Allegheny Mineral Company Employee Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Allegheny Mineral Company Employee Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025; the related statement of changes in net assets available for benefits for the year then ended December 31, 2025; and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion (Continued)

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 26, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information was prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters (Continued)

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

ALLEGHENY MINERAL COMPANY EMPLOYEE PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Allegheny Mineral Company Employee Profit Sharing Plan (the “Plan”) provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

Plan Amendments

Effective November 20, 2025, the Plan was amended to modify the investment options available to participants and update the Plan’s default investment arrangement. Under the amended provisions, participants who do not make an affirmative investment election have contributions invested in the Plan’s designated qualified default investment alternative based on their anticipated retirement date.

General

The Plan is a defined contribution profit sharing plan covering the employees of the Allegheny Mineral Corporation (the “Company”) and employees of the Glacial Sand and Gravel Co., which is an entity related to the Company through common ownership. Employees are eligible to participate in the Plan by attaining the age of 20 and completing one year of service. A year of service is defined as a 12-month period immediately following the employee’s date of hire, during which an employee is credited with at least 1,000 hours of service. Active employees can enter the Plan on the first day of each January and July following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Accounts

Under the Plan provisions, each participant’s account is credited with the Company’s contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon units accumulated by each participant’s account. Units are apportioned based upon participant earnings. The benefit to which each participant is entitled is that which can be provided from the participant’s vested account.

Contributions

Contributions to the Plan are made only by the employer and are invested as directed by the participant. Employees are not eligible to contribute to the Plan. The Plan does not allow for rollover contributions. For each Plan year in which there are sufficient current profits or accumulated earnings to do so, and subject to the provisions of the Plan and Section 404(a)(3) of the Internal Revenue Code (IRC), the Plan sponsor contributes to the Plan a percentage of gross wages earned by the employees during the fiscal year. In 2025 and 2024, the Company contributed 10 percent of eligible wages to the Plan.

Vesting

A participant’s account may be distributed only in the event of disability, death, retirement, or early retirement, as defined in the Plan, or attainment of age 65. Prior to the completion of 6 years of vesting service, employees will become vested as follows: 0 percent for less than 2 years; 20 percent after 2 years; 40 percent after 3 years; 60 percent after 4 years; 80 percent after 5 years; and 100 percent after 6 years.

Notes Receivable from Participants

The Plan does not permit participants to have loans against their accounts.

Upon termination of service due to disability, death, retirement, or for other reasons, a participant may elect to receive the vested value of their account in a lump-sum payment or in installments over an elected pay period.

Forfeitures

Forfeitures may be used to reduce future nonelective contributions or Plan expenses. At December 31, 2025 and 2024, the balance in the forfeiture account was \$11,392 and \$11,100, respectively. For the Plan year ended December 31, 2025, forfeitures of \$11,486 were used to reduce nonelective contributions and Plan expenses.

Plan Transfer

During 2025, the Plan received assets from a qualified plan associated with the Plan sponsor in the amount of \$75,960.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Guaranteed Annuity Insurance Contract

Guaranteed annuity insurance contracts held by a defined contribution profit sharing plan are required to be reported at contract value, which is the relevant measurement for that portion of the net assets available for benefits of a defined contribution profit sharing plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's expenses may be shared between participants and the Company, as provided by the Plan document. Some costs of administering the Plan may be paid from Plan assets. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 3 – INVESTMENTS

The Plan's investments are administered by Transamerica Retirement Solutions, LLC and held by State Street Bank and Trust Company (the "Trustee"), except for the guaranteed annuity insurance contracts, which are held by Transamerica Life Insurance Company (TLIC) and Transamerica Financial Life Insurance Company (TFLIC). The following is a summary of the investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee, TLIC, and TFLIC, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee with respect to the completeness and accuracy of the investment information for the investments held by the Trustee, and from TLIC and TFLIC with respect to the completeness and accuracy of the investment information for the guaranteed annuity insurance contracts. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator elected to have an ERISA Section 103(a)(3)(C) audit and instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule, related to investments:

	December 31,	
	<u>2025</u>	<u>2024</u>
Investments at fair value:		
Common collective trust	\$ 11,977,768	\$ -
Mutual funds	<u>5,410,835</u>	<u>14,885,940</u>
Total	<u>\$ 17,388,603</u>	<u>\$ 14,885,940</u>
Investments at contract value:		
Guaranteed annuity insurance contract	<u>\$ 1,361,076</u>	<u>\$ 1,732,725</u>

The Trustee, TLIC, and TFLIC also certified to the completeness and accuracy of \$2,245,304 of net appreciation (depreciation) in fair value of investments and \$138,174 of interest and dividend income for the year ended December 31, 2025.

NOTE 4 – GUARANTEED ANNUITY INSURANCE CONTRACT

The Plan entered into fully benefit-responsive investment contracts with TLIC and TFLIC, who maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TLIC and TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations might be affected by future economic and regulatory development.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their accounts.

NOTE 6 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Trustee by letter dated June 30, 2020, that the Plan, a preapproved 401(k) profit sharing plan, and related trust are designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ALLEGHENY MINERAL COMPANY EMPLOYEE PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 6 – TAX STATUS (Continued)

Management of the Plan is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – RELATED PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds and collective trust funds managed by Transamerica Retirement Solutions, LLC and fully benefit-responsive guaranteed investment contracts managed by TLIC and TFLIC, which also serve as recordkeepers and custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions. Additionally, certain administrative functions are performed by officers or employees of Snyder Associated Companies, Inc. No such officer or employee receives compensation from the Plan.

Certain administrative costs and legal and accounting fees are paid by the Plan sponsor. In 2025, those fees totaled \$40.

NOTE 8 – FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan discloses the fair value of its financial instruments. Financial instruments are defined as cash, evidence of ownership in an entity, or a contract that creates an obligation or right to receive or deliver cash or another financial instrument from/to a second entity on potentially favorable or unfavorable terms. If a quoted market price is available for a financial instrument, the estimated fair value would be calculated based upon the market price per trading unit of the instrument. At December 31, 2025, the carrying amount of these financial instruments approximates fair values.

NOTE 9 – FAIR VALUE MEASUREMENTS

The following disclosures show the hierarchical disclosure framework associated with the level of pricing observations utilized in measuring assets and liabilities at fair value. The three broad levels of pricing observations are as follows:

- *Level I:* Inputs to the valuation methodology are unadjusted quoted prices for assets or liabilities in active markets that the Plan has the ability to access.
- *Level II:* Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
- *Level III:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ALLEGHENY MINERAL COMPANY EMPLOYEE PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds

Common trusts are valued at the NAV of shares held by the Plan at year-end, adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The NAV per unit is determined by dividing the net assets by the number of units outstanding on the day of valuation. In accordance with the terms of the Plan of Trust, the NAV of the fund is determined daily. Units are issued and redeemed daily, at the daily NAV. Also, the net investment income and realized and unrealized gains on investment are not distributed.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025				
	Level I	Level II	Level III	Total
Assets:				
Mutual funds	\$ 5,410,835	\$ -	\$ -	\$ 5,410,835

Investments at fair value	\$ 14,885,940	\$ -	\$ -	\$ 14,885,940

- (a) Investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. These amounts are being presented in the tables above to permit reconciliation of fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 9 – FAIR VALUE MEASUREMENTS (Continued)

Investments measured at net asset value per share and excluded from the fair value hierarchy are common trust funds in the amount of \$11,977,768 at December 31, 2025. There were no investments measured at net asset value per share at December 31, 2024. The fair value of these investments is measured using the net asset value per share practical expedient. These investments can be redeemed daily and without any restrictions on the timing of the redemption. There are no unfunded commitments associated with these investments.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements at December 31, 2025, and 2024, to Form 5500 is as follows:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 19,734,994	\$ 17,610,427

Net assets available for benefits per Form 5500	\$ <u>18,749,679</u>	\$ <u>16,618,665</u>

A reconciliation of net increase before asset transfer per the financial statements for the year ended December 31, 2025, to net income per the Form 5500 is as follows:

Net increase per financial statements	\$ 2,048,607
2025 employer contribution receivable	(985,315)
2024 employer contribution receivable	<u>991,762</u>
Net income per Form 5500	\$ <u>2,055,054</u>

NOTE 12 – SUBSEQUENT EVENTS

Management has reviewed events occurring through August 31, 2026, the date that the financial statements were issued, and no subsequent events have occurred requiring disclosure.
