INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Martin Employees' Stock Profit Sharing Plan

Opinion

We have audited the financial statements of the Martin ESOP ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets Held (At End of Year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Martin ESOP (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all full-time employees of Martin Resource Management Corporation (Company) and its subsidiaries who have been employed for a period of six months or more and are at least twenty-one years of age.

Effective for plan years beginning on or after January 1, 2013, the Plan was amended to no longer allow employees to enter the Plan and to eliminate Company contributions.

The Plan operates as an employee stock ownership plan and is designed to comply with Section 4975(e)(7) of the Internal Revenue Code and regulations thereunder as well as being subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 as amended. The Plan is administered by a committee comprised of at least two individuals approved by the Board of Directors of the Company.

CONTRIBUTIONS

Contributions to the Plan are at the discretion of the Board of Directors of the Company and are allocated to each participant based upon the participant's annual covered compensation. No contributions will be made for plan years commencing on or after January 1, 2013.

PARTICIPANT ACCOUNTS

Each participant's account is credited with an allocation of the Company's contribution, plan earnings, and forfeitures of terminated participants' non-vested accounts. Allocations of plan earnings are based on participant account balances as defined. Allocations of employer contributions and forfeitures are based on covered compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

ELIGIBILITY AND VESTING

Employees of the Company are generally eligible to participate in the Plan after six months of service provided they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or who are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year. Under terms of the Plan, employees have vesting rights of 100% after five years of service for all employer contributions made prior to January 1, 2007, and the related earnings on those contributions. Employees have vesting rights of 100% after three years of service for all employer contributions made after December 31, 2006, and the related earnings on those contributions. No employees will become eligible to participate in plan years beginning on or after January 1, 2013.

PAYMENT OF BENEFITS

Distribution of the participant's account does not occur until the participant retires, dies, or otherwise terminates employment with the Company. Upon retirement, disability, death, or break in service, the amount payable to the participant shall be distributed by the Trustee at the direction of the Committee in one lump sum. The amount to be distributed is based upon the immediately preceding valuation date. Effective January 1, 2023, the Plan was amended to state that this distribution can be made in the form of a cash payment or a direct rollover under Section 5.14 of the plan document for balances not exceeding \$1,000.

ADMINISTRATIVE EXPENSES

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company.

VOTING RIGHTS

All shares held by the Plan are voted by the Trustee at its discretion, except for matters involving the approval or sale of any corporate merger, consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or similar transaction, each Participant will have the right to direct voting of any Company Stock allocated to his or her account.

MARTIN ESOP
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 – DESCRIPTION OF PLAN - CONTINUED

PUT OPTION

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company repurchase any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock determined by an independent appraiser. The Company can pay for the purchase with interest over a period of five years after the date the put option is exercised. Notwithstanding the above, as the Company is an S Corporation, the Company must repurchase any employer securities on the date of distribution.

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution, a transfer to another qualified plan of the Company, or transfer to other investment options offered by the Trustee.

FORFEITURES

Effective December 31, 2012, the Plan was amended so that any participant employed by the Company on December 31, 2012, became fully vested and non-forfeitable. Thus, there were no forfeitures for the years ended December 31, 2025 and 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

ESTIMATES

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

INVESTMENTS

The investments are valued at fair value on December 31, 2025 and 2024. Fair value of the common shares is determined by annual independent appraisals. See Note 5 for discussion of fair value measurements.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of the Company's common shares, are held by the Directors of the Plan. As of December 31, 2025, the Board of Directors was comprised of three employees of the Company and two stockholder-employees of the Company.

Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income, and makes distributions to participants.

Officers or employees of the Company or its subsidiaries perform certain administrative functions. No such officer or employee receives compensation from the Plan.

MARTIN ESOP
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 4 – INVESTMENTS

The Plan's investments in Martin Resource Management Corporation's (MRMC) common shares at December 31, 2025 and 2024 are as follows:

	<u>2025</u>	<u>2024</u>
Number of Shares	12,349.17	13,033.66
Cost	<u>\$ 6,433,186</u>	<u>\$ 6,789,766</u>
Market	<u>\$ 8,202,935</u>	<u>\$ 11,757,666</u>

In 2025 and 2024, the Plan sold 684.49 and 872.88 shares, respectively, to pay distributions. The shares were sold pursuant to agreements with the Company.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosure, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identifiable assets or liabilities (Level 1 measurements) and the lowest priority unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p style="margin-left: 40px;">If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

The methodologies used by the Plan for assets measured at fair value (and described in Note 2) may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 6, 2010, that the Plan is qualified, and the Trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code (IRC). The Plan had been amended since receiving the determination letter dated July 6, 2010; however, the Plan received a determination letter, dated June 11, 2014, for the amended Plan. Therefore, the Plan continues to qualify under Section 401(a) and the related trust is tax exempt as of the financial statement date. The Plan's tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 7 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to each participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in common stock of its Sponsor, Martin Resource Management Corporation. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PARTY IN INTEREST TRANSACTIONS

The Plan primarily invests in Company common stock which is a party-in-interest transaction.

NOTE 10 – SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriation Act of 2023, which included the SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend in the Plan Document accordingly. Most of the significant provisions became effective on January 1, 2024. There was no material impact to the Plan's 2025 or 2024 financial statements.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 1, 2026, the date the financial statements were available to be issued.
