Independent Auditor's Report

To the Participants and Plan Administrator of the
USA DeBusk, LLC Retirement Plan
Deer Park, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the USA DeBusk, LLC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of this report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Information Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2025, are presented for purposes of additional analysis. This information is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

USA DeBusk, LLC Retirement Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the USA DeBusk, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the following: USA DeBusk LLC; G & A Environmental Contractors, LLC; Farr Front Chemical Service, LLC; and USAD ServiceCo LLC (collectively, the "Company" or "Employer"). Certain employees are not eligible to participate in the Plan, including union employees, leased employees, and non-resident aliens. Employees become eligible to make salary deferral contributions upon reaching age 21 and completing 500 hours of service within six months of employment. Effective April 1, 2025, the Plan was amended to permit employees of CIMA Inspection LLC, a related employer, to participate in the Plan. Effective May 31, 2025, the Plan was amended to permit employees of Nitro Lift Technologies, LLC, Nitro-Lift Fabrication LLC, and Nitro-Chem Solutions LLC, a merging employer, to participate in the Plan.

The Plan, which commenced effective February 1, 2014, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was amended and restated effective April 1, 2021, to comply with current law.

The Company is the Plan Sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodian and Trustees

Standard Insurance Company ("Standard" or the "Custodian") is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Two employees of the Company serve as the trustees of the Plan.

Plan Merger- Transfer of Assets to this Plan

Effective May 31, 2025, the Nitro Lift Technologies, LLC Profit Sharing 401(k) Plan merged with and into the USA DeBusk, LLC Retirement Plan. The formal transfer of assets was completed on May 31, 2025, and net assets totaling \$4,534,764 were transferred into the Plan. This amount is included on the statement of changes in net assets available for benefits.

Contributions

Participants may elect to contribute, on a pre-tax or Roth basis, up to 100% of eligible compensation, as defined in the Plan Document, subject to the limitations prescribed by the IRC. Participants who attain age 50 by the end of the Plan year are eligible to make catch-up contributions in accordance with applicable IRC provisions.

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Contributions (continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

The Company may make discretionary matching contributions to the Plan on behalf of eligible participants. For the 2025 plan year, the Company provided a discretionary matching contribution equal to 100% of participant elective deferrals up to 3% of eligible compensation, subject to a maximum match of \$2,000 per participant.

The Company may also make discretionary profit-sharing contributions, as determined by the Employer. To be eligible for discretionary profit-sharing contributions, an employee must be employed on the last day of the Plan year and have completed at least one year of service. No discretionary profit-sharing contributions were made for the year ended December 31, 2025. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document, and participants may direct the allocation of their account balances to one or more of these options. The investment options vary in types of investment, rates of return, and investment risk.

Vesting

Participants are immediately vested in their contributions, plus actual earnings or losses thereon. Employees hired prior to March 31, 2020, are fully vested in Employer matching contributions and profit-sharing contributions when eligible to enroll in the Plan. Employees hired after March 31, 2020, will vest in Employer matching contributions and profit-sharing contributions on a two-year cliff vesting schedule.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 2% above Prime, as defined. Principal and interest are paid ratably through bi-weekly payroll deductions over a period of five years or less for a general loan, and up to thirty years for the purchase of a primary residence.

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant receives a lump-sum distribution of the vested portion of their account balance, or installment payments as defined by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants or beneficiaries who must receive required minimum distributions under the IRC are permitted to receive partial withdrawals or installment payments. Vested account balances of less than \$5,000 are immediately distributed in a lump-sum distribution under the terms of the Plan, without the participant's consent. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59½.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$2,212 and \$3,199, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. During the year ended December 31, 2025, forfeitures of \$39,932 were used to reduce Employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

USA DeBusk, LLC Retirement Plan

Notes to the Financial Statements

December 31, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan has not distributed the 2025 excess contributions to the applicable participants.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Certified by the Custodian

The Plan Administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or is derived from information certified as complete and accurate by Standard Insurance Company, the Plan's Custodian and a qualified institution.

USA DeBusk, LLC Retirement Plan

Notes to the Financial Statements

December 31, 2025 and 2024

3. Information Certified by the Custodian (continued)

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

USA DeBusk, LLC Retirement Plan

Notes to the Financial Statements

December 31, 2025 and 2024

4. Fair Value Measurements (continued)

- **Pooled separate accounts:** Valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by the Custodian. The NAV is based on the fair value of the underlying assets of the fund, net of the investment management fees, and is used as a practical expedient to estimate fair value. Participant transactions generally occur daily, and there are no significant restrictions on participant purchases, redemptions, or unfunded commitments. However, if the Plan requests a full redemption of a pooled separate accounts, the issuer may require up to 12 months' notice to facilitate the orderly liquidation of the underlying investments. Management has concluded that the use of NAV as a practical expedient is appropriate, as it is not probable that the investment would be sold for an amount different from its reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1		Level 2		Level 3		Total
Total assets in the fair value hierarchy	\$	-	\$	-	\$	-	\$ -
Investments measured at NAV (a)		-		-		-	28,148,404
Investments at fair value	\$	-	\$	-	\$	-	\$ 28,148,404

December 31, 2024	Level 1		Level 2		Level 3		Total
Total assets in the fair value hierarchy	\$	-	\$	-	\$	-	\$ -
Investments measured at NAV (a)		-		-		-	15,709,810
Investments at fair value	\$	-	\$	-	\$	-	\$ 15,709,810

(a) In accordance with FASB ASC 820, certain investments (pooled separate accounts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Guaranteed Investment Contract with Insurance Company

Guaranteed investment contracts held through the Minnesota Life Guaranteed Return Account (the "Fixed Account") are issued by Minnesota Life Insurance Company and meet the criteria of fully benefit-responsive investment contracts. Accordingly, these investments are reported at contract value, which represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses. The underlying contract is a traditional guaranteed investment contract under which the issuer is contractually obligated to repay principal and accrued interest at a specified rate. The Fixed Account provides a minimum guaranteed interest rate of 1.00% for the life of the contract.

USA DeBusk, LLC Retirement Plan

Notes to the Financial Statements

December 31, 2025 and 2024

5. Guaranteed Investment Contract with Insurance Company (continued)

The Plan's ability to realize the contract value of these investments is dependent upon the financial ability of the issuer to satisfy its contractual obligations. The issuer's ability to meet these obligations may be affected by future economic and regulatory developments.

Certain events could limit the Plan's ability to transact at contract value with the issuer. These events include, but are not limited to:

- i. The Company's election to fully or partially terminate the agreement upon the required notice period.
- ii. A determination by the IRS that the Plan no longer satisfies the requirements of applicable provisions of the IRC.
- iii. The termination or partial termination of the Plan.
- iv. A breach of the agreement by the Company.
- v. Termination of the agreement by the issuer or custodian in accordance with the contractual notice provisions.

Management is not aware of any events or circumstances that are probable of occurring that would limit the Plan's ability to transact at contract value with the issuer or restrict participants from receiving benefits at contract value.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian, and these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. Tax Status

The Plan operates under an adoption agreement in connection with a preapproved non-standardized profit-sharing plan sponsored by Minnesota Life Insurance Company. This preapproved plan document has been filed with the appropriate agency and obtained a determination letter from the IRS, dated June 30, 2020, stating that the preapproved plan and related trust, as then designed, constituted a qualified plan under Section 401 of the IRC, and therefore were not subject to tax.

USA DeBusk, LLC Retirement Plan

Notes to the Financial Statements

December 31, 2025 and 2024

8. Tax Status (continued)

Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

For the year ended December 31, 2025, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4a - Schedule of Delinquent Participant Contributions totaled \$216,471 in 2025.

The Company will make affected participants whole by contributing the applicable lost earnings attributable to the delayed remittances.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	\$ 29,469,782	\$ 16,830,587

Less: participant contributions receivable, end of year	(449)
Net income per Form 5500	\$ 8,417,745

12. Subsequent Events

Subsequent events were evaluated through August 29, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Cardinal Industrial Services 401(K) Plan merged with and into the USA DeBusk, LLC Retirement Plan and the employees of Cardinal Industrial Services LLC became eligible to participate in the Plan. In addition, USA DeBusk LLC acquired Extreme Nitrogen, LLC, and employees of Extreme Nitrogen, LLC became eligible to participate in the Plan effective April 1, 2026. Prior to these transactions, Cardinal Industrial Services LLC and Extreme Nitrogen, LLC maintained separate retirement plans for the benefit of their respective employees. The merger and acquisition expanded participation in the Plan to include eligible employees from both organizations.
