INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
the Mission Support and Test Services LLC (MSTS) Employee 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit for 2025 Financial Statements

We have performed the audit of the financial statements of Mission Support and Test Services LLC (MSTS) Employee 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are

required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information,

McConnell
Jones

are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

We have audited the 2024 financial statements of the Plan, and in our report dated September 26, 2025, we expressed an unmodified opinion on those 2024 financial statements.

Mission Support and Test Services LLC (MSTS)

Employee 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note 1: Description of the Plan

The following description of the Mission Support and Test Services LLC (MSTS) Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from Plan management (Management).

General

The Plan is a defined contribution plan covering all eligible employees of Mission Support and Test Services LLC (MSTS or the Company) who are in a non-bargaining regular employee status (and intermittent employees who are credited with year of eligibility service) of the Company. Prior to its name change on November 1, 1996, the Plan was known as EG&G Energy Measurements, Inc. Savings Plan, a defined contribution plan, which was established on July 1, 1972, covering all eligible employees of EG&G Energy Measurements, Inc. (EGM), a wholly owned subsidiary of EG&G, Inc. employed under a contract with the Department of Energy (DOE). The Plan was established to provide for voluntary contributions by participants and matching contributions by the employer.

EGM's contract with the DOE ended December 31, 1995. Accordingly, EGM ceased operations under this contract, and its employees were transferred to Bechtel Nevada (BNV), a joint venture comprised of Bechtel Nevada Corporation, Lockheed Martin Nevada Technologies, Inc., and Johnson Controls Nevada, Inc., which was awarded the new contract with the DOE. Effective January 1, 1996, BNV replaced EGM as the Plan's administrator and sponsor and formed a benefits committee to administer the Plan. Effective November 1, 1996, the Plan name was changed to the Bechtel Nevada Employee Thrift Plan.

In addition to the name change on November 1, 1996, the Plan also merged its assets with the Investment Savings Plan for Employee of Reynolds Electrical & Engineering Company, Inc. (REECO), which transferred its participants to BNV. REECO transferred all of its Investment Savings Plan assets to the Plan on October 31, 1996. During 2004, Johnson Controls Nevada, Inc. ceased participation in the BNV joint venture.

BNV's contract with the U.S. Government expired June 30, 2006. The contract was awarded to National Security Technologies LLC (NSTec). Under the terms of the contract, sponsorship of the Plan was assumed by NSTec on July 1, 2006, and the Plan name was changed from the Bechtel Nevada Employee Thrift Plan to the National Security Technologies LLC (NSTec) Employee Thrift Plan.

NSTec's contract with the U.S. Department of Energy was due to expire on September 31, 2016, and was extended to September 30, 2017. The contract was awarded to MSTS, a limited liability company consisting of Honeywell International Inc., Jacobs Engineering Group Inc., and Stoller Newport News Nuclear, Inc. (renamed HII Nuclear, Inc. effective August 7, 2018). The transition period began effective August 1, 2017. Under the terms of the contract, sponsorship of the Plan was assumed by MSTS on December 1, 2017, and the Plan name was changed from National Security Technologies LLC (NSTec) Employee Thrift Plan to Mission Support and Test Services LLC (MSTS) Employee 401(k) Plan.

Mission Support and Test Services LLC (MSTS)

Employee 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

The Plan was restated effective December 1, 2017, to incorporate all previously adopted amendments into the basic plan document.

Fidelity Management Trust Company is the trustee of the Plan (Fidelity or Trustee) and holds all of the Plan's assets, executes investment transactions and Fidelity Workplace Services LLC provides record keeping functions for the Plan. The Plan is administered by the Benefits Committee (Committee), and the Committee determines the appropriateness of the Plan's investment offering and monitors investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1972 (ERISA), as amended.

Contributions

Participants may elect to defer pre-tax, Roth, and after-tax compensation up to 75% of their annual compensation or a flat dollar amount, not to exceed \$23,500 under the Internal Revenue Code (IRC) Section 401(k) for the 2025 plan year. In addition, participants may contribute amounts representing distributions from a qualified trust, individual retirement account or annuity, as defined in the Plan's provisions. Under IRC Section 401(k) participants attaining the age of 50 years during 2025 plan year are allowed to make catch-up contributions, not to exceed \$7,500 for 2025 while participants whose ages are from 60 to 63 are eligible to make additional catch-up contribution of \$11,250 ("super catch-up contribution"). The total amount of a participant's regular deferral, voluntary, and catch-up contributions and for those eligible for super catch-up contribution are limited to \$31,000 and \$34,750, the limit under IRC Section 401(k), respectively. Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, all participants in the Plan who make no other election will have their deferral rate automatically increased 1% on each Plan year, up to a maximum of 6%.

Each pay period, the Company contributes a matching contribution equal to 50% of the participant's pre-tax, Roth, and/or after-tax contributions up to 6% of the total eligible compensation of the participant, with the pre-tax contribution matched first, as defined in the Plan document.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Mission Support and Test Services LLC (MSTS)

Employee 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Vesting

Participants are fully vested in their contributions and the earnings thereon. Participants become fully vested in employer contributions after three years of service with the Company. Participants are vested after completing 1,000 hours of service or more in each of the three calendar years.

Automatic vesting is attained by a participant if any of the following occur while actively employed by the company: death of the participant, attainment of age 65, or separation of service due to a disability.

Notes Receivable from Participants

All active participants in the Plan may apply for a loan from the Plan. A loan made to a participant of the Plan shall be in an account that is not less than \$1,000 and not more than 50% of the vested interest in the participant's account up to \$50,000. Loans bear interest at rates ranging from 4.25% to 9.50% and are collateralized by the borrower's assignment of rights to their available account, as acknowledged by the promissory note. The participant loans mature at various dates through December 2040. Repayments are generally made over a maximum five-year period. However, loans made for the purchase of a primary residence may be assigned a loan term of 15 years. Repayment is performed by payroll deduction for active employees. Participants can have two loans outstanding at a time. Terminated or transferred employees may continue repayment via ACH withdrawal.

Payments of Benefit

Withdrawals of pre-tax contributions are only allowed in cases of proven hardship or the attainment of age 59½. After tax and rollover contributions can be withdrawn at any time. Participants who are 59½ and 100% vested are allowed to make a one-time election to withdraw their entire balance in their account. Otherwise, a participant cannot withdraw any Company contributions until termination of employment.

Upon termination of employment, retirement, disability, or death, participants or beneficiaries may elect to receive a single lump-sum payment equal to the vested value of the participants account, or rollover all or part of the vested account balance into an IRA or another qualified plan, as defined in the Plan document.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$21,485 and \$118,644, respectively. These accounts may be used at the Company's discretion to pay administrative expenses, reduce employer contributions to the Plan, restore forfeitures or restore missed contributions and earnings to the accounts of affected participants. For the year ended December 31, 2025, \$55,474 were used to pay administrative expenses and \$255,652 was used to reduce employer contributions.

Administrative Expenses and Revenue Credit Program

Certain administrative expenses of the Plan are paid by the Company. There is no guarantee that the Company will continue to pay such expenses. The Plan paid for certain investment transactions and management fees which totaled \$311,446 for the year ended December 31, 2025. The fees for participant requested services are charged to the accounts of participants requesting the transaction.

Mission Support and Test Services LLC (MSTS)

Employee 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Investment management fees are allocated to participants' accounts based on a specified basis point per investment through the investments' earnings.

The Plan provides for a revenue credit program in connection with revenue sharing with certain investment managers. The amounts may be used to pay Plan expenses or allocated to eligible participant accounts. The administrative expenses amount of \$488,023 presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, is net of the amount of revenue credit of \$179,224.

SECURE Act and Plan Amendments

The Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was enacted in December 2019 and became effective January 1, 2020. On December 29, 2022, the SECURE 2.0 Act was signed into law, which was built on the original SECURE Act's focus on expanding retirement plan coverage and participation. The Plan has incorporated all required changes prescribed under the SECURE Act and the SECURE 2.0 Act in its Plan document by the deadlines prescribed in the legislation and will continue to implement required changes by the required deadlines. The Plan may also opt to include certain voluntary provisions of the SECURE Act and the SECURE 2.0 Act in the future.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Transfers to/from Other Plan, Net

Transfers to/from other plan, net, include transfers of participant account balances to/from the Plan to the Mission Support and Test Services LLC (MSTS) Represented Employee 401(k) Plan, as a result of change in employment status.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Mission Support and Test Services LLC (MSTS)

Employee 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year. The Plan invests in various investment vehicles with differing characteristics. The investments are made in accordance with elections made by participants. Prospectuses relating to the various investment vehicles are available to the Plan's participants.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and Management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Management's Review of Subsequent Events

In preparing the accompanying financial statements, Management has reviewed all known events that have occurred after December 31, 2025, and through September 10, 2026, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Investments and Related Investment Income (Certified by Trustee)

Certain information in the accompanying financial statements related to investments and notes receivables from participants held as of December 31, 2025, was certified to be complete and accurate by Fidelity. This certification was provided in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Management obtained this certification and agreed to or derived it from the information certified by Fidelity.

Note 4: Fair Value Measurement

FASB ASC 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3

Mission Support and Test Services LLC (MSTS)

Employee 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Money Market Fund: Valued at a per share amount of \$1.00. This investment is highly liquid and readily convertible to known amounts of cash.

Self-Directed Brokerage Accounts: Investments in common stock, exchange traded funds and the money market account in the self-directed brokerage accounts are valued at the unadjusted quoted market prices at year end.

Common/collective trusts: Valued using the practical expedient of the NAV of units held by the Plan at year-end based on the quoted market prices of the underlying marketable securities or discounted cash flows of the underlying investment contracts. Participant-directed redemptions of the common/collective trusts have no restrictions; however, the Plan is required to provide a 30-day notice to liquidate its entire share in the fund.

Notes to Financial Statements

December 31, 2025 and 2024

One of the Plan's investments in the common/collective trusts is the Fidelity Managed Income Portfolio II (MIP). The investment in the MIP is presented at fair value, which reflects the NAV of the fund and is not considered to have a readily determinable fair value. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. The MIP's NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. A participant's ownership of the MIP is represented by units. Units are issued and redeemed daily at the MIP's constant NAV of \$1.00 per unit. Although it is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1.00 per unit, there is no guarantee that the MIP will be able to maintain that value. The MIP allows for daily liquidity with no additional notice required for redemption.

There are no unfunded commitments for the MIP. The redemption frequency for participants would be daily with no notice period for participant-initiated transactions.

The preceding methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value, by level within the fair value hierarchy on a recurring basis at December 31, 2025 and 2024:

	2025	2024
Level 1:		
Registered investment companies	\$ 105,515,520	\$ 100,638,522
Money market fund	16,503,514	13,846,853
Self-directed brokerage accounts	33,670,630	28,200,478
Total Level 1 investments	155,689,664	142,685,853
Investments measured at NAV:		
Common/collective trusts ^(a)	540,471,639	461,415,702
Total investments at fair value	<u>\$ 696,161,303</u>	<u>\$ 604,101,555</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 6: Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity or its affiliates. There were no transactions with parties in interest other than the payment of the trustee's fees and purchases and sales of assets through Fidelity, and credits received from the revenue sharing arrangement. For the year ended December 31, 2025 and 2024, fees paid by the Plan to Fidelity and revenue credits received from Fidelity amounted to \$667,248 and \$553,446, respectively.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and current market volatility, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 8: Plan Tax Status

The Plan obtained its latest determination letter from the Internal Revenue Service (IRS) on April 9, 2015, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan has been amended and restated and had a change in plan sponsor since receiving the determination letter. However, Management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Code.

US GAAP requires Management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
