Independent Auditors' Report

**To the Participants and Board of Trustees
Xyngular/Pure Haven 401(k) Plan
Draper, Utah**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Xyngular/Pure Haven 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Xyngular/Pure Haven 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Xyngular/Pure Haven 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Xyngular/Pure Haven 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Xyngular/Pure Haven 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Xyngular/Pure Haven 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Xyngular Corporation (the Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Sponsor who have completed six months of service and have attained age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was effective January 1, 2016.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation and after-tax ROTH contributions, as defined in the Plan, subject to Internal Revenue Service (IRS) maximum deferral limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Sponsor makes safe harbor matching contributions of 100% of the first 3% of base compensation that a participant contributes to the Plan, and 50% of additional contributions that do not exceed 5% of the participants' compensation. In no event will the matching contributions exceed 4% of the participants' compensation. The Sponsor may make discretionary profit sharing contributions at the option of the Sponsor's Board of Directors.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also 100% vested in the Sponsor's contributions immediately after contributed.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period not to exceed the assumed life expectancy of the participant, or a partial withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$3,107 and \$3,782, respectively. Any amounts forfeited from a participant's account upon termination are remitted to a cash account. Such funds may be used to offset future employer contributions or expenses. \$0 and \$0 for employer contributions and \$864 and \$0 for fees were offset during the years ended December 31, 2025 and 2024, respectively, from forfeited nonvested accounts.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees paid to the Plan auditor, are paid by the Sponsor. Expenses not paid by the Sponsor are paid by the Plan.

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Payment of Benefits

On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial withdrawal.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Management of the Plan estimates that these notes are fully collectible and therefore has no reserve for bad debt.

Investment Income Recognition

Investment interest income is recorded on the accrual basis. Accrual of interest is ceased when, in the judgment of management, the collectibility of such income is not reasonably assured.

Subsequent Events

Management of the Plan has evaluated subsequent events through September 14, 2026, which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

Note 3 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures (ASC 820), which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchical disclosure framework that prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information,

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are valued at the net asset value (NAV) of shares held by the fund based on closing prices reported in an active market and classified within Level 1 of the valuation hierarchy. The investments can be redeemed on a daily basis and there is no restriction on redemption.

Common Collective Trusts – Valued at NAV based on collective trust's underlying investments as determined by the fund's issuer. Redemptions from these collective trust funds generally can be made daily and are determined to have a readily determinable fair value.

The fair value measurements for the Plan's investments are as follows:

<u>2025</u>	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 2,393,965	\$ 2,393,965	\$ -	\$ -
Total assets in fair value hierarchy	2,393,965	<u>\$ 2,393,965</u>	<u>\$ -</u>	<u>\$ -</u>
Collective trust funds*	5,456,101			
Investments at fair value	<u>\$ 7,850,066</u>			
 <u>2024</u>	 <u>Fair value</u>	 <u>Level 1</u>	 <u>Level 2</u>	 <u>Level 3</u>
Mutual funds	\$ 2,047,411	\$ 2,047,411	\$ -	\$ -
Total assets in fair value hierarchy	2,047,411	<u>\$ 2,047,411</u>	<u>\$ -</u>	<u>\$ -</u>
Collective trust funds*	5,422,545			
Investments at fair value	<u>\$ 7,469,956</u>			

* These investments are valued based on the NAV per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value hierarchy. The investment trades at NAV in an active private exchange. Registered investment companies are valued using quoted market prices for identified instruments. The unit value of the fund is determined by the investment issuer by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Note 4 – Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (the trustee of the Plan).

Note 5 – Investments at Contract Value

Fixed Annuity Contract

The Plan has a fully benefit-responsive group annuity contract with an insurance company, that is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying asset in the entire medium-term to long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing interest rates for the fund over the year. The average for 2025 and 2024 was 1.45% and 1.41%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The actual average for 2025 and 2024 was 1.45% and 1.4125%, respectively.

Note 6 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is the reconciliation of the financial statements to the Form 5500:

	2025	2024
Net assets per financial statements	\$ 8,517,898	\$ 7,568,135
Deemed distributions	(19,583)	(12,251)
Net assets per form 5500	<u>\$ 8,498,315</u>	<u>\$ 7,555,884</u>

The following is a reconciliation of the change in net assets per the financial statements to change in net assets per Form 5500:

	2025	2024
Change in net assets per financial statements	\$ 949,763	\$ 265,210
Deemed distributions	(6,964)	-
Interest from deemed distributions	(367)	-
Change in net assets per form 5500	<u>\$ 942,432</u>	<u>\$ 265,210</u>

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 – Income Tax Status

The Internal Revenue Service has determined and informed the Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Xyngular/Pure Haven 401(k) Plan

Notes to Financial Statements

Note 9 – Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and collective trust funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these investment management services amounted to \$60,351 and \$61,127 for the years ended December 31, 2025 and 2024, respectively. The above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
