Independent Auditor's Report

Board of Trustees
Newco Employee Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Newco Employee Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Newco Employee Savings and Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Newco Employee Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Newco Enterprises, Inc. (the Company) covering all eligible employees. The Plan covers substantially all employees of the Company, excluding leased employees and employees being represented by a collective bargaining unit. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: Under the Plan, an employee becomes eligible to participate and to receive discretionary matching contributions, qualified nonelective contributions and additional discretionary contributions after 90 days of service and are age 18 or older. Employees are entered into the Plan the first day of each quarter upon satisfaction of eligibility requirements.

Contributions: Participants may elect to reduce their salary and have that amount contributed to the Plan. The elective deferred amount may not be more than the lesser of: (a) 100% of their compensation, (b) the maximum dollar limit allowed under the requirements of the Internal Revenue Code (IRC) or (c) such lesser amount as determined by the discrimination tests for the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may choose to begin elective pretax and Roth deferral contributions at the beginning of each quarter of the plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company may make discretionary matching contributions of employees' salary reduction amounts at a percentage to be determined by the Company. The Company made a discretionary matching contribution in an amount equal to 50% up to the first 4% of each participant's salary deferral. The Company may also make a qualified nonelective contribution or additional discretionary contribution, both of which are discretionary, as determined by the Company's Board of Directors. There were no qualified nonelective or discretionary contributions in 2025. Contributions are subject to IRC limitations.

Auto-enrollment: The Plan includes an auto-enrollment provision whereby all newly eligible employees and those deferring less than 1% are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a target date retirement fund until changed by the participant.

Auto-escalation: The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 6% of eligible compensation with the anniversary date of July 1 of each year. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions; transfers to the Plan; and allocations of (a) the Company's contributions (if applicable) and (b) plan earnings, and charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Newco Employee Savings and Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Participant investment options: Participants direct the investment of their contributions and the Company's contributions to selected investment options as offered by the Plan. The Plan also allows the participants to set up an individually directed account, which consists of self-directed brokerage accounts that the participant establishes to invest in any investment permitted by the Plan's investment policy. Participants may change their investment options daily.

Vesting: Participants shall immediately have a vested and nonforfeitable right to all contributions.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, and each participant is allowed a maximum of two loans. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are secured by the balance in the participant's account, with interest at the prime rate plus 1.00%. These rates range from 4.25% to 9.50% on loans outstanding at December 31, 2025, and the loans mature through 2050. Principal and interest are paid ratably through periodic payroll deductions.

Payment of benefits: Upon termination of service for reasons other than death, participants may elect to receive a lump-sum amount or installments equal to the value of their accounts. If a participant dies, a death benefit equal to the value of the participant's account is paid to the participant's beneficiary. Withdrawals other than for termination are permitted under circumstances provided by the Plan, including hardship withdrawals under circumstances provided by the Plan, upon attaining age 59½ while continuing work, and up to two in-service withdrawals within a 12-month period.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants, the discretionary matching contributions, discretionary qualified nonelective contributions or additional discretionary contributions from the employer are recorded in the year in which participant compensation is earned.

Allowance for credit losses: The measurement of expected credit losses under the current expected credit loss (CECL) methodology is applicable to financial assets measured at amortized cost, which include employer and participant contributions receivable. An allowance for credit losses under the CECL methodology is determined using the loss-rate approach and measured on a collective (pool) basis when similar risk characteristics exist. Where financial instruments do not share risk characteristics, they are evaluated on an individual basis. The CECL allowance is based on relevant available information, from internal and external sources, related to past events, current conditions and reasonable supportable forecasts. Management recorded no allowance for credit losses as of December 31, 2025 and 2024, as all amounts were determined to be fully collectible.

Newco Employee Savings and Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion on the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through September 9, 2026, the date the financial statements were available to be issued.

Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, also certified to the completeness and accuracy of \$852,019 of net appreciation in fair value of investments, \$40,064 of interest and dividends related to the aforementioned investments, and \$13,949 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts and common collective trust accounts: Insurance company pooled separate accounts and common collective trust accounts are valued at the total of the net asset value (NAV) of shares held by the Plan and cash held by the account at year-end. The NAV, as provided by the Plan's custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities. This practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-directed brokerage account and registered investment companies: Registered investment companies, and all of the holdings in the self-directed brokerage account, are publicly traded securities and are valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,749,381	\$ -	\$ -	\$ 1,749,381
Self-directed brokerage accounts	910,780	-	-	910,780
Total assets in the fair value hierarchy	<u>\$ 2,660,161</u>	<u>\$ -</u>	<u>\$ -</u>	<u>2,660,161</u>
Investments measured at NAV (1)				3,427,115
Investments at fair value				<u>\$ 6,087,276</u>

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,761,720	\$ -	\$ -	\$ 1,761,720
Self-directed brokerage accounts	583,828	-	-	583,828
Total assets in the fair value hierarchy	<u>\$ 2,345,548</u>	<u>\$ -</u>	<u>\$ -</u>	<u>2,345,548</u>
Investments measured at NAV (1)				3,242,110
Investments at fair value				<u>\$ 5,587,658</u>

- (1) In accordance with the Fair Value Measurement topic, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Newco Employee Savings and Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels, based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2025, there were no transfers between levels and no transfers in or out of Level 3.

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2025	2024			
Pooled separate accounts (a)	\$ 1,655,701	\$ 1,487,034	\$ -	Daily	Daily
Common collective trust accounts (a)	1,771,414	1,755,076	-	Daily	Daily
Total	<u>\$ 3,427,115</u>	<u>\$ 3,242,110</u>	<u>\$ -</u>		

(a) These funds are filing as a direct filing entity.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan held a fully benefit-responsive unallocated investment contract with Principal Life Insurance Company (Principal Life) as of December 31, 2024, which was reported at contract value. During 2025, the Plan redeemed its investment in the fully benefit-responsive investment contract (Fixed Income Guaranteed Option) with Principal Life as part of changes to the Plan's investment offerings. As of December 31, 2025, the Plan no longer held any fully benefit-responsive investment contracts. Accordingly, no investments are reported at contract value as of December 31, 2025.

Note 6. Tax Status

The Plan has adopted a preapproved Plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the preapproved Plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved Plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Notes to Financial Statements

Note 8. Related-Party and Party-in-Interest Transactions

Principal Life and Delaware Charter Guarantee and Trust Company doing business as Principal Trust Company, are the recordkeeper and custodian, respectively, as defined by the Plan; therefore, transactions with the recordkeeper and custodian qualify as party-in-interest transactions. Fees paid by the Plan to the recordkeeper and the custodian amounted to \$47,237 for the year ended December 31, 2025.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for benefits.

Note 10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	\$ 6,266,241	\$ 5,884,352
Less participant contributions receivable	(9,682)	(8,710)
Less employer contributions receivable	(3,067)	(2,591)
Net assets available for benefits per Form 5500	<u>\$ 6,253,492</u>	<u>\$ 5,873,051</u>

The following is a reconciliation of total increase for the year ended December 31, 2025, per the financial statements to the net income per Form 5500:

	Year Ended December 31, 2025
Total increase per the financial statements	\$ 381,889
Less 2025 participant contributions receivable	(9,682)
Less 2025 employer contributions receivable	(3,067)
Add 2024 participant contributions receivable	8,710
Add 2024 employer contributions receivable	2,591
Total net income per Form 5500	<u>\$ 380,441</u>
