Independent Auditor's Report

To the Plan Administrator
Pax8 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Pax8 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2025 and delinquent participant contributions for the year ended December 31, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Pax8 401(k) Plan (the "Plan") provides only general information. The Plan was effective beginning on January 1, 2018. Participants and all others should refer to the plan agreement for a more complete description of the Plan's provisions.

The management of Pax8, Inc. (the "Company") administers the Plan. Voya Retirement Insurance and Annuity Company (the "Custodian" or Voya) serves as custodian, manages plan assets, and maintains the Plan's records. The Custodian offers plan participants a variety of investment options through various pooled separate accounts and a fully benefit-responsive investment contract. Individual accounts are invested in the various investment options at the direction of the participants.

General

The Plan is a defined contribution plan established during 2018 covering all employees of Pax8, Inc. who have completed 90 days of service or 1,000 hours in a 12-consecutive-month period, excluding union employees, leased employees, nonresident aliens, and interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make before-tax or after-tax Roth 401(k) contributions up to 100 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employee contributions to the Plan are made through regular payroll deductions.

Newly eligible employees who do not affirmatively elect to have a specific deferral percentage contributed or opt out of deferring into the Plan will automatically have 6 percent of their eligible compensation deferred into the Plan.

Certain participant contributions in 2023 were paid after the time frame required by the Department of Labor. The Company remitted these contributions during 2023 and the related lost earnings to the Plan in 2025. Certain participant contributions in 2024 and 2025 were paid after the time frame required by the Department of Labor. The Company corrected and remitted the related lost earnings to the Plan in 2025.

The Plan allows the Company to make a discretionary employer matching contribution based on an amount and percentage of employee salary deferral contributions as approved by the board. During 2025, the board approved a match up to 2 percent of eligible compensation. During 2025, the Company made discretionary employer matching contributions of \$2,191,796.

The Plan also allows the Company to make a discretionary annual profit-sharing contribution, which is allocated using a formula that meets the nondiscrimination requirements of the Internal Revenue Code. During 2025, the Company did not make any discretionary annual profit-sharing contributions.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The notes receivable are secured by the balance in the participant's account and, as of December 31, 2025, bear interest at rates that range from 4.25 percent to 9.50 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator. The notes receivable mature at various dates through November 2035. The notes receivable terms shall not exceed five years from the date of the loan, with the exception of notes receivable used to acquire a primary residence, which term is determined by the plan administrator upon issuance of the loan. Principal and interest are paid ratably through monthly payroll deductions. Participants may only have one note receivable outstanding at a time.

December 31, 2025 and 2024**Note 1 - Plan Description (Continued)*****Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, if any, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account unless the participant's account has investments in guaranteed income for life products, in which case the participant may elect to receive an annuity form of payment instead of a lump-sum payment for those investments. Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

The Plan allows in-service distributions and partial distributions to participants age 65 or older who have not terminated employment with the Company. Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, if any, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 25 percent after one year of service and an additional 25 percent per year thereafter until they become fully vested after four years of service.

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. The Company allocates forfeitures to participants based on the participant's compensation as well as to pay plan expenses, as defined. During 2025, forfeitures generated were approximately \$138,000, and \$4,000 were used to reduce employer contributions. Allocations of forfeitures are considered additional company contributions and are subject to the vesting provisions of company contributions. At December 31, 2025 and 2024, forfeited account balances totaled \$134,703 and \$1,067, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by the Custodian or its affiliates. These transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan provides for notes to participants. These transactions also qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value, except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at fair value based on net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. See Note 3 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. For participant notes receivable that become delinquent, are not cured and result in default, the amount of the unpaid principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 9, 2026, which is the date the financial statements were available to be issued.

December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Effective January 1, 2026, the Plan was restated and amended to incorporate the SECURE Act and SECURE 2.0 provisions, expand participant eligibility, increase the mandatory distribution threshold to \$7,000, and allow C-Suite employees to receive employer match contributions.

Note 3 - Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the valuation methodologies used at December 31, 2025 and 2024. The investments had no unfunded commitments or redemption restrictions.

Pooled separate accounts: Pooled separate accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The investments in the PSA are valued using net asset value (NAV) as a practical expedient to estimate fair value where NAV is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at net asset value at December 31, 2025 and 2024 were as follows:

	2025	2024
Equity investments (1)	\$ 13,789,316	\$ 10,382,790
Fixed-income investments (2)	2,041,662	2,148,177
Retirement year-based investments (3)	46,029,177	33,611,126
Total	<u>\$ 61,860,155</u>	<u>\$ 46,142,093</u>

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts/registered investment companies with investments in both equity and debt securities. The investments may include common stocks, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

Note 4 - Unallocated Investment Contract

The Plan has a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting, but may not be less than 0 percent. When establishing interest crediting rates for this product, Voya considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

December 31, 2025 and 2024

Note 4 - Unallocated Investment Contract (Continued)

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 5 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, and schedule of assets held at end of year for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya.

Note 6 - Tax Status

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
