INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Caregility 401(k) Plan
Wall Township, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caregility 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, the trustee of the Plan, a qualified institution, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as identified in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE A - DESCRIPTION OF PLAN

The following description of the Caregility 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Caregility Corporation (the Company, Plan Sponsor, and Plan Administrator). Employees are immediately eligible to make elective deferrals upon hire and reaching the age of 21 except for leased employees. The employee must complete six months of service to be eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 90% of compensation as defined by the Plan on a pre-tax or 50% of compensation as defined by the Plan on an after-tax basis. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 5% invested in a fund designated by the Plan Administrator until changed by the participant. The deferral rate for participants automatically enrolled in the Plan increases by 1% each year in accordance with the Plan document. The Plan provides for a discretionary employer matching contribution to eligible participants, which was 25% of the first 10% of compensation that a participant contributed to the Plan for the year ended December 31, 2025. The Plan also provides for a discretionary employer profit sharing contribution. No discretionary employer profit sharing contributions were made for the year ended December 31, 2025. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach or are expected to reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as an allocation of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Recently Adopted Accounting Pronouncement

Effective January 1, 2025, the Plan early adopted Accounting Standards Update (ASU) 2025-05, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets (ASU 2025-05). The ASU includes an option for an accounting policy election that permits entities classified as not public business entities to consider subsequent collection activity in estimating expected credit losses. The Plan elected this accounting policy prospectively. The adoption of the ASU did not result in an adjustment at the adoption date nor did it have a material effect on the Plan's financial statements.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions and in the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to Plan provisions. Notes receivable terms range from 1 - 5 years or up to 10 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 3.25% to 8.50% at December 31, 2025. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon attaining age 59½, participants still in-service may elect to receive distributions of their elective deferrals, rollover contributions, and vested Company matching contribution amounts. Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account or partial withdrawals based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$7,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may make hardship withdrawals of their deferral and rollover account balance subject to Plan provisions.

During 2025, the Plan was amended to allow for certain distribution types, subject to IRS provisions, under the SECURE 2.0 Act of 2022. Each of these distribution types allow for repayments within 3 years of the date of distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and Contributions Receivable

Contributions from Plan participants and related Company discretionary matching contributions are recorded in the year in which the employee's participant contributions are withheld from compensation. Any contributions attributable to the Plan year but not received by the trust by the last day of the Plan year are recorded as a receivable.

The carrying amount of contributions receivable are assessed for the need to record a valuation allowance. The valuation allowance is an estimate derived from the Plan's historical losses of contributions receivable, adjusted for the Plan Administrator's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Plan. Based on the Plan Administrator's assessment as of December 31, 2025 and 2024, no allowances for contributions receivable were recorded as of December 31, 2025 and 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Company adopted a non-standardized pre-approved profit sharing plan with cash or deferred arrangement which received an opinion letter from the IRS dated June 30, 2020 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2026, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 were obtained by management and agreed to or derived from information certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2025 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 17,287,946</u>	<u>\$ 17,287,946</u>
Total investment in the fair value hierarchy	<u>\$ 17,287,946</u>	17,287,946
Investments measured at net asset value		
Common/collective trust		<u>392,617</u>
Total investments at fair value		<u>\$ 17,680,563</u>

The Plan's investments accounted for at fair value as of December 31, 2024 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 13,854,982</u>	<u>\$ 13,854,982</u>
Total investment in the fair value hierarchy	<u>\$ 13,854,982</u>	13,854,982
Investments measured at net asset value		
Common/collective trust		<u>474,328</u>
Total investments at fair value		<u>\$ 14,329,310</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds are valued at the net asset values of shares held by the Plan at year end, as reported on the active markets on which the investments are traded.

The common/collective trust (see Note E) is valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trust's underlying assets less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The method described on the prior page may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - INVESTMENT IN COMMON/COLLECTIVE TRUST

The Plan has an investment in the Fidelity Advisor Stable Value Portfolio Class I (the Fund), which is a common/collective trust fund with a balance of \$392,617 and \$474,328 at December 31, 2025 and 2024, respectively.

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances. A transfer of assets from the Fund to a competing investment vehicle must first be held in a non-competing investment vehicle for at least ninety days before a transfer to a competing investment vehicle. Whether an investment vehicle is a "competing investment vehicle" is within the sole discretion of the trustee. The trustee reserves the right to require up to 12 months advance notice for the Plan Sponsor initiated withdrawals.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE H - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include investments in the funds of the trustee, and related dividend income, interest, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

Fidelity Workplace Services LLC (Fidelity) provides certain administrative services to the Plan. Fidelity received revenue for these services at crediting rates per investment ranging from 0.01% to 1.21% of the funds' balances as of December 31, 2025. These fees reduce the rate of return to the Plan for these investments and are netted within net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	\$17,917,629	\$14,562,020
Difference in net asset value and current value of common/collective trust (a)	(15,222)	(31,553)
Net assets per Form 5500	<u>\$17,902,407</u>	<u>\$14,530,467</u>

The following is a reconciliation of net increase per the financial statements to net income per Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	\$ 3,355,609
Change in the difference in net asset value and current value of common/collective trust (a)	<u>16,331</u>
Net income (loss) per Form 5500	<u>\$ 3,371,940</u>

(a) The common/collective trust is reported at current value on the Form 5500 and is reported at net asset value for financial statement purposes.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by 29 CFR 2510.3-102 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Company is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. The Company did not timely remit participant loan repayments of \$153 during 2024 in accordance with ERISA. As of August 18, 2026, the delinquent loan repayments plus lost earnings have not been remitted to the Plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Caregility 401(k) Plan
Wall Township, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Caregility 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, the trustee of the Plan, a qualified institution, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as identified in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE A - DESCRIPTION OF PLAN

The following description of the Caregility 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Caregility Corporation (the Company, Plan Sponsor, and Plan Administrator). Employees are immediately eligible to make elective deferrals upon hire and reaching the age of 21 except for leased employees. The employee must complete six months of service to be eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 90% of compensation as defined by the Plan on a pre-tax or 50% of compensation as defined by the Plan on an after-tax basis. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 5% invested in a fund designated by the Plan Administrator until changed by the participant. The deferral rate for participants automatically enrolled in the Plan increases by 1% each year in accordance with the Plan document. The Plan provides for a discretionary employer matching contribution to eligible participants, which was 25% of the first 10% of compensation that a participant contributed to the Plan for the year ended December 31, 2025. The Plan also provides for a discretionary employer profit sharing contribution. No discretionary employer profit sharing contributions were made for the year ended December 31, 2025. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach or are expected to reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as an allocation of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Recently Adopted Accounting Pronouncement

Effective January 1, 2025, the Plan early adopted Accounting Standards Update (ASU) 2025-05, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets (ASU 2025-05). The ASU includes an option for an accounting policy election that permits entities classified as not public business entities to consider subsequent collection activity in estimating expected credit losses. The Plan elected this accounting policy prospectively. The adoption of the ASU did not result in an adjustment at the adoption date nor did it have a material effect on the Plan's financial statements.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions and in the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to Plan provisions. Notes receivable terms range from 1 - 5 years or up to 10 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 3.25% to 8.50% at December 31, 2025. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon attaining age 59½, participants still in-service may elect to receive distributions of their elective deferrals, rollover contributions, and vested Company matching contribution amounts. Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account or partial withdrawals based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$7,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may make hardship withdrawals of their deferral and rollover account balance subject to Plan provisions.

During 2025, the Plan was amended to allow for certain distribution types, subject to IRS provisions, under the SECURE 2.0 Act of 2022. Each of these distribution types allow for repayments within 3 years of the date of distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and Contributions Receivable

Contributions from Plan participants and related Company discretionary matching contributions are recorded in the year in which the employee's participant contributions are withheld from compensation. Any contributions attributable to the Plan year but not received by the trust by the last day of the Plan year are recorded as a receivable.

The carrying amount of contributions receivable are assessed for the need to record a valuation allowance. The valuation allowance is an estimate derived from the Plan's historical losses of contributions receivable, adjusted for the Plan Administrator's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Plan. Based on the Plan Administrator's assessment as of December 31, 2025 and 2024, no allowances for contributions receivable were recorded as of December 31, 2025 and 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Company adopted a non-standardized pre-approved profit sharing plan with cash or deferred arrangement which received an opinion letter from the IRS dated June 30, 2020 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2026, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 were obtained by management and agreed to or derived from information certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2025 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 17,287,946</u>	<u>\$ 17,287,946</u>
Total investment in the fair value hierarchy	<u>\$ 17,287,946</u>	17,287,946
Investments measured at net asset value		
Common/collective trust		<u>392,617</u>
Total investments at fair value		<u>\$ 17,680,563</u>

The Plan's investments accounted for at fair value as of December 31, 2024 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 13,854,982</u>	<u>\$ 13,854,982</u>
Total investment in the fair value hierarchy	<u>\$ 13,854,982</u>	13,854,982
Investments measured at net asset value		
Common/collective trust		<u>474,328</u>
Total investments at fair value		<u>\$ 14,329,310</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds are valued at the net asset values of shares held by the Plan at year end, as reported on the active markets on which the investments are traded.

The common/collective trust (see Note E) is valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trust's underlying assets less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The method described on the prior page may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - INVESTMENT IN COMMON/COLLECTIVE TRUST

The Plan has an investment in the Fidelity Advisor Stable Value Portfolio Class I (the Fund), which is a common/collective trust fund with a balance of \$392,617 and \$474,328 at December 31, 2025 and 2024, respectively.

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances. A transfer of assets from the Fund to a competing investment vehicle must first be held in a non-competing investment vehicle for at least ninety days before a transfer to a competing investment vehicle. Whether an investment vehicle is a "competing investment vehicle" is within the sole discretion of the trustee. The trustee reserves the right to require up to 12 months advance notice for the Plan Sponsor initiated withdrawals.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CAREGILITY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024 and Year Ended December 31, 2025

NOTE H - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include investments in the funds of the trustee, and related dividend income, interest, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

Fidelity Workplace Services LLC (Fidelity) provides certain administrative services to the Plan. Fidelity received revenue for these services at crediting rates per investment ranging from 0.01% to 1.21% of the funds' balances as of December 31, 2025. These fees reduce the rate of return to the Plan for these investments and are netted within net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	\$17,917,629	\$14,562,020

Net assets per Form 5500	<u>\$17,902,407</u>	<u>\$14,530,467</u>

The following is a reconciliation of net increase per the financial statements to net income per Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	\$ 3,355,609
Change in the difference in net asset value and current value of common/collective trust (a)	<u>16,331</u>
Net income (loss) per Form 5500	<u>\$ 3,371,940</u>

(a) The common/collective trust is reported at current value on the Form 5500 and is reported at net asset value for financial statement purposes.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by 29 CFR 2510.3-102 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Company is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. The Company did not timely remit participant loan repayments of \$153 during 2024 in accordance with ERISA. As of August 18, 2026, the delinquent loan repayments plus lost earnings have not been remitted to the Plan.

MANAGEMENT LETTER

August 18, 2026

To the Plan Administrator
Caregility 401(k) Plan
Wall Township, New Jersey

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Caregility 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company (Fidelity), the trustee, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we considered to be material weaknesses.

As defined by GAAS, a significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance of the Plan. A control deficiency considered to be a significant deficiency is included on the following page. The significant deficiency is presented based upon an evaluation of the control deficiencies as required by GAAS and, along with any other control deficiencies and observations, are meant to be constructive suggestions to be considered as part of the ongoing process of modifying and improving the Plan's internal control procedures.

As defined by GAAS, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgement is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We consider the significant deficiency and control deficiencies on the following pages to be reportable findings.

We hope that our comments and suggestions will be received in the caring and constructive fashion they are intended. We have already discussed many of these comments and suggestions with Plan management, and we will be pleased to discuss them in further detail at your convenience. We will review the status of these comments during our next audit engagement.

The accompanying comments and recommendations are intended solely for the information and use of the Plan's management, those charged with governance of the Plan, and others within the Plan, and should not be used by anyone other than these specified parties.

We appreciate the opportunity to be of service to the Plan.

Sincerely,

Barnes Wendling CPAs

SIGNIFICANT DEFICIENCY

COMMENT:

AU-C Section 265: *Communicating Internal Control Related Matters Identified in an Audit* emphasizes the independent auditor cannot be part of an organization's system of internal control over financial reporting. This means if the Plan does not have the ability to prepare its own financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), including footnote disclosures, or has not established formal controls over the preparation of the financial statements prepared by others that would prevent or detect a misstatement, it is considered a control deficiency in the Plan's internal control. AU-C Section 265 requires auditors to evaluate the magnitude of this control deficiency and report to management and those charged with governance accordingly.

Many organizations rely on their independent auditor to assist in the preparation of GAAP financial statements for valid cost benefit reasons. We have been engaged to assist the Plan in the preparation of its financial statements, including summarizing the information provided in the trial balance in the form of financial statements, preparing the supplemental schedules, disclosures, and utilizing a comprehensive disclosure checklist to ensure the propriety and completeness of the disclosures. Plan management has been provided and has reviewed the financial statements, disclosures, supplemental schedules, trial balance groupings, and recorded journal entries. However, Plan management has not implemented formal control procedures over the period-end financial reporting process, and thus as required under AU-C Section 265, we report to you there is more than a remote likelihood a misstatement that is more than inconsequential or omission of a significant required disclosure could occur in the financial statements and notes related thereto and not be detected by Plan management or those charged with governance.

RECOMMENDATION:

We understand Plan management's decision to not prepare the financial statements and disclosures for cost benefit reasons; however, we recommend that those charged with governance consider mitigating the risk of misstatement of the financial statements and disclosures by designing and implementing formal control procedures including carefully reviewing and approving the Plan's trial balance groupings, adjusting journal entries, financial statements, disclosures, supplemental schedules, and a comprehensive disclosure checklist. We would be pleased to provide you additional examples of applicable controls for the design of formal control procedures and the listed items required for you to complete your review.

CONTROL DEFICIENCIES

COMMENT:

During our testing of employer matching contributions, we noted there is no documentation supporting the amount of the Plan sponsor's discretionary match, such as written and signed authorization from Plan management. If Plan management elected to change the discretionary match it would affect the discretionary matching contribution received for all participants.

RECOMMENDATION:

We recommend on an annual basis those charged with governance of the Plan and the Plan sponsor review the Plan sponsor's discretionary match and provide written authorization supporting the amount of the employer match for the upcoming Plan year. The percentage approved for the year should be communicated to all eligible participants.

COMMENT:

During our testing of the true-up calculation, we encountered significant difficulties in reconciling the allocation compensation used by Fidelity and the eligible wages coded on the year-to-date ADP Master Control payroll. If the incorrect eligible wages are utilized in calculating the true-up, the affected employee could receive incorrect discretionary matching contributions for the year.

RECOMMENDATION:

We recommend that Plan management review the earnings codes used in order to calculate allocation compensation in the true-up. Further, we recommend that Plan management understand what earnings codes are being excluded when calculating eligible compensation on the year-to-date ADP Master Control payroll to ensure the wages are in accordance with the Plan document.

COMMENT:

During our testing of deferral changes, we noted one deferral change took place before the first day of the following month. Per the Plan Adoption Agreement, "A Participant may change, on a prospective basis, his salary reduction agreement as of the first day of each month." The participant was not harmed; however, the Plan document should be followed to ensure all participants are being treated equally.

RECOMMENDATION:

We recommend Plan management implement a control to ensure all deferral changes are taking place in accordance with the Plan document including annual true-up elections.

CONTROL DEFICIENCIES (CONTINUED)

COMMENT:

During our testing of the contribution reconciliation, we noted the delinquent loan contributions from 2024 have not been corrected. This amount is shown on the schedule of delinquent contributions that accompanies the financial statements until corrected.

RECOMMENDATION:

We recommend Plan management correct both the delinquent loan contribution with lost earnings as soon as possible to ensure the participants are made whole.

OTHER OBSERVATIONS

COMMENT:

During our audit, we noted the Plan has not adopted a formal investment policy statement. Implementation of this policy will ensure fiduciary due diligence by documenting that investments are in line with the Plan's overall mission.

RECOMMENDATION:

We recommend Plan management adopt a formal investment policy to document guidelines to measure investment performance and document fiduciary due diligence. The policy should address permitted investments and investment allocation targets, as well as provide a method of reviewing, monitoring, and taking appropriate action with regard to the Plan's overall investment return.

COMMENT:

During our testing of the contribution reconciliation schedule, we noted that the Plan sponsor improperly classified a Roth contribution as a QNEC contribution for one participant in 3 pays totaling a misclassification of \$372. The misclassification could have adverse tax consequences for the participant.

RECOMMENDATION:

We recommend the Plan sponsor contact the third-party administrator to correct the classification of the participant's QNEC pretax and Roth contributions accounts.
