Independent Auditors' Report

To the Plan Administrator
Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan
Green Bay, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

To the Plan Administrator
Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GREEN BAY ONCOLOGY, LTD. EMPLOYEES' PROFIT SHARING 401(k) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following brief description of Green Bay Oncology, Ltd. (Company) Employees' Profit Sharing 401(k) Plan (Plan) is provided for general purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering eligible employees of the Company. Union employees, nonresident aliens with no U.S.-source earned income, and leased employees are excluded from participation, as defined by the Plan. Eligible employees may participate in elective deferrals and receive the safe harbor contribution upon attaining age eighteen, with no service requirement. Eligible employees are immediately eligible to receive a discretionary employer matching contribution. An employee must complete one year of service to be eligible to receive a discretionary profit-sharing contribution. To receive an allocation of a discretionary profit-sharing contribution, an eligible participant generally must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Beginning in 2025, participants who were between the ages of 60 and 63 are eligible to make additional catch-up contributions, based on the provisions within SECURE 2.0. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Both the employer match contributions and profit-sharing contributions are discretionary. For the years ended December 31, 2025 and 2024, the Company contributed a discretionary employer match of 100% up to 4% that a participant contributed to the Plan. There was no profit-sharing amount for either year. Additionally, for the years ended December 31, 2025 and 2024, the Company made a safe harbor, non-elective contribution of 3% of eligible wages to all employees. During the years ended December 31, 2025 and 2024, the Company contributed \$733,449 and \$711,771 to the Plan, respectively. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching, profit sharing and safe harbor, non-elective contributions and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, including earnings thereon, and in the Company's safe harbor contributions. Participants vest in the Company's discretionary matching contributions at the rate of 33% after one year of service, 66% after two years of service, and 100% after three years of service. Participants also become fully vested upon death or total and permanent disability, as defined by the Plan.

Payment of Benefits

Active participants may elect a hardship distribution in accordance with the provisions of the Plan. Upon severance from employment, a participant may elect to receive the vested portion of the participant's account in a lump-sum distribution or in partial withdrawals, subject to a \$5,000 minimum partial withdrawal. Vested account balances of \$5,000 or less may be distributed without participant consent in accordance with the Plan's mandatory distribution provisions.

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of Plan (Continued)

Forfeited Accounts

Plan forfeitures arise when participants terminate employment before becoming fully vested in the Company's discretionary matching and profit-sharing contributions and related earnings. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$12,628 and \$10,580, respectively. Forfeitures may be used in accordance with the Plan document to reduce future employer contributions or pay Plan expenses. Employer contributions were reduced by forfeitures of \$26,249 and \$22,160 during the years ended December 31, 2025 and 2024, respectively.

Administration

The Company is the administrator of the Plan and has appointed Matrix Trust Company as trustee and OneAmerica Retirement Services LLC as recordkeeper. The trustee is responsible for investing and safekeeping all investment assets of the Plan.

Note 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of Green Bay Oncology, Ltd. Employees' Profit Sharing 401(k) Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Certain investments are measured at net asset value per share, or its equivalent, as a practical expedient for estimating fair value. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid either by the Plan or by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Notes to Financial Statements
December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Reclassifications

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's presentation. These reclassifications had no effect on the Plan's net assets available for benefits or changes in net assets available for benefits as previously reported.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2026, the date the financial statements were available to be issued.

Note 3 - Income Taxes

The Company adopted a volume provider prototype non-standard 401(k) profit sharing plan which has received a favorable opinion letter from the Internal Revenue Service. As such, the plan qualifies under Section 401(a) of the Internal Revenue Service Code and, therefore, is not subject to tax under present income tax laws. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 - Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2025 and 2024

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the net asset value (NAV) per unit of the fund. The NAV, as provided by the fund trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the fund's underlying investments and other assets, less its liabilities. The practical expedient is not used when it is probable that the Plan will sell the investment for an amount different from the reported NAV. The fund invests primarily in traditional and synthetic guaranteed investment contracts and other fixed-income investments intended to provide principal preservation and a stable rate of return.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of other methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 23,903,590	\$ -	\$ -	\$ 23,903,590
Investment Measured at NAV*	-	-	-	1,292,961
Total Investments at Fair Value	\$ 23,903,590	\$ -	\$ -	\$ 25,196,551

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 21,764,944	\$ -	\$ -	\$ 21,764,944

Total Investments at Fair Value	\$ 21,764,944	\$ -	\$ -	\$ 22,929,463

* The investment measured at net asset value per share, or its equivalent, using the practical expedient has not been classified within the fair value hierarchy. The fair value amount is presented in this table to permit reconciliation of the fair value hierarchy to the investments presented in the statements of net assets available for benefits.

The following table summarizes the Plan's investment for which fair value is measured using net asset value per share, or its equivalent, as a practical expedient as of December 31, 2025 and 2024. Participant-directed redemptions are generally processed in accordance with the terms of the Plan. Redemption restrictions and notice periods presented below apply to Plan-level withdrawals from the fund.

Investment	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	\$ 1,292,961	\$ 1,164,519	None	Daily*	None*

Notes to Financial Statements
December 31, 2025 and 2024

Note 5 - Related Party and Party in Interest Transactions

Fees paid by the Plan to OneAmerica Retirement Services for investment management, trust services and other administrative services amounted to \$46,156 and \$39,965 for the years ended December 31, 2025 and 2024, respectively. Fees paid by the Plan to Matrix Trust Company for investment advisory services amounted to \$6,989 and \$5,956 for the years ended December 31, 2025 and 2024, respectively. All fees are included under administrative expenses on the statements of changes in net assets available for benefits. Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

OneAmerica Retirement Services provides certain administrative services to the plan pursuant to a Master Plan Services Agreement (MSA) between the Company and OneAmerica Retirement Services. OneAmerica Retirement Services receives revenue from mutual fund service providers for services OneAmerica Retirement Services provides to the funds. This revenue is used to offset certain amounts owed to OneAmerica Retirement Services for its administrative services to the Plan.

If the revenue received by OneAmerica Retirement Services from such mutual fund service providers exceeds the amount owed under the MSA, OneAmerica Retirement Services remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the years ended December 31, 2025 and 2024, there were no excess amounts. The Plan or Plan Sponsor may make a payment to OneAmerica Retirement Services for administrative expenses not covered by revenue sharing.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Certification of Investment Information

Matrix Trust Company, qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of the investment information reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Note 8 - Risks and Uncertainties

The Plan invests in mutual funds and a stable value fund. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
