related Party and Party-in-Interest Transactions

For Option A funds, Vanguard is Trustee and Recordkeeper. For Option B & Option C funds, Bank of New York Mellon is the Custodian, while Vanguard is Trustee and Recordkeeper.

The Plan structure changed in 2025. Vanguard continues to serve as trustee. Goldman Sachs, Dreyfus, BlackRock, PIMCO, and Wellington continue to serve as the Plan's investment managers, while American Century and Mondrian were terminated. Arrowstreet Capital, GQG Partners, and Kayne Anderson Rudnick were added as new investment managers. Some of the Plan's investments are issued or sponsored by these managers or their affiliated entities.

10. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Upon the termination of the Plan, the rights of all affected participants in their accounts shall be 100% vested and not forfeitable. Thereupon, participants shall be entitled to receive a total distribution of their participant account.

11. Contingencies

From time to time, the Plan is party to lawsuits arising from normal activities. These actions are in various stages of development. The Plan intends to vigorously defend its position in each case, and at this time, it is not possible to determine with certainty the outcome of such matters.

12. Certified Financial Data

Vanguard Fiduciary Trust Company acts as the Plan's Trustee and Recordkeeper. The Plan's investments and related income and losses included in the accompanying financial statements and the related notes and the accompanying supplemental schedule of assets are based solely on information certified by the trustee. The Plan Administrator has obtained a certification from the Trustee that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

13. Subsequent Events

The Plan administrator has evaluated subsequent events through August 27, 2026, the date the financial statements were available to be issued and has provided the following additional disclosure.
