Report of Independent Auditors

The Plan Administrator of
Sutter Health Retirement Income Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sutter Health Retirement Income Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sutter Health Retirement Income Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sutter Health Retirement Income Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sutter Health Retirement Income Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sutter Health Retirement Income Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sutter Health Retirement Income Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Sutter Health Retirement Income Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General – Sutter Health (the Plan Sponsor and/or Plan Administrator) established the Plan effective January 1, 2000. The Plan is a noncontributory, service-weighted, defined contribution plan covering employees of certain affiliated entities of the Plan Sponsor. The Plan Sponsor is responsible for the administration of the Plan. All investments are participant-directed. Fidelity Management Trust Company (Fidelity) serves as custodian and trustee of the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Generally, all eligible employees of affiliated entities of the Plan Sponsor who have adopted the Plan become participants on their date of hire, including employees of affiliated entities that merged into and transferred assets to the Plan.

Service – Service is based on hours worked among all affiliated entities of the Plan Sponsor, whether or not the entity participates in the Plan. Participants who earn at least 1,000 hours within a plan year among all affiliated entities are credited with a year of service. Vesting and employer contributions are based on years of service.

Contributions – There are no employee contributions to the Plan. Employer contributions are based on total years of service with the Plan Sponsor and affiliated entities and eligible compensation while an employee of a participating entity. Employer contributions made to the Plan vary by participating entity and are made either under an enhanced service-weighted contribution formula, the PAMF service-weighted contribution formula, or the original service-weighted contribution formula in place prior to January 1, 2003. Participants should refer to the Summary Plan Description or Plan Document for specific information regarding employer contributions.

Vesting – Generally, participants become fully vested in all contributions and earnings after three years of service or upon reaching normal retirement age, disability, or death while an employee.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with employer contributions, if any, and earnings, and charged with losses, withdrawals, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants' investment options – Participants direct the investment of their accounts into various investment options offered by the Plan, as well as a self-directed brokerage account. Participants may change their investment options at any time directly through Fidelity.

Sutter Health Retirement Income Plan

Notes to Financial Statements

Payment of benefits – On termination of service due to death, disability or retirement, a participant shall receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) installment payments, (b) partial withdrawals, or (c) a lump-sum distribution. Plan provisions do not allow the distribution of a participant's benefit without the written consent of the participant, other than involuntary distributions for terminated vested participant account balances less than or equal to \$7,000 and minimum required distributions. Participants subject to minimum required distributions and employed with the Plan Sponsor or affiliated entities are able to defer benefit payments until they cease employment. Participants may also receive an in-service distribution upon reaching the normal retirement age of 65.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was enacted and signed into law. The SECURE Act changes the age requirement for required minimum distributions from age 70 ½ to age 72 effective after December 31, 2019.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0) was enacted and signed into law. SECURE Act 2.0 included several optional provisions to improve retirement savings and changed the age requirement for required minimum distributions from age 72 to age 73 after December 31, 2022, and age 75 after December 31, 2024.

The Plan Sponsor intends to amend the Plan Document as legally required for SECURE Act and SECURE Act 2.0 provisions.

Forfeitures – Forfeitures due to the termination of nonvested participants will be used first to reinstate previously forfeited accounts of former participants, then to offset future employer contributions, and then to pay the Plan's administrative expenses. Forfeited nonvested accounts totaled \$138,636 and \$96,824 at December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, forfeitures used to reduce prior year employer contributions totaled \$1,483,296. During 2026, \$1,853,738 was used to offset employer contributions that pertained to the year ended December 31, 2025.

Administrative expenses – Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Other than fees associated with transaction-based services and recordkeeping fees, which are charged to participants, the Plan's administrative expenses are paid first from any remaining forfeitures and then by the Plan Sponsor, as specified in the Plan Document.

The Plan Sponsor has a revenue sharing agreement with Fidelity. Effective October 1, 2015, the revenue sharing agreement was amended to change the quarterly funding of revenue credits directly to participants (instead of Revenue Credit Account) and the participant revenue credits were allocated based on the average quarterly balances in specified funds and the rates earned for each type of fund invested. During the 2025 Plan year, the Plan earned \$75,479 in revenue credits which are reported in the financial statements as other income.

Plan termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. Participating affiliated entities have the right to discontinue employer contributions at any time. In the event of Plan termination, participants will become fully vested in their accounts and participant balances will be distributed in accordance with the Plan Document and ERISA.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation (depreciation) of investments and net realized gains and losses on the sale of investments during the period.

Payment of benefits – Benefit payments are recorded when paid.

Risks and uncertainties – The Plan utilizes various investment instruments, including registered investment companies. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment instruments, it is at least reasonably possible that changes in the values of investment instruments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of:

- investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan accounts for investments at fair value. A fair value hierarchy for valuation inputs has been established to prioritize the valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level of input that is significant to the fair value measurement in its entirety. These levels are:

Sutter Health Retirement Income Plan

Notes to Financial Statements

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the measurement date.

Level 2 – Pricing inputs are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Pricing inputs are generally unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require management's judgment or estimation of assumptions that market participants would use in pricing the assets or liabilities.

The following tables present information about the Plan's assets measured at fair value on a recurring basis:

Fair Value Measurement at December 31, 2025				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 977,445,560	\$ -	\$ -	\$ 977,445,560
Investments at fair value	\$ 977,445,560	\$ -	\$ -	\$ 977,445,560
Fair Value Measurement at December 31, 2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 802,244,296	\$ -	\$ -	\$ 802,244,296
Investments at fair value	\$ 802,244,296	\$ -	\$ -	\$ 802,244,296

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Registered investment companies – Fair values are based on quoted market prices in active markets for identical assets that the Plan has the ability to access at the measurement date. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The previously described methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in the valuation techniques used at December 31, 2025 and 2024.

Sutter Health Retirement Income Plan

Notes to Financial Statements

NOTE 5 – INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated January 28, 2014, stating that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as fiduciaries of the Plan, any party rendering services to the Plan, the employer, and certain others. The Plan pays expenses related to the Plan's operations and investment management to various service providers. Certain Plan investments are shares of registered investment companies managed by affiliates of Fidelity. Fidelity, or its affiliates, are the trustee and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

Add: prior year benefits payable	885,917
Less: current year benefits payable	<u>(283,974)</u>
Net income per the Form 5500	<u>\$ 181,810,526</u>

NOTE 8 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the Plan year-end, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at year-end. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 15, 2026, which is the date the financial statements were available to be issued.
