INDEPENDENT AUDITORS' REPORT

To the Administration and Participants of
The Hartz Group, Inc. 401(k) – Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Hartz Group, Inc. 401(k) – Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C)” audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Hartz Group, Inc. 401(k) – Retirement Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Hartz Group, Inc. 401(k) – Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Hartz Group, Inc. 401(k) – Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Hartz Group, Inc. 401(k) – Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Hartz Group, Inc. 401(k) – Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The following brief description of The Hartz Group, Inc. 401(k)- Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan, established July 1, 1996, is a defined contribution plan administered by The Hartz Group, Inc. (the “Company”), and covers the employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan Administrator is responsible for oversight of the Plan, including the appropriations of the Plan’s investment offerings and monitoring investment performance.

The assets of the Plan were managed and maintained by the Principal Trust Company (“Principal” or “Trustee”) for the years ended December 31, 2025 and 2024.

Eligibility

All full-time employees who have met certain age requirements are automatically enrolled in the Plan to defer 6% of pre-tax compensation beginning on the first day of the month following the date an employee is hired, unless they complete a waiver to either choose a different contribution percentage or not participate. Employees subject to collective bargaining agreements are not eligible to participate.

Voluntary participation is effective on the first day of the month following the date an employee is hired for all employees of the Company and its subsidiaries who have met certain requirements as to age.

Contributions

Eligible employees electing to participate in the Plan are automatically enrolled to contribute 6% of their base pay, as defined by the Plan. Employees may elect to defer additional earnings up to statutory limitations imposed by the Internal Revenue Service (“IRS”). Certain eligible participants (age 50 and over) are permitted to contribute an additional \$7,500 as catch-up contributions for 2025 and 2024.

After one year of employment and completion of a minimum of one thousand hours of service, the Company makes contributions to the equivalent of 50% of the first 6% of the contributions made by participating employees. Company contributions are invested in the same funds and in the same proportions as the participant contributions.

Rollover contributions are permitted into the Plan in accordance with IRS regulations and Plan provisions.

Participant Accounts

A separate account is maintained for each participant. Each participant’s account is credited with his or her contribution, the Company’s matching contribution, allocations of earnings or losses are based upon the investment performance of the individual funds in which each participant’s account balance is invested. Allocation of any administrative expenses are based upon account balances, as defined in the Plan agreement. Participating employees may elect to allocate their contributions to various funds in any combination of 1%

increments that combined equal 100%. Participants may change their allocations on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan allows participants the option of borrowing against their available vested fund balances. The minimum amount of any participant loan at origination is \$1,000 and the maximum loan amount and the total of all outstanding loans shall not exceed the lesser of 50% of the vested portion of the participant's account balance or \$50,000. Participants are required to repay loans in weekly installments. All loans other than for a primary residence must be repaid within five years. Loans for a primary residence must be repaid within a maximum of 30 years. The interest rate associated with each participant loan is prime plus 1% at the loan origination date. Notes receivable as of December 31, 2025 and 2024, carry interest rates ranging from 4.25% to 9.50% with various maturities through March, 2054.

Vesting

Participants are 100% vested in all participant contributions and 100% vested in company contributions after five years of employment.

Payment of Benefits

Distributions of participant account balances occur upon termination of employment, retirement, disability or death. Participants have the option to defer the distribution of benefits. Participants are prohibited from making contributions during the deferral period. There were no amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2025 and 2024.

Forfeited Accounts

At December 31, 2025, there was \$999 of forfeited non-vested accounts. At December 31, 2024, there was \$37 of forfeited non-vested accounts. Any future forfeited non-vested accounts will be used to reduce future employer contributions or pay Plan expenses. For the year ended December 31, 2025, there were \$40,623 of forfeitures utilized to reduce employer contributions and \$1 of forfeitures utilized to pay plan expenses. For the year ended December 31, 2024, there were \$52,959 of forfeitures utilized to reduce employer contributions and \$2 of forfeitures utilized to pay plan expenses.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and other administrative services provided to participants are charged directly to the respective participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation/appreciation of fair value of investments.

The Hartz Group, Inc.
401(k) - Retirement Plan
Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan invests in various securities including mutual funds and common/collective. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections including active and passively managed funds covering multiple asset classes. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

The following table sets forth the Plan investment assets at fair value that represent a concentration equal to or greater than 10% of the Plan's net assets available for benefits as of December 31, 2025 and 2024:

	<u>As of December 31,</u>	
	<u>2025</u>	<u>2024</u>
Vanguard Target Retirement 2030 Investment Fund	\$ 19,596,068	\$ 17,018,494
Vanguard Target Retirement 2025 Investment Fund	15,907,133	15,023,623
Vanguard Target Retirement 2035 Investment Fund	15,022,987	12,335,453
Vanguard Total Stock Market Index Admiral Fund	13,328,179	12,030,011
Vanguard Treasury Money Market Investment Fund Index	--	11,820,152

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

The Hartz Group, Inc.
401(k) - Retirement Plan
Notes to Financial Statements

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net depreciation/appreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation of those investments.

3. Information Certified by the Trustee (unaudited)

The Plan management has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee with information included in the Plan's financial statements and supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i- Schedule of Assets (Held at End of Year).

Statements of Net Assets Available for Benefits:

	As of December 31,	
	<u>2025</u>	<u>2024</u>
Investments, at fair value	\$ 118,821,206	\$ 102,295,043

Statements of Changes in Net Assets Available for Benefits:

	For the year ended December 31,	
	<u>2025</u>	<u>2024</u>
Net appreciation in fair value of investments	\$12,438,059	\$7,849,119
Dividends	3,016,146	2,519,218

All investment-related information in the accompanying supplemental schedule of Form 5500, Schedule H, Part IV, Item 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

4. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provision of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

As a result of a reduction of the Plan sponsor's workforce in May, 2020, the Plan experienced a partial plan termination as defined by Internal Revenue Service ("IRS") Revenue Ruling 2007-43. Under the IRS rule, a partial plan termination occurs if 20% of the Plan's participants are terminated because of an action taken by the plan sponsor. If a partial plan termination occurs, full vesting in the employer's contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of their partial plan termination.

5. Tax Status of the Plan

Effective November 1, 2019, the Plan was restated under a Principal Group 401(k) Volume Submitter document ("Volume Submitter"). The form of the Volume Submitter was deemed acceptable for use by employers under Section 401 of the Internal Revenue Code ("IRC") by the IRS on August 8, 2014. The Company believes the Plan and related trust are designed and operated in compliance with section 401(a). Therefore, the Company believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

6. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The Hartz Group, Inc.
401(k) - Retirement Plan
Notes to Financial Statements

Common/collective trust: The Plan has an investment held in a common collective trust fund with Credit Suisse, which consists of investments in commodity-linked derivative instruments and fixed securities. These investments are valued at their net asset value (“NAV”) per share as of the close of business on the valuation date. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair market value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan’s investment assets at fair value by level within the fair value hierarchy as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 118,145,253	\$ -	\$ -	\$ 118,145,253

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Hartz Group, Inc.
401(k) - Retirement Plan
Notes to Financial Statements

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common Collective Trust	\$ 675,953	N/A	Daily	None	None

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common Collective Trust	\$ 151,557	N/A	Daily	None	None

7. Party-In-Interest Transactions

A portion of the Plan's investments include shares of common collective trusts and a guaranteed investment contract that are managed by affiliates of Principal. Principal is the Trustee of these investments as defined by the Plan. Administrative fees paid by the Plan totaled \$190,818 and \$216,405 for the years ended December 31, 2025 and 2024, respectively. Loans to the participants are secured by balances in the respective participant accounts. These transactions qualify as party-in-interest transactions and are exempt from prohibited transaction rules.

8. Reconciliation to Form 5500

No material differences exist between the statements and Form 5500.

9. SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Setting Every Community Up for Retirement Enhancement ("SECURE") Act 2.0. The SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. The Plan Administrator did not adopt any of the optional provisions for 2025 and accordingly, there was no material impact to the Plan's 2025 financial statements.

10. Subsequent events

The Plan has evaluated subsequent events through September 14, 2026, the date on which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which would require disclosure in or adjustment to the financial statements.
