INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Rad Power Bikes 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2026 and 2025 Financial Statements

We have performed audits of the accompanying financial statements of Rad Power Bikes 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of May 29, 2026 (in liquidation), and the related statement of changes in net assets available for benefits for the period ended May 29, 2026 (in liquidation), and the statement of net assets available for benefits as of December 31, 2025 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 29, 2026 and December 31, 2025, and for the period ended May 29, 2026 and year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2026 and 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2026 and 2025 Financial Statements section:

- the amounts and disclosures in the 2026 and 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2026 and 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2026 and 2025 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2026 and 2025 Financial Statements section of our report. We are required to be independent of Rad Power Bikes 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of the Rad Power Bikes 401(k) Plan approved a plan on liquidation in 2026, and management determined liquidation was imminent. As a result, the Plan is using the liquidation basis in presenting the 2026 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2026 and 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2026 and 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2026 and 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rad Power Bikes 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2026 and 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of Rad Power Bikes 401(k) Plan as of December 31, 2024, were audited by Sweeney Conrad, P.S. which was restructured and has ceased operations. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 1, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RAD POWER BIKES 401(k) PLAN
Notes to Financial Statements
May 29, 2026, December 31, 2025, and December 31, 2024

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the Rad Power Bikes 401(k) Plan (the Plan) were effective April 1, 2019. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On February 27, 2026, Rad Power Bikes Inc. (the Company) completed the sale of substantially all of its assets pursuant to Chapter 11 bankruptcy proceedings. As a result, the Company authorized the Plan to terminate, and on May 29, 2026, all accounts and balances were liquidated and the Plan was terminated.

General

The Plan was a defined contribution plan covering substantially all employees of the Company who were at least 18 years of age. Participants were eligible for employer contributions after 90 days of service and had to be employed on the last day of the Plan year. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee was the Plan Administrator of the Plan and was responsible for oversight of the Plan, determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

Contributions

Participants could elect to contribute up to 100% of their annual pre-tax or Roth after-tax compensation to the Plan, as defined in the Plan document, within statutory limits. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Effective January 1, 2025, participants who were age 60 to 63 before the end of the Plan year were eligible to make super catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans. Participant contributions were paid to the Plan after each pay period and placed in participant directed investments.

The Plan allowed for discretionary employer contributions. No discretionary employer contributions were authorized for 2026 or 2025.

Participant Accounts

Individual participant accounts were maintained by the Plan's record keeper. Each account was credited or charged with the participant's contribution, allocations of employer contributions, if any, allocations of investment income and losses on the individual account balances, and administrative expenses. Loan and distribution fees were deducted from the respective participant's account. Allocations were based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Investment Options

Participants directed employee and employer contributions among various mutual funds, collective trust funds, pooled separate accounts, and a guaranteed interest contract.

Vesting

Prior to Plan termination, participants were immediately vested in their own contributions, plus actual earnings thereon. Vesting in discretionary employer contributions, if any, and earnings thereon was based on years of service at a rate of 25% per year, with full vesting after four years. Upon normal retirement (65), death, or disability, participants became fully vested in all benefits. Upon Plan termination, participants were fully vested in employer contributions.

Notes Receivable from Participants

Participants could borrow from their accounts a minimum of \$1,000, up to the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable could not exceed five years, except for the purchase of a primary residence. The notes receivable were secured by the balance in the participant's account and bore interest at the Wall Street Journal prime rate plus 2% at the time of issuance. The interest rate was at 10% for the note receivable from participant outstanding at December 31, 2025. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

Benefits could be distributed upon retirement, death, disability or other termination of employment. Benefits equal to the value of the participants vested account balance could be paid in a lump sum, as defined in the Plan document and at the participant's election. Under certain hardship circumstances or attainment of age 59 ½, participants could request a lump-sum distribution of their vested account balances prior to retirement or other termination.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in the following plan year.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2026, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Plan Termination and Basis of Accounting

The Company had the right under the Plan to terminate the Plan subject to the provisions of ERISA. During 2026, the Company authorized the liquidation and termination of the Plan. In accordance with generally accepted accounting principles in the United States of America (GAAP), the Plan has changed its basis of accounting from the going concern basis used in presenting the 2025 and 2024 financial statements to the liquidation basis used in presenting the 2026 financial statements. The liquidation basis of accounting requires assets be valued at their net realizable values, which approximate fair value of investments. The Plan had no liabilities and there were no liquidation expenses other than distribution processing charges.

The Plan previously presented its statements of net assets available for benefits at December 31, 2025 and 2024, and its statement of changes in net assets available for benefits using the accrual basis of accounting in accordance with GAAP.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued interest, if any. Related fees are recorded as administrative expenses and are expensed when they are deducted from the participant's account. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and employer contributions from the Company are recorded in the year in which the participant contributions are withheld from compensation.

Payment of Benefits

Benefits were recorded when paid.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for individual transactions such as distributions and loans are deducted from the respective participant's account. Investment related expenses, and revenue sharing fees or credits, are included in net appreciation or depreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest contract – Valued at the amount participants would receive if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This represents contract value adjusted to reflect current market interest rates. The contract is not fully benefit-responsive.

Collective trust funds – Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Pooled separate accounts – Valued at the NAV of units of an insurance company pooled separate account. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

December 31, 2025				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust funds	\$ 3,272,952	None	Daily	0 - 30 days

NOTE 4 – GUARANTEED INTEREST CONTRACT

The Plan's Principal Life Insurance Company guaranteed interest contract (GIC) was presented at fair value on the statements of net assets available for benefits. Because there was a possible surrender charge when funds are withdrawn prior to their maturity, the Plan concluded that the GIC was not fully benefit-responsive. The contract was terminated in 2026 in conjunction with the liquidation and termination of the Plan, and no surrender charges were paid by the Plan.

The GIC was available under a group annuity contract issued by Principal Life Insurance Company and provided for a guarantee of principal and interest. Contributions and transfers were credited interest at a guaranteed interest rate that Principal Life Insurance Company declares for a set period of time. The GIC was unsecured and an obligation of the general account assets of Principal Life Insurance Company, but the participant did not participate in the investment experience or performance of the general account. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting rates on the investment contracts were based on a formula agreed upon with the issuer and were typically fixed for the life of the investment.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations, which could be affected by future economic and regulatory developments.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants that is disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest on notes receivable from participants for the period ended May 29, 2026 and year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company dba Principal Trust Company (Principal), the custodian of the Plan.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets were units of participation in pooled separate accounts, collective trust funds, and a guaranteed interest contract managed by Principal, the custodian, and its affiliates. Therefore, transactions with Principal and its affiliates qualified as party-in-interest transactions. Fees were paid by the Plan to these parties for administrative services. Additionally, these affiliates collected revenue sharing from the Plan's investments to pay for administrative services.

NOTE 7 – TAX STATUS

The Plan operated under provisions of a Pre-Approved Plan which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Pre-Approved Plan, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan had been amended since the date of the opinion letter. The Plan Administrator believes that the Plan was designed and was currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt.

GAAP (ongoing and liquidation basis of accounting) requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan allowed participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
