INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Skygen USA 401(k) Plan
Menomonee Falls, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Skygen USA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Skygen USA 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Skygen USA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Skygen USA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Skygen USA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Skygen USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SKYGEN USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE A -- Description of the plan and significant accounting policies

The following description of the Skygen USA 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions. The employer, as described below, adopted the PPG Retirement Plan Services 401(k)/Profit Sharing Non-Standardized Plan, effective September 15, 2023. The initial effective date of the plan was April 1, 1998.

General

The plan is a defined contribution plan covering all employees of Skygen USA, LLC, Holista, LLC, and Health Partnerships America, Inc. (collectively referred to as the "employer") except union employees, leased employees and non-resident aliens who have completed 6 months of service and are age 20 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees oversees governance of the plan. The plan's 401(k) Committee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the Trustees.

The plan's federal identification number is 81-0762694 and the plan's number is 001.

Contributions

Each year, participants may make pre-tax or post-tax contributions, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan.

The employer adopted the 401(k) Safe Harbor Provisions resulting in the employer's matching contribution of 100% of the first 3% of total compensation and 50% of the next 2% of compensation that a participant contributes to the plan. The employer also has the right to make additional contributions to be allocated to participants pro rata based on compensation. No additional contributions were made in 2025. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's matching and discretionary contributions, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations of plan earnings are based on participant account balances, as defined, and allocations of company discretionary contributions are based on participant compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The plan permits the transfer of funds from other qualified plans to a separate participant's rollover account.

SKYGEN USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE A -- Description of the plan and significant accounting policies (Continued)

Vesting

Participants are vested immediately in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the employer's discretionary contribution portion of their accounts is based on years of continuous service. A participant becomes 100% vested ratably after five years of credited service. Participants who leave the plan because of death or disability, as defined in the plan, are considered 100% vested in all amounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate that is determined as 1% over the Prime Rate (6.75% at December 31, 2025) set by the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest is paid ratably through payroll deductions.

Benefits

On termination of service due to death, disability, retirement (age 65), or other reasons, a participant with an account valued at less than \$5,000 will receive the value of the vested interest in their account as a lump-sum distribution. For accounts exceeding \$5,000, the participant may elect a lump-sum distribution, partial withdrawal or may elect to defer such distribution to any valuation date subsequent to their termination, but no later than the valuation date of their normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits in-service distributions at age 59 1/2. The plan permits hardship distributions if certain criteria are met.

Forfeited accounts

At December 31, 2025 and 2024, unused forfeited nonvested accounts totaled \$501 and \$5, respectively. These accounts may be used to pay plan expenses, be allocated as additional employer contributions or used to reduce employer contributions. In 2025, no amounts were used to pay plan expenses, be allocated as additional employer contributions or used to reduce employer contributions.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared using accounting principles generally accepted in the United States of America ("U.S. GAAP") under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits or a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan.

SKYGEN USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE A -- Description of the plan and significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's 401(k) Committee determines the plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Administrative expenses

Certain expenses of administering the plan are paid directly by the employer and are excluded from these financial statements. The major administrative expenses are payroll and related expenses, administration fees, investment advisory fees and audit fees.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Other liability

Other liability represents contributions for a January 2026 payroll date remitted to the plan in 2025.

Subsequent event

These financial statements have not been updated for subsequent events occurring after September 14, 2026 which is the date these financial statements were available to be issued. The plan administrator has no responsibility to update these financial statements for events and circumstances occurring after this date.

SKYGEN USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE B -- Information certified by the asset custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants, held at December 31, 2025 and 2024, and interest and dividends, net appreciation, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company and Reliance Trust Company, the asset custodians of the plan in 2025 and 2024, respectively.

NOTE C -- Fair value measurements

The plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	<u>December 31, 2025</u>		<u>December 31, 2024</u>
	<u>Fair value measurements at reporting date using:</u>		
		Quoted prices in active markets for identical assets (level 1)	Quoted prices in active markets for identical assets (level 1)
	<u>Fair value</u>	<u>(level 1)</u>	<u>Fair value</u>
Registered investment companies	<u>\$ 75,457,323</u>	<u>\$ 75,457,323</u>	<u>\$ 58,445,343</u>
			<u>\$ 58,445,343</u>

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value.

- Registered Investment Companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

SKYGEN USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE C -- Fair value measurements (Continued)

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments. Unrealized gains (losses) from the investment contract are not reported in the Statement of Changes in Net Assets Available for Benefits as the contract is recorded at contract value for presentation in the Statements of Net Assets Available for Benefits.

NOTE D -- Investment contract with insurance company

The plan entered into a traditionally fully benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is to the plan.

Because the investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2025 and 2024, was \$1,829,222 and \$2,949,813, respectively.

The terms of the Transamerica investment contract require all transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Since the Stable Value investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE E -- Party-in-interest transactions

Transamerica is the recordkeeper for the plan and is therefore designated as a fiduciary and party-in-interest. The plan regularly invests in a general account and registered investment companies for which Transamerica is the issuing party. PPG Retirement Plan Services LTD serves as third-party administrator of the plan and are therefore designated as a party-in-interest. These party-in-interest transactions occur in the course of ordinary business and are exempt transactions.

SKYGEN USA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE E -- Party-in-interest transactions (Continued)

Transamerica provides certain services to the plan pursuant to a Master Plan Services Agreement (MSA) between the employer and Transamerica. Transamerica receives revenue from fund service providers for services Transamerica provides to the funds. This revenue is recorded as expense budget account (EBA) credits for the plan. This EBA revenue will be used to pay plan administrative expenses.

Fees were also paid by the plan during the year for broker services rendered by RBC Capital Markets. These transactions also qualify as party-in-interest transactions.

NOTE F -- Plan termination

Although it has not expressed any intent to do so, the employer has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their allocated employer discretionary contributions.

NOTE G -- Tax status

The PPG Retirement Plan Services 401(k)/Profit Sharing Non-Standardized Plan (referred to in Note A), that the plan has adopted effective September 15, 2023, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The plan has been amended since the date of the opinion letter. However, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE H -- Concentration of market risk

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.
