INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
Banco Itaú International 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Banco Itaú International 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and

appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 6, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BANCO ITAÚ INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE A--DESCRIPTION OF PLAN

The following description of Banco Itaú International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Banco Itaú International and participating employers (the "Company" or "Employer" or "Plan Sponsor") who have attained the age of 21. The Plan does not require a minimum service requirement for employees to participate. Eligible employees may enter the Plan on the date upon satisfaction of the eligibility requirement.

The Plan was formed and adopted on May 1, 2007 and restated effective January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Federal income taxes on amounts contributed by the employees are deferred in accordance with Internal Revenue Code ("IRC") Section 401(k).

SECURE Act 2.0: The Setting Every Community Up for Retirement Enhancement Act ("SECURE Act 2.0") was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. The Plan implemented the following SECURE Act 2.0 provisions effective for the 2025 plan year:

Long-Term, Part-Time Employee Eligibility: The service requirement for certain long-term, part-time employees was reduced from three consecutive 12-month periods during which an employee completes at least 500 hours of service to two consecutive 12-month periods. This provision expands eligibility for certain part-time employees to participate in the Plan.

Enhanced Catch-Up Contributions: Participants who attain age 60, 61, 62, or 63 during the applicable year may make catch-up contributions in excess of the otherwise applicable catch-up contribution limit. For 2025, the enhanced catch-up contribution limit for eligible participants in a 401(k) plan is \$11,250, compared with the regular catch-up contribution limit of \$7,500. The enhanced limit is subject to applicable statutory requirements and cost-of-living adjustments in subsequent years.

The Plan's adoption of these provisions did not have a material effect on the accompanying financial statements.

Administration: The accounting records are maintained by the Company. The Plan's assets are held and managed by Reliance Trust Company (the "Trustee"). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the

NOTE A--DESCRIPTION OF PLAN--Continued

Administration--Continued: participants, and makes distributions to participants. The Plan's recordkeeping services and maintenance of participant account records are managed by ADP, Inc. ("ADP").

Elective Deferrals and Contributions: Each year, participants may elect to have the Company contribute a portion of their total eligible compensation to the Plan on a pre-tax basis or on a Roth basis to the Plan ("elective deferrals"). For any calendar year, a participant's elective deferrals may not exceed a specific dollar amount [\$23,500 and if over 50 years of age, the participant may contribute an additional \$7,500 or if between 60 and 63 years of age, the participant may contribute an additional \$11,250 in 2025 as determined by the Internal Revenue Service ("IRS")]. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, including designated Roth balances. The Company matches 100% of the employee's elective deferral contributions of the first 5% of participants' compensation. The Company's matching contributions were approximately \$2,424,000 for the year ended December 31, 2025.

The Company may also make discretionary nonelective contributions on behalf of eligible participants. Participants are eligible for such contributions regardless of service hours completed during the Plan year. For the year ended December 31, 2025, the Company did not make any discretionary nonelective contributions to the Plan.

Participant Accounts: Each participant's account is credited with the participant's elective deferrals and allocations of (a) the Company's matching and discretionary contributions and (b) investment earnings and losses, and charged with an allocation of administrative expenses if the expenses are not paid by the Company.

Allocations are based on participant account balances in one or more investment options selected by the participant. Match allocations are based on participant contributions and participant compensation, respectively. Participants must be active in the Plan during the year to be eligible to receive the matching contribution, or separated from employment due to retirement, disability, or death. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Upon enrollment in the Plan, a participant may direct elective deferrals, employer matching and discretionary contributions in any of the investment options offered by the Plan. Participants may change their investment options at their discretion.

Vesting: Participants are immediately vested in their contributions, Company matching contributions, and discretionary nonelective contributions, plus actual earnings or losses thereon.

BANCO ITAÚ INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE A--DESCRIPTION OF PLAN--Continued

Vesting--Continued: Rollover account balances (balances resulting from transfers of benefits from another qualified plan) and earnings or losses thereon are 100% vested at all times.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 60 months, unless such loan is for the purchase of a participant's primary residence. Participants may only have two loans outstanding at any given time. The loans are secured by the balance in the participant's account. Interest rates on participant loans outstanding as of December 31, 2025 and 2024, respectively, range from 4.25% to 9.50%. Principal and interest is paid ratably through periodic payroll deductions. If any payment of principal and interest, or any portion thereof, remains unpaid, the loan shall be in default. The Participant shall then be treated as having received a deemed distribution regardless of whether or not a distributable event has occurred.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive a distribution of his or her vested account balance in the form of a lump-sum payment or installments. If a participant's vested balance is \$5,000 or less, the Company may distribute the entire vested account balance to the participant without their consent. Participants may also request in-service distributions upon attaining age 59 ½. A participant may also request a distribution if they experience undue financial hardship as defined by the IRC.

Forfeited Accounts: Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. For the years ended December 31, 2025 and 2024, forfeiture account balances were approximately \$3,000, respectively. Forfeitures are used to reduce future Company matching contributions and pay Plan expenses. During 2025, forfeitures applied against Plan expenses totaled approximately \$1,000.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Significant estimates include the determination of fair value of certain investments of the Plan. Accordingly, actual results may differ from those estimates.

BANCO ITAÚ INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment earnings and losses and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees for processing loans are recorded as administrative expenses and are expensed when they are incurred.

Expenses: Certain expenses for maintaining the Plan are paid directly by the Company as disclosed in Note A and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Certain investment advisory and management fees are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Subsequent Events: The Plan's management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 9, 2026, the date the financial statements were available to be issued.

NOTE C--INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy in accordance with U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE D--FAIR VALUE MEASUREMENTS--Continued

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan at year-end are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset values ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: Valued at NAV provided by the Trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

NOTE D--FAIR VALUE MEASUREMENTS--Continued

(*) In accordance with Accounting Standards Codification 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy (Note E). The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE E--FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

NOTE G--PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by ADP. Fees incurred by the Plan and paid to ADP for recordkeeping services are included in administrative expenses. ADP is the recordkeeper of the Plan and therefore, these transactions qualify as party-in-interest.

NOTE H--TAX STATUS

The Plan is a prototype non-standardized defined contribution plan under Section 401(k) of the IRC adopting a pre-approved profit-sharing plan. The Plan received a determination letter dated October 6, 2020, which stated that the Plan document and related trust adopted by the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there

NOTE H--TAX STATUS--Continued

are currently no audits for any tax periods in progress. The Plan's tax returns for the years ended December 31, 2024, 2023, and 2022 remain subject to examination by federal and state tax jurisdictions.

NOTE I--CONCENTRATIONS

As of December 31, 2025, three of the Plan's investment options represented approximately 41% of the Plan's total investments. As of December 31, 2024, two of the Plan's investment options represented approximately 31% of the Plan's total investments.

NOTE J--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE K--SUBSEQUENT EVENT

Plan Amendments: Effective January 1, 2026, the Plan was amended to allow participants to make Roth rollover contributions. Effective August 1, 2026, the Plan was amended to add an after-tax voluntary employee contribution feature separate from traditional pre-tax elective deferrals and designated Roth 401(k) contributions. The amendment permits eligible participants to contribute up to 50% of eligible compensation as after-tax voluntary contributions, subject to applicable IRC limits. After-tax voluntary contributions are not eligible for employer matching contributions. Refer to plan documents and amendments for further details.
