INDEPENDENT AUDITOR'S REPORT

To the Puerto Rico Energy LLC Benefits Committee,
Puerto Rico Energy LLC Retirement Savings Plan
San Juan, Puerto Rico

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements Puerto Rico Energy LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Puerto Rico Energy LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Cont'd)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Puerto Rico Energy LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Puerto Rico Energy LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Puerto Rico Energy LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Puerto Rico Energy LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year as of December 31, 2025 and 2024 of Puerto Rico Energy LLC Retirement Savings Plan are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA (Cont'd)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Contributions

For the years 2025 and 2024, participants could contribute up to a maximum of \$15,000, of pre tax annual compensation, as defined in the Plan. In addition to the maximum amount of pre tax contributions allowed under the Plan, participants who have attained age 50 or over could make catch-up contributions of up to \$1,500 each plan year. Voluntary after-tax contributions are permitted up to of 10% of the participant's compensation. Participants directed all or a portion of the investment of their contributions into various investment options offered by the Plan. The Company matched participants' contributions at the rate of \$1.00 for each dollar of participant's pre-tax contribution, up to a maximum of 5% of participant's compensation. No such additional discretionary contributions were made for the years ended December 31, 2025 and 2024. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants accounts and forfeitures

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsors' contribution, and (b) Plan earnings. The portion of a participant's account not vested at the date of his termination of employment is forfeited immediately. Forfeitures accrued during a plan year are first used to reduce employer matching contributions or to reduce or pay the administrative expenses of the Plan, as decided by the Plan Sponsors annually. At December 31, 2025 and 2024 forfeitures amounted to \$39,676 and \$93,761 and were used to pay Plan administrative expenses.

PUERTO RICO ENERGY LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIE (CONT'D)

Investment valuation and income recognition

Investments are recorded at fair market as determined by quoted market prices of the securities held in the funds. The unrealized appreciation or depreciation of the investments, based upon the quoted market value at December 31, 2025 and 2024, is recorded as an increase or decrease in net assets available for benefits.

The Plan's investments consist mainly of "units of participations" maintained in various investment funds held by the Trustee. Such investment are stated at fair value. Quoted market price are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participants' loans are valued at the outstanding loan balances.

Purchase and sales of securities are recorded on a trade-date basis. Interes income is recorded on the accrual basis. Dividens are recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid. There were no benefits payable to terminated participants as of December 31, 2025 and 2024.

Transfer of assets from/to other plans

Terminated employees or retirees may transfer their savings from/to other plans qualified by the Puerto Rico Treasury Department (the "PRTD") and the PR Code.

Estimates

The preparation of financial statements in conformity with U.S.A. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

PUERTO RICO ENERGY LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

For the years ended December 31, 2025 and 2024, the Plan's mutual fund investments and fixed annuities including gain and losses on investments bought and sold, as well as held during the years appreciated in value by \$1,966,520 and \$705,821, respectively.

NOTE D - FAIR VALUE MEASUREMENT

FASB ASC 820-10, "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Basis of fair value measurement:

- Level 1- Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2- Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3- Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at liquidation value based on actuarial formula as defined under the terms of the contract. No observable price.

Fixed income: Valued at the closing price reported in the active market in which the individual security is traded.

Separate investment accounts: Unit value is calculated based on the observable NAV of the underlying investment.

PUERTO RICO ENERGY LLC RETIREMENT SAVINGS PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE D - FAIR VALUE MEASUREMENT (CONT'D)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets fair value measurement as of December 31, 2025 and 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE E - ROLLOVERS CONTRIBUTIONS

For the years ended December 31, 2025 and 2024 a total amount of \$0 and \$8,610, respectively, were rolled into the Plan, and are included in rollovers and other contributions on the statement of changes in net assets available for benefits.

NOTE F - PLAN TERMINATION

Although it has not been expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

PUERTO RICO ENERGY LLC RETIREMENT SAVINGS PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE G - TAX STATUS

The Plan is qualified under Section 1081.01(d) of the PR Code, and therefore the trust is exempt from taxation. In the normal course of business, the Plan is potentially subject to income tax audits in the Commonwealth of Puerto Rico for its taxable years 2021 to 2025, until the applicable statute of limitations expire. Tax audits by their nature are often complex and can require several years to complete.

In general, contributions to a qualified plan are deductible by the Sponsor when made, earnings of the trust are tax exempt, and participants are not taxed on their benefits until withdrawn from the plan.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

NOTE H - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - PARTY IN INTEREST AND PROHIBITED TRANSACTIONS

Empower Retirement, LLC is the recordkeeper and custodian for the Plan and, therefore, these transactions qualify as party in interest transactions.

For the years ended December 31, 2025 and 2024, the Company remitted several participant contributions totaling \$1,500 and \$28,297, respectively, to the trustee later than required by Department of Labor ("DOL") Regulation 2510.3-102. Participant accounts will be credited with earnings in accordance with DOL guidelines. The Plan also has accrued late remittances for prior years in the amount of \$548,190. Therefore, the total late remittances pending correction amount to \$549,690 for plan years 2021 through 2025.

Fees paid through the Forfeiture/Asset Holding Account.....	<u>63,193</u>
Combined expense information.....	153,522
 Add: Withdrawal charges not included in the combined expense information.....	 2,660
Less: AMA Managed Account Fees not reported on Schedule C.....	5,051
Less: Loan Origination Fees not reported on Schedule C.....	<u>800</u>
Fees reported on Schedule C of Form 5500.....	<u>\$ 150,331</u>

The \$2,660 of Withdrawal Charges consists of \$1,810 of Group Level Processing Fees, \$50 of Periodic Payment Origination Fees, and \$800 of Loan Origination Fees. The fee reports indicate that the Group Level Processing Fees and Periodic Payment Origination Fees, totaling \$1,860, were reported on Schedule C, while the \$800 of Loan Origination Fees and the \$5,051 of AMA Managed Account Fees were not reported on Schedule C.

These adjustments fully reconcile the combined expense information to the \$150,331 reported on Schedule C. They also explain the \$3,191 difference between the combined expense information of \$153,522 and the Schedule C amount of \$150,331 as the \$5,051 of AMA Managed Account Fees excluded from Schedule C is offset by the \$1,860 of Withdrawal Charges included on Schedule C but not in the combined expense information.
