INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee
RMPersonnel, Inc. 401(k) Profit Sharing Plan
El Paso, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the RMPersonnel, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, and as of December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all

material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RMPERSONNEL, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the RMPersonnel, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a multiple employer defined contribution plan covering all employees of participating employers. RMPersonnel, Inc. (the "Company") is the lead sponsoring employer of the Plan and serves as Plan Administrator; each other participating employer adopts the Plan under its own adoption agreement. As of December 31, 2025, the participating employers include Advocacy Center for Children of El Paso, Amigo Airsho, El Paso Matters, NM HIDTA, Philosophic Systems Institute, Rudolph Miles Customhouse Brokers, RMPersonnel, Inc., and West Texas HIDTA. Each of the participating employers has separate eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of Plan Assets: The Plan is administered by the Company's Director of Human Resources. The Plan's assets, which consist principally of mutual funds, are held by MidAtlantic Trust Custody (the "Custodian") of the Plan. Contributions are held and managed by the Custodian, which invests cash received, interest, and dividend income. Slavic 401(k) is the third-party administrator and transfers contributions to the Custodian and makes distributions to participants.

Contributions: All eligible employees may voluntarily contribute a specific amount or a percentage of their pretax compensation, as defined in the Plan, up to the maximum amount allowable under Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Total contributions are subject to Internal Revenue Service limitations. Participants direct the investment of their accounts to selected investment funds as made available and determined by the Plan Trustee and adopted by the Plan Administrator. Participants may change their allocation in investment options at any time, via direct internet access to the Custodian.

Each of the participating employers has separate matching requirements. Matching contributions are made for all persons who were active participants at any time during that payroll period.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. Under the current adoption agreements executed by sponsoring employers, all participants are fully vested after five years of service, however, certain sponsoring employers allow participants to become fully vested immediately. Participants become 100% vested in all account balances upon death or plan termination.

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Description of Plan (continued)

Participant Notes Receivable: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with national prevailing rates, as adopted by the Plan Administrator, currently ranging from 4.25% to 9.50% on loans outstanding. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loans must be repaid within 5 years, unless the loan is used for the purchase of a primary residence.

Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2025, and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default and it is not renegotiated in a manner acceptable to the Plan Administrator, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits: On termination of service due to death, disability, retirement, or hardship, a participant may receive a lump-sum or rollover amount equal to the value of the participant's vested interest in their account.

Forfeitures: At December 31, 2025, and 2024, forfeitures of \$18 and \$55, respectively, were created, and forfeitures of \$18 and \$843, respectively, were used to reduce employer contributions. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions.

Administrative Expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses of maintaining the Plan are paid directly by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through September 14, 2026, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

FASB ASC 820-10-35, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used during the two years ended December 31, 2025.

Registered investment companies: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

RMPERSONNEL, INC. 401(k) PROFIT SHARING PLAN**NOTES TO THE FINANCIAL STATEMENTS****Note 3. Fair Value Measurements (continued)**

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and 2024:

Assets at Fair Value as of December 31, 2025					
Assets	Level 1	Level 2	Level 3	Total	
Registered investment companies	\$ 8,394,612	\$ -	\$ -	\$	\$ 8,394,612
Total investments at fair value	\$ 8,394,612	\$ -	\$ -	\$	\$ 8,394,612

Assets at Fair Value as of December 31, 2024					
Assets	Level 1	Level 2	Level 3	Total	
Registered investment companies	\$ 7,172,203	\$ -	\$ -	\$	\$ 7,172,203
Total investments at fair value	\$ 7,172,203	\$ -	\$ -	\$	\$ 7,172,203

Note 4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2025, and 2024. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the value of investments, which were \$8,394,612 and \$7,172,203 as of December 31, 2025, and 2024, respectively, certified by MidAtlantic Trust Custody, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules. Notes receivable from participants and the related interest income were not covered by the custodian's certification and were therefore subject to auditing procedures.

MidAtlantic Trust Custody also certified the completeness and accuracy of \$275,540 of dividends and \$782,732 of net appreciation in fair value of mutual fund investments for the year ended December 31, 2025, including gains and losses on investments bought and sold, as well as held during the year.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTES TO THE FINANCIAL STATEMENTS

Note 6. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for plan years prior to 2022.

Note 7. Related Party Transactions

The Plan assets are managed by the Custodian and therefore, the transactions with the Custodian qualify as party-in-interest transactions that are exempt from the prohibited transaction rules under ERISA. Commissions and administrative fees in the amount of \$61,093 were paid to the Custodian for the year ended December 31, 2025.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Operational Deficiency – Missed Deferral

During 2025, the Plan Sponsor inadvertently failed to defer a correct contribution amount selected by four participants during 2025. The Plan Sponsor deposited the amount plus lost interest to correct this failure in 2026. Correction contributions were made in the amount of \$508 for pre-tax deferrals, \$659 for Roth deferrals, and \$584 for employer matches. The corrections were made from the Plan Sponsor's assets and not from assets of the Plan. The corrective contributions were recorded as a contribution receivable in the statement of net assets available for benefits at December 31, 2025.
