Independent Auditors' Report

Plan Administrator
Centers for Dialysis Care, Inc.
Retirement Savings Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Centers for Dialysis Care, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Centers for Dialysis Care, Inc. Retirement Savings Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan, established as of October 1, 1984, covering eligible employees of Centers for Dialysis Care, Inc. (the "Company"). Eligible employees may participate in the Plan on the first day of the month following the attainment of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Plan is administered by the Company which is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants may elect to make contributions from 1% to 90% of their eligible earnings on a "pre-tax" or Roth basis subject to certain limitations of the Plan and the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans (rollover). Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Plan uses a negative election format in which employees are automatically enrolled when they become eligible. The Plan includes a Safe Harbor Qualified Automatic Contribution Arrangement ("QACA"), whereby employees who have not made an affirmative deferral election will be automatically enrolled in the Plan at a 3% rate. These rates will be automatically increased by one percentage point per year up to a maximum rate of 6% of compensation. The Plan also provides for in-plan Roth rollover contributions.

The Company's matching contribution is 100% of the participant's elective deferrals that do not exceed 1% of the participant's compensation, plus 50% of the participant's eligible elective deferrals that exceed 1% of the participant's compensation but do not exceed 6%, subject to limitations of the IRC. The matching contributions are funded every pay with an annual true-up after year-end.

The Plan also provides for a Company discretionary profit sharing contribution to be allocated based on relative compensation. No such contribution was made for 2025.

Participant Accounts – The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions and related earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants elect to maintain their aggregate contributions in the investment funds offered by the Plan. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – The Plan allows loans to participants subject to certain regulatory restrictions. The amount of the loans cannot exceed \$50,000 or 50% of the participant's vested balance. Interest is charged based on the prevailing rate at the time of the loan. Repayments of principal and interest are credited to the participant's separate account within the funds as elected by the participant, paid through payroll deductions. Until such repayments are received, the loan receivable is accounted for in the participant loan fund.

CENTERS FOR DIALYSIS CARE, INC.
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Vesting – Participants are at all times vested in their elective and voluntary contributions and earnings thereon. For Company contributions other than QACA matching contributions, participants become 100% vested after six years of service. For QACA matching contributions, a participant becomes 100% after two years of service. Additionally, participants become 100% vested upon death, disability or attaining age 65.

Payment of Benefits – A participant, upon retirement, termination, disability or the attainment of age 59½, or a participant's beneficiary upon the participant's death, may elect to either rollover the funds, receive a lump-sum amount equal to the value of his or her account or receive payments in substantially equal installments. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions.

Forfeitures – At December 31, 2025 and 2024, there was \$31 and \$46, respectively, of forfeited nonvested accounts. These accounts are used to offset Company contributions or administrative expenses as determined by the Company. Forfeitures of \$13,196 were used in 2025 to offset employer match contributions.

Termination Provisions – The Company anticipates and believes that the Plan will continue indefinitely. However, the Company reserves the right to terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, participants would become 100% vested in their accounts and the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

CENTERS FOR DIALYSIS CARE, INC.
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividends are recorded when received. There is no material difference between the settlement-date and trade-date basis for the periods presented. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, the plan administrator deems the participant loan to be in default.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All administrative fees of the Plan are paid by the Company or the Plan at the option of the Company. In addition, any participants who elect to receive a loan, distribution or withdrawal are charged an administrative fee. Revenue credit payments are made from excess revenue generated by the Plan through fund revenue or fees that are made available to the Plan. The Company monitors the payments received by the Plan service providers to ensure that they are used properly for qualifying Plan purposes. \$37,858 in revenue credits was received in 2025 and used to reduce administrative expenses.

Subsequent Events – The Plan has evaluated subsequent events through September 15, 2026, the date the financial statements were available to be issued.

Note 3. Unaudited Information

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, management received certifications from ADP Retirement Trust Services, the Trustee of the Plan, acknowledging the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the supplemental schedule of assets (held at end of year) as of December 31, 2025, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Party-in-Interest Transactions

The Plan paid administrative fees to the Trustee or its affiliate. These qualify as party-in-interest transactions.

CENTERS FOR DIALYSIS CARE, INC.
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Income Tax Status

The Internal Revenue Service has previously ruled by a letter dated October 6, 2020, that the prototype standardized model on which this Plan is based qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax laws. The plan administrator believes the adopted Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 6. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair values of registered investment companies are determined based on their quoted closing market prices in active markets for identical investments and are classified as Level 1.
- The fair value of investments held in the pooled separate account is based on its reported net asset value ("NAV"). The NAV is based primarily on observable inputs, the market value of the underlying investments and is classified as Level 2.
- The fair value of investments held in the common/collective trust is based on its reported NAV. The NAV is based primarily on observable inputs and the market value of the underlying investments and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2024 to 2025. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>\$18,760,840</u>	<u>\$ 3,257,027</u>	<u>\$ -</u>	<u>\$22,017,867</u>

Note 7. Group Annuity Contract

Investments in the Principal Life Insurance Company Guaranteed Option meet the fully benefit-responsive investment contract criteria and are, therefore, reported at contract value as determined by Principal Trust Company. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. All transactions within this contract are executed at contract value including full liquidation of the fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on several factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula, cannot be less than zero and are reset periodically as determined by Principal Life Insurance Company, but no more frequently than semi-annually.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 7. Group Annuity Contract (Continued)

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
