Independent Auditor's Report

The Plan Administrator
York Capital Management 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of York Capital Management 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H (Form 5500), line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

York Capital Management 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the York Capital Management 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary plan description for a complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees of York Capital Management (US) Advisors, L.P., or any affiliate (the Company, the Employer, or the Plan Sponsor) who has adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's Fiduciary Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

John Hancock Life Insurance Company of New York (John Hancock) served as the Plan's custodian and recordkeeper through June 11, 2024. Effective June 12, 2024, substantially all Plan assets were transferred from John Hancock to Capital Bank and Trust Company (Capital Group), which became the Plan's custodian and recordkeeper. The Plan's Stable Value Fund remained with John Hancock until June 13, 2025, at which time the remaining assets were transferred to Capital Group. Legacy Retirement Solutions, LLC (Legacy) served as the Plan's third-party administrator for the years ended December 31, 2025 and 2024.

Eligibility

Employees who are aged 21 or older and are not covered by a collective bargaining agreement are eligible to participate. Interns who are aged 21 or older and have at least 1,000 hours of service are also eligible to participate. Residents of Puerto Rico and non-resident aliens with no earned income from the Company that constitutes United States source income are not eligible to participate in the Plan. Effective May 15, 2024, employees who attain age 21 must complete 360 hours of service in a two-month period to be eligible to participate.

Contributions

Participants may contribute a percentage or fixed amount of their semi-monthly salary and/or bonus on a before and/or after tax basis; there is also an automatic enrollment for newly eligible employees at a rate of 1% with 1% annual escalation up to 5% (with an opt-out availability), as defined in the Plan. Contributions were subject to an annual limitation of \$23,500 and \$23,000 for the years ended December 31, 2025 and 2024, respectively, as imposed by the Internal Revenue Service (IRS). The catch-up contribution for participants over age 50 was \$7,500 for the years ended December 31, 2025 and 2024. For participants between the ages of 60 and 63, there is a \$11,250 "super" catch-up contribution for a total elective contribution of \$34,750. Participants also may roll over amounts representing distributions from other tax-qualified plans.

The Employer may contribute discretionary profit-sharing contributions, as defined in the Plan. The Employer contributed \$1,055,772 and \$1,182,366 for the years ended December 31, 2025 and 2024, respectively. Employer contributions are paid to the Plan in the first quarter following the Plan year-end.

York Capital Management 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's discretionary profit-sharing contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both their voluntary and Employer contributions, and actual earnings thereon.

Investment Options

Participants direct the investment of their voluntary and Employer contributions into investment options offered by the Plan. The Plan offered mutual funds and a money market fund as of December 31, 2025. The Plan offered mutual funds, a money market fund, and a stable value fund, as of December 31, 2024.

Payments of Benefits

Participants are eligible to receive distributions from their accounts at the normal retirement age (age 65), disability, death, or termination of employment. Participants receive the value of their vested account balance in the form of a single lump-sum payment. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59½, receive in-service distributions.

Notes Receivable from Participants

Participants may borrow from their accounts. The loan must be a minimum of \$1,000 or up to a maximum amount equal to the lesser of (a) \$50,000 reduced by their highest outstanding loan balance during the previous 12 months or (b) 50% of their vested account balance. Interest is charged at the prime rate determined as of the date of the loan, plus 1%. The interest rate on outstanding loans as of December 31, 2025 and 2024 was between 8.50% to 9.50% and between 4.25% to 9.50%, respectively. The term of the loan shall not exceed five years, except for loans that are used to purchase a principal residence, which may be up to 30 years. Only one loan per participant may be outstanding. Principal and interest is paid through payroll deductions.

Administrative Expenses

Expenses related to processing fees for loans and distributions are deducted from the respective participant's account. Certain expenses incurred in the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

York Capital Management 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on those investments purchased and sold, as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock and Capital Group, qualified institutions.

York Capital Management 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes to the methodologies used at December 31, 2025 and 2024.

Stable value fund, at Net Asset Value (NAV)*				804,585
Total Investments, at fair value				\$ 44,491,738

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended to and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for these items:

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are actively traded.

Money Market Fund - The money market fund is valued at the unadjusted quoted market price, which represents the NAV of shares owned by the Plan at year-end.

Stable Value Fund - The fund is valued at NAV of the units owned by the Plan at year-end quoted by the fund, which approximates fair value. The NAV is based on the underlying funds and the separate account charges (i.e., the daily asset charges). There are no restrictions as to redemption of these investments, nor does the Plan have any contractual obligations to further invest in any of the individual funds. There were no unfunded commitments as of December 31, 2025 and 2024. These are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The investments in stable value fund, which is valued at NAV, have not been leveled in the fair value hierarchy in accordance with Financial Accounting Standards Board Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Assets Value per Share (or Its Equivalent)*.

5. Tax Status

In June 30, 2020, the Company adopted the Legacy's Prototype Non-Standardized Profit-Sharing Plan with cash or deferred arrangement. Accordingly, the Plan is permitted to rely on the opinion letter from the IRS. The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its qualification. The Plan administrator believes that the Plan has been designed and is being operated in compliance with applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party Transactions

Certain investments are managed by John Hancock and Capital Group. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Additionally, certain employees and officers of the Company, who are also participants in the Plan, perform administrative services for the Plan at no cost. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan provides for investments in various investment securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in the value of their accounts.

9. Subsequent Events

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events subsequent to December 31, 2025 and through September 16, 2026, the date on which the financial statements were available to be issued. There were no material subsequent events which have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
