Report of Independent Auditor

To the Plan Administrator
Hilton 401(k) Plan
McLean, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Hilton 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2025, and Schedule of Reportable Transactions – Form 5500, Schedule H, Part IV, Line 4j, for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hilton 401(k) Plan
Notes to Financial Statements
As of December 31, 2025 and 2024 and For the Year Ended December 31, 2025

1. Plan Description

The following description of the Hilton 401(k) Plan (the Plan, also known as the Hilton Worldwide 401(k) Plan from January 1, 2012 to September 7, 2016), provides only general information about Plan provisions. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Hilton Domestic Operating Company Inc. (Hilton, the "Company", "Plan Sponsor", or "Employer") and affiliated companies that have adopted the Plan and have been approved by the delegates of the Board of Directors of Hilton Worldwide Holdings, Inc. ("Board of Directors") as being eligible for participation. The Plan was established on January 1, 1979, and was amended and restated on December 11, 2012, effective as of January 1, 2012. The Plan was additionally amended on September 8, 2016 to change the name of the Plan to Hilton 401(k) Plan, amended on January 1, 2017 to revise the cash-out provisions for terminated participants and added the ability to take advantage of disaster relief under applicable Internal Revenue Service ("IRS") or other government agency guidelines, as well as amended on January 1, 2018 to reflect consistent administration for casualty deductions subsequent to changes to the Internal Revenue Code (the "Code"). The Plan was amended on January 1, 2019 to revise for eligible employees of the Plan to automatically be enrolled and deemed to have elected to contribute one percent (1%) of compensation to the Plan each payroll period, unless affirmative election otherwise is made prior to the date of eligibility, as well as amended on January 1, 2020 to allow a participant to elect a hardship withdrawal to pay for expenses and losses incurred as a result of a disaster declared by the Federal Emergency Management Agency ("FEMA"), provided that the participant's principal residence or principal place of employment at the time of the disaster was located in an area designated by FEMA for individual assistance with respect to the disaster. The Plan amended and restated effective January 1, 2022 allowing an affected participant to receive a Coronavirus Related Distribution ("CRD"), received on or after January 1, 2020 and before December 31, 2020, provided that the total amount of the distribution received from the Plan does not exceed \$100,000. The participant may be allowed to recontribute a CRD to the Plan within three years of the distribution. The Plan was most recently amended on January 1, 2024 allowing any participants to convert eligible vested amounts—excluding Roth Contribution and Roth Rollover Accounts—into an in-Plan Roth Conversion, which is taxable at the time of conversion, reported to the IRS without withholding, and maintained in a separate account subject to original withdrawal restrictions. Additionally, effective January 1, 2023, the required minimum distribution age was changed to age 73. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan also covers employees of employers unaffiliated with the Company (the "unaffiliated employers") who own properties managed by Hilton. Therefore, the Plan is a multiple employer plan. On December 8, 2025, the Plan was amended to reflect provisions of the SECURE 2.0 Act, including enhanced catch-up contribution limits for eligible participants attaining ages 60 through 63, effective January 1, 2025.

The Plan is administered by a committee (the "Plan Administrator") appointed by delegates of the Board of Directors. Effective August 5, 2010, the Plan Administrator and named fiduciary of the Plan is the Global Benefits Administrative Committee. The Plan's trustee, recordkeeper and qualified institution is T. Rowe Price Trust Company. The Company reserves the right to amend all or any part of the Plan at any time.

Master Trust

Assets of the Plan are co-invested with the assets of other defined contribution plans sponsored by Hilton in a commingled investment fund known as the Hilton Stable Value Fund (the "Master Trust") for which T. Rowe Price Trust Company (the "Qualified Institution") serves as the trustee. As of December 31, 2025 and 2024, the other defined contribution plans in the Master Trust included the Hilton Puerto Rico Retirement Savings Plan.

Eligibility

Participation in the Plan is voluntary. Each employee of Hilton or the unaffiliated employers who is not covered by a collective bargaining agreement (unless such agreement provides for participation) or participating in another defined contribution plan of the Company, is eligible to participate in the Plan. The Plan eligibility requirement for employees is 90 consecutive days of Eligibility Service, as defined in the Plan document. When an employee changes employment locations, account balances may

be transferred from other benefit plans sponsored by the affiliates of the Employer to the Plan or similarly from the Plan to another benefit plan sponsored by affiliates of the Plan Sponsor.

Contributions

Participants may make pre-tax and Roth contributions, in the aggregate, from 1% to 75% of their compensation each year, up to a statutory maximum of \$23,500 (\$31,000 for participants age 50 and older, and \$34,750 for participants age 60 through 63), as determined by the IRS. The Employer makes matching contributions in an amount equal to 100% of the first 3%, plus 50% of the next 2% of a participant's compensation that is contributed.

Eligible employees of the Plan are automatically enrolled and deemed to have elected to contribute 1% of their compensation to the Plan each payroll period, unless affirmative election otherwise is made prior to the date of eligibility. These contributions are eligible for the corresponding matching contribution.

The Plan's maximum matching Employer contributions, as defined in the Plan document, made on behalf of any participant during a Plan year shall not exceed the annual limitation contained in the Code Section 415(c).

Each participant may contribute to the Plan any amount which is attributable to a distribution from another qualified plan if such distribution meets the requirements for a tax-free rollover. Contributions are subject to certain limitations of the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching contributions, and daily allocations of Plan earnings, based on the investment funds selected by the participant and their share in the income, gains, or losses of those investment funds, and charged with benefits paid to the participant and an allocation of administrative expenses not paid by the Company.

Vesting

All elective contributions, Employer's matching contributions, and investment earnings are 100% vested at all times.

Forfeitures

Forfeitures pertaining to Employer match refunds and stale checks may be used to pay expenses and fees in connection with the administration of the Plan or may be used to reduce future Employer matching contributions. Unallocated forfeitures balances as of December 31, 2025 and 2024 were \$7,582 and \$137, respectively, and there were \$0 of forfeitures used to reduce Employer contributions in 2025.

Notes Receivable from Participants

Each participant may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 reduced by the outstanding balance of other loans, or 50% of the value of the vested balance. Loan transactions are treated as transfers to or from the account from which they are made. Loan terms range up to five years, unless the loan is used for the purchase of a primary residence, in which case the loan term is up to 15 years. Each loan is secured by the balance in the participant's account. Loans bear interest at a fixed rate equal to the prime rate on the last day of the month preceding the month in which the loan is made. Principal and interest are payable in equal installments over the loan term. A loan that is in default is generally treated as a taxable distribution from the Plan for the entire outstanding balance of the loan (a "deemed distribution").

Payment of Benefits

Upon termination of service, participants with vested account balances that exceed \$7,000 may elect to receive their benefits in one lump sum distribution, partial distribution, or installments over various specified periods as provided in the Plan, provided that the amounts will be distributed in accordance with the minimum distribution requirements of the Code. If a participant's account does not exceed \$7,000, the participant's vested account will be rolled over to an individual retirement account established by the Plan if the participant does not elect, within the time frames established by the Plan Administrator, to receive a lump sum cash distribution or to make a direct rollover.

Administrative Expenses

The Plan's administrative expenses are paid by either allocating all or part of the expenses to all or some participant accounts on a per capita basis, the Plan, or a participating Employer, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. To the extent permitted by ERISA, expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular fund to which the expenses relate. Any expenses not paid by an Employer are paid by the Plan to the fullest extent permitted by law.

Investment Options

Participants may direct their contributions in 1% increments with certain limitations in one of, or a combination of, the various investment options provided in the Plan.

Withdrawals

If a participant has a financial hardship, as defined in the Plan's document, the participant may be eligible for a hardship withdrawal from his/her account. Additionally, a participant may withdraw amounts from his/her rollover contributions at any time for any reason, subject to applicable taxes and from all accounts on attainment of age 59 1/2.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue the Plan, subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value with the exception of fully benefit-responsive investment contracts that are presented at contract value. U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price).

The Plan's investment in the Master Trust consists of synthetic guaranteed investment contracts ("GICs"). An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive,

because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Synthetic GICs are fully benefit-responsive investment contracts that are included at contract value in the investments of the Plan and in the statements of net assets available for benefits.

In accordance with Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1: Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2: Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3: Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of assets and liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and Uncertainties

The Plan provides for various investment options in investment securities, which are exposed to risks, including interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably feasible that changes in the values of investment securities will occur in the near term. These changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to credit loss in the event of non-performance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit and market risk is dictated by the Plan's provisions and those of ERISA, as well as the participants' investment preference.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to three months subsequent to the applicable Plan year.

3. Information Certified by the Qualified Institution

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants at December 31, 2025 and 2024, net appreciation in fair value of investments, interest income on notes receivable from participants, other income, and interest and dividends for the year ended December 31, 2025, was obtained from information supplied to the Plan Sponsor and certified as complete and accurate by the Qualified Institution of the Plan for their respective periods.

4. Guaranteed Investment Contracts Held By Master Trust

In 2019, the Plan entered into a benefit-responsive investment contract with the Qualified Institution, who maintains the contributions in a general account to hold assets of the Master Trust. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The assets supporting this contract are owned by the Plan and are invested in a fully benefit-responsive investment. This investment contract is recorded at contract value. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for the credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer and is guaranteed for a period of time, typically a quarter. The crediting interest rate may not be less than zero.

The benefit-responsive investment contract allows for daily liquidity with 30 additional days notice required for redemption, and it does not have unfunded commitments as of December 31, 2025.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events may include, but are not limited to: (1) the complete or partial termination of the Plan and; (2) the establishment or activation of, or material change in, any Plan investment fund, an amendment to the Plan, or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division, or as a result of group layoffs or early retirement programs. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring as of December 31, 2025.

5. Master Trust

The following table presents the net assets of the Master Trust (in thousands):

	December 31, 2025			December 31, 2024

Total investments in Master Trust	<u>\$ 162,245</u>	<u>\$ 160,308</u>	<u>\$ 1,937</u>	<u>\$ 157,377</u>	<u>\$ 155,556</u>	<u>\$ 1,821</u>

The following is a summary of the investment income/(loss) for the Master Trust for the year ended December 31, 2025 (in thousands):

Interest and dividends	<u>\$ 5,267</u>
Hilton 401(k) Plan's interest therein	<u>\$ 5,205</u>

6. Fair Value Measurements

The valuation methodologies used for assets measured at fair value are as follows:

- *Common Collective Trusts:* These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2025 or 2024.

The financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31, (in thousands):

		2025			
		Level 1	Level 2	Level 3	Total
Common collective trusts		\$ 2,418,920	\$ —	\$ —	\$ 2,418,920
Total investments at fair value		\$ 2,418,920	\$ —	\$ —	\$ 2,418,920

		2024			
		Level 1	Level 2	Level 3	Total
Common collective trusts		\$ 2,112,053	\$ —	\$ —	\$ 2,112,053
Total investments at fair value		\$ 2,112,053	\$ —	\$ —	\$ 2,112,053

7. Party-in-Interest Transactions

The Plan holds certain investments managed by the Qualified Institution at December 31, 2025 and 2024. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to the Qualified Institution totaled \$1,933 thousand for the year ended December 31, 2025.

8. Tax Status of the Plan

The Plan received a determination letter from the IRS dated November 1, 2013, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the Plan is exempt from taxation. The Plan has been amended since receiving the determination letter; however, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when it is more likely than not that a position would not be sustained upon examination by the taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken.

9. Subsequent Events

The Company has evaluated all subsequent events through September 8, 2026, the date that the financial statements were available to be issued.
