Independent Auditor's Report

To the Plan Administrator
NIC Holding Corp. Employees 401(k) Savings Plan
Melville, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NIC Holding Corp. Employees 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H (Form 5500), line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Plan Administrator
NIC Holding Corp. Employees 401(k) Savings Plan
Melville, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NIC Holding Corp. Employees 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H (Form 5500), line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NIC Holding Corp. Employees 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the NIC Holding Corp. Employees 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a trustee-held defined contribution plan established on January 1, 1985 that covers all employees of NIC Holding Corp. and its affiliates (the Company, Employer, or Administrator) and was restated effective January 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Charles Schwab Trust Bank (the Trustee) holds the Plan's assets. The Plan's trustees, which include members of management of the Company, exercise a fiduciary responsibility over the Plan's assets. USI Consulting Group Inc. (USI) is the recordkeeper for the Plan.

Contributions

Participants may defer any portion of their compensation, as defined by the Plan, not to exceed the maximum amount of \$23,500 and \$23,000 for 2025 and 2024, respectively, allowable in accordance with Section 401(k) of the Internal Revenue Code (IRC). Participants who have attained the age of 50 by the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution is \$7,500 for both 2025 and 2024. Effective January 1, 2025, the Plan permits participants who are aged 60 to 63 by the end of the Plan year to make catch-up contributions up to \$11,250. With respect to all account balances, participants have the right to decide the amount that should be invested in each investment fund. Participants may also roll over into the Plan certain amounts representing distributions from other eligible retirement plans.

In accordance with Plan provisions, the Company makes an annual discretionary profit-sharing contribution to employees who have attained a minimum age of at least 21 and have completed a minimum of one year of service (1,000 hours). The Company may also provide matching contributions at its discretion. For the years ended December 31, 2025 and 2024, the Employer matched 100% of each participant's pre-tax and catch up contributions, up to 4% of the participant's eligible compensation, and made a profit-sharing contribution of 3% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's and employer contributions and an allocation of investment earnings. Participant accounts are also charged for loans and any applicable administrative fees. Allocations are based on participant earnings, account balances, and specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions, employer matching contributions, rollover contributions, and interest thereon. Participants vest in employer discretionary profit-sharing contributions at a rate of 20% per year of service over five years, as defined in the Plan document.

NIC Holding Corp. Employees 401(k) Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Subject to the approval of the Company, participants may take up to two loans against their account balances. Loans are made in accordance with the IRC. Each participant loan is limited to a minimum of \$1,000 and a maximum of an amount that, when added to the balance of any other loan outstanding to the participant, does not exceed the lesser of \$50,000 or 50% of the vested portion of the participant's account. Loans are secured by the balance in the participant's account and range in term from one to five years, although the Company may permit a longer term for the purchase, construction, reconstruction, or substantial rehabilitation of any dwelling to be used as a primary residence. The interest rate of the loan is calculated based on the prime rate plus 1% as published on the last day of the calendar quarter prior to the loan date, provided that such rate does not violate any applicable usury laws.

Repayment of loans is paid through bi-weekly payroll deductions. Participants who terminate their employment with outstanding loans have up to 180 days to repay their loan. Loans not repaid in that timeframe (or the grace period for curing the default) will be reported as taxable distributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a distribution of their vested balance as a taxable lump-sum payment, a tax-free rollover to a qualified plan, or, if age 65 or older, installments (limited to one per year). Upon a participant's death, the remaining balance in the participant's account will be allocated to accounts, which will be set up in the names of his/her designated beneficiary(ies). Beneficiary(ies) must liquidate these accounts within five years from the participant's death. For participant account balances that are less than \$7,000, the participant has 45 days to elect a form of distribution, otherwise the account will be automatically rolled over to an Individual Retirement Account (IRA) with USI.

After terminated participants attain the age of 73, they must begin receipt of their remaining account balance, in accordance with the minimum required distribution provision and the Plan rules.

Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeitures

Forfeitures of participant account balances due to the termination of partially vested employee accounts are reallocated to the remaining employees annually based on their pro rata share of the employer discretionary profit-sharing contribution for the applicable Plan year. The unallocated forfeited balances for the years ended December 31, 2025 and 2024 were \$145 and \$799, respectively. Forfeitures used to reduce employer profit-sharing contributions were \$879 and \$2,847 for the years ended December 31, 2025 and 2024, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

NIC Holding Corp. Employees 401(k) Savings Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements and Note 5 for discussion on contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable

Participant contributions and any related employer contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred and are charged to individual participant accounts. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Plan benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NIC Holding Corp. Employees 401(k) Savings Plan

Notes to Financial Statements

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest income from guaranteed income fund, dividend income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, and by Empower Annuity Trust Company, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund - The money market fund is valued at \$1 per share, as reported on deposit for the Plan, is designed to protect capital with low-risk investments, and includes cash, bank notes, corporate notes, government bills, and various short-term debt instruments.

Mutual Funds - The Plan has investments in mutual funds. Investments in the mutual fund accounts are valued at net asset value (NAV) of shares held by the Plan at year-end. The mutual funds are

NIC Holding Corp. Employees 401(k) Savings Plan

Notes to Financial Statements

traded at quoted prices through the National Securities Clearing Corporation. These investments are priced by the Plan's custodian using nationally recognized pricing services based on observable market data.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,334,570	\$ -	\$ -	\$ 40,334,570
Money market fund	76,296	-	-	76,296
	\$ 40,410,866	\$ -	\$ -	\$ 40,410,866

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,017,634	\$ -	\$ -	\$ 36,017,634
Money market fund	34,511	-	-	34,511
	\$ 36,052,145	\$ -	\$ -	\$ 36,052,145

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed Income Fund

The Plan has a fully benefit-responsive investment contract with an evergreen group annuity invested in the Empower Annuity Insurance Company (EAIC) Guaranteed Income Fund (GIF). Amounts contributed to the GIF are deposited in EAIC's general account from which the Plan makes a stated return regardless of the performance of the underlying investments in the general account. Payment obligations and the fulfillment of guarantees under the contract are insurance claims supported by the full faith and credit of EAIC. Contract value is the relevant measure for this contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

The crediting interest rate for the GIF is set in advance of the period to which it relates and will be at least 1.5% per year. The crediting interest rate is declared periodically, reviewed on a semiannual basis for resetting, and applies to the entire contract balance using a single-portfolio-rate approach, under which methodology a single-interest crediting rate is applied to all contributions made to the product, regardless of the timing of those contributions. Crediting rates are set in response to several factors: (1) current economic and market conditions, (2) the general interest rate environment, and (3) both the expected and actual experience of a reference portfolio within the issuer's general account.

NIC Holding Corp. Employees 401(k) Savings Plan

Notes to Financial Statements

The GIF does not specify any events that would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from contract value. The GIF provides payment options of the contract value for surrendering the GIF. However, the Company does not intend to surrender the GIF.

6. Related Party and Party-in-Interest Transactions

Certain officers and employees of the Company are also responsible for the management, operations, and administration of the Plan. Administrative fees paid to USI by the Plan amounted to \$55,709 and \$51,359 for the years ended December 31, 2025 and 2024, respectively. Notes receivable from participant loans qualify as party-in-interest transactions. The transactions related to GIF managed by Eaic also qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions set forth in ERISA. In the event of a Plan termination, each participant will become 100% vested in their accounts.

9. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated June 30, 2020 stating that the Plan is qualified under Section 401(a) of the IRC and therefore the related trust is tax-exempt. The Plan has been amended since the date of the letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in accordance with the requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; currently, however, there are no audits for any tax periods in progress.

10. Subsequent Events

Management evaluated subsequent events and transactions for the Plan through September 3, 2026, the date the financial statements were available to be issued. During this period, there were no subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
