Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		30000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

Independent Auditor's Report

The Plan Administrator
Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc.
401(k) Savings and Investment Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. 401(k) Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

401(k) Savings and Investment Plan**

Notes to Financial Statements

1. Description of Plan

The following description of the Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. 401(k) Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted May 1, 1998, is a defined contribution plan established under Section 401(k) of the Internal Revenue Code (the Code). All employees of Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. (the Plan Sponsor or the Company) are eligible to participate in the Plan as soon as administratively practical. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Notwithstanding the above, the following classifications of employees are not eligible to participate in the Plan: individuals who are nonresident aliens without U.S.-source earned income from an affiliated employer; employees who are included in a unit of employees who are covered by an agreement that the Secretary of Labor finds to be a collective bargaining agreement between employee representatives and the employer, if retirement benefits were the subject of good faith bargaining between such employee representatives and the employer and employees are not required by such agreement to be covered by the Plan; independent contractors, even if the Internal Revenue Service (IRS) characterizes or recharacterizes such individual as a common law employee of the employer; and leased employees, unless the inclusion of one or more leased employees in the Plan is necessary to satisfy the minimum coverage and nondiscrimination requirements of the Code.

Contributions

Participants may contribute up to 100% of their pre-tax or post-tax wages, not to exceed the maximum annual contribution allowed by the IRS. Participants who attained the age of 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan in such amounts as the Company shall determine.

Upon enrollment, a participant may direct his or her contributions to any of the Plan's fund options, including a self-directed brokerage account option. Investments available to participants through the self-directed brokerage account included publicly traded equity and debt securities.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (i) the Company's contribution, if any, (ii) plan earnings, (iii) service credits, and (iv) expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

**Harvard Medical Faculty Physicians
at Beth Israel Deaconess Medical Center, Inc.
401(k) Savings and Investment Plan**

Notes to Financial Statements

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balances within the Plan. The notes are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local market rates for similar loans. Principal and interest are paid through periodic direct debit deductions from the participants' personal accounts for no more than a five year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

Notes are available to participants through Fidelity Management Trust Company (Fidelity) and Teachers Insurance and Annuity Association of America (TIAA)- College Retirement Equities Fund (CREF), subject to certain limitations. Notes made through Fidelity and TIAA and CREF are made from participants' plan accounts. Any amount loaned to a participant is treated within the Plan's trust fund as a separate account made exclusively by the participant. As a result, all participant loan repayments, including interest on the loan, are allocated only to the participant's account.

Payment of Benefits

On termination of service, participants may elect to receive their distributions equal to the value of their account in either a lump-sum amount, a period of installments, or an annuity. However, a married participant's right to choose a distribution option will be subject to his or her spouse's right (under Federal Pension Law) to survivor benefits unless this right is waived by the participant and his or her spouse. In addition, participants may elect to roll their account into another qualified plan.

In addition, terminated participant accounts are reviewed for small sum distribution plan requirements. Accounts with less than \$1,000 following proper notification are distributed to the participant, and those with balances greater than \$1,000 but less than \$5,000 are transferred to a Fidelity IRA or, if TIAA and CREF, an IRA through The BankCorp Bank.

TIAA Traditional Annuities

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types: benefit responsive contracts (Group Supplemental Retirement Annuities (GSRA), and Retirement Choice Plus (RCP)) and non-benefit responsive contracts (Retirement Choice (RC)). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1

**Harvard Medical Faculty Physicians

Notes to Financial Statements

for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. As of January 2021, contributions to TIAA were suspended.

Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating non-benefit responsive RC contracts, the crediting interest rate was 5.50% to 5.00% and 5.75% to 5.50% as of December 31, 2025 and 2024, respectively. See Note 4 for fair value measurements related to the RC contracts.

For accumulating benefit responsive GSRA contracts, the crediting interest rate was 4.50% to 4.00% and 4.75% to 4.50% as of December 31, 2025 and 2024, respectively. For accumulating RCP contracts, the crediting rate was 4.75% to 4.25% and 5.00% to 4.75% as of December 31, 2025 and 2024, respectively. Total contract value is \$30,665,665 and \$31,215,577 at December 31, 2025 and 2024, respectively.

The GSRA and RCP contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting, in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, other than investments that are considered fully benefit responsive, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Certain TIAA Traditional Annuity contract types, including the RCP and GSRA, are fully benefit responsive and are stated at contract value. See Note 1 for further discussion of the TIAA Traditional Annuity.

**Harvard Medical Faculty Physicians
at Beth Israel Deaconess Medical Center, Inc.
401(k) Savings and Investment Plan**

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company. Nonetheless, all reasonable costs of administering the Plan may be paid from the individual annuity contracts and trust accounts of the participants, unless paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 14, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity and TIAA and CREF, the custodians of the Plan and qualified institutions, have certified as being complete and accurate the investments and notes receivable from participants on the statements of net assets available for benefits, the investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits, and the investment and notes receivable from participants information included in the supplemental schedule to the financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (Topic 820), establishes a framework for measuring fair value and a hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

401(k) Savings and Investment Plan**

Notes to Financial Statements

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in certain TIAA Traditional Annuity contracts (Retirement Annuity) are reported at fair value. These investments are contract-based and observable prices for identical or similar investments do not exist; accordingly, these investments are valued using unobservable inputs (Level 3). Fair value is determined using a discounted cash flow model. The TIAA Traditional Annuity Contracts are not available for sale or transfer on any security exchange. The fixed annuity contracts are subject to various restrictions. See also Note 1 for discussion of the TIAA Traditional Annuity.

TIAA offers eight CREF variable annuities. Unlike TIAA Traditional, the variable accounts do not provide guaranteed returns. Participant returns depend entirely on the investment performance of each account. The accounts invest principally in equity securities, fixed income instruments, and short-term investments in accordance with each portfolio's investment objectives. The value of the variable annuity contracts are determined at the close of each business day at the net asset value (NAV) and based on the fair value of the underlying investments. The underlying investments in the variable annuity contracts are invested in registered investment companies, which are valued at quoted market prices in an exchange and active markets. The NAV, as provided by TIAA, is used as a practical expedient to estimate fair value. There are no restrictions on the trading or withdrawals of these investments. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

The CREF Growth Account seeks to invest in stocks with a focus on innovation and growth. The CREF Total Global Stock Account seeks to invest in equities of global companies of all sizes. The CREF S&P 500 Index Account seeks to invest in the broad U.S equity market. The CREF Global Equities Account seeks to invest broadly across global markets. The CREF Responsible Balanced Account seeks to

Notes to Financial Statements

invest in stocks and bonds with a social and global focus. The CREF Inflation-Linked Bond Account seeks to invest in inflation-protected bonds. The CREF Money Market Account seeks to invest in high-quality highly-liquid government securities. The CREF Core Bond Account seeks to invest primarily in intermediate-term bonds.

In addition, TIAA offers the Real Estate Account (REA) which is a separate account of TIAA. This account is a variable account similar to the CREF variable accounts; as such, its returns are not guaranteed and its accumulations and returns fluctuate based on the performance of the underlying investments. The account generally invests in real estate properties and real estate-related investments. The REA investments are generally valued at the NAV of the underlying real estate holdings or other real estate-related investments. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

The Fidelity mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. Plan holdings are generally valued at the daily closing price which is based on the NAV of shares held by the Plan at year end.

Transfers out of the TIAA REA to a TIAA or CREF account or into another option can be executed at any time but are limited to once per calendar quarter. Transfers out of the TIAA Traditional contracts can only be affected over a period of time (up to ten years) and maybe subject to limitations. Transfers out of mutual funds into another investment option may be executed on a daily basis.

Fidelity self-directed brokerage accounts represent a brokerage account that participants are to invest in mutual funds, cash reserves, common stock, corporate bonds, U.S. Treasury securities, certificates of deposit, and exchange-traded funds. The investments in the self-directed brokerage accounts are valued individually. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. U.S. Treasury Obligations are valued based on quoted market prices of identical instruments in active markets. The certificates of deposit are valued at cost plus accrued interest. Exchange-traded funds are valued at the daily closing price as reported by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity and TIAA and CREF, the custodians for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fidelity as the recordkeeper provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (“MSA”) between the Plan Sponsor and Fidelity. Under the terms of the MSA, each unique participant social security number participating in the Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. 401(k) Savings and Investment Plan and/or Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. Retirement Plan are charged an annual flat fee of \$65 up to March 31, 2024, deducted quarterly from his or her account, which is then used to pay certain recordkeeping expenses. Effective April 1, 2024, Retirement Plan are charged \$57 quarterly. Prior to April 1, 2022, participants were charged an additional \$17 per a quarter for administrative expenses. Fidelity returns excess amounts directly to participants. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds, which is returned directly to participants in other income. Any expenses paid by the Plan Sponsor are not included in the financial statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain fully vested and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

7. Income Tax Status

The plan sponsor adopted Fidelity’s pre-approved plan, and the Internal Revenue Service issued an opinion letter, dated June 30, 2020, stating that the pre-approved plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or de-recognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
