Report of Independent Auditors

Administrative Committee

M. B. Kahn Profit Sharing & 401(k) Savings Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of M. B. Kahn Profit Sharing & 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for Plan benefits as of December 31, 2025, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Opinion (continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Administrative Committee
M. B. Kahn Profit Sharing & 401(k) Savings Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 3, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States, and (b) the information in the 2024 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

M. B. Kahn Profit Sharing & 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following description of the M. B. Kahn Profit Sharing & 401(k) Savings Plan (the "Plan") provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by M. B. Kahn Services, LLC. (the "Company"), which provides retirement benefits to full-time salaried employees who are age eighteen or older. Employees are eligible to make employee elective deferrals immediately upon hire with the Company. Employees who are not paid on a salaried basis and residents of Puerto Rico are excluded from participation in the Plan.

The Plan uses Ameritas Life Insurance Corporation ("Ameritas") as its custodian and recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participants must complete one year of service (1,000 hours in one year) to be eligible for discretionary employer matching and profit sharing contributions. To receive discretionary profit sharing contributions a participant must also be employed on the last day of the Plan year. A participant becomes eligible to receive discretionary employer matching contributions on January 1 or July 1 after the eligibility requirements are met.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants may designate their contributions as pre-tax salary deferrals, after-tax Roth 401(k) contributions, or a combination of the two. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans.

Participants who do not opt out of participation or choose a specific deferral rate are automatically enrolled into the Plan at 3% of pre-tax compensation. The deferral rate under auto enrollment automatically increases to 6% at the time a participant becomes eligible for employer discretionary contributions.

1. Description of Plan (continued)

Contributions (continued)

The Company, at its discretion, may make a matching contribution equal to a percentage of each participant's elective deferrals if they meet the eligibility requirements. The percentage is determined each year by the Company's members. For the year ended December 31, 2025, the Company matched 50% of eligible participant contributions up to a maximum of 3 % of eligible compensation. The Company, at its discretion, may also make profit sharing contributions. The Company's profit-sharing contribution was 10% of eligible compensation for the year ended December 31, 2025. During the year ended December 31, 2025, the Company made \$679,415 and \$2,480,218 in discretionary matching and profit-sharing contributions to the Plan, respectively. During the year ended December 31, 2024, the Company made \$627,127 and \$2,106,433 in discretionary matching and profit-sharing contributions to the Plan, respectively.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, allocations of employer contributions, distributions, plan earnings or losses, and charged with an allocation of administrative expenses paid by the Plan. Participants direct their contributions into various investment options offered by the Plan, which include a self-directed brokerage option. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates ranged from 3.00% to 9.50% as of December 31, 2025. Loans are required to be repaid within five years, except for notes made for the purchase of a primary residence, which must be repaid within a period of no more than 15 years. A participant may have no more than two notes due to the Plan at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of service a participant may, subject to certain conditions, elect to receive their vested portion of Plan assets under several payout options specified in the Plan's documents. Subject to certain conditions, a participant may receive hardship withdrawals from his or her balance in the Plan while employed.

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan (continued)

Payment of Benefits (continued)

If a participant's vested account balance does not exceed \$7,000, the Plan may automatically distribute the participant's vested account balance. Participants who have attained 59 ½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

Vesting

Participants are immediately vested in their salary deferrals plus actual earnings or losses thereon.

Vesting in employer discretionary matching and profit sharing contributions is based on years of continuous service. Participants are vested in discretionary matching and profit sharing contributions using a 3-year cliff vesting schedule.

Participants will be considered 100% vested in employer contributions in the event of retirement on or after age 65, death, disability, or attainment of early retirement age while an employee. If an employee is terminated from the Plan prior to becoming 100% vested in employer contributions, the non-vested portion will be allocated to the Plan's forfeiture account.

Forfeited Amounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$11 and \$3, respectively. These accounts will reduce future Company contributions, be reallocated to participants, or be used to pay administrative expenses. During the years ended December 31, 2025 and 2024, \$34,414 and \$5,114 of forfeited nonvested accounts were reallocated to participants and no amounts were used to reduce Company contributions or administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer discretionary matching and discretionary profit sharing contributions.

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from the accompanying financial statements. Expenses related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan is recorded as a distribution based on the terms of the Plan document.

M. B. Kahn Profit Sharing & 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments, excluding fully benefit-responsive investment contracts ("FBRICs"), are reported at fair value. FBRICs are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for plan benefits.

As part of its fiduciary responsibility related to investment risk, the Plan's Administrative Committee meets regularly to analyze investment options and investment performance. The Administrative Committee periodically engages a fiduciary investment advisor to review and implement processes related to its fiduciary responsibilities pursuant to 29 CFR 2510.3-21 of the DOL's Rules and Regulations.

Payment of Benefits

Benefit payments are recorded when paid.

3. Custodian Certification

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, that was prepared by or derived from information provided by its custodian and furnished to the Plan administrator. The Plan administrator has obtained certification from its custodian that the information provided to the Plan administrator by the custodian related to the following assets is complete and accurate.

M. B. Kahn Profit Sharing & 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

3. Custodian Certification (continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financials statements and supplemental schedule related to the following assets:

	2025	2024
Investments at fair value:		
Pooled separate accounts	\$ 59,013,490	\$ 50,856,378
Investments at contract value:		
Guaranteed interest account	42,607,517	42,502,038
Notes receivable from participants	871,554	788,523
	<u>\$ 102,492,561</u>	<u>\$ 94,146,939</u>

The custodian also certified to the completeness and accuracy of \$7,392,304 of appreciation in fair value of pooled separate accounts and \$1,532,941 of interest on the guaranteed interest account, as well as \$67,447 of interest on notes receivable from participants for the year ended December 31, 2025. The custodian also certified to the completeness and accuracy of \$7,182,469 of appreciation in fair value of pooled separate accounts and \$1,577,376 of interest on the guaranteed annuity account, as well as \$67,444 of interest on notes receivable from participants for the year ended December 31, 2024.

4. Fair Value Measurements

The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

M. B. Kahn Profit Sharing & 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

4. Fair Value Measurements (continued)

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Self-directed brokerage accounts are invested in common stocks, bonds, certificate of deposits, and sweep accounts. All of the Plan's mutual fund, common stock, preferred stock and exchange traded fund investments of self-directed brokerage accounts are Level 1 investments valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds and interest-bearing cash investments of self-directed brokerage accounts are valued using Level 2 inputs, using pricing models maximizing the use of observable inputs for similar securities.

Pooled separate accounts investments are valued at net asset value ("NAV"). The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of the account is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the account, the account provider reserves the right to temporarily delay withdrawal from the account in order to ensure that security liquidations will be carried out in an orderly business manner.

5. Fully Benefit-Responsive Investment Contract

The Plan invests in fixed rate option fund, a group annuity contract, which is a type of guaranteed investment contract, with the custodian totaling approximately \$42,608,000 and \$42,502,000 as of December 31, 2025 and 2024, respectively. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement for this Plan asset. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the custodian. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

Furthermore, certain events would allow the custodian to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misinterpretation, or (d) a material amendment to the agreements without the consent of the custodian. The plan administrator does not believe that any events that would limit the plan's ability to transact at contract value with plan participants or the custodian are probable of occurring.

M. B. Kahn Profit Sharing & 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

6. Income Tax Status

The Plan is a non-standardized pre-approved plan by Ameritas, designed to be in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service ("IRS") has determined and informed Ameritas by a letter dated June 30, 2020 that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended and restated since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As a result, Plan management believes that the Plan is qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investments are managed by the Plan's custodian. All transactions with the custodian qualify as party-in-interest transactions. Certain investment management fees are included in net appreciation in fair value of investments, as they are paid through revenue sharing arrangements rather than by direct payment; other fees are paid directly by the Plan. For the years ended December 31, 2025 and 2024, the Plan made direct payments to the third-party service providers of approximately \$65,000 and \$58,000, respectively.

8. Subsequent Events

The Plan evaluated events and transactions after December 31, 2025 through September 14, 2026, the date the financial statements were available to be issued. No subsequent events were noted.
