Independent Auditor's Report

To the Plan Administrator and Participants
Tryon Distributing LLC 401(k) Retirement Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tryon Distributing LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets under contract with and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tryon Distributing LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tryon Distributing LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tryon Distributing LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tryon Distributing LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules 1) Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions and 2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following description of Tryon Distributing LLC 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Tryon Distributing, LLC (the "Company") covering substantially all employees of the Company other than union, non-resident aliens and any part-time, temporary, and seasonal employee whose regularly scheduled service is less than 1,000 hours. The Plan was adopted effective February 1, 1997. Employees become eligible to participate in the Plan after two months of employment and upon attaining age 18. Under the SECURE Act of 2019, any employees who are age 21 and complete 500-999 hours in three consecutive 12-month periods, become eligible to make employee deferrals effective January 1, 2024. Secure 2.0 Act of 2022 shortens that period to two consecutive 12-month periods effective January 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "Act") was signed into law, introducing major changes to the rules governing retirement plans. The provisions of the Act have staggered effective dates through 2026 and beyond. The Plan Sponsor is operating the Plan in good faith compliance with all required provisions from their respective statutory effective dates. Management is currently reviewing the operational and financial impact of the remaining provisions. The Plan Sponsor intends to formally adopt all required plan document amendments within the remedial amendment period provided by the Internal Revenue Service.

Effective for the plan year ended December 31, 2025 and pursuant to the Act, eligible participants age 60 through 63 are permitted to make an enhanced "super catch-up" contribution up to \$11,250, which represents 150 percent of the standard age 50 catch up limit of \$7,500. Additionally, the Plan increased the limit for automatic lump sum distributions to terminated participants with vested balances to \$7,000 from \$5,000.

VOYA completed the acquisition of OneAmerica Financials' retirement plan business on January 2, 2025. The Plan continued to operate on the same OneAmerica platform until February 2026, and at that time migrated over to the VOYA platform.

Contributions

Participants are allowed to contribute up to the annual maximum allowed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan permits Roth contributions.

The Company may make discretionary matching contributions as determined by the Company to eligible participants who are active at the end of the Plan year and have completed 500 hours of service. In 2025, the Company contributed 25 percent up to 6 percent of compensation to the Plan after year-end and is reported as an employer contribution receivable. The Company may also contribute a discretionary non-elective contribution as determined by the Company's Board of Directors. There were no discretionary non-elective contributions for the year ended December 31, 2025. Contributions are subject to certain limitations.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with participant contributions and allocations of Company contributions and Plan earnings and charged with withdrawals and allocations of Plan losses and investment transaction fees. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a pooled separate account that holds sub-accounts that invest in registered investments and an insurance contract.

Vesting

Participants are fully vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. All participants vest at a rate of 25 percent each year after two years of service and are 100 percent vested in the Company's discretionary match and discretionary non-elective contributions after five years of service.

Benefit Payments

Upon termination of service due to death, disability, early retirement upon attaining age 55 with five years of plan participation, or retirement, a participant or their beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$82 and \$0, respectively. Forfeitures may reduce employer contributions and plan expenses. No forfeitures were used to offset plan expenses. Forfeitures of \$10,252 and \$25,193 were used to offset the 2025 and 2024 employer contribution receivables, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value except for the insurance contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits are recorded when paid.

Excess Contributions Refundable

Amounts refundable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employee or employer contributions. The Plan distributed the 2024 excess contributions of \$20,227 to the applicable participants in February 2025. The 2025 excess contributions of \$19,520 were distributed in February 2026.

Administrative Expenses

The Company absorbs various plan expenses. Certain plan administrative expenses are paid by the Plan and may be offset with plan forfeitures. Investment management fees are included in net appreciation/depreciation in fair value of investments.

3. Unaudited Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c)(1) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company ("AUL"), the certifying entity has certified the following as complete and accurate:

<i>December 31,</i>	2025	2024
Investments, at contract value	\$ 372,674	\$ 357,021
Investments, at fair value	\$ 11,853,255	\$ 10,571,138

<i>Year Ended December 31,</i>	2025
Net appreciation in fair value of investments	\$ 1,471,092
Interest income	\$ 7,846

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

The Plan holds a pooled separate account that is divided into sub-accounts. The participants may select from these sub-account offerings which include a stable value fixed insurance contract and registered investments. As the pooled separate account does not file as a direct filing entity, the underlying investments are reported on these financial statements and on the Form 5500.

Separate Accounts: The Plan holds a separate account that does not file as a direct filing entity. Each of the separate accounts invest in a single, open-ended mutual fund which is generally identified in the name of the separate account. The investment strategies of these separate accounts are consistent with each of the mutual funds identified in the name of the fund. The fair value of participation units held in these separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the separate accounts provides for daily redemptions by the Plan with no advance requirements and has redemption prices that are determined by the fund's net asset value per unit as a practical expedient.

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no investments that fall within the fair value hierarchy as of December 31, 2025 and 2024. The following table presents the fair value of the Plan's assets as of December 31, 2025 and 2024.

<i>December 31,</i>	2025	2024
Investments not subject to the fair value hierarchy:		
Separate accounts	\$ 11,853,255	\$ 10,571,138
Total investments, at fair value	\$ 11,853,255	\$ 10,571,138

5. Investments that Trade at NAV as a Practical Expedient

The following tables set forth additional disclosures of the investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2025 and 2024 for the Plan.

Fair Value Estimated Using Net Asset Value per Share					
December 31, 2025					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Separate accounts (a)	\$ 11,853,255	\$ -	Daily	None	None

Fair Value Estimated Using Net Asset Value per Share					
December 31, 2024					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Separate accounts (a)	\$ 10,571,138	\$ -	Daily	None	None

(a) The Plan invests in various separate accounts that each invest in a single open-ended mutual fund which is generally identified in the name of the registered investment. The investment strategies of these funds are consistent with each of the mutual funds identified in the name of the fund.

6. Insurance Contracts

The Plan has a fully benefit responsive stable value insurance contract through AUL. AUL maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the account buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Interest rates on the contract are reviewed on an annual basis for resetting.

The following table summarizes the contract value of fully benefit responsive investment contracts held as of December 31, 2025 and 2024:

<i>December 31,</i>	2025	2024
AUL Stable Value Account	\$ 372,674	\$ 357,021

7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100 percent vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit volatility. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Tax Status

The Plan has received an opinion letter dated August 19, 2020, that the Plan Document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan is amended periodically, the Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

10. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by AUL, the certifying entity of the Plan. Therefore, transactions with these parties qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation or depreciation in the fair value of the investment, rather than a direct payment. Direct fees member services were paid to AUL during 2025.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

<i>December 31,</i>	2025		2024
Net assets available for benefits per the financial statements	\$ 12,329,800	\$	11,128,914
Excess employee contributions refundable	19,520		20,227
Net assets available for benefits per the Form 5500	\$ 12,349,320	\$	11,149,141

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

<i>Year Ended December 31,</i>	2025
Changes in net assets available for benefits per the financial statements	\$ 1,200,886
Prior year excess employee contributions refundable	(20,227)
Current year excess employee contributions refundable	19,520
Changes in net assets available for benefits per the Form 5500	\$ 1,200,179

12. Non-Exempt Transactions

During the plan year ended December 31, 2025, employee withholdings amounting to \$580 were not remitted to the Plan within the appropriate time frame by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted these contributions to the Plan during the 2025 Plan year. Lost earnings were paid to the Plan in July 2026.

13. Subsequent Events

The Plan has evaluated subsequent events through the report date of September 16, 2026, the date the financial statements were available to be issued.
