INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Bechtel NR Program Capital Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bechtel NR Program Capital Accumulation Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

BECHTEL NR PROGRAM CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bechtel NR Program Capital Accumulation Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain salaried and bargained employees of Bechtel Plant Machinery, Inc. (BPMI or Company), a wholly owned subsidiary of Bechtel National, Inc., who were new hires or rehires after February 1, 2009 and are not eligible to participate in one of the Company-sponsored defined benefit plans. As described below, the Plan provides for Company contributions to be made on behalf of eligible employees. On October 1, 2018, the contract for the Naval Nuclear Laboratories (NNL) was awarded to Fluor Marine Propulsion (FMP), and employees of Bechtel Marine Propulsion Corporation (BMPC) became FMP employees. When this occurred, BPMI assumed responsibility as a Plan sponsor of the Plan from BMPC, a wholly owned subsidiary of Bechtel National, Inc., and the FMP employees were transferred into a new plan sponsored by FMP. The Plan was created to provide employees with retirement savings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Instead of a defined benefit plan, new hires or rehires participate in a defined contribution plan that is separate from the 401(k) plan and provides only Company contributions.

The designated trustee of the Plan is Northern Trust Corporation (Northern Trust), and Fidelity Management Trust Company (Fidelity) provides recordkeeping and administrative services.

Eligibility - Eligibility starts the first day of employment whether the employee is full-time, part-time or casual and is not actively participating in a Company-sponsored pension plan. Participants are automatically enrolled in the Plan on the date in which the eligible employee is entitled to receive compensation.

Contributions - The Plan does not permit employee contributions. Contributions (up to specified limits) made by the Company are based on a specified percentage of salary and years of service. Participants direct the contributions made on their behalf into various investment options offered by the Plan. If no affirmative election has been made, contributions are invested in the Vanguard Target Retirement Fund closest to their projected retirement age. Participants may also contribute amounts representing distributions from other qualified plans maintained by their previous employers, subject to the approval of the Plan administrator.

Participant Accounts - Each participant's account is credited with the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances as defined above. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Vesting in the employer's contributions and earnings thereon is based on years of service. A participant is 100% vested after three years of service.

Payment of Benefits - On retirement, termination of employment, death or attainment of age 59-1/2, a participant is entitled to the full value of his or her vested account balance. If employment is severed (as defined in the Plan document) by a vested employee with an account balance of \$1,000 or less, the account will be automatically distributed to the employee as soon as administratively feasible in a lump sum. If employment is severed by a vested employee with an account balance of more than \$1,000, the account will not be distributed to the employee until a distribution is requested or, if earlier, by April 1 following the close of the year in which the employee reaches age 73.

BECHTEL NR PROGRAM CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts - Prior to December 1, 2024, forfeitures of terminated participants' nonvested accounts were used to reduce Company contributions. Effective December 1, 2024, forfeitures will be used to first pay Company contributions and then, remaining forfeitures may be used to pay administrative expenses. Forfeited nonvested accounts totaled approximately \$140,000 and \$135,000 as of December 31, 2025 and 2024, respectively. During the years ended December 31, 2025 and 2024, approximately \$131,000 and \$93,000, respectively, of forfeitures were utilized to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statements of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan holds an interest in the net assets of the Bechtel NR Program Defined Contribution Master Trust (Master Trust) as of December 31, 2025 and 2024. The Master Trust investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 5 for discussion of fair value measurement.)

Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on securities sold or redeemed are determined on the basis of average cost. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income from the Plan's interest in the Master Trust includes the Plan's gains and losses on investments bought and sold as well as held during the year as well as interest and dividends.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Substantially all fees, such as investment and trustee fees, are paid by the Company and excluded from these financial statements. The Plan pays participant account maintenance fees, which are shown as administrative expenses. If an employee files a Qualified Domestic Relations Order, the participant is required to pay a fee in order to have it be qualified.

Risks and Uncertainties - The Plan invests in securities that are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that a change in value will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events - Management has evaluated subsequent events through September 16, 2026, the date that the financial statements were issued, and determined that there have been no events that have occurred that would require adjustments or disclosures in the financial statements.

NOTE 3 - TRUSTEE CERTIFICATION

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2025 and 2024, and investment income related to the Plan's interest in the Master Trust for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust, trustee, as of and for the years ended December 31, 2025 and 2024.

NOTE 4 - INVESTMENTS IN THE MASTER TRUST

The Plan holds an interest in the net assets of the Master Trust. The interest is expressed in units of value. Each plan rolls up into the Master Trust, as the trustee maintains separate accounts that reflect each plan's share of the Master Trust investments. Each plan account holds units of the various investment manager accounts within the Master Trust. Allocation of investment income is based on each plan's specific interest in the underlying plan investments, which are based on participant direction of the investments. Separate reporting is provided for each plan, as well as for the Master Trust in the aggregate.

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31:

	2025		2024

NOTE 5 - FAIR VALUE MEASUREMENT

The Plan discloses the category of assets and liabilities measured at fair value into one of three different levels, depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. Financial assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodology used at December 31, 2025 and 2024.

Interest-Bearing Cash - Valued at amortized cost plus accrued interest.

Corporate Common Stocks - Valued at the closing price in the active market on which the individual security is traded.

Depository Receipts - Investments in a foreign entity through a U.S. exchange-traded security held in Depository Trust Company priced nightly by a third party.

Common Collective Trusts - Valued at net asset value (NAV) of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Master Trust's investments measured at fair value on a recurring basis by fair value hierarchy level as of December 31 were as follows:

	2025			
	Level 1	Level 2	Level 3	Total

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and the net assets of the Plan will be distributed to the participants in proportion to their respective account balances.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan administrator by a letter dated October 2, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Should the Plan incur penalties and interest related to unrecognized tax benefits, such amounts would be recorded as administrative expenses. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan were managed by an affiliate of Northern Trust and Fidelity; therefore, these transactions qualify as party-in-interest transactions.
