| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☐ Yes ☒ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Page Southerland Page, Inc. Employee Stock Ownership Plan

### Opinion

We have audited the accompanying financial statements of Page Southerland Page, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**EMPLOYEE STOCK OWNERSHIP PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2025 and 2024**

1. DESCRIPTION OF PLAN

The following description of the Page Southerland Page, Inc. (the “Company”) Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Company established the Plan effective as of January 1, 2014, as a defined contribution plan intended to qualify as an Employee Stock Ownership Plan (“ESOP”), as defined in Section 4975(e)(7) of the Internal Revenue Code (“Code”) and as a Stock Bonus Plan under Section 401(a) of the Code. The Plan is designed to accept an employer discretionary contribution and is subject to the provisions of the ERISA of 1974.

The Plan’s administrative duties are delegated by the Plan Committee comprised of five members appointed by the Company’s Board of Directors. The Trustees of the Plan are also appointed by the Company’s Board of Directors. The Trustees hold and invest the Plan’s assets in a Trust fund established to accumulate the assets from which benefits will be distributed.

During the year ended December 31, 2025, the Plan sold all employer securities in connection with the sale of the Company. The Plan was subsequently terminated effective July 30, 2025. See Note 8 for additional information regarding the sale transaction and the Plan termination.

Eligibility

All employees of the Company as of January 1, 2014, are automatically eligible provided they are 21 years or older. Employees of the Company who complete one year of service and are age 21 or older are eligible to participate in the Plan retroactively to the first day of the plan year (each January 1<sup>st</sup>) during the plan year in which the participant has completed one year of service.

Employer Contributions, Discretionary

The Company’s contributions are discretionary and determined annually by the Board of Directors. Contributions may be paid in cash or shares of the Company’s stock. Participants who do not have at least 1,000 hours of service during a plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions. For the year ended December 31, 2025, the Company did not make a discretionary contribution.

Payment of Benefits

For distributions on account of death, disability, retirement, or termination, participants with a vested account balance over \$10,000 will receive a distribution of their account in equal annual installments over a period of three years. Distributions over \$10,000 for other separations from service will commence as soon as administratively feasible during the third plan year following the separation of service and are made in five annual installments. The period over which distribution of the participant account is to occur will be increased by one year, up to five additional years for each \$210,000.

Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional shares of common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. No shares have been distributed as of December 31, 2025.

Effective January 1, 2023, the Plan was amended to allow involuntary distributions if at the time of distribution of a participant's account, the nonforfeitable account balance does not exceed \$1,000. If the value of the Participant's nonforfeitable account balance exceeds \$1,000 but does not exceed \$7,000, distribution of such account may be made without the written consent of the participant as a mandatory distribution in the form of an automatic rollover.

#### Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. The Trustees are permitted to vote any allocated share for which instructions have not been given by a participant as well as any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries as instructed by the Plan Committee.

#### Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustees from the unallocated account, allocations of the Company's discretionary contribution, and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to the total account balances of the Plan.

#### Vesting

Participant accounts for those employed with the Company as of January 1, 2014, are 100 percent vested and nonforfeitable. For participants employed with the Company after January 1, 2014, vesting in their account is based on years of continuous service. A participant employed with the Company after January 1, 2014, is 100 percent vested after six years of credited service.

#### Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, and includes a put option. The put option is a right to demand that the Company buy any shares of stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest in a single payment or in five annual installments. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

#### Diversifications

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

#### Forfeitures

Plan forfeitures are allocated to each participant's account based upon a ratio of the participant's compensation to total compensation for the Plan year. There were no forfeited non-vested amounts for the years ended December 31, 2025 and 2024. For the years ended December 31, 2025, there were no forfeitures of terminated non-vested account balances allocated to remaining participants.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants and other administrative fees are charged directly to the participant’s account and are included in administrative fees. Investment related expenses are included in net appreciation in fair value of investments and in administrative expenses.

### Concentration of Credit Risk

The Plan maintains cash in a bank account at a single financial institution. If cash balances exceed the amounts covered by insurance provided by the Federal Deposit Insurance Corporation (“FDIC”), the excess balances could be at risk of loss. The total cash at risk of loss at December 31, 2025, is \$498,310.

### Concentrations of Investments

The following table presents investments that represent ten percent or more of the Plan’s net assets available for benefits as of December 31, 2025 and 2024:

|                                          | 2025         | 2024      |

### 3. INVESTMENTS

During the year ended December 31, 2025, the Plan sold all shares of the Company's common stock in connection with the sale of the Company to an unrelated third party. The proceeds from the sale were allocated to participants' accounts in accordance with the terms of the Plan and subsequently invested in accordance with participants' investment elections or held pending distribution, as applicable. Accordingly, the Plan held no employer securities as of December 31, 2025. See Note 8 for additional information regarding the sale transaction and the subsequent termination of the Plan. The Plan's investment in Company common stock at December 31, 2025 and 2024, are presented in the following table:

|                                          | 2025 | 2024         |

### 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standard Board ("FASB") Accounting Standard Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund house, investment provider or secondary pricing source. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued daily based on the face value and the stated rate disclosed in the contract.

Page Southerland Page, Inc. common stock: The common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of market and income valuation techniques.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

| Investments at Fair Value as of December 31, 2025 |                     |             |             |                     |

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|

Gains and losses (realized and unrealized) related to non-employer securities are included in changes in net assets for the year ended December 31, 2025, are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Plan management accumulated the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. The Plan Committee reviews information and projections that are sent to the appraiser. When the draft report is ready, the Plan Committee reviews the report for accuracy and reasonableness of the assumptions used by the appraiser, and the final value calculated.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## **5. TAX STATUS**

The IRS has determined and informed the Company by a letter dated September 21, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

## **6. RISKS AND UNCERTAINTIES**

During 2025, the Plan sold all shares of the Company’s common stock in connection with the sale of the Company. As of December 31, 2025, the Plan held no employer securities, and all risk associated with changes in the value of the company common stock have been realized and are reflected in the reported results. The Plan’s investments at year-end consist of registered investment company securities and noninterest bearing cash, which remain subject to general market and investment risks as described below.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with certain investment securities and to uncertainties inherent to the estimations and assumptions process, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

## **7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in Company common stock which is a related party and party in interest transaction. The Company did not pay a dividend to the Plan during the year ended December 31, 2025.

Certain plan investments are managed by JP Morgan Securities (“JP Morgan”). JP Morgan is the custodian as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for custodial services are included in administrative expenses.

Effective October 11, 2024, the Plan engaged Blue Ridge and Associates (“Blue Ridge”) as its new record keeper. Blue Ridge, as defined in the Plan, administers Plan transactions and records. As such, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for record keeping services are included in administrative expenses.

Plan transactions and records were administered by Menke and Associates (“Menke”). Menke was the record keeper as defined in the Plan from January 1, 2024, through October 10, 2024. As the record keeper, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for record keeping services are included in administrative expenses.

Isaacks & Associates is the plan trustee and, therefore, this transaction qualifies as a party-in-interest transaction which is exempt from prohibited transaction rules. Fees incurred by the Plan for trust services are included in administrative expenses.

The Plan is subject to an annual audit in order to remain in compliance with ERISA regulations. HM&M Group, LLC is the plan auditor and, therefore, this transaction qualifies as a party-in-interest transaction which is exempt from the prohibited transaction rules. Fees incurred by the Plan or the audit are included in administrative expenses.

#### 8. PLAN TERMINATION

The Company reserves the right at any time to terminate the Plan, subject to plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participants or his or her beneficiaries at the time prescribed by the Plan terms and the Internal Revenue Code (“IRC”). Upon termination of the Plan, the Plan Committee should direct the Trustees to pay all liabilities and expenses of the trust fund.

On April 2, 2025, the Company's shareholders completed the sale of the Plan Sponsor to an unrelated third party pursuant to a stock purchase agreement. In connection with the transaction, the Plan sold all shares of the Company's common stock held by the Plan. The sale proceeds were received in cash and allocated to participants' accounts in accordance with the terms of the Plan. Net realized gains from the sale are included in the gain on sale of employer securities in the accompanying statement of changes in net assets available for benefits. As a result of the transaction, the Plan held no employer securities as of December 31, 2025.

Effective July 30, 2025, the Plan Sponsor adopted an amendment to terminate the Plan, with an effective termination date of July 30, 2025. As of the effective termination date, all participants became fully vested in their account balances, all benefit accruals ceased, and no further employer or participant contributions will be made, other than those required to satisfy any remaining Plan obligations. No employees became eligible to participate in the Plan after July 30, 2025. The purchase price allocable to the ESOP was reduced by 6.67 percent to reflect a negotiated indemnity discount, removing the ESOP from post-closing indemnity risk. No further contingent payments to the ESOP are expected.

Following the effective termination date, participants may elect to receive up to 70 percent of their vested account balances in a lump-sum cash distribution as soon as administratively practicable. The remaining vested account balances will be distributed in cash as soon as administratively practicable following receipt of a favorable determination letter from the Internal Revenue Service confirming the continued qualified status of the Plan upon termination.

#### 9. PLAN EXPENSES

During the year ended December 31, 2025, the Plan incurred significant nonrecurring expenses directly associated with the termination of the Plan. These costs included legal and professional fees related to the termination process, expenses associated with amendments to the Plan document, and increased distribution processing fees resulting from the accelerated distribution of participant account balances. These termination related expenses are reflected in administrative expenses in the accompanying Statement of Changes in Net Assets Available for Benefits.

As of December 31, 2025, the Plan recorded prepaid expenses totaling \$66,935 representing payments for professional services related to the termination process that are expected to be recognized as expense in future periods as the related services are performed.

The increase in administrative expenses during the current year is primarily attributable to these nonrecurring termination-related activities and does not reflect the Plan's historical or expected ongoing operating costs.

#### 10. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 30, 2026, the date the financial statements were available to be issued.

Effective April 8, 2026, the Plan's legal entity name was changed from Page Southerland Page, LLC to Stantec Buildings GS, LLC. This change occurred after the period ended December 31, 2025, and has no impact on the financial statements as presented.
