Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HTC**

(2) EIN: **38-2498459**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☒		
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditor's Report

To the Plan Administrators and Participants of Dematic Corp. Retirement Plan for Salaried Employees
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dematic Corp. Retirement Plan for Salaried Employees (The Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements which comprise the statement of net assets in liquidation as of November 5, 2025 and December 31, 2024 and the related statement of changes in net assets in liquidation for the period ended November 5, 2025 and year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of November 05, 2025 and December 31, 2024, and for the period and year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

Note 1 - Description of the Plan

The following brief description of the Dematic Corp. Retirement Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan covering substantially all non-union employees of Dematic Corp. (the Company, or the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Prior to December 31, 2004, eligible employees of the Company became participants in the Plan on the first day of the month following completion of a year of employment in which 1,000 hours were credited.

Effective January 1, 2005, certain employees of the Company who met the eligibility requirements began participation in the Siemens Pension Plan, a cash balance pension plan sponsored by Siemens Corporation. The current values of cash balance accounts of Dematic employees who accrued benefits under the Siemens Pension Plan were transferred to the Plan during 2007 and continue to be maintained. Interest is credited to cash balance accounts using an interest rate determined under Section 417(e)(3) of the Internal Revenue Code (IRC).

As of December 31, 2004, the Plan was amended to freeze Plan participation. As of this date, no new participants are eligible to enter the Plan.

Contributions

There are no employee contributions allowed under the Plan. Employer contributions are actuarially determined on the basis of retirement benefits of all participating employees. The Company's policy is to fund the Plan as required by ERISA. Minimum funding requirements have been met.

Vesting

Participants become fully vested as follows, as defined in the Plan Document.

Reaching retirement age or becoming disabled while employed	Immediately
Terminating prior to retirement age or becoming disabled while employed	Attaining 3 years of prior service
Not having been employed after December 31, 2007	Attaining 5 years of prior service

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

In connection with the termination of the Plan (see Note 7), all participants became fully (100%) vested in their accrued benefits as of the Plan's termination date, regardless of whether they had otherwise satisfied the vesting requirements described above, in accordance with the vesting protections required upon plan termination under ERISA and the Internal Revenue Code.

Benefits

The normal monthly retirement benefit is generally calculated based on a final average pay formula times years of service not to exceed 40 years, less benefits earned under the former Rapistan Corporation Profit Sharing Plan for participants with profit sharing account balances as of June 30, 1985. The normal benefit is adjusted for early or late retirement, disability, or upon the participant's death, as stated in the Plan Document. As of December 31, 2004, a participant shall not earn any additional years of credited service. As of December 31, 2013, each component used in calculating a participant's accrued benefit shall be frozen.

Certain participants who earned benefits under the former Siemens Pension Plan will receive a retirement benefit based on their cash balance account as of August 31, 2006, increased annually by an interest credit as determined under Section 417(e)(3) of the IRC as of August of the preceding calendar year.

The normal retirement benefit is generally payable as a monthly annuity over the participant's life. Married participants' benefits are generally payable jointly and evenly with their surviving spouse. If a participant's total pension is valued at \$5,000 or less, the amount will be paid to the participant in a single lump sum.

Plan Operations

The Company has appointed Principal Trust Company (the Trustee, or Principal) to serve as the Trustee, and the Company to act as the Plan Administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions, and processing distributions to participants. The Plan Administrator interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions to participants.

Administrative and Investment Expenses

Certain administrative expenses and Pension Benefit Guaranty Corporation (PBGC) premiums are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred with the operation of the Plan are paid by the Company. In addition, certain Plan expenses have been offset by revenue sharing income and are included on the Statements of Changes in Net Assets in Liquidation.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

Due to the approved plan of termination for the Dematic Corp. Retirement Plan for Salaried Employees, the Plan has changed its basis of accounting to the liquidation basis used in presenting the 2025 and 2024 financial statements.

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Net investment appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return on such assets.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Note 3 - Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, and other input that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds – These funds are valued based on the quoted market price in an exchange and active market, based on the net asset value (NAV) of the shares held by the Plan on the last business day of the Plan year.

Pooled Separate Accounts (PSAs) – These accounts are valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying asset values are based on quoted prices, the PSAs are not publicly traded on an active market. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments or other restrictions associated with these investments.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments, by level, within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

The plan held no investments as of November 5, 2025.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Mutual funds	\$ 107,447,501	\$ -	\$ -	\$ 107,447,501
Total investments at net asset value*	-	-	-	63,420,779
Total investments, at fair value	\$ 107,447,501	\$ -	\$ -	\$ 170,868,280

*The investments in PSAs are measured at fair value using NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets in liquidation.

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

Note 4 - Investments and Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of November 5, 2025 and December 31, 2024 and for the years then ended. Accordingly, Principal Trust Company, Principal Global Investors Trust Company, and Principal Life Insurance Company, qualified institutions, have certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets in liquidation as of November 5, 2025 and December 31, 2024.
- Investment income as shown in the accompanying statements of changes in net assets in liquidation for the period ended November 5, 2025 and year ended December 31, 2024

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include the benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their service during the applicable period ending on the date as of which the benefit information is presented. Benefits payable under all circumstances (retirement, death, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered up the valuation date.

The actuarial present value of accumulated plan benefits is determined by a consulting actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following significant actuarial assumptions were used in the actuarial calculation as of January 1, 2025:

Retirement age	Rate varies depending on retirement age between ages 60 and 65
Interest rate (%)	4.75
Mortality	MP-2021

The Plan Administrative Committee adopted a resolution on May 31, 2024 to terminate the Plan. The actuarial present value of accumulated plan benefits presented below was determined by the Plan's actuary as of January 1, 2025, the most recent valuation date preceding final settlement,

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

using assumptions consistent with the Plan's termination basis, including settlement interest rates and updated mortality tables.

The Plan had previously ceased benefit accruals and was terminated effective May 31, 2024. During 2025, participant benefit obligations were settled through lump-sum distributions, the purchase of a group annuity contract, and transfers to the Pension Benefit Guaranty Corporation (PBGC) Missing Participants Program. Because all participant obligations were settled and all Plan assets were distributed upon completion of the termination process, no actuarial valuation was performed as of the Final Distribution Date. The effect of these settlement transactions is disclosed in Note 7.

The final cost of settling Plan obligations may have differed from the actuarial present value disclosed below due to market fluctuations, participant elections, and annuity pricing.

As of January 1, 2025, the actuarial present value of accumulated plan benefits was as follows:

Vested benefits:

Participants currently receiving benefits	\$	108,800,800
Other vested benefits		80,708,165

Total Actuarial Present Value of Accumulated Plan Benefits	\$	189,508,965
---	-----------	--------------------

The change in actuarial present value of accumulated plan benefits are as follows:

Actuarial Present Value of Accumulated Plan Benefits, January 1, 2024	\$	177,196,441
---	----	-------------

Increase (decrease) during the year due to:

Benefits accumulated and Plan experience ⁽¹⁾	(1,004,081)
Interest due to decrease in the discount period	8,624,397
Change in assumptions	14,225,504
Actual benefits paid	(9,533,296)

Net Increase	12,312,524
--------------	------------

Actuarial Present Value of Accumulated Plan Benefits, January 1, 2025	\$	189,508,965
--	-----------	--------------------

⁽¹⁾ Annual update to Mortality Improvement Scale is included in Plan experience.

Note 6 - Party-in-interest Transactions

Certain Plan investments are shares of PSAs managed by affiliates of Principal. Principal is the Trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Principal for services rendered to the Plan were \$347,729 and \$22,262 for the period ended November 05, 2025 and the year ended December 31, 2024, respectively.

Note 7 - Plan Termination

On May 31, 2024, the Plan Administrative Committee adopted a resolution that amended the defined benefit plan to terminate the Plan and authorized the settlement of participant benefit

Dematic Corp. Retirement Plan for Salaried Employees

Notes to Financial Statements

obligations in accordance with the Plan's provisions and applicable regulatory requirements. The Internal Revenue Service approved the Plan's Form 5310 application for a determination letter in June 2025.

The Plan was terminated effective May 31, 2024, with the final distribution of all Plan assets and complete settlement of all benefit obligations occurring on November 5, 2025 (the "Final Distribution Date"). The Plan had been frozen for several years prior to termination, and no additional benefits accrued after the Plan's termination approval, other than applicable cash balance interest credits. Participant obligations were determined through the termination process and settled as of the Final Distribution Date. Accordingly, no actuarial valuation was performed as of the Final Distribution Date, and the actuarial present value of accumulated plan benefits presented in Note 7 is stated as of January 1, 2025, the most recent actuarial valuation date.

During the period from January 1, 2025 through the Final Distribution Date, all Plan benefits were settled through the following:

- Purchase of a group annuity contract in the amount of \$122,228,664
- Lump-sum distributions and direct rollovers paid to participants and beneficiaries in the amount of \$44,313,455
- Amounts transferred to the PBGC Missing Participants Program in the amount of \$415,699 relating to 17 participants

As a result of these settlement transactions, all remaining participant benefit obligations were settled as of the Final Distribution Date. Following the settlement of participant obligations and payment of Plan expenses, approximately \$9.1 million of residual Plan assets was transferred to the sponsor's qualified replacement defined contribution plan in accordance with the Plan's provisions and applicable regulatory requirements. No Plan assets or benefit obligations remained as of the Final Distribution Date.

Note 8 - Tax Status

The Plan obtained its latest determination letter dated November 13, 2013 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 9 - Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through September 15, 2026, the date the financial statements were available to be issued.
