LYNN JANZEN
CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Lonestar Construction Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of Lonestar Construction Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lonestar Construction Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Lonestar Construction Retirement Savings Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lonestar Construction Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lonestar Construction Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lonestar Construction Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of plan

The following description of the Lonestar Construction Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Lonestar Construction Retirement Savings Plan (the Plan Sponsor and Plan Administrator). The Plan was established by the Plan Sponsor on January 1, 2015 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Effective January 1, 2022, the Plan Sponsor adopted a Non-Standardized Pre-Approved Profit Sharing Plan (pre-approved plan), which amended the Plan for changes in laws.

Administration

Lonestar Construction is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA. Mid Atlantic Trust Company held the Plan's investment assets and executed investment transactions for the years ending December 31, 2024 and 2023. Beneco Systems, LLC was the third party administrator for the years ending December 31, 2024 and 2023.

Eligibility and participation

Employees are eligible to participate immediately in the plan with no service or minimum age requirements to receive prevailing wage contributions. Participants are able to enter into the Plan the first day of the Plan year quarter for all other sources of contributions, with no service or minimum age requirements. Employees covered by collective bargaining agreements, leased, or nonresident alien employees are excluded from participating in the Plan.

Participant contributions

The Plan is a contributory plan whereby participants may contribute pre-tax annual compensation from 1% to 90% of their salary, up to the maximum deferral limit per Sectio 402(g)(1) of the Internal Revenue Code (IRC). Participants age 50 or older could elect to defer up to an additional $7,500 of "catch up" contributions to the Plan for the years ending December 31, 2024 and 2023 and effective January 1, 2025, additional catch-up contributions were allowed for participants aged 60-63 pursuant to the amendment for SECURE 2.0 Act. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. There were no participant contributions for the year ended December 31, 2024.

Plan sponsor contributions

The Plan Sponsor contributes the prevailing wage contribution for each eligible participant who is a prevailing wage employee and who is performing work covered by prevailing wage laws for the project on which that work was performed. The Plan Sponsor may also make a discretionary matching contribution and an additional discretionary employer profit sharing contribution upon completion of one year of service. To be eligible for the profit sharing contribution, the participant must be employed on the last day of the plan year and have completed 1,000 hours of service. The Plan Sponsor made prevailing wage contributions based on the hourly contribution rate required under the applicable prevailing wage law totaling $3,588,219 during the year ending December 31, 2024. No other discretionary contributions were made by the Plan Sponsor during 2024.

Note 1 – Description of plan (continued)

Investment options

The participant and the Plan Sponsor prevailing wage contributions and employer matching contributions are allocated to the various investment options offered by the Plan as directed by the participants in a variety of investment options held by Mid Atlantic Trust Company (MATC), (doing business as American Trust Company effective March 20, 2022), the custodian and trustee of the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their voluntary contributions and prevailing wage contributions plus actual earnings thereon. Vesting in employer matching and profit-sharing contributions, plus related earnings thereon, are vested based on years of service and vest 20% after two years of service and increase 20% for each additional year of service, with 100% after 6 years of service. Benefits attributable to each participant will become fully vested in the event of disability or upon attaining 65 years of age.

Participant accounts

Each participant's account is credited with participant contributions, prevailing wage contributions, employer matching contributions, and allocations of plan earnings and employer profit sharing contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes receivable from participants

Participants may borrow from their vested account balance a minimum of $1,000 and up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. The maximum number of loans outstanding at any one time is two. Loan terms range from 1 year to a maximum of 5 years. However, the amortization period for a loan to a participant to acquire his or her principal residence may be extended to 15 years. The loans are secured by the balance in the participant’s account and bear a reasonable fixed rate of interest at prime rate plus 2% per year. Interest rates on participant loans range from 5.25% to 10.50% as of December 31, 2024. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by ACH payments.

Payments of benefits

Upon termination of service, but no earlier than 90 days after termination, a participant may elect to receive either a single lump sum amount equal to the value of their vested account balance, substantially equal installments, annuities, or a partial distribution. Upon normal retirement, death or disability while still employed by the Plan Sponsor, a participant or a participant’s beneficiary is entitled to the total value of the participant’s account balance. Hardship and in-service distributions are permitted if certain criteria are met.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 – Summary of significant accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Expenses

Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees paid directly by the Plan for certain administrative fees amount to $119,972 for the year ended December 31, 2024. There were no fees paid by the Plan Sponsor for administrative fees for the year ended December 31, 2024.

Forfeitures

Forfeited balances of terminated participating non-vested accounts may be used to offset employer contributions or to pay plan expenses. There were no forfeited amounts for the years ended December 31, 2024 and 2023.

Note 2 – Summary of significant accounting policies (continued)

Subsequent events

The Plan evaluated all events or transactions through September 9, 2026, the date these financial statements were available to be issued. Other than disclosed above, no material subsequent events have occurred since December 31, 2024 that required recognition or additional disclosure in the current period financial statements.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023

Collective trust funds: Valued at the net asset value (NAV) of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair value measurements (continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				6,055,866
Investments at fair value				$ 6,055,866

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				4,871,182
Investments at fair value	$ -	$ -	$ -	$ 4,871,182

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2024	2023	Commitment	Frequency	Notice Period
Collective trust funds	$ 6,055,593	$ 4,871,026	N/A	Daily	Up to five days*

*For withdrawals greater than $1,000,000

Note 4 - Information certified by the custodian

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (ERISA). Under this provision of ERISA, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from MATC, the custodian, that the following information included in the Plan's financial statements is complete and accurate, as of and for the years ended December 31, 2024 and 2023:

	2024	2023
Investments in collective trusts	$ 6,055,593	$ 4,871,026
Interest bearing cash	273	156
Non-interest bearing cash	3,345	30,842
Net appreciation (depreciation) in fair value of investments	$ 589,435	$ 665,699

Note 5 – Party-in interest transactions

Certain Plan investments are managed and held by Mid Atlantic Trust Company, doing business as American Trust Company, the trustee and custodian of the Plan. Beneco, LLC is the recordkeeper and third-party administrator of the Plan. Transactions with these entities qualify as party-in-interest transactions. Notes receivable from participants of the Plan and related interest income are also considered party-in-interest transactions.

All these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, and the assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan as prescribed by the Plan's provisions and the IRC.

Note 7 – Tax status

Effective January 1, 2022, the Employer adopted a pre-approved plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. Prior to January 1, 2022, the Employer adopted a non-standardized profit-sharing plan (non-standardized plan) which received a favorable opinion letter from the IRS dated March 31, 2014. The IRS stated that the pre-approved plan and the non-standardized plan, as then designed, were in compliance with the applicable requirements of the IRC. The plan administrator and the Plan's advisors believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature, are handled by the plan administrator in accordance with the applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts' balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Schedule H of Form 5500 to financial statements

The following is a reconciliation of net assets available for benefits, per the financial statements, at December 31, 2024 to Form 5500:

Net assets available for benefits, per the financial statements	$ 10,175,842
Employer contributions receivable as of December 31, 2024	(3,379,582)
Net assets available for benefits per Form 5500	$ 6,796,260

The following is a reconciliation of changes in net assets available for benefits, per the financial statements, at December 31, 2024 to Form 5500:

Changes in net assets available for benefits, per the financial statements	$ 2,840,891
