To the Trustees of
Steinberg Hart 401(k) Profit Sharing Plan
Los Angeles, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Steinberg Hart 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Independent Auditor's Report (continued)

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report (continued)

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Steinberg Hart 401(k) Profit Sharing Plan
Notes to Financial Statements

1. Description of Plan

The following description of the Steinberg Hart 401(k) Profit Sharing Plan (the "Plan") provides only general information. Steinberg Hart is the Plan Sponsor. Participants should refer to the plan document for a more complete description of the Plan's provision, copies of which may be obtained from the Plan Sponsor.

General

The Plan is a defined contribution plan established effective January 1, 1987. The Plan covers all employees of Steinberg Hart, RJC Architects, Inc., and Steinberg Hart New York (the "Companies") as defined in the Plan Document. The Plan is currently designed to be a qualified plan under the applicable requirements of the Internal Revenue Code ("IRC") and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees who have completed three months of service and are age 21 or older are eligible to participate in the Plan. The Plan allows for employees to begin participating on the first day of the month coinciding with or following satisfaction of the eligibility requirements.

Contributions

Participants may elect to contribute on a before-tax basis, after-tax basis, or a combination of both, from 1% to 75% in whole percentages of their covered compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Eligible employees have the option to opt out of the automatic deferral election by making a contrary election. Automatically enrolled participants have their deferral rate set with an initial contribution rate of 6% of eligible compensation, increased annually by 1%, up to a maximum of 10%, and their contributions invested in a designated balanced fund until changed by the participant.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Plan Sponsor may make matching contributions to the Plan, with the percentage match determined by the Plan Sponsor. Matching contributions are calculated based on elective deferred contributions and compensation for the pay period and are made for all active participants in the Plan during the particular payroll period. Total employer matching contributions for the year ended December 31, 2025 was \$519,280. In addition, the Companies may make a discretionary non-elective contribution each year as determined by the governing body of the Companies. There were \$830,951 of employer discretionary non-elective contributions (profit sharing contributions) for the year ended December 31, 2025.

Participant and employer contributions are subject to certain Internal Revenue Service ("IRS") limitations.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Companies matching contributions, allocations of the Companies discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in their contributions and the Companies' matching contributions plus actual earnings thereon. Vesting in the Companies' discretionary non-elective contributions and earnings thereon is based on years of continuous service. If a participant terminates employment prior to normal retirement age (65 years of age) or any reasons other than death or permanent disability, the portion of the Companies' non-elective discretionary contribution that is vested is as follows:

Years of Service	Vested Percentage %
Less than 1	0
1	25
2	50
3	75
4 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years for general purpose and up to 30 years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions. Interest rates on participant loans range from 3.25% to 9.50% at December 31, 2025.

1. Description of Plan (Continued)

Participant Withdrawals and Payment of Benefits

Participants may withdraw all or any portion of their after-tax and rollover contributions. Participants may make full or partial withdrawals of funds in any of their accounts upon attaining age 59½ or for financial hardship, as defined, before that age. Participants may qualify for financial hardship withdrawals if they have an immediate and heavy financial need, as long as they meet the specific rules in the Plan Document.

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time subject to the automatic distribution features below. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In the event the participant terminates service and the participant's vested interest in their account is less than \$5,000, excluding amounts contributed as rollover contributions to the Plan, the participant has the ability to elect to have a distribution paid directly to an eligible retirement plan (specified by the participant) in a direct rollover. If no such election is made, then the Plan Administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator for the benefit of the participant.

In the event the participant terminates service and the participant's vested interest in their account is greater than \$5,000, excluding amounts contributed as rollover contributions to the Plan, the participant has the ability to elect to have a distribution paid directly to an eligible retirement plan (specified by the participant) in a direct rollover or to receive the distribution directly in accordance with Plan Document, or, can elect to defer or receive the account in installment payments.

Forfeited Accounts

These accounts are available to reduce profit sharing contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$1,234 and \$1,016, respectively. For the year ended December 31, 2025, no forfeitures were used to reduce employer contributions or pay plan expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Steinberg Hart 401(k) Profit Sharing Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Other Assets

Life insurance policies, held separately through New York Life Insurance Company, are valued at the net cash surrender value. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments or in administrative expenses.

3. Information Certified by the Custodian

Certain information included in the accompanying financial statements and supplemental schedule including investments and notes receivable from participants as of December 31, 2025 and 2024, and the net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained or derived from information prepared and certified as complete and accurate by The Principal Trust Company ("The Principal"), the custodian of the Plan, in accordance with the exception provided by Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. This certification does not extend to other assets of \$261,356 and \$246,773 as of December 31, 2025 and 2024, respectively, which are separately reported in the accompanying financial statements.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level 1 include listed equities and other securities held in the name of the Plan, and exclude listed equities and other securities held indirectly through commingled funds.

Level 2 - Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 - Pricing inputs are unobservable for the investment and include situations where there is little, if any market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Steinberg Hart 401(k) Profit Sharing Plan
Notes to Financial Statements

4. Fair Value Measurements (Continued)

Pooled separate accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

Collective Investment Trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This fund contains conventional guaranteed investment contracts valued using a discounted cash flow methodology, as well as synthetic investment contracts comprised of underlying investment and contractual components which have observable Level 1 or Level 2 pricing inputs, including quoted prices for similar assets in active or nonactive markets. participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Although contract value is the relevant measurement for the portion of the net assets of a collective investment trust attributable to fully benefit-responsive investment contracts, this fund is stated at fair value because all contracts are between the fund and the issuers, and not directly with the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,183,583	\$ -	\$ -	\$38,183,583

* Certain investments that are measured at fair value using NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Description	Fair Value December 31, Unfunded 2025 Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trust	\$ 1,851,720 n/a	Daily	1 Day

Description	Fair Value December 31, Unfunded 2024 Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 2,880,856 n/a	Daily	1 Day
Collective investment trust	\$ 1,427,141 n/a	Daily	1 Day

5. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by The Principal, the Custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services and retirement plan benefits administration/consulting services are included in either net appreciation in fair value of the investments or in administrative expenses. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in interest transactions under ERISA. The Plan made direct payments to the custodian, investment advisor, and retirement plan benefits administrator of \$87,947 for the year ended December 31, 2025. The Plan Sponsor pays directly any other fees related to the Plan's operations, including, but not limited to: audit and legal fees.

Steinberg Hart 401(k) Profit Sharing Plan
Notes to Financial Statements

6. Tax Status

The Companies has adopted a volume submitter plan document offered by Principal that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Delinquent Participant Contributions

On January 3, 2025, the Plan sponsor inadvertently failed to deposit approximately \$1,153 of participant contributions within the required timeframe as stated by the Department of Labor (DOL) regulations. The Plan sponsor deposited lost earnings in the amount totaling \$96 to correct this failure in 2026.

9. Subsequent Events

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through September 10, 2026, the date the financial statements were available to be issued.
