Independent Auditor's Report

To the Board of Trustees of:
IBEW Local Union No. 351 Surety Fund

Opinion

We have audited the financial statements of **IBEW Local Union No. 351 Surety Fund**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of **IBEW Local Union No. 351 Surety Fund** as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **IBEW Local Union No. 351 Surety Fund** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **IBEW Local Union No. 351 Surety Fund's** ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **IBEW Local Union No. 351 Surety Fund's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **IBEW Local Union No. 351 Surety Fund's** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules "1" and "2" are presented for purposes of additional analysis and are not a required part of the financial statements. The supplemental schedule of assets (held at end of year) is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the ERISA-required supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report
IBEW Local Union No. 351 Surety Fund
continued, page -3-

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content of the ERISA-required supplemental schedules are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

IBEW LOCAL UNION NO. 351 SURETY FUND

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following brief description of the **IBEW Local Union No. 351 Surety Fund** (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

a) **General**

The Plan is a defined contribution plan formed October 1, 1995 under an agreement between IBEW Local Union No. 351 and The National Electrical Contractors Association of South Jersey. The Plan covers all employees employed under the terms of the collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Labor Management Relations Act, Section 302(c)(5).

b) **Directed Investment Accounts**

Directed investment account shall mean that portion of the individual account established for each employee pursuant to this surety plan over which he/she retains independent investment control pursuant to section 404(c) of the Employment Retirement Income Security Act of 1974 and the regulations promulgated thereunder.

c) **Participant Accounts**

Each participant will have an identifiable individual account. In general, it will be: the sum of all contributions made on the participant's behalf, plus all actual investment earnings (realized and unrealized) credited to the participant's account, minus all withdrawals made by the participant, minus the participant's share of expenses of operating the Fund.

d) **Vesting**

Participants are vested immediately in the contributions plus actual earnings thereon. All amounts including interest credited by the Trustees to the participants individual account shall fully vest upon being credited, subject only to the charge for expenses of operating the Surety Fund.

e) **Payment of Benefits:**

Eligibility

In general, benefits become available when:

- The participant retires (after age 55).
- The participant dies prior to retirement.
- The participant becomes totally and permanently disabled.
- Hardships - available to participants for the following purposes subject to certain limitations:
 - Medical expenses.
 - Tuition for higher education or handicapped children.
 - Purchase of principal residence.
 - Funeral expenses.
 - Home improvement of at least \$5,000 or to prevent foreclosure or eviction from principal residence.
 - Unemployment.

IBEW LOCAL UNION NO. 351 SURETY FUND

NOTES TO FINANCIAL STATEMENTS

Forms of Payment

- Lump sum.
- Monthly installments over a period not to exceed the participant's life expectancy.
- Combination lump sum and monthly installments.
- Joint and survivor annuity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a) **Basis of Accounting** - The accompanying financial statements are prepared on the accrual basis of accounting.
- b) **Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- c) **Investment Valuation and Income Recognition** - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- d) **Employer and Reciprocal Contributions** - Contributing employers are required to make contributions to the Plan on behalf of each participant, based upon an applicable rate under the collective bargaining agreement. Employer contributions are deposited into a distribution account and then forwarded to the appropriate funds' bank account. Receivables are based upon subsequent collections and an allowance for doubtful accounts is not utilized due to the uncertainty of such collections.
- e) **Contributions Receivable** - Employer contributions due and not paid prior to the year-end are recorded as contributions receivable. Allowance for uncollectable accounts is not considered necessary. Contributions due from employer payroll compliance audits are recorded when received because collectability is uncertain.
- f) **Payment of Benefits** - Benefit payments to participants are recorded when paid.
- g) **Net Appreciation/(Depreciation) in Fair Value** - Net appreciation or depreciation includes realized gains and losses on investments that were both purchased and sold during the period as well as unrealized appreciation or depreciation of the investments held at year end.

IBEW LOCAL UNION NO. 351 SURETY FUND

NOTES TO FINANCIAL STATEMENTS

3. FUNDING POLICY

The Plan is funded by employers under the terms of a collective bargaining agreement between IBEW Local Union No. 351 and The National Electrical Contractors Association of South Jersey. The contribution rates ranged from \$16.00 to \$20.80 per hour and from 3.00% to 29.06% of gross labor payroll for 2025 and from \$16.00 to \$20.80 per hour and from 3.00% to 29.06% of gross labor payroll for 2024 for the various employee classifications.

Contributions in these financial statements:

	<u>12/31/2025</u>	<u>12/31/2024</u>
Contributions collected	\$ 38,745,132	\$ 37,987,384
Receivable, end of period	3,496,572	3,432,336
Receivable, beginning of period	<u>(3,432,336)</u>	<u>(3,679,364)</u>
	<u>\$ 38,809,368</u>	<u>\$ 37,740,356</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Mutual Funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Investments measured at contract value:

Fixed Interest Fund 216,439,349

Total Investments \$ 668,222,768

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of the financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTES TO FINANCIAL STATEMENTS

5. GUARANTEED INTEREST ACCOUNT

The Plan entered into a traditional fully benefit-responsive guaranteed interest contract with Empower Annuity Insurance Company of America, totaling \$201,271,610 and \$216,439,349 for 2025 and 2024, respectively. The Empower Guaranteed Interest Account (or “GIA”) is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the Empower Annuity Insurance Company of America (“Empower”) general investment account. The GIA is provided through a group annuity contract issued by Empower to a retirement plan. Under the contract, a crediting rate is established for a six-month period of time (a “rate period”) and all assets invested in the GIA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Empower assumes market, credit, and interest rate risks for the assets supporting the GIA. The GIA offers participants these stable value features: Guarantee of principal; Guaranteed credited rate that is set in advance for a six-month period; Guarantee of principal and crediting rate are backed by the financial strength of Empower; Safeguard against potential adverse market volatility; Investment management expertise of Empower; Full liquidity at book value for participant-directed benefit payments and transfers to non-competing investments.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

6. TAX STATUS

The IRS has determined and informed the Plan by letter dated September 1, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

IBEW LOCAL UNION NO. 351 SURETY FUND

NOTES TO FINANCIAL STATEMENTS

The Plan maintains its cash balances in one financial institution located in New Jersey. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Plan from time to time may have balances that exceed the insured limits.

8. PLAN TERMINATION

Although they have not expressed any intent to do so, the Trustees have the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in accordance with ERISA and the Plan Agreement.

9. ADMINISTRATION COMMITMENT

The Fund has an agreement with I.E. Shaffer & Co., to serve as the third party administrator of the Fund. The third party administrator fees during the years ended December 31, 2025 and 2024 amounted to \$349,821 and \$341,311, respectively.

10. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through July 1, 2026, the date the financial statements were available to be issued.
