INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Middlesex Retirement Savings and Investment Plan
Middlesex, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Middlesex Retirement Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

MIDDLESEX RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Middlesex Retirement Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a tax-sheltered annuity plan open to all full-time and part-time employees of Middlesex Health System, Inc. (the Sponsor). The Plan was established effective December 30, 1999, in accordance with Section 403(b) of the Internal Revenue Code. Effective January 1, 2010, the Plan was amended and restated and is now subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Plan was amended to allow employees of MHS-Primary Care, Inc. to participate in the Plan.

Eligibility: Employees are eligible to become participants in the Plan upon their date of hire.

Contributions: Each year, participants may elect to contribute up to 100% of their eligible compensation, as defined in the Plan. Participants may direct their elective deferrals as either pre-tax or Roth contributions. Newly eligible participants are automatically enrolled in the Plan with a pre-tax deferral rate of 4%, unless otherwise elected by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

For participants making elective deferrals to the Plan, the Sponsor will make matching contributions to the Plan based on a participant's elective deferral. The Sponsor will contribute 50% of the first 4% of a participant's elective deferral. In addition, the Sponsor will make a core contribution to employees who have met the eligibility requirements and are actively employed on December 31. The core contribution is based on a participant's age plus their years of service as of December 31.

<u>Age + Service on December 31</u>	<u>Contribution Percentage</u>
Less than 40	2%
40-49	3%
50-59	4%
60-69	5%
70 or more	6%

Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Sponsor's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

(Continued)

MIDDLESEX RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of service.

Payment of Benefits: On termination of service due to termination of employment, death, disability or retirement, a participant may elect either to receive a lump-sum distribution equal to the value of his or her account to the extent vested or a portion thereof, or to leave his or her account with the Plan and receive an annuity commencing at date of retirement.

A participant may request an in-service distribution upon attaining age 59 ½ or on account of a financial hardship, which includes certain medical expenses, purchase of a principal residence, payment of tuition and prevention of eviction from principal residence.

Notes Receivable from Participants: Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Plan Loans: Participants that have funds with Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively TIAA and CREF) were previously able to obtain plan loans. Plan loans are issued as separate contracts by TIAA and CREF as contemplated under IRC section 72(p)(5) and do not represent plan assets. Loans are collateralized using a participant's TIAA Traditional Account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of the participant's TIAA Traditional Account balance subject to annuity contract and plan provisions. Loan terms range from 1 to 5 years in one-year increments. Principal and interest are paid ratably by the participant to TIAA and CREF and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Account balance. Plan loan balances outstanding from participants to TIAA and CREF were \$104,016 and \$95,853 as of December 31, 2025 and 2024, respectively, and are not considered Plan assets.

Forfeitures: As of December 31, 2025 and 2024, forfeited nonvested accounts totaled \$1,040,589 and \$333,271, respectively. These accounts can be used to pay Plan expenses or to reduce future employer contributions. During 2025, forfeitures of \$355,161 were utilized to reduce employer contributions.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Plan agreement. In the event of Plan termination, the participants would become 100% vested in their accounts.

Administrative Expenses and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Plan recordkeeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the net appreciation in fair value of investments reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit-responsive investment contracts, are reported at fair value, as further discussed in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits: Benefits are recorded when paid to participants.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and risks pertaining to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through August 27, 2026, which is the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya), Voya Institutional Trust Company (Voya Trust), and TIAA and CREF.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 inputs) and gives the lowest priority to unobservable inputs (Level 3 inputs).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Traditional Investment Accounts (not fully benefit-responsive): The TIAA Traditional Annuity Account is individual guaranteed fixed annuity investment contracts issued by TIAA ("Issuer"). Due to certain liquidity restriction provisions, some of the individual annuity contracts within the TIAA Traditional Annuity Account held by the Plan are not fully benefit-responsive and, accordingly, are measured at fair value.

TIAA and Plan management have determined contract value to be the most reasonable estimate of fair value for these contracts. Contract value equals the contributions deposited into the contracts, plus interest credited to the contracts, less contract withdrawals, and it reflects the value at which participant transactions are executed under the contracts. The contract value reflects the theoretical transfer (exit) value available to the Plan and Plan participants. The fair values of the Plan's investment contracts have been estimated by TIAA by discounting the projected cash flows using risk-adjusted market discount rates which correlate closely with TIAA Traditional Annuity Account's historical interest crediting rates (generally 3% for current premiums on accumulating annuities, but in some recent contracts between 3% and 5% and provide the potential for additional interest as declared by TIAA's discretion).

The contract values are guaranteed by TIAA. Based upon recent credit ratings for TIAA, management believes no adjustment to contract value is required related to credit quality. Since investment contracts are not transferable, there is no market from which to obtain observable market prices for the contracts held by the Plan or comparable contracts (Level 3 inputs).

The plan administrator is responsible for the review of the fair value estimates of plan assets and regularly reports such estimates to the Investment Committee of the Sponsor. The plan administrator and management, or its designee, reviews the fair value pricing methodology employed by TIAA for the Plan's guaranteed investment contracts to ensure a reasonable measure of market valuation has been utilized.

December 31, 2025 and 2024

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The valuation approach is reviewed on an ongoing basis to ensure market values reported represent a reasonable exit price.

Variable annuities and pooled separate account: The fair values of the Plan's interest in the CREF variable annuities and the TIAA Real Estate Account (a variable annuity pooled separate account) are determined by obtaining quoted prices on the NASDAQ Stock Market (Level 1).

Mutual funds: These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

<u>2025</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Variable annuities	\$ 32,430,403	\$ -	\$ -	\$ 32,430,403

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>Instrument</u>	<u>Fair Value</u>		<u>Principal Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>2025 Range of Significant Input Values</u>	<u>2024 Range of Significant Input Values</u>
	<u>2025</u>	<u>2024</u>

* Unobservable inputs include discount rate applied

Plan investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the years ended December 31, 2025 and 2024 included \$342,171 and \$182,379 in purchases, respectively, and \$218,861 and \$22,834 in sales, respectively. There were no transfers to and from Level 3 investments during 2025 and 2024.

NOTE 5 - TIAA TRADITIONAL ANNUITY ACCOUNT

The TIAA Traditional Annuity Account is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully unconditionally guaranteed by TIAA. The TIAA Traditional Annuity Account is offered through a variety of contract types, including Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GSRA). Participants with GRA contracts have certain restrictions over the availability of lump sum withdrawals from the contracts as well as over the number of installments in which participant-initiated transfers and participant-initiated withdrawals are made. Based on these provisions, the GRA contract is considered to be non-benefit responsive. As there are no comparable restrictions over the SRA and GSRA contracts, those contracts are considered benefit responsive. Participants in the Plan hold investments in both non-benefit-responsive and benefit-responsive contracts through the TIAA Traditional Annuity Account. The total benefit-responsive contracts through the TIAA Traditional Annuity Account as of December 31, 2025 and 2024 totaled \$16,792,695 and \$17,570,639, respectively. The total non-benefit-responsive contract through the TIAA Traditional Annuity Account as of December 31, 2025 and 2024 totaled \$3,166,468 and \$3,067,432, respectively.

Participants who chose to allocate a portion of their retirement savings to the TIAA Traditional Annuity Account make contributions that purchase a specific amount of lifetime income based on the contractual rate of interest guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity Account also provides an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12 month "declaration year" that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years. Together the guaranteed minimum and additional amounts make up the crediting interest rate.

(Continued)

NOTE 5 - TIAA TRADITIONAL ANNUITY ACCOUNT (Continued)

When a participant's accumulation in the TIAA Traditional Annuity Account is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

There are no conditions specified in any of the contracts under which participant withdrawals and transfers would be restricted or made at a value other than contract value or the annuity or lump-sum benefit, as defined in the contracts. The contracts do not provide any provisions that would allow the Issuer to terminate the contracts between the Issuer and the participants.

NOTE 6 - INVESTMENT IN GUARANTEED INCOME FUND

The Plan entered into a guaranteed income fund (the Income Fund) with Voya, which is a fully-benefit responsive traditional investment contract, where participants may direct the withdrawal or transfer of all or a portion of their account balance at contract value within reasonable time frames. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals, and fees. As of December 31, 2025 and 2024, the contract value of the Income Fund was \$16,831,894 and \$16,990,924 respectively.

The Income Fund is backed by Voya's general account. The repayment of principal and interest credited to participants is a financial obligation of Voya and is backed by the full faith and credit of Voya's general account. As of December 31, 2025 and 2024, there are no reserves against contract value for credit risk of Voya. The Income Fund guarantees principal and a minimum guaranteed interest rate for the life of the contract as well as featuring two declared interest rates: a current rate, determined at least monthly and a guaranteed minimum floor rate declared for a defined period, which is currently one calendar year.

In the event that the Sponsor terminates the contract and liquidates the Income Fund, no other participant withdrawals or transfers will be permitted and the balance of the Income Fund will be paid over a five-year period. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The contract does not provide any provisions that would allow the Issuer to terminate the contract between the Issuer and the participants.

NOTE 7 - TAX STATUS

Effective June 28, 2013, the Internal Revenue Service began accepting applications for opinion and advisory letters for prototype and volume submitter 403(b) plans. As of the date on the independent auditor's report, the Plan has not yet received a favorable opinion or advisory letter. Although the Plan has not received a favorable opinion or advisory letter, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The Plan holds various investments issued by Voya, Voya Trust, and TIAA and CREF, service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to Voya, Voya Trust, and TIAA and CREF qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.
