INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Wellpower Hourly 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Wellpower Hourly 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wellpower Hourly 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of the Plan

The following description of the Wellpower Hourly 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering union employees of Element Resources DE, LLC and Stryten Energy, LLC (collectively, the Company). Motrex, LLC (Plan Sponsor) is an affiliate of the Company and is the Plan Sponsor.

Union employees of the Company become eligible to join the Plan on the first day of the month following completion of one full calendar month of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A separate 401(k) plan called the Wellpower 401(k) Savings and Retirement Plan (Savings Plan) is maintained for employees of the Company classified as non-union employees. As employees change statuses within the Company, they will transfer between the two plans. Transfers from the Plan to the Savings Plan, net of transfers in, totaled \$2,315 for the year ended December 31, 2025.

The Plan and the Savings Plan are subject to a master trust (Master Trust). As of December 31, 2025 and 2024, the Plan's investments consists of its interest in the net assets of the Master Trust. The Master Trust is an arrangement by which investments of the Plan and the Savings Plan share a trust. The Plan holds a divided interest in the Master Trust, which represents a specific interest in certain investments.

Contributions

Participants may elect to contribute up to 15% of their eligible before-tax earnings to the Plan, generally subject to a maximum of \$23,500 in 2025, plus an additional \$7,500 for employees who have attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes a matching contribution to participants in an amount equal to at least 10% but not in excess of 99% of the participant's contribution to the extent their contributions do not exceed 6% of the participant's compensation. For the year ended December 31, 2025, the Company elected to match between 30% and 40% of the participants' contributions, which varied by location.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings and losses on the investments in their account and is charged with withdrawal and transaction fees. Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The Plan currently offers a self-directed brokerage account as an additional investment option for participants. Self-directed brokerage accounts have no restrictions on the investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings and losses thereon. Participants vest 20% per year in the Company matching contributions and are fully vested after 5 years of service.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$7,169 and \$10,830, respectively. These accounts are used to pay administrative expenses of the Plan or to reduce Company contributions to the Plan. During 2025, forfeitures of \$8,893 were used to pay administrative expenses and no forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account balance. A participant may have 2 notes receivable outstanding at any time. The notes receivable are secured by the balance in the participant's account and bear an interest rate equal to the Prime rate plus 1% as of the first day of the calendar month in which the notes receivable is granted. During 2025, notes receivable had fixed rates ranging from 4.25% to 9.50% for the term of the notes receivable, not to exceed 5 years or 10 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant may elect to receive a payment of the vested interest in their account in a lump-sum distribution or in annual installments. The participant's vested account may also be withdrawn for in-service distributions upon reaching age 59½ or for certain hardship situations. Vested account balances less than \$7,000 may be automatically distributed without participant consent upon termination of service.

Administrative Expenses

In 2025, the Company paid all administrative expenses of the Plan except for certain transaction fees for distributions or notes receivable which were charged directly to the participants. The expenses related to transaction fees are paid to a service provider of the Plan and qualify as party-in-interest transactions. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company matching contribution is considered payable to the Plan upon approval by the Company, generally after year-end. Employees must be employed at year-end to receive the match. Any unfunded participant or Company matching contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

In accordance with the Financial Accounting Standards Board Accounting Standards Codification (ASC) 326, *Financial Instruments—Credit Losses*, the Plan estimated the current credit risk associated with the employer contributions receivable. After giving consideration to the risk characteristics, including historical payment experience, the Plan determined that no allowance for credit loss was necessary and there was no current year activity in the allowance for credit losses.

Investment Valuation and Income Recognition

The Master Trust's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Wellpower Hourly 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

The Plan's interest in investment income of the Master Trust, as presented on the statement of changes in net assets available for benefits, consists primarily of realized and unrealized gains and losses on investments, interest, and dividends.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. If a participant ceases to make notes receivables repayments and the plan administrator deems the participant notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated September 10, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All investment information in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the Plan's interest in the Master Trust and notes receivable from participants at December 31, 2025 and 2024, and the Plan's interest in investment income of the Master Trust, and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investment in Master Trust

Certain investments of the Master Trust are self-directed brokerage accounts managed by Fidelity. Fidelity is the custodian for the Plan; therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan and Master Trust for investment management services are included in the Plan's interest in investment income of the Master Trust as they are paid through revenue sharing, rather than a direct payment.

Wellpower Hourly 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

The Master Trust's investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in the self-directed brokerage accounts include mutual funds, common stock, and interest-bearing cash. All assets are traded through a broker and are considered Level 1 assets.

Notes to Financial Statements

December 31, 2025 and 2024

Fair value for the common collective trusts is determined daily by prices provided by the trust managers, which is the net asset value (NAV) of the trust (Level 1). Net asset value is determined by the fair value of the mutual funds in the trust. Participants can trade the common collective trusts daily at the published NAV.

The stable value fund invests primarily in fully benefit-responsive guaranteed investment contracts (GICs) and synthetic GICs and trades at the net asset value (NAV) which is based on the contract value of the underlying investments (Level 1). The stable value fund has restrictions on certain withdrawals by participants for up to 90 days and up to one year if the Plan eliminates this investment option.

The following table presents the Master Trust and Plan's fair value hierarchy for those investments measured at fair value as of December 31, 2025 and 2024:

Level 1 – 2025			
	Master Trust Balances	Plan's Interest in the Master Trust Balances	Plan's Percentage Interest in the Master Trust Balances
Mutual funds	\$ 136,406,129	\$ 4,741,266	3%

Notes to Financial Statements

December 31, 2025 and 2024

Investment income of the Master Trust has been allocated among the participating plans based on their respective participants' interest. Changes in fair value of net assets of the Master Trust for the year ended December 31, 2025 are as follows:

Interest and dividends	\$ 7,427,918
Net appreciation in fair value of investments	22,911,391
Net investment income from Master Trust	<u>\$ 30,339,310</u>
Plan's interest in investment income of the Master Trust	<u>\$ 1,017,701</u>

5. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated February 16, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has a right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
