Independent Auditor's Report

Plan Administrator and Plan Participants
Chiesa Shahinian & Giantomasi PC Salary Savings Plan (II)
Roseland, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Chiesa Shahinian & Giantomasi PC Salary Savings Plan (II) ("Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of Chiesa Shahinian & Giantomasi PC Salary Savings Plan (II) ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1994 and was amended and restated effective November 8, 2024. The Plan is a defined contribution plan covering certain members of the firm and staff employees of Chiesa Shahinian & Giantomasi PC (Company or Employer), unless specifically excluded as defined in the plan document. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Eligibility and Contributions

An employee shall be eligible to become a participant in the Plan on January 1 or July 1 coinciding with or next following the date on which they attain the age of 21 and complete one year of service, as defined in the plan document. Effective January 1, 2025, the Plan was amended to revise the entry date provisions so that employees classified by the Employer as firm members become immediately eligible for nonelective (profit-sharing) contributions upon employment commencement. Newly hired employees will be automatically enrolled in the Plan at 5% pre-tax deferral percentage. An employee will become eligible to receive employer matching contributions on January 1 or July 1 coinciding with or next following the date the employee attains the age of 21 and completes one year of service (Eligibility Requirements).

Participants may elect to defer up to 100% of their eligible compensation, as defined in the plan document, as pre-tax or Roth contributions, subject to statutory limitations. Participants who have attained age 50 during the plan year are eligible to make catch-up contributions. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans.

The Company may make a discretionary profit-sharing contribution to an employee that satisfies the Eligibility Requirements and is employed by the Company on the last day of the plan year, subject to statutory limitations, calculated on a plan year basis. The Company made a discretionary profit-sharing contribution for the year ended December 31, 2025 in line with non-discrimination testing.

In addition, the Company may make a discretionary employer matching contribution to an employee subject to statutory limitations calculated on a plan year basis. There was no discretionary employer matching contribution for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with their contributions, employer contributions and the earnings thereon. Contributions to the Plan are invested by the custodian and directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Notes to Financial Statements
December 31, 2025 and 2024

Vesting

Participants are immediately and fully vested in their own contributions and discretionary profit-sharing contributions. Prior to November 8, 2024, participants vest in discretionary employer matching contributions based on a six-year graded vesting schedule. Effective November 8, 2024, participants vest in discretionary employer matching contributions based on years of service (as defined) as follows:

Prior to November 8, 2024

Years of Service	Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

On or subsequent to November 8, 2024

Years of Service	Percentage
Less than 3	0%
3	100%

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 reduced by the highest outstanding loan balance incurred during the 12-month period ending on the day before the date on which the loan was made or 50% of their vested account balance. Effective November 8, 2024, a participant may only have two loans outstanding at any time. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest rate at Prime Rate plus 1%. As of December 31, 2025, the interest rates on the outstanding loans range from 4.25% to 9.50%. For new loans borrowed on or after November 8, 2024, loan principal and interest repayments are made through payroll deductions. For loans borrowed prior to November 8, 2024, loan principal and interest repayments are paid by the participant directly to the custodian. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefits

Upon termination, death, disability or retirement, vested plan benefits will be distributed to a participant or their beneficiary either in the form of a lump-sum distribution or installments over a period not to extend beyond life expectancy. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Chiesa Shahinian & Giantomasi PC Salary Savings Plan (II)
Notes to Financial Statements
December 31, 2025 and 2024

Forfeitures

Upon termination, the portion of a participant's non-vested balance is forfeited and remains in the Plan. The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated if the employee repays the full amount of the distribution attributable to the vested employer contributions before the earlier of five years after the first date on which the participant is reemployed, or the date the participant incurs five consecutive one-year breaks in service following the date of the distribution. Forfeitures are to be used to pay Plan expenses or reduce employer contributions for the plan year. Any remaining amount thereafter shall be applied toward succeeding plan years until fully utilized to reduce future Company contributions and pay Plan expenses. For the year ended December 31, 2025, forfeitures from employees were approximately \$18,000. During the year ended December 31, 2025, the forfeiture account was credited with investment income of approximately \$10,000 and administrative expenses of approximately \$15,000 were paid from the account. As of December 31, 2025 and 2024, the available forfeiture balance was approximately \$239,000 and \$226,000, respectively.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at either fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and contract value measurements.

The sales and purchases of investment securities, and gains and losses on the sale of investments, are recognized at the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Profit sharing contributions are recorded in the year for which the Company approves the contribution.

Payment of Benefits

Benefits are recorded when paid.

Transfers

The Company also sponsors the Chiesa Shahinian & Giantomasi PC Salary Savings Plan (I) ("Plan I"). Upon becoming a member of the firm, the attorney's account balance in Plan (I) is transferred to Plan II. For the year ended December 31, 2025, there were transfers out of Plan II of \$8,034,619 to Plan I and transfers into Plan II of \$259,869 from Plan I.

Note 3. Information Certified by the Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company LLC (ETC), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The interest-bearing cash, fair value amount shown on the Statements of Net Assets Available for Benefits is held in a third-party bank account in the name of the Plan. Therefore, the ending balance of the account is not certified and transactions within the account are not included within the statement of changes in net assets.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Chiesa Shahinian & Giantomasi PC Salary Savings Plan (II)
Notes to Financial Statements
December 31, 2025 and 2024

Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2025 and 2024:

- **Mutual Funds:** Stated at fair value based on unadjusted quoted prices in an active market for each share held by the fund.
- **Common Collective Trust Funds:** the fair value of the common collective trust is determined by the custodian of the common collective trust funds based on the underlying assets, which represents the net asset value. Participant directed redemptions can be made on any business day and do not have a redemption period. There were no unfunded commitments.
- **Money market fund:** The money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year-end and is classified within Level 1 of the fair value hierarchy. These funds are highly liquid and invest in short-term, high-quality instruments such as U.S. Treasury bills and commercial paper.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2025 are as follows:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 64,083,371	\$ -	\$ -	\$ 64,083,371

Investments at fair value as of December 31, 2024 are as follows:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 124,331,567	\$ -	\$ -	\$ 124,331,567

	<u>\$ 130,746,888</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 136,267,227</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Tax Status

On November 14, 2022, the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan's management believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2022.

Note 6. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Individually nonmaterial expenses paid to parties-in-interest aggregated \$51,762 during the year ended December 31, 2025. The Company provides certain administrative services at no cost to the Plan.

Notes to Financial Statements
December 31, 2025 and 2024

Note 7. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 8. Plan Termination

Although the Company has not expressed any intent to do so, the Company reserves the right to terminate the Plan in whole or in part at any time subject to the provisions set forth in ERISA. Upon termination, all participants become fully vested in their individual accounts.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31:

	<u>2025</u>	<u>2024</u>

Net assets available for benefits per Schedule H of Form 5500	<u><u>\$ 146,719,255</u></u>	<u><u>\$ 137,057,969</u></u>

The following is a reconciliation of the statement of changes in net assets available for benefits to the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	\$ 17,469,109
Plus: prior year employer contribution receivable	57,832
Less: current year employer contribution receivable	<u>(90,905)</u>
Net increase per Schedule H of Form 5500	<u><u>\$ 17,436,036</u></u>
