Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CROWE LLP

(2) EIN: 35-0921680

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		20000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	X		
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 11980119

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Doe Run Resources Corporation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of November 30, 2025 and December 31, 2024 and the related statement of changes in net assets in liquidation for the period ended November 30, 2025 and for the year ended December 31, 2024, and the statement of accumulated plan benefits in liquidation as of December 31, 2024, and the related statement of changes in accumulated plan benefits in liquidation for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of November 30, 2025 and December 31, 2024, and for the period ended November 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

(Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the period ended November 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

THE DOE RUN RESOURCES CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
November 30, 2025 and December 31, 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Doe Run Resources Corporation Retirement Plan (the “Plan”), is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General: The Plan is a noncontributory defined benefit pension plan covering substantially all of the employees of The Doe Run Resources Corporation (the Company) in the Plan as of July 1, 2005, who are salaried employees, payroll employees at Herculaneum, and hourly employees at Southeast Missouri, Glover and the Buick Smelter Site who had provided at least one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 11, 2005, the Company’s Board of Directors adopted changes to the Company’s defined benefit pension plan. Effective July 1, 2005, no new employees were eligible to participate in the plan and participants’ benefits accruals were ceased.

Plan Administration: A portion of the investments of the Plan, along with certain other defined benefit plans sponsored by The Renco Group, Inc. (Renco) and its subsidiaries are invested under the directed trusteeship of Principal Bank as of November 30, 2025 and December 31, 2024. The Company is a member of Renco’s controlled group and entered into the Master Trust effective May 1, 2007.

Contributions: The funding policy is for cash contributions to be made to the Plan in amounts not less than the amount necessary to prevent an accumulated funding deficiency, as defined in Section 412 of the Internal Revenue Code (“IRC”). The Plan met the minimum funding requirements of ERISA for the period ended November 30, 2025 and for the year ended December 31, 2024.

Pension Benefits: Eligible former employees are entitled to annual pension benefits beginning at normal retirement age (65) in accordance with the schedules set forth in the plan document. The Plan permits early retirement starting after age 55 through 64 subject to an early retirement reduction.

Participants may elect to receive the value of their accumulated plan benefits in various forms including a single life annuity and periodic payments for a number of years not to exceed the remaining life expectancy of the participant and a designated beneficiary. If the value of an employee’s benefit is \$1,000 or less, the full amount is automatically paid in a single lump sum.

Vesting: Employees are 100 percent vested once they have accumulated five years of credited (benefit) service with the Company. Effective July 1, 2005, participants ceased to accrue benefits service.

Termination and Asset Reversion: Effective September 30, 2024, the Plan Sponsor formally terminated the Plan in accordance with the provisions of ERISA, as amended. Consequently, the Plan adopted the liquidation basis of accounting for all periods presented after the termination date. The Plan received a favorable determination letter from the Internal Revenue Service (IRS) and required clearances from the Pension Benefit Guaranty Corporation (PBGC) during 2025, authorizing the final distribution of Plan assets and settlement of participant obligations.

In accordance with ERISA Section 4044 and the Plan’s termination provisions, all participant benefit obligations were fully and legally satisfied during the period ended November 30, 2025. The Plan discharged these liabilities through the purchase of a group nonparticipating annuity contract from Commonwealth Annuity and Life Insurance Company for \$49,661,096. Following these transactions, the Plan has no remaining benefit obligations to participants or beneficiaries.

THE DOE RUN RESOURCES CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
November 30, 2025 and December 31, 2024

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Pursuant to the Plan document and applicable statutory requirements, any residual assets remaining after the complete satisfaction of all participant liabilities and administrative expenses revert to the Plan Sponsor. During the period ended November 30, 2025, the Plan completed its final distributions. The excess net assets, totaling \$11,980,119, were transferred and reverted back to the Plan Sponsor. This transfer is reflected as a separate line item, "*Reversion of excess assets to plan sponsor*," in the Statement of Changes in Net Assets Available for Benefits.

During the period ended November 30, 2025, the Plan Sponsor determined that approximately 25% of the Plan's excess assets, totaling \$4,040,000, would be transferred to The Doe Run Resources Corporation 401(k) Plan, a qualified plan.

As of November 30, 2025, all Plan assets have been fully distributed, all liabilities have been discharged, and the Plan has ceased all operational existence.

Death and Disability Benefits: If an active participant dies, a death benefit in the form of a survivor annuity representing the participant's earned benefit is paid to the participant's beneficiary. Participants who are age 40 to 65 who become totally disabled and have at least 15 years of vesting service will be eligible to receive a disability retirement benefit from the Plan.

Administrative and Investment Management Expenses: The Plan's trustee, custodian and actuarial fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are paid by the Plan and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company or sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Due to the decision to terminate the Plan effective September 30, 2024, management determined that liquidation was imminent, and therefore the financial statements as of and for the period ended November 30, 2025 and as of and for the year ended December 31, 2024 are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America. There was not a material impact on the net assets of the Plan as the fair value of the Plan's investments have been determined to approximate liquidation values. See Note 7 for the impact of the liquidation basis on the accumulated plan benefits.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are reflected on a trade-date basis. Gain or loss on sales of securities is based on either the average cost or identified certificate method. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan and those held as underlying investments of the Master Trust. There has been no change in the methodologies used at November 30, 2025 and December 31, 2024.

Plan Interest in Master Trust: The fair value of the Plan's interest in the Master Trust reflects the Plan's interest in the fair value of the underlying net assets of the Master Trust. The methodologies for determining the fair values of the underlying investments are described below.

Pooled Separate Account: The fair values of participation units held in the pooled separate account are based on its net asset value, as reported by the manager of the pooled separate account, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Mutual Fund and Money Market Fund: The fair values of mutual fund investments and money market funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participant units held in collective trusts are based on the net asset values per unit as a practical expedient as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Fixed Income Securities: The fair values of fixed income securities are determined for each security as noted below.

U.S. Government and Municipal Debt: The fair values of certain U.S. Government securities are based upon quoted market prices (Level 1). Other U.S. Government and Municipal debt are valued using recent bid prices and asked prices when available or pricing models maximizing the use of observable inputs for similar securities (Level 2).

Corporate Debt: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings (Level 2 inputs).

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Hedge Funds: The hedge funds are measured at fair value using the net asset value per share (or its equivalent) practical expedient provided by the funds and their administrators.

Relative Value: These funds attempt to capture pricing inefficiencies/differentials between related securities while trying to minimize the impact of general market movements. Different relative value strategies include convertible bond arbitrage, statistical arbitrage, pairs trading, yield curve arbitrage, volatility arbitrage, commodity relative value, and basis trading. These investments are exempt from redemption until the funds are liquidated. The Master Trust's interest in these locked funds was \$140,995 and \$155,955 as of December 31, 2025 and 2024, respectively.

Credit: Funds utilizing this strategy may take long or short positions in corporate bonds, loans, credit derivatives, convertible bonds, asset-backed securities, equities and equity derivatives. In most cases Portfolio Managers will take long or short positions in instruments that reflect credit exposure to the same entity. Credit Portfolio Managers may invest in both investment grade and non-investment grade credit issuers, while also very often holding positions where the underlying exposures are to debt and equity securities of companies in financial difficulty, reorganization or bankruptcy. These investments are exempt from redemption with certain funds being lock until the funds are liquidated. The Master Trust's interest in these locked funds was \$1,555,916 and \$784,156 as of December 31, 2025 and 2024, respectively.

Merger Arbitrage/Event driven: These funds invest in a variety of strategies, including investments in secured and senior secured debt, distressed securities and other credit -related strategies including credit markets across the globe, preferred and hybrid securities, high yield bonds, corporate loans, and convertible bond arbitrage. The fund in this category is exempt from redemption until the fund is liquidated. The Master Trust's interest in this locked fund was \$51,532 and \$63,586 as of December 31, 2025 and 2024, respectively.

Long/short Equity: These funds invest in long and short equities with focuses on the financial sector, energy and materials, bad balance sheet companies, large and small cap, catalyst driven investments, technology, and undervalued securities. The fund in this category is exempt from redemption until the fund is liquidated. The Master Trust's interest in this locked fund was \$93,346 and \$61,635 as of December 31, 2025 and 2024, respectively.

Multi-strategy: This fund invests in multiple strategies, including equities, derivative investments, distressed securities, fixed income, long/short equity, direct capital activities, various arbitrage strategies, credit event driven, real estate, and global securities. This fund is exempt from redemption until the fund is liquidated. The Master Trust's interest in the locked fund was \$30,200 and \$118,232 as of December 31, 2025 and 2024, respectively.

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets in liquidation.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' accumulated years of service as of July 1, 2005, the plan freeze date. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

(Continued)

THE DOE RUN RESOURCES CORPORATION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
November 30, 2025 and December 31, 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The actuarial present value of accumulated plan benefits is determined by the Plan's consulting actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits at December 31, 2024 was calculated by consulting actuary Principal Financial Group.

The more significant assumptions used in the valuation as of December 31, 2024 are as follows:

Settlement rate:	5.15%
Mortality basis:	Pri-2012 Mortality Table with
	Principal Mortality improvement scale (2024 MI)
Retirement age:	Graded range from 55 to 69

The foregoing actuarial assumptions are based on the presumption that the Plan will terminate during 2025 and that participant benefit obligations will be satisfied through the purchase of a group annuity contract. See Note 7 for the impact of liquidation basis of accounting on above significant assumptions.

The assumed rate of return is 5.15% and 5.00% as of December 31, 2024 and December 31, 2023 respectively. This change in assumption resulted in a reduction to the accumulated benefit obligation of \$344,337.

Use of Estimates in the Preparation of Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period.

Actual results could differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimate of the actuarial present value of accumulated plan benefits.

Risks and Uncertainties: The Plan invests in a variety of investments either directly or through the Master Trust. The underlying investments are exposed to various risks, such as interest rates, market, liquidity, credit risks, as well as risks related to the ongoing global Coronavirus pandemic. Due to the level of risk associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets in liquidation.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, mortality rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the Plan's financial statements.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Hedge Funds: The Plan invests in a variety of hedge funds through its interest in the Master Trust. The investment managers of these hedge funds might utilize derivatives, including calls and puts, currency hedges, options, and foreign exchange hedges. The use of derivative instruments could materially increase the credit or market risk of the Plan's assets and increase the level of the volatility of the market value of the Plan's assets. The use of such instruments also introduces a risk of potential loss relating to the ability of the counterparty to perform as of the derivative termination date since the realization of unrealized gains on derivative instruments is wholly dependent upon the ability of the counterparty to honor the derivative arrangement.

Benefit Payments: Benefit payments to participants are recorded upon distribution.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments included in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at November 30, 2025 and December 31, 2024, and net appreciation in fair value of investments, interest and dividends for the period and year then ended, with the exception of \$0 and \$8,794,029 as of November 30, 2025 and December 31, 2024, respectively, in the Plan's interest in the hedge funds held in the Master Trust and \$48,841 and \$31,641 of related income during 2025 and 2024, respectively; was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Principal Bank as of and for the period ended November 30, 2025 and as of and for the year ended December 31, 2024.

NOTE 4 - MASTER TRUST

The majority of the Plan's assets, along with the assets of other defined benefit plans sponsored by Renco and its subsidiaries are invested in the Master Trust. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Each participating plan in the Master Trust has an undivided interest in the assets of the Master Trust. Due to the termination of the Plan discussed in Note 1, the Plan's remaining interest in the Master Trust was liquidated as of November 30, 2025, at which point the Plan no longer held an interest in the Master Trust. The Plan held approximately 73% interest in the net assets of the Master Trust as of December 31, 2024. Investment income and losses and administrative expenses relating to the Master Trust are allocated to the individual plans monthly based on each plan's percentage interest in the net assets of the Master Trust.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the net assets of the Master Trust.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 17, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2025 and December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

The Company provided, and Renco provides certain administrative services to the Plan for which it receives no compensation.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain Plan investments and Master Trust investments at December 31, 2025 and 2024, were in funds managed by Principal Bank, trustee of the Plan at December 31, 2025 and 2024, and therefore were party-in-interest investments. Certain Plan investments at December 31, 2025 and 2024, were in funds managed by Principal Life Insurance Company a member of the Principal Financial Group. Principal Financial Group is a third-party administrator and actuary for the Plan; therefore, these investments constitute party-in-interest investments.

NOTE 7 – NOVEMBER 30, 2025 ACTUARIAL VALUATION (UNAUDITED)

The November 30, 2025 actuarial valuation was completed prior to the release of the financial statements. A summary of the actuarial valuation information provided by the plan's actuary, which has not been audited by independent accountants, is provided below for informational purposes. The below summary was prepared by the actuary using the liquidation basis of accounting under the assumption that the plan was terminated with assets to be liquidated in 2025.

The actuarial present value of accumulated plan benefits in liquidation as of November 30, 2025 is as follows:

Actuarial present value of accumulated plan benefits in liquidation

Vested benefits:

Participants currently receiving payments	\$ -
Other participants	<u>-</u>

Total actuarial present value of accumulated plan benefits in liquidation \$ -

Changes in the actuarial present value of accumulated plan benefits in liquidation as of November 30, 2025 are as follows:

Actuarial present value of accumulated plan benefits in liquidation

at beginning of year	\$ 54,627,974
Increase (decrease) during year attributable to:	
Benefits accumulated (prior to July 1, 2005) and plan experience	(5,098,656)
Increase for interest accumulated	1,392,029
Benefits paid	<u>(50,921,347)</u>

Actuarial present value of accumulated plan benefits at end of year in liquidation \$ -

The more significant assumptions used in the valuation as of November 30, 2025 are as follows:

Settlement rate:	5.15%
Mortality basis:	Pri-2012 Mortality Table with Principal 2024 MI improvement scale
Retirement age:	Graded range from 55 to 69
